Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of McCreary Modern, Inc. Employees' 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of McCreary Modern, Inc. Employees' 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the years ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of McCreary Modern, Inc. Employees' 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about McCreary Modern, Inc. Employees' 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan document, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of McCreary Modern, Inc. Employees' 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about McCreary Modern, Inc. Employees' 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2021 and 2020

NOTE A – DESCRIPTION OF PLAN

The following description of the McCreary Modern, Inc. Employees' 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

FINANCIAL STATEMENT PRESENTATION. Financial statements for 2020 have been reclassified, where applicable, to conform to financial statement presentation used in 2021.

GENERAL. The Plan is a defined contribution plan sponsored by McCreary Modern, Inc. ("the Company") covering substantially all employees who are age twenty-one or older. All employees, including those considered part-time, who work in excess of 1,000 hours, are eligible to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS. The Plan contains an automatic enrollment feature whereby an eligible participant will automatically defer 3% of their compensation, as defined, unless the participant makes a contrary salary reduction agreement election. The automatic deferral percentage will increase by 1% each succeeding Plan year, to a maximum deferral of 10% unless the participant affirmatively elects otherwise. In the event an employee is automatically enrolled who did not want to participate in the Plan, the Company may refund the deferral within 90-days of the first deferral if the Company is notified within a reasonable time prior to the expiration of the 90-day period. The deferral election of any participant to whom an automatic deferral election did not apply because the participant had made a previous deferral election will also increase by 1% on January 1 of each succeeding Plan year unless the participant affirmatively elects otherwise. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers eleven mutual funds and one pooled separate account as investment options for participants.

The Company matches the employee's contribution up to an amount the employer from time to time may deem advisable. Additional amounts may be contributed by the Company at the option of the Board of Directors.

PARTICIPANTS' ACCOUNTS. Each participant's account is credited with (a) the participant's contribution, and an allocation of (b) the Company's matching contribution, if any, and (c) Plan earnings from the specific investment fund(s) elected by the participant. Each participant's account is charged with an allocation of investment advisory fees. Allocations are based on participant account balances, as defined.

NOTE A – DESCRIPTION OF PLAN (Continued)

NOTES RECEIVABLE FROM PARTICIPANTS. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's loan fund. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate published in The Wall Street Journal on the first business day of each month, plus 1%. Interest rates range from 4.25% to 6.50%. Principal and interest are paid ratably through weekly payroll deductions.

PAYMENT OF BENEFITS. On termination of service, death, disability, or retirement, a participant receives an amount equal to the vested value of his account in either a lump sum amount, or in annual installments over a specified period of time. A participant may also elect to receive a lump sum payment of only a portion of his or her vested account balance. The age at which required minimum distributions must begin was increased from 70½ to 72 pursuant to the Setting Every Community Up for Retirement Enhancement (SECURE) Act enacted in December 2019. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 payment and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased on December 31, 2020. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Account balances that are under \$1,000 may be automatically paid out at the discretion of the Company. Balances between \$1,000 and \$5,000 may be transferred to an IRA, also at the discretion of the Company. Upon approval of the Plan administrator, early distributions may be made to active participants in the event of financial hardship. Pursuant to changes contained in the Bipartisan Budget Act of 2018, no suspension of employee contributions is permitted after receipt of a hardship distribution made on or after January 1, 2020. Prior to January 1, 2020, a participant was prohibited from making contributions to the Plan for six months after receipt of a hardship distribution. The Plan adopted certain provisions of the CARES Act which allowed, in accordance with section 2202(a) of the Act, participants to take up to a \$100,000 distribution from qualified plans between January 1, 2020 and December 31, 2020. Participants had the option to repay the Plan's distribution over a three-year period.

FORFEITED AMOUNTS. At December 31, 2021, forfeited nonvested accounts from employer match contributions totaled \$1,385. These accounts will be used to reduce any employer contribution. During December 31, 2021 and 2020, employer contributions were reduced by \$32,549 and \$31,442, respectively.

PLAN TRUSTEE. Under the terms of a trust agreement, Great-West Trust Company, LLC is the Trustee for the Plan and has fiduciary responsibility for Plan assets.

ADMINISTRATIVE EXPENSES. Plan administrative expenses are paid by the Company. Fees are charged to individual participant accounts for investment advising, transaction and service charges.

NOTE A – DESCRIPTION OF PLAN (Continued)

PLAN REIMBURSEMENT ACCOUNT. As part of the recordkeeping and administrative service fee arrangement with Great-West Trust Company, LLC (Great-West), Great-West reimburses investment fund related revenue received by Great-West relating to the Plan that is in excess of the agreed upon service fee structure. The reimbursement amounts, if any, are paid to the Plan in a Plan Reimbursement Account. Investment fund related revenue received by Great-West typically includes Rule 12b-1 fees and service fees paid by the fund or the fund's affiliates. The Plan Reimbursement Account may be used by the Plan to pay direct and necessary expenses of the Plan; these fees are reflected as appreciation in investments. Plan reimbursement revenue amounted to \$25,067 and \$35,908 for the years ending December 31, 2021 and 2020, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING. The Plan's financial statements are prepared on the accrual basis of accounting, except for the cash basis recording of benefits paid.

INVESTMENT CONTRACTS. Investment contracts held by a defined-contribution plan are required to be reported at fair value. For certain investment contracts, the net asset value (NAV) is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

USE OF ESTIMATES. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from the estimates and assumptions used in the financial statements and related notes.

INVESTMENT VALUATION AND INCOME RECOGNITION. Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The change in net unrealized appreciation of investments held from the beginning of the Plan year to the end of the Plan year is included with realized gains (losses) as net appreciation in fair value of investments.

DATE OF MANAGEMENT'S REVIEW. Plan management has evaluated all events subsequent to the Statement of Net Assets date of December 31, 2021, through October 6, 2022, the date the accompanying statements and supplemental schedule were available to be issued and determined there are no subsequent events requiring additional disclosure.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

NOTES RECEIVABLE FROM PARTICIPANTS. Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE C – INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in the fair value of investments, interest and dividends for the years ending December 31, 2021 and 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West Trust Company, LLC, the trustee of the Plan.

NOTE D – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

- | | |
|---------|---|
| Level 1 | The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. |
| Level 2 | Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: <ul style="list-style-type: none">a. Quoted prices for similar assets or liabilities in active marketsb. Quoted prices for identical or similar assets or liabilities in inactive marketsc. Inputs other than quoted prices that are observable for the asset or liabilityd. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

December 31, 2021 and 2020

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The table below segregates all financial assets and liabilities as of December 31, 2021 and 2020, that are measured at fair value on the recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the lowest level of any input that is significant to the fair value measurement.

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in investment contracts with New York Life Insurance Company (NYL) through a collective trust fund and are held in a pooled fund. The Plan's interest in the collective trust fund is valued based on the NAV provided by NYL. The accuracy of the NAV is verified using the audited financials of the collective trust fund. Participant transactions (purchases and sales) may occur daily.

Stability of principal is the primary objective of this investment option. The fixed account guarantees a minimum rate of interest for the life of the annuity contract, but may credit a higher interest rate from time to time. Amounts allocated to the fixed account are held in funds offered through NYL's separate account.

The investment contract does not permit NYL to terminate the agreement prior to the scheduled maturity date.

NOTE F – RELATED PARTY TRANSACTIONS

The Plan does not consider Company contributions to the Plan to be party-in-interest transactions. The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

NOTE H – RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500

NOTE I – EXCESS CONTRIBUTIONS REFUNDABLE

At December 31, 2021 and 2020, a payable of \$28,433 and \$51,785, respectively, is recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

NOTE J – DISTRIBUTIONS PAYABLE

At December 31, 2021 and 2020, net assets available for plan benefits did not include any amounts which represented the vested account balance of participants who had withdrawn from the Plan prior to the end of the Plan year.

NOTE K – TAX STATUS

The Plan obtained its latest determination letter on May 21, 2018, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2018.

NOTE L – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.
