INDEPENDENT AUDITOR'S REPORT

Trustees
NGMEO Profit Sharing Plan
Des Moines, Iowa

Opinion

We have audited the financial statements of NGMEO Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of NGMEO Profit Sharing Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis of Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NGMEO Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NGMEO Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NGMEO Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NGMEO Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NGMEO Profit Sharing Plan NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN

The following description of the NGMEO Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Nyemaster Goode, P.C. (Plan Sponsor or Employer), as the plan sponsor, who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute a portion of their annual compensation, as defined in the Plan, on a pretax basis up to the maximum limitations imposed by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants also have the option to contribute post-tax compensation through Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. For the years ended December 31, 2021 and 2020, the employer contributed 100% of the first 6% of compensation that a participant (other than an associate attorney or law clerk) contributed to the Plan, and a fixed profit sharing contribution (except for associate attorneys and law clerks) of 7% of compensation, plus 5.7% of compensation above the social security wage base. Additional profit sharing contributions may be contributed at the option of the Plan sponsor. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's contribution, and an allocation of Plan earnings or losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the employer's qualified matching contributions, plus actual earnings thereon. Vesting in the employer's discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may invest in government securities, corporate bonds, common stock, common/collective trust account, partnership interests, shares of registered investment companies, pooled separate accounts and other investment products offered by the investment or insurance company of their choice, provided the investments are readily tradable on an established market. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance resulting from employer discretionary contributions. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the vested portion of the participant's account and bear interest at the Wall Street Journal prime rate + 1% at the time of the loan, which range from 4.25% to 6.50%. Principal and interest is paid ratably through payroll deductions.

**NGMEO Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 DESCRIPTION OF PLAN (continued)

Distribution of Benefits

On termination of service a participant whose vested account balance exceeds \$1,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance, or annual installments over specified times, not exceeding the life expectancy or joint life expectancy of the participant and/or the beneficiary or an annuity. A participant whose vested account balance does not exceed \$1,000 on termination date will receive his or her vested account balance as a lump-sum distribution.

The Plan allows for hardship withdrawals to participants who meet an immediate and severe financial need which are limited to certain portions of a participant's account balance, as defined in the Plan.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited unallocated invested accounts totaled \$2 and \$-0-, respectively.

The nonvested portion of a terminated participant's account balance will be forfeited and allocated to reduce the Employer's matching contributions for the Plan year in which the forfeiture occurs. During the years ended December 31, 2021 and 2020, forfeitures of \$5,288 and \$4,014, respectively, were used to reduce employer matching contributions.

CARES Act

In response to the coronavirus pandemic (COVID-19), the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was passed by the U.S. Congress and signed into law on March 27, 2020. The CARES Act contains numerous provisions pertaining to retirement plans which were adopted by the Plan during the year ended December 31, 2020. These provisions include, among others:

- Waiving required minimum distributions
- Permitting coronavirus related distributions to qualified individuals without early withdrawal penalties
- Expanding access to retirement plan loans and relief from loan payments for qualified individuals

The provisions of the CARES Act are generally temporary and expired at the end of 2020.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**NGMEO Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Money market accounts are valued at cost plus earnings. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the common/collective trust, mutual funds and pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

In accordance with the Plan document, loans are considered to be in default if any scheduled loan payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. Defaulted loans will be reported as taxable deemed distributions in the year in which default occurs. During the years ended December 31, 2021 and 2020, there were no such amounts reported in distributions to participants in the accompanying statements of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid. There were no amounts allocated to accounts of persons who had elected to withdraw from the Plan but had not yet been paid at December 31, 2021 or 2020.

Administration of Plan Assets

Certain administrative functions are performed by officers or employees of the Plan sponsor. The amount of such expenses and cost of such services have not been determined. No such officer or employee receives compensation from the Plan. Other administrative expenses are paid directly by the Plan Sponsor and include audit fees.

Uncertain Tax Position

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has evaluated their material tax positions and determined there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

**NGMEO Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS**

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2—Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly, such as:

- quoted prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes to the valuation methodologies used during the years ended December 31, 2021 and 2020.

Common/collective trust account—The collective trust account is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of units of the issuer's collective trust. While not publically quoted, the net asset value is considered to have a readily determinable fair value.

Mutual funds—Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts—Pooled separate accounts invest primarily in domestic and international long-term bonds, domestic and international stocks, or single mutual funds. The fair value of the underlying bonds, stocks, or mutual funds is a publicly quoted pricing input used in determining the net asset value (NAV) of the pooled separate accounts, which is not publicly quoted but is available to current investors when Plan participants access their account values via the custodian's website. Pooled separate accounts are deemed to have readily determinable fair values which are calculated on a daily basis and are actively traded within the Plan.

Participant-directed brokerage accounts—Participant-directed brokerage accounts consist of: (a) cash, money market funds, mutual funds, common and preferred stocks, exchange traded funds, and closed-end funds that are valued on the basis of readily determinable market prices; (b) corporate debt valued based on quoted prices in inactive markets; (c) pooled separate accounts valued based on the underlying investments comprising the funds; and (d) life insurance contracts valued based on cash value provided by the insurance company.

**NGMEO Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS**

NOTE 3 FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Transfers between levels

For the years ended December 31, 2021 and 2020, there were no significant transfers between Levels 1, 2 or 3.

NOTE 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5 TAX EXEMPT STATUS

The Internal Revenue Service has determined and informed the Plan sponsor by letter dated March 31, 2014, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since the request for a determination letter. However, because the Plan uses an approved prototype document, the Plan administrator and the Plan's management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NGMEO Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

NOTE 6 RISKS AND UNCERTAINTIES

Participants invest their account balances in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are shares of pooled separate accounts and a common/collective trust managed by Principal Life Insurance Company, the custodian of the non-brokerage account investments as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Trustees of the Plan are participants in the Plan. Employees of the Plan Sponsor participate in the Plan.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 8 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 5, 2022, the date which the financial statements were available to be issued. There were no subsequent events which required accrual or disclosure.
