Report of Independent Auditors

The Plan Administrator
CHI Franciscan Health Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of CHI Franciscan Health Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor’s Report on the 2020 Financial Statements

We were engaged to audit the financial statements of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated August 18, 2021, we indicated

that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CHI Franciscan Health Retirement Savings Plan

Notes to Financial Statements

December 31, 2021

1. Description of the Plan

The following description of the CHI Franciscan Health Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the summary plan description and plan document for a more complete description of the Plan's provisions.

General

The Plan is an Internal Revenue Code (the Code) Section 403(b) defined contribution plan with an effective date of July 1, 1996. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Highline Medical Center became part of the Catholic Health Initiatives (CHI) controlled group on April 1, 2013.

Prior to January 1, 2016, the Plan covered substantially all employees of Highline Medical Center (the Company). Effective January 1, 2016, the Plan was amended to only allow for participation in the Plan by employees subject to the terms of a collective bargaining agreement. Employees classified with PRN status are only eligible to make employee contributions and do not receive an allocation of company contributions. All other employees of the Company at December 31, 2016, became eligible to participate in the Catholic Health Initiatives 401(k) Retirement Savings Plan.

Effective January 1, 2017, the Plan was amended to allow for the eligibility of certain employees of Highline Community Health Services d/b/a/ Northwest Regional Hospital (Regional Hospital). Regional Hospital became an adopting employer of the Plan, and CHI Franciscan Health became the sponsor of the Plan. Eligible employees are allowed to make participant contributions immediately upon hire. Except for employees classified with PRN status, company contributions are available to all collectively bargained employees of the Company upon reaching the age of 18 and after completing two years of service in which at least 1,000 hours are worked in the first 24 consecutive months. Plan entry dates are restricted to the beginning of each month.

Fidelity Management Trust Company (Fidelity), The Lincoln National Life Insurance Company (Lincoln), American United Life Insurance Company (AUL), and American Century Investments (American Century) are custodians of the Plan. Fidelity Investments is record-keeper for the Plan.

CHI Franciscan Health Retirement Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

The Plan is administered by the CommonSpirit Health Retirement Plans Sub-committee (the Committee). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to CommonSpirit Health's Human Resources and Compensation Committee of the Board of Stewardship Trustees.

On March 11, 2020, the World Health Organization classified an outbreak of the novel strain of coronavirus (COVID-19) a global pandemic, which has adversely impacted the global economy and disrupted financial markets.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which included several relief provisions available to tax-qualified retirement plans and their participants. The Plan adopted certain measures included in the CARES Act that allowed qualified participants to receive coronavirus-related distributions without penalty and delayed repayments of any new or outstanding loans for up to one year. Additionally, required minimum distributions beginning in 2020 were delayed by one year but were still available at the request of a participant.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants are eligible to start making deferral contributions on the first day of employment.

Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. All contributions are subject to certain limitations of the Code.

The Company matches 100% of employee contributions, up to 2% of eligible compensation deferred to the Plan. To become eligible, employees must be 18 years old and have completed two years of service without an intervening break in service. The Company further contributes a discretionary contribution equal to 5% of eligible compensation for each employee who is eligible for the discretionary contribution. Participants eligible to receive the Company's matching contribution are also eligible for the discretionary contribution.

Participants direct all contributions into various investment options offered by the Plan and can change their investment options on a daily basis.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of plan earnings and is charged a fixed per annum rate of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and all employer contributions plus actual earnings thereon.

Participant Loans

Notes receivable from participants represent participant loans. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of 5 years, unless the loans are used to purchase a principal residence, in which case the loan must be repaid within a reasonable period of time not to exceed 15 years. Under the terms of the plan agreement, loans bear a reasonable rate of interest determined by the local prevailing rate. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Participants are entitled to distributions from the Plan upon death, disability, normal or early retirement, or other termination of employment. Upon termination of service, a participant will receive his or her vested benefits under the Plan. The forms of distribution include a lump-sum distribution, installments, or a partial lump-sum distribution, with the remainder taken as a lump-sum distribution or installments at a later date.

Additionally, participants may request distribution of certain portions of their accounts due to financial hardship, as defined.

CHI Franciscan Health Retirement Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Administrative Fees

Substantially all administrative and trustee fees are paid by the participants through a fixed per annum fee, charged on a quarterly basis, and investment fees are deducted directly from investment returns.

Plan Termination

Although it has not expressed any intent to do so, CHI has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Benefits Paid to Participants

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for further discussion and disclosures related to fair value measurements.

CHI Franciscan Health Retirement Savings Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

In accordance with Accounting Standards Codification 820, Fair Value Measurement, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

- Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.
- Level 2: Observable prices that are based on inputs not quoted on active markets but corroborated by market data.
- Level 3: Unobservable inputs are used when little or no market data is available. Therefore, fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and observable. These inputs reflect management's judgments about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought, sold, and held during the year.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 or 2020.

Mutual Funds: Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

CHI Franciscan Health Retirement Savings Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

3. Investments

The following investment information was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity, Lincoln, and AUL (collectively, the Certifying Custodians of the Plan). Assets held by American Century were not certified as of December 31, 2021 and 2020, and for the year ended December 31, 2021.

Total assets at fair value	<u>\$ 112,799,639</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 112,799,639</u>

5. Fully Benefit-Responsive Investment Contract

The Plan has a balance in the VALIC Fixed Account, which is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The VALIC Fixed Account is maintained in a general account with VALIC. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

CHI Franciscan Health Retirement Savings Plan

Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contract (continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts depends on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

CHI Franciscan Health Retirement Savings Plan

Notes to Financial Statements (continued)

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

7. Related-Party and Party-in-Interest Transactions

The Plan invests in certain funds managed by Fidelity, Lincoln, AUL, and American Century, the custodians of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

8. Income Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated August 7, 2017, stating that the form of the underlying specimen plan is qualified under Section 403(b) of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 403(b) of the Code, and, therefore, the related custodial accounts are tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

Plan management has evaluated subsequent events for the Plan through September 16, 2022, the date the accompanying financial statements were available to be issued.
