Independent Auditor's Report

To the Plan Administrator
R.G. Johnson Company, Inc. Retirement Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the R.G. Johnson Company, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i-Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

R.G. Johnson Company, Inc. Retirement Plan

Notes to the Financial Statements

1. Plan Description

The following description of the R.G. Johnson Company, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of R.G. Johnson Company, Inc. (the Company) who have completed 750 hours of service and attained the age of 18. An employee who has completed one year of service is deemed to have met the service requirement. Effective April 1, 2017, one year of service was defined as 12 consecutive months of service and 1,000 hours. An employee may enter the Plan on the first day of the following month that the employee becomes eligible.

Contributions

Participants may direct contributions to the Plan in a percentage of their annual compensation on a tax-deferred basis subject to certain limitations. All participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. The Company must contribute a safe harbor matching contribution of 3% of each eligible employee's compensation regardless of whether the employee makes contributions to the Plan.

The Plan includes an automatic enrollment policy. The deferral rate for eligible employees is automatically set at 4% of their eligible compensation. The deferral rate does not automatically increase each year.

The Plan provides the option to the Plan Sponsor to contribute a discretionary matching contribution. The Plan Sponsor made discretionary matching contributions of 100% of participants' contributions up to 6% of eligible compensation in 2021. The Company can also make a discretionary profit sharing contribution.

Company contributions for 2021 consist of the following:

	2021
Safe harbor matching contributions	\$ 192,412
Discretionary profit sharing contributions	149,011
Discretionary matching contributions	325,059
	\$ 666,482

Participant Accounts

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. Each participant's account is credited with their voluntary contribution and Company contributions and investment income (loss) of the elected investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Plan Description (Continued)

Vesting

Participants are immediately vested in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions plus actual earnings thereon is based on years of credited service. A participant vests ratably over four years of credited service.

Benefits

On termination of service due to death, disability or retirement age of 60, a participant must receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. If the participant's account balance is less than \$1,000, the Company may make a lump-sum payment without the participant's consent. Participants are permitted to take a distribution of their vested account balance six months after termination.

Participant Loans

Participant loans are not permitted as defined in the plan document.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts can be applied to offset administrative expenses of the Plan and to reduce the Company's contributions to the Plan, as defined in the plan document. Forfeited balances were approximately \$10,000 at December 31, 2021 and less than \$1,000 at 2020.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of plan termination, participants become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). Plan management determines the valuation policies utilizing information provided by Newport Trust Company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Administrative Fees and Expenses

Certain administrative expenses are paid by the Company or the Plan, as provided by the plan document.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation or depreciation in fair values of investments.

Payment of Benefits

Benefits are recorded when paid.

Consideration of Subsequent Events

The Plan's management evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 12, 2022, the day the financial statements were approved and authorized for issue.

3. Investments

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

R.G. Johnson Company, Inc. Retirement Plan

Notes to the Financial Statements (Continued)

3. Investments (Continued)

The three levels of inputs that may be used to measure fair value are as follows:

- Level 1 - Quoted prices in active markets for identical assets or liabilities.
- Level 2 - Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 - Inputs that are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund on the last day of the Plan's year end using a quoted price in an active market, and are classified within Level 1 of the fair value hierarchy.

The Plan's common collective trust fund is 100% vested in the MetLife Group Annuity Contract No. 25554 and MetLife (the Contract). The Contract is comprised of four separate accounts including the MetLife Aggregate Bond Fund, the Wilmington Short/Intermediate Bond Fund, the Wilmington Broad Market Bond Separate Account, and the Lord Abbett 1-3 Year Government / Credit Fund. The Contract simulates the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments that are owned by MetLife. MetLife will guarantee principal and accrued interest, based on credited interest rates, for participant-initiated withdrawals. Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowable events. These events include transfers to other plan investment options, and payments because of retirement, termination of employment, disability, death and in-service withdrawals as permitted by the Plan. The common collective trust fund may be redeemed daily and, as of December 31, 2021, the fund has no unfunded commitments. The common collective trust fund is valued using the NAV provided by the trustee on the last day of the Plan's year end. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Investments (Continued)

The following tables set forth the fair value of the Plan's assets measured on a recurring basis, by level:

<i>As of December 31, 2021</i>	Level 1	Total
Mutual funds at fair value	\$ 16,580,894	\$ 16,580,894
Common collective trust measured at NAV*	-	1,437,593
Investments at Fair Value	\$ 16,580,894	\$ 18,018,487

<i>As of December 31, 2020</i>	Level 1	Total
Mutual funds at fair value	\$ 13,970,901	\$ 13,970,901
Common collective trust measured at NAV*	-	1,078,666
Investments at Fair Value	\$ 13,970,901	\$ 15,049,567

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Certification of Financial Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Newport Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate.

- Investments as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Tax Status

Effective July 28, 2022, the Plan was restated for regulatory compliance purposes and adopted a pre-approved plan document of Newport Trust Company, which received an opinion letter from the Internal Revenue Service dated June 30, 2020 stating that the restated pre-approved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). Prior to the restatement, the latest determination letter was dated May 1, 2003.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-in-interest Transactions

Certain plan investments were managed by Newport Trust Company, trustee, therefore, these transactions qualify as party-in-interest transactions. The Company pays certain expenses of the Plan. The Company is the Plan Sponsor as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under Section 408(b) of the ERISA regulations.

Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.
