INDEPENDENT AUDITOR'S REPORT

To the Trustees and Investment Committee
Bois Forte Enterprises 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Bois Forte Enterprises 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Bois Forte Enterprises 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bois Forte Enterprises 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bois Forte Enterprises 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bois Forte Enterprises 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bois Forte Enterprises 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed

to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Bois Forte Band of Chippewa

As discussed in Note B, the financial statements present Bois Forte Enterprises 401(k) Retirement Plan and do not purport to, and do not, present fairly the financial statements of the Bois Forte Band of Chippewa.

Because the financial statements present only the Plan, a fund of the Bois Forte Band of Chippewa, management has chosen not to present a management's discussion and analysis for the Plan.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Bois Forte Enterprises 401(k) Retirement Plan

We were engaged to audit the accompanying statement of net assets available for benefits, the related statement of changes in net assets of Bois Forte Enterprises 401(k) Retirement Plan as of December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2020, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – Bois Forte Band of Chippewa

As discussed in Note B, the financial statements present Bois Forte Enterprises 401(k) Retirement Plan and do not purport to, and do not, present fairly the financial statements of the Bois Forte Band of Chippewa.

Because the financial statements present only the Plan, a fund of the Bois Forte Band of Chippewa, management has chosen not to present a management's discussion and analysis for the Plan.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statements

The form and content of the information included in the 2020 financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(K) RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020**

NOTE A – DESCRIPTION OF PLAN

The following description of the Bois Forte Enterprises 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution plan covering all eligible employees of Bois Forte Reservation Tribal Council (the Company), who have completed one year of service, as defined by the Plan, and have attained age sixteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A member of the Company's management and a member of the Tribe's governing body (Tribal Council) act as trustees of the Plan. The trustees have delegated the administration of the Plan to the Investment Committee. The Investment Committee has responsibility for determining the appropriateness of the Plan's investment offerings and monitors investment performance. The Company serves as the Plan Administrator, which is responsible for establishing the Plan's benefits, contributions, and other provisions, and for approving all Plan amendments.
2. *Participant Contributions.* Each year, participants may contribute a pre-tax or after-tax (Roth) elective salary deferral contribution up to the maximum allowable by law of the participant's annual eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of Plan contributions into various investment options offered by the Plan.
3. *Employer Contributions.* The Company contributes employer discretionary matching contribution and employer nonelective contributions to the Plan, subject to certain Internal Revenue Code limitations as follows:
 - a. *Employer Discretionary Matching Contribution.* The Company may contribute 100 percent of the participant's contribution up to 5 percent in 2021. The Plan will include catch up contributions in the elective deferral amount use to determine the amount of your matching contributions.
 - b. *Employer Discretionary Nonelective Contribution.* The Company may make a discretionary nonelective contribution to the Plan. For a participant to share in the nonelective contribution there are conditions that are needed to be satisfied. The nonelective contribution will be allocated or divided among eligible participants for the Plan year. There were no discretionary profit sharing contributions made for the years ended December 31, 2021 and 2020.
4. *Participant Accounts.* Each participant's account is credited with the participant's contributions and the Company's discretionary matching contributions, as well as allocations of the Company's nonelective contribution and Plan earnings (losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
5. *Vesting.* Participants are vested immediately in the participants and rollover contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts is based on years of

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

credited service, as defined by the Plan. A participant vests 100 percent in Company contributions after three years of credited service.

6. *Notes Receivable from Participants.* Participants previously were able to borrow from their fund accounts a minimum of \$1,000 up to maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate of Prime plus two percent. Principal and interest are paid ratably through payroll deductions or remitted directly by participants. This plan provision was eliminated effective January 1, 2020 and any outstanding loans will continue to be administered in accordance with the terms of the Loan Policy currently in effect.
7. *Payment of Benefits.* Benefits are paid to the participant or beneficiary upon death, disability, normal retirement age (age 62) or termination of employment reasons other than death, disability, or retirement. If the participant has a vested account balance, the participant may elect to receive a single lump sum amount or elect to postpone distribution until their required beginning date, as defined in the Plan. After normal retirement age or death and the participant has a vested account balance that exceeds \$5,000 the participant may elect to receive installments, as defined in the Plan. If the vested account balance is \$1,000 or less, involuntary cash outs are automatically distributed in a lump sum distribution without Participant's consent. In addition, in-service distributions are permitted if participant has attained age 59-1/2 from all contribution accounts. Financial hardships are allowed if participant satisfies certain conditions and limitations.
8. *Forfeitures.* Participant forfeitures may be used to pay Plan expenses or to reduce any nonelective or matching contribution. At December 31, 2021 and 2020, forfeited and non-vested accounts totaled \$53,441 and \$51,738, respectively. During 2021 and 2020, \$791 and \$302 of forfeitures were used to pay administrative expenses, respectively.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting standards promulgated by the Governmental Accounting Standards Board (GASB). The Plan is sponsored by the Bois Forte Enterprises, a component unit of the Bois Forte Band of Chippewa (the Band). These financial statements present only the Bois Forte Enterprises 401(k) Retirement Plan and are not intended to present the financial statements of the Band.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

401(K) RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS

NOTE B – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees or Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian of the Plan. See Note D for discussion of fair value measurements.

General investment option contract held by a group annuity contract is reported at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The investment in the general account is reported at contract value. See Note E for discussion of the general account.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowances for credit losses have been recorded as of December 31, 2021 and 2020.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

Payment of Benefits

Benefits are recorded when paid.

Investment policy and risks

Investment policy

The Plan offers a broad range of diversified investments that enable a participant to construct a portfolio with aggregate risk and return characteristics at any point within the participant's desired range. Adherence to the specific investment objectives and criteria contained herein will be evaluated over a full-market cycle, which is based on one, three, five, and ten-year average annualized past performance of the investment option.

Interest rate risk

Interest rate risk is the risk that changes in market interest rates of investments will adversely affect the fair value of an investment. Investments with longer maturities have greater sensitivity to fair value changes based on market interest rates. As of December 31, 2021 and 2020, mutual funds classified as bond-type investments and the general account could be exposed to this risk.

NOTE B – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Credit risk

Credit risk exists when there is a possibility that the issuer or other counterparty to an investment may be unable to fulfill its payments on a security under the original term. As of December 31, 2021 and 2020, mutual funds classified as bond-type investments and the general account could be exposed to this risk.

NOTE C – INFORMATION PREPARED AND CERTIFIED

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by Empower Retirement (Empower), the Plan's recordkeeper, and furnished to the Plan Administrator. Empower refers to the products and services offered by Great West Life & Annuity Insurance Company (GWLA), the Plan's custodian. Empower prepared reporting documentation and information on behalf of Reliance Trust Company with respect to assets of the Plan held by Reliance in a separate account, the Plan's custodian.

The Plan Administrator has obtained certifications from Empower that information provided to the Plan Administrator by Empower related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520, 103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	<u>2021</u>	<u>2020</u>
Mutual funds, at fair value	\$ 8,487,908	\$ 7,364,482
General account, at contract value	\$ 1,940,776	\$ 2,110,791

The recordkeeper also certified to the completeness and accuracy of \$1,124,793 and \$1,052,226 of net appreciation in fair value and \$65,589 and \$75,760 of interest income related to the aforementioned investments for the years ended December 31, 2021 and 2020, respectively.

NOTE D – FAIR VALUE MEASUREMENTS

To the extent available, the Plan's investments are recorded at fair value as of December 31, 2021 and 2020. GASB Statement No. 72 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This statement establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Inputs are used in applying the various valuation techniques and take into account the assumptions that market participants used to make valuation decisions. Inputs may include price information, credit data, interest and yield curve data, and other factors specific to the financial instrument. Observable inputs reflect market data obtained from independent sources. In contrast, unobservable inputs reflect the entity's assumptions about how market participants would value the financial instrument. Valuation techniques should maximize the use of observable inputs to the extent available. GASB Statement No. 72 also indicates

**NOTES TO FINANCIAL STATEMENTS

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

investments that are measured at net asset value (NAV) should not be categorized within the fair value hierarchy.

The Plan categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The three levels of the fair value hierarchy are as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs (other than quoted prices included within Level 1) that are observable for the asset or liability – either directly or indirectly.
- Level 3: Unobservable inputs – market data are not available and are developed using the best information available about the assumptions that market participants would use when pricing an asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following describes the Plan's valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 8,487,908</u>	<u>\$ _____</u>	<u>\$ _____</u>	<u>\$ 8,487,908</u>

Assets at Fair Value as of December 31, 2020				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$7,364,482</u>	<u>\$ _____</u>	<u>\$ _____</u>	<u>\$ 7,364,482</u>

NOTE E – GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The trustee of the Bois Forte Enterprises 401(k) Retirement Plan is a group annuity contract with MassMutual SAGIC (managed by Great West Investments). MassMutual SAGIC maintains contributions in a market value separate account investment option with a general investment account guarantee. For group annuity contracts

that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net position available for benefits attributable to the guaranteed investment account. Contract value represents contributions made under that contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. MassMutual SAGIC maintains an account for the Plan whereby contributions are invested as follows:

	2021	2020
MassMutual SAGIC Fixed Interest Fund	\$1,940,776	\$2,110,791

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer, but it may not be less than 3 percent. Interest rates are declared in advance and guaranteed for a year.

The Plan's ability to receive amounts due in accordance with the group annuity contract is dependent on the third-party issuer's ability to meet their financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) termination of the Plan, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g. divestitures or spin-offs of a subsidiary, etc.) which cause significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contracts. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested interest in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE G – TAX STATUS

The Plan adopted a defined contribution volume submitter plan and trust sponsored by Massachusetts Mutual Life Insurance Company, one of the Plan's custodians. The plan has received an opinion letter dated March 31, 2014, from the Internal Revenue Service as to the plan's qualified status. The plan opinion letter has been relied upon by this Plan. The Plan has been amended since the date of the opinion letter; however, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore, believes that the Plan is qualified, and the related trust is tax-exempt as the financial statement date.

Accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and processing of benefits paid to participants and other administrative expenses are charged directly to the participants account and are included as administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

NOTE I – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Investments are recorded by Empower who is the recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The plan utilizes insurance products and contacts with Massachusetts Mutual Life Insurance Company and Great-West Life & Annuity Insurance Company, the Plan's custodians. Fees paid by the Plan to Empower are included in administrative expenses in the statement of changes in net position available for benefits. The Plan made direct payments to Empower totaling \$95,818 and \$85,909 for the years ended December 31, 2021 and 2020, respectively.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net position available for benefits.

In December 2019, a novel strain of coronavirus was reported in Wuhan, China. The World Health Organization has declared the outbreak to constitute a "Public Health Emergency of International Concern." The extent of the impact of COVID-19 on Bois Forte Enterprises 401(k) Retirement Plan's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on our customers, employees, and vendors all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact Bois Forte Enterprises 401(k) Retirement Plan's financial condition or results of operations is uncertain.

NOTE K – SUBSEQUENT EVENTS

Subsequent events were evaluated through October 6, 2022, which is the date the financial statements were available to be issued.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
