INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Advantia Health Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Advantia Health Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the 2021 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 Financial Statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Advantia Health Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that

are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Advantia Health Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Advantia Health Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Advantia Health Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021, and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter—Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statement of the Advantia Health Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statement, and (b) the form and content of the information included in the 2020 financial statement other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

1. Description of Plan

The following description of the Advantia Health Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions. The Plan was originally effective January 1, 2015, and was most recently amended and restated effective November 1, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

General

The Plan is a defined contribution plan covering substantially all employees of Advantia Health LLC and certain of its subsidiaries that have adopted the Plan (the “Plan Sponsor”). Management of the Plan Sponsor controls and manages the operation and administration of the Plan. OneAmerica Retirement Services, LLC served as recordkeeper and American United Life Insurance Company served as the Custodian until the Plan transitioned to Fidelity Management Trust Company during 2021.

Effective November 1, 2021, the Plan changed service providers from American United Life Insurance Company to Fidelity Management Trust Company, who was also named trustee of the Plan. This change in service providers initiated a “Black Out” period beginning October 22, 2021 and continued through November 28, 2021. During this period, participants’ plan accounts were not available for investment fund exchanges and distribution requests. During the Black Out period, funds were transferred to the new service provider and were invested into investment options selected by the Plan administrator that had similar investment approaches and objectives to the options that were previously available.

Effective December 31, 2020, the Heartland Women’s Healthcare 401(k) Plan was merged with and into the Advantia Health Retirement Plan (see Note 11). Due to the nature and timing of the transfer, the assets of the Heartland Women’s Healthcare 401(k) Plan were still held as of December 31, 2020 by the custodians of the Heartland Women’s Healthcare 401(k) Plan, and were physically transferred subsequent to December 31, 2020. However, for Form 5500 purposes, all assets, liabilities and participants ceased to be part of the Heartland Women’s Healthcare 401(k) Plan as of December 31, 2020 and such amounts are reported as zero on the December 31, 2020 Form 5500 of the Heartland Women’s Healthcare 401(k) Plan. The amounts totaling \$6,871,878 that merged with and into the Plan from the Heartland Women’s Healthcare 401(k) Plan were considered due to the Advantia Health Retirement Plan on December 31, 2020 and such amounts are reflected in the accompanying statement of net assets available for benefits as “due from affiliated plan” as of December 31, 2020.

In recent years, the Plan Sponsor has acquired a number of companies which adopted the Plan as participating companies during the year ended December 31, 2021. Effective January 1, 2021, the Pacify Health, Inc. Retirement Trust merged amounts in of \$724,022 with and into the Plan; the Reiter & Hill 401(k) Profit Sharing Plan merged amounts of \$8,893,895 with and into the Plan; the Brendan F. Burke, MD, LLC 401(k) Plan merged amounts of \$875,775 with and into the Plan; and the Women’s Health and Surgery Cent 401(k) Profit Sharing Plan & Trust merged amounts of \$787,333 with and into the Plan.

The plan mergers initiated various “Black Out” periods. During these periods, participants’ plan accounts were not available for investment fund exchanges and distribution requests. During the Black Out periods, funds were transferred from the previous service providers to American United Life Insurance Company, the custodian of the Advantia Health Retirement Plan. Participants from the Pacify Health, Inc. Retirement Trust had a Black Out period from January 4, 2021 through January 8, 2021. Participants from the Reiter & Hill 401(k) Profit Sharing Plan had a Black Out period from January 18, 2021 through January 22, 2021. Participants from the Brendan F. Burke, MD, LLC 401(k) Plan had a Black Out period from January 4, 2021 through January 8, 2021. Participants from the Women’s Health and Surgery Cent 401(k) Profit Sharing Plan & Trust had a Black Out period from January 18, 2021 through January 22, 2021. Participants from the Heartland Women’s Healthcare 401(k) Plan had a Black Out period from January 25, 2021 through January 29, 2021.

Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

Eligibility

The Plan covers employees of the Plan Sponsor and adopting employers over the age of 18, with the exception of employees who became employees as a result of an acquisition, merger, or similar transaction. Participants are immediately eligible to make elective deferral contributions. The effective date of participation for elective deferrals will be the first day of each payroll period coinciding with or next following the date the eligibility requirements are met. The effective date of participation for safe harbor matching, discretionary matching contributions and discretionary profit-sharing contributions will be the first day of each payroll period coinciding with or next following the completion of one year of service (as defined by the Plan).

Contributions

Participants may elect to defer up to 90% of their eligible annual compensation, as defined by the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Contributions may be designated as Roth 401(k) contributions. In addition, participants who have attained age 50 before the close of the Plan year are eligible to make "catch-up" contributions up to the amount allowable under the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan Sponsor provides a safe harbor matching contribution equal to 100% of the first 3% of eligible compensation deferred into the Plan, and 50% of the next 2% calculated on an annual basis. All employees who have attained age 18 and completed one year of service (as defined by the Plan) are eligible to receive safe harbor contributions with the exception of highly compensated employees.

The Plan Sponsor also has the right to make discretionary matching contributions and discretionary profit-sharing contributions. All participants who have completed one year of service (as defined by the Plan) are eligible to receive discretionary matching and profit-sharing contributions. Participants must be employed on the last day of the Plan year to receive any discretionary profit-sharing contribution. There were no discretionary matching or profit-sharing contributions made for the year ended December 31, 2021.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and Plan Sponsor contributions, which are invested in accordance with the investment options selected by the participant. Plan earnings, losses, and administrative expenses are allocated to participant accounts based upon the balance in each account. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions, safe harbor contributions, discretionary matching contributions, and discretionary profit-sharing contributions into various investment options offered by the Plan.

Vesting

Participants are vested immediately in their elective deferral, safe harbor, and employer profit-sharing contributions plus actual earnings thereon. Participants are vested in discretionary matching contributions portion of their accounts based on years of service. A participant is 0% vested at less than 3 years of service and after 3 years of service, a participant is 100% vested. Participants vest in legacy plan employer sourced contributions based on the vesting schedules of their respective legacy plan provisions as defined by the Plan.

Notwithstanding the above vesting for the Plan Sponsor's discretionary employer contribution portion of their accounts, a participant will become 100% vested in these accounts upon their attainment of normal retirement age (60) while an employee, death while an employee, or becoming disabled while an employee.

Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

Forfeited and Unallocated Amounts

Forfeitures of the Plan Sponsor contributions may be used to pay administrative expenses or to reduce future employer contributions. Unallocated accounts available to the Plan totaled \$33,500 and \$0 as of December 31, 2021 and 2020, respectively. During the year ended December 31, 2021, \$900 were used to reduce employer contributions.

CARES Act Provisions Adopted

During 2020, the Plan adopted provisions under the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act"), including:

- Permitting qualified participants to receive coronavirus-related distributions. Eligible coronavirus-related distributions could be taken up to December 30, 2020 and may be repaid within three years; and
- Allowing for qualified participants to suspend loan repayments through December 31, 2020. Suspended loan repayments resumed during 2021, and the loans were reamortized to extend the payoff period by one year and include accrued interest for the suspension period.

Payment of Benefits

Upon termination of service, retirement, death, disability, or attainment of age 59 $\frac{1}{2}$, a participant, or their beneficiary in the event of death, is entitled to a distribution of their vested account balance. Distributions are payable in either a lump-sum amount or annual required minimum distribution installments. If a participant's vested account in the Plan is below \$5,000 at the time of termination, the Plan administrator will automatically distribute the entire balance to the participant following termination. Hardship withdrawals are allowed to participants who meet an immediate and severe financial need. Hardship withdrawals are limited to a participants' vested account balance from voluntary salary reduction, safe harbor matching and employer matching contributions.

Notes Receivable from Participants

Loans to participants are permitted under the Plan. The maximum loan available is \$50,000 or 50 percent of the participant's vested account balance. Interest rates are based on rates available for similar loans from commercial lending institutions. Loans are repayable within five years unless the loan was taken for the purpose of acquiring or rehabilitating the participant's principal residence, in which case the term of the loan may be for a longer period. Principal and interest are paid ratably through payroll deductions. The loans are secured by the vested balance in the participant's account. Interest rates as of December 31, 2021 range from 4.25% to 7.25% with loan maturities through 2031.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contracts and their related activity on a contract value basis (see Note 5).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Advantia Health Retirement Plan
Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

All reasonable administrative expenses and fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses of maintaining the Plan that are paid directly by the Plan Sponsor are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Certain investment-related expenses are included in the net appreciation in fair value of investments.

3. Financial Information Certified by Qualified Institutions

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by American United Life Insurance Company and Fidelity Management Trust Company, qualified institutions, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Management Trust Company, the trustee of the Plan, held the Plan's investment assets and executed investment transactions as of and for the year ended December 31, 2021. American United Life Insurance Company, the former custodian of the Plan, held the Plan's investment assets and executed investment transactions as of December 31, 2020 and for the period from January 1, 2021 to October 31, 2021.

|---|-----------|
| Interest and dividend income | 1,795 |
| Net appreciation in fair value of investments | 5,828,780 |
| Interest income on notes receivable from participants | 18,588 |

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Advantia Health Retirement Plan
Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2021 and 2020.

<i>Mutual funds (registered investment companies):</i>	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
<i>Pooled separate accounts:</i>	Valued at the NAV or equivalent based on units of the pooled separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2021:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 46,667,900	\$ 46,667,900	\$ -	\$ -
Total	<u>\$ 46,667,900</u>	<u>\$ 46,667,900</u>	<u>\$ -</u>	<u>\$ -</u>

As of December 31, 2020, all investments of the Plan were valued using the net asset value per share practical expedient.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020.

<u>Investment Type</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 25,709,662	\$ -	Daily	Daily

The Plan's pooled separate accounts are invested in a variety of funds designed to mirror the investment strategies of similar registered investment companies (mutual funds), including equity style funds, fixed income style funds, target date style funds, and blended funds. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a pooled separate account, the insurance company or custodian reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

5. Fully Benefit-Responsive Investment Contracts

Standard Capital Preservation Income Fund

The Plan has an investment in the Standard Capital Preservation Income Fund, a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. As of December 31, 2021, the contract value amount of the fully-benefit responsive investment contract was \$382,614. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings less participant withdrawals, and administrative expenses.

The Standard Capital Preservation Income Fund is available through a rider to Standard Insurance Company's group annuity contract. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on an annual basis for resetting.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. No events have occurred or are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against the group fixed annuity contract values for credit risk of the contract issuer or otherwise.

American United Life Insurance Stable Value Account

As of December 31, 2020 and through October 2021, the Plan held the American United Life ("AUL") Insurance Stable Value Account, a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. As of December 31, 2020, the contract value amount of the fully-benefit responsive investment contract was \$319,428. As part of the transition to Fidelity Management Trust Company, funds in the AUL Insurance Stable Value Account were transferred to the Standard Capital Preservation Income Fund.

The AUL Insurance Stable Value Account is a group fixed annuity contract and is backed by the general account of AUL. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on an annual basis for resetting.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events (including but not limited to: American United Life Insurance Company may limit or disallow allocations of contributions, transfers and loan repayments to the Stable Value Account upon thirty days written notice) might limit the ability of the Plan to transact at contract value with the contract issuer. No events occurred that limited the ability of the Plan to transact at contract value with the contract issuer and that also limited the ability of the Plan to transact at contract value with participants.

Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

6. Risks and Uncertainties

The Plan provides for various investment options to its participants. Investment securities are exposed to various risks; such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

7. Prohibited Transactions

During 2021 and 2020, the Plan Sponsor failed to remit to the Plan certain employee contributions and loan repayments totaling \$131,810 and \$349,642, respectively, within the period prescribed by the Department of Labor regulations. During 2021, the Plan Sponsor made contributions to the affected participants' accounts to compensate the participants for potential lost income due to the 2020 processing delays. During 2022, the Plan Sponsor expects to make contributions to the affected participants' accounts to compensate the participants for potential lost income due to the 2021 processing delays. The Plan Sponsor believes that these transactions do not affect the tax status of the Plan and is taking action prescribed by the regulations to remedy such errors.

8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in their employer contributions, and all remaining assets in the Plan are to be distributed to the participants by the trustee in accordance with the accrued benefits of such participants as of the date of termination.

9. Tax Status

Effective November 1, 2021, through the adoption of a Fidelity pre-approved defined contribution plan, the Plan was amended and restated (see Note 11). The Internal Revenue Service ("IRS") issued an opinion letter dated June 30, 2020, stating that the volume submitter profit sharing plan document as then designed was in accordance with applicable Internal Revenue Code ("IRC") requirements. Prior to the November 1, 2021 amendment and restatement of the Plan, the Plan had adopted a volume submitter profit sharing plan document sponsored by One America Financial Partners, Inc. The IRS issued an advisory letter dated March 31, 2014, stating that the volume submitter profit sharing plan document as then designed was in accordance with applicable IRC requirements.

Although the Plan has been amended since receiving the opinion letter, management of the Plan believes the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

10. Related-Party and Party-in-Interest Transactions

Plan investments include those managed by Fidelity Management Trust Company, the trustee of the Plan. Certain expenses are also paid to Fidelity Management Trust Company, the trustee of the Plan, American United Life Insurance Company, the former custodian of the Plan, and OneAmerica Retirement Services, LLC, the former recordkeeper of the Plan. Therefore, these transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under ERISA regulations. Total administrative expenses paid by the Plan to its service providers amounts to \$76,577 for the year ended December 31, 2021. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

11. Plan Amendments

Effective January 1, 2021, the Plan was amended and restated to among other matters:

- Merge in the Brendan F. Burke, MD, LLC 401(k) Plan, Heartland Women's Healthcare 401(k) Plan (see Note 1), Pacify Health, Inc. Retirement Trust, Reiter & Hill, PLLC 401(k) Profit Sharing Plan, and Women's Health and Surgery Cent 401(k) Profit Sharing Plan & Trust;
- Add LIV Advantia DC PLLC as a participating employer;
- Change the entry date for matching and nonelective profit sharing contributions to the first day of each payroll period coincident with or next following date requirements are met;
- Change the hours of service determination to bi-weekly payroll periods worked; and
- Update deferral elections for irregular pay so that a participant's existing deferral election will not apply to irregular pay unless an affirmative election is made.

Effective November 1, 2021, the Plan was amended and restated by adopting a Fidelity pre-approved defined contribution plan in order to make general administrative changes, including incorporating past amendments and adopting required amendments pursuant to statutory changes.

12. Subsequent Events

Effective January 1, 2022, the Plan was amended to change the contribution period for matching employer contributions from Plan year to a payroll period basis.

Management evaluated subsequent events for the Plan through October 10, 2022, the date the financial statements were available to be issued.

- * During 2021 and 2020, the Plan Sponsor failed to remit to the Plan certain employee contributions and loan repayments totaling \$131,810 and \$349,642, respectively, within the period prescribed by the Department of Labor regulations. During 2021, the Plan Sponsor made contributions to the affected participants' accounts to compensate the participants for potential lost income due to the 2020 processing delays. During 2022, the Plan Sponsor expects to make contributions to the affected participants' accounts to compensate the participants for potential lost income due to the 2021 processing delays. The Plan Sponsor believes that these transactions do not affect the tax status of the Plan and is taking action prescribed by the regulations to remedy such errors.
