Household Utilities, Inc. 401(k) Retirement Savings Plan

Financial Statements and Supplemental Schedule

Year Ended December 31, 2021

Independent Auditor's Report

Plan Administrator
Household Utilities, Inc. 401(k) Retirement Savings Plan
Kiel, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Household Utilities, Inc. 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Household Utilities, Inc. 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Household Utilities, Inc. 401(k) Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Household Utilities, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Household Utilities, Inc. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Household Utilities, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Household Utilities, Inc. 401(k) Retirement Savings Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated June 18, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Household Utilities, Inc. 401(k) Retirement Savings Plan

Notes to the Financial Statements

Note 1: Description of Plan

The following description of the Household Utilities, Inc. 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Household Utilities, Inc. (the "Company") who have completed 30 days of service and have attained age 18. Eligible employees may enter the Plan on the first day of the following month upon meeting eligibility requirements. Participants are also immediately eligible for the Company's discretionary matching contributions upon enrollment. Participants are eligible for Company discretionary profit sharing contributions upon working 1,000 hours of service in the plan year and must be employed on the last day of the plan year.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Management of the Company is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Each year, participants may contribute to the Plan up to 100% of eligible compensation on a pre-tax or Roth basis, as defined in the plan document, not to exceed the maximum allowable limits as defined by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover contributions"). Participants direct the investment of their contributions into various investment options offered by the Plan.

Through December 31, 2020, eligible employees who did not complete an election form were automatically enrolled to contribute 3% of eligible compensation, with their contributions being invested in a designated fund until changed by the participant. Automatically enrolled participants had their deferral rates increased each year by 1%, until reaching a maximum 6%, unless they affirmatively elected otherwise. Effective January 1, 2021, the automatic enrollment provisions and automatic escalation provisions were removed from the plan document.

The Company may elect to make discretionary matching contributions and discretionary profit sharing contributions to the Plan. The Company made discretionary matching contributions equal to 25% of the first 3% of eligible compensation through the pay period ended September 3, 2021. The Company made discretionary matching contributions equal to 50% of the first 3% of eligible compensation thereafter, through December 31, 2021. For the year ended December 31, 2021, the Company also made an additional discretionary matching contribution equal to 50% of the first 3% of annual eligible compensation. Rollover contributions are not matched.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, and allocations of the (a) Company's discretionary profit sharing contributions, and (b) plan earnings (losses). Participant accounts are reduced by withdrawals and are charged an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their voluntary contributions, plus actual earnings thereon. Vesting in the Company discretionary matching and profit sharing contribution portions of their accounts, plus actual earnings thereon, is based on years of continuous service. Participants vest at a rate of 25% per year beginning with the first year of service. The vesting percentage increases an additional 25% each year thereafter, with 100% vesting after four years of service. In addition, a participant becomes 100% vested upon death or disability.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms shall not exceed five years unless the note qualifies as a home loan, in which case the note shall not exceed ten years. Participants may only have one loan outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at prime plus 1.00%. Interest rates on existing notes as of December 31, 2021, range from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, normal retirement (age 60), or termination of employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or, in certain circumstances, installment payments. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2. Participants may withdraw their rollover contributions at any time.

Forfeitures

Plan forfeitures arise as a result of participants terminating service with the Company before becoming 100% vested in Company contributions. Forfeited nonvested accounts totaled \$994 at December 31, 2021, and \$819 at December 31, 2020. These amounts may be used at the Company's discretion. In 2021, forfeitures of \$10,049 were used to pay plan expenses.

Notes to the Financial Statements

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative and Investment Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the distributions and administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are allocated proportionately to plan participants based on their respective account balances and are reflected as investment expenses and included in net investment income.

Household Utilities, Inc. 401(k) Retirement Savings Plan

Notes to the Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative and Investment Expenses (Continued)

Certain fees incurred by the Plan for investment management services are allocated proportionately to plan participants based on their respective account balances and are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than direct payment. All other expenses paid directly by the Plan are allocated proportionately to plan participants based in their respective balances and are included in administrative expenses.

Subsequent Events

Subsequent events have been evaluated through October 11, 2022, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Fund: Valued at the NAV provided by the administrator of the fund using NAV as a practical expedient to estimate fair value. This practical expedient would not be used if it were determined to be probable that the fund would sell the underlying investments for an amount different than the reported NAV. This is a stable fund, and its NAV is based on the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily, and there are no restrictions as to the redemption of this fund or unfunded commitments as of December 31, 2021 and 2020.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Investment assets in the fair value hierarchy -				
Mutual funds	\$ 10,349,100	\$ 0	\$ 0	\$ 10,349,100
Investment assets measured at NAV				80,489
Total investment assets at fair value				\$ 10,429,589

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Investment assets in the fair value hierarchy -				
Mutual funds	\$ 8,875,635	\$ 0	\$ 0	\$ 8,875,635
Investment assets measured at NAV				92,717
Total investment assets at fair value				\$ 8,968,352

Note 4: Information Prepared and Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mid Atlantic Trust Company, the Custodian of the Plan.

Note 5: Party-In-Interest Transactions

Pension Inc., is the third party administrator, as defined by the plan document; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Pension Inc. for administrative services were \$25,662 for the year ended December 31, 2021. Morgan Stanley is the investment advisor of the Plan, therefore; fees paid to Morgan Stanley also qualify as party-in-interest transactions. Fees paid by the Plan to Morgan Stanley for investment management fees were \$34,785 for the year ended December 31, 2021.

Household Utilities, Inc. 401(k) Retirement Savings Plan

Notes to the Financial Statements

Note 5: Party-In-Interest Transactions (Continued)

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 7: Tax Status

The Plan adopted a nonstandard prototype document with an IRS notification letter dated June 30, 2020, which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
