Independent Auditor's Report

Plan Administrator
Contemporary Management Concepts, LLLP 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Contemporary Management Concepts, LLLP 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020 and for the year ended December 31, 2021, stating the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Administrator
Contemporary Management Concepts, LLLP 401(k) Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Plan Administrator
Contemporary Management Concepts, LLLP 401(k) Plan

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Plan Administrator
Contemporary Management Concepts, LLLP 401(k) Plan

Other Matter – Supplemental Schedule Required by ERISA (continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2021

1. Description of the Plan

The following description of Contemporary Management Concepts, LLLP 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document and Adoption Agreement for a more complete description of the Plan’s provisions. Copies of these documents are available from Contemporary Management Concepts, LLLP (the “Plan Sponsor”).

General

The Plan is a defined contribution plan sponsored by the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees, other than nonresident aliens and leased employees, who are age 21 and above and have completed at least 500 hours of qualifying service during the first six months of continuous employment or have completed one year of service, are eligible to become participants in the Plan. Eligible employees may enter the Plan on the first day of each quarter after meeting eligibility requirements.

Plan Contributions

Participants may elect to contribute a percentage of their annual compensation or a fixed amount per pay period, on a pre-tax or post-tax basis, as a salary deferral. These deferrals are subject to the annual limitations defined in the Internal Revenue Code (IRC). Participants who have attained the age of 50 before the end of the plan year are also eligible to make catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of compensation, with an automatic escalation of 1% every April 1 up to a maximum of 8% of eligible wages, as defined by the Adoption Agreement.

The Plan Sponsor may contribute a discretionary matching contribution of each participant’s elective salary deferrals. During 2021, the Plan Sponsor made discretionary matching contributions equal to 50% of the first 5% of compensation a participant contributes to the Plan.

Cash contributions receivable, if any, are unsecured.

Contemporary Management Concepts, LLLP 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Individual accounts are maintained for each participant to reflect the participant's contributions, Plan Sponsor contributions and investment earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may allocate their investments among various investment options allowed by the Plan. Participants have the opportunity to change their investment options previously elected at any time.

Investments

The investments of the Plan are held by Great-West Trust Company, LLC (Great-West), who maintains the investments in various pooled separate accounts and the Key Guaranteed Portfolio Fund, a fixed annuity option of Great-West. The maximum loss, if any, that would be incurred by the Plan if the counterparties to the Plan's investments failed to perform is the recorded amount of such investments.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant (or his or her beneficiaries) shall receive a lump sum amount equal to the vested value of his or her account. Partial withdrawals or installments are only permitted for participants who must receive required minimum distributions in accordance with the IRC. In-service hardship withdrawals are also available in certain circumstances.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. For any Plan Sponsor discretionary matching contributions, vesting is based on years of credited service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Administrative Expenses

Certain plan administrative expenses are paid by the Plan Sponsor and are excluded from these financial statements. Certain investment related expenses are netted in net realized and unrealized appreciation in the fair value of investments.

Notes Receivables from Participants

Subject to approval by management of the Plan, participants may borrow from their fund accounts. The amounts and terms of the participant notes receivable must meet certain criteria, including a general limitation on total aggregate participant notes receivable outstanding to any individual participant equal to the lesser of one-half of the borrower's vested individual account balance or \$50,000. The participant notes receivable bear interest at a rate established by the Plan Administrator and are generally repayable in level periodic payments over various terms of up to five years, except for those utilized for the acquisition of a qualified principal residence, which may be repaid over a reasonable period of time up to 30 years. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The participant notes receivable are secured by the balance in the participant's account. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses when they are incurred. Principal and interest are paid ratably through payroll deductions. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Upon default of notes receivable from participants, the entire outstanding principal and interest shall be immediately due and payable. If a distributable event, as defined by the IRC, has occurred, the note receivable will be foreclosed on and be offset against the participant's account balance. If a participant's note receivable is in default, the participant shall be treated as having a taxable deemed distribution whether or not a distribution event has occurred.

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested in the Plan Sponsor discretionary matching contributions. Forfeitures of terminated participants' non-vested accounts may be used to reduce future Plan Sponsor contributions to the Plan or to pay expenses of the Plan. If a terminated participant is rehired by the Plan Sponsor, the participant may be entitled to a restoration of certain amounts forfeited, based on provisions in the Plan Document. During 2021, forfeitures generated totaled \$7,697, and forfeited nonvested accounts used to reduce Plan Sponsor contributions totaled \$7,807. As of December 31, 2021 and 2020, the forfeiture account totals \$380 and \$282, respectively, which is included in the Plan's investment assets.

Contemporary Management Concepts, LLLP 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Termination of the Plan

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their Plan Sponsor contributions.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), as are annual returns filed under applicable provisions of ERISA and the IRC.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for Key Guaranteed Portfolio Fund, which is recorded at contract value (*Note 5*). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's management determines the Plan's valuation policies utilizing information provided by Great-West.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Generally, the Plan's investments are collateralized by the proportionate share of the respective fund's underlying net assets.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts in the Plan's financial statements. Accordingly, actual results may differ from those estimates.

Contemporary Management Concepts, LLLP 401(k) Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Subsequent Events

In preparation of the accompanying financial statements, management of the Plan has evaluated subsequent events that have occurred since December 31, 2021 through October 10, 2022, the date the financial statements were available for issuance.

3. Income Tax Status

The Plan Sponsor adopted a prototype plan sponsored by SVRPC, Inc., which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, which states the form of the prototype plan is acceptable for use under applicable sections of the IRC; therefore, the Plan is not subject to income taxes. The Plan has been amended since the latest opinion letter date; however, the Plan Administrator believes the Plan is being operated in accordance with applicable requirements of the IRC and, accordingly, remains exempt from income taxes.

4. Certified Information (Unaudited)

Great-West holds the Plan's investments assets and executes transactions therein. Financial information relating to those assets is included in the accompanying financial statements based upon information supplied to the Plan Administrator and certified as complete and accurate by Great-West. That information, which has not been audited, is summarized below.

The value of investments is as follows as of December 31:

	2021	2020
Pooled separate accounts, at fair value	\$3,030,111	\$2,430,576
Key Guaranteed Portfolio Fund, at contract value	157,450	128,420
Total investments	\$3,187,561	\$2,558,996

Notes receivable from participants total \$43,444 and \$22,157 as of December 31, 2021 and 2020, respectively. Interest earned on notes receivable from participants totaled \$1,420 in 2021.

During 2021, net appreciation in the fair value of investments totaled \$428,162. Investment income from the Great-West Key Guaranteed Portfolio Fund totaled \$1,297 during 2021.

The Plan had one investment, the American Fund AMCAP Fund, representing 27% of net assets available for benefits as of December 31, 2021.

Contemporary Management Concepts, LLLP 401(k) Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ASC 820, *Fair Value Measurements*, are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.
- Level 2 Inputs to the methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of the asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Pooled separate accounts are valued daily based on quoted prices for the underlying mutual fund(s), which is then adjusted to apply an expense factor.

The valuation methodology has not changed as of December 31, 2021 and 2020.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Unrealized gains (losses) are included in net realized and unrealized appreciation in the fair value of investments in the statements of changes in net assets available for benefits.

Contemporary Management Concepts, LLLP 401(k) Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31:

	Level 1	Level 2	Level 3	Total
2021:				
Pooled separate accounts	\$ —	\$3,030,111	\$ —	\$3,030,111
2020:				
Pooled separate accounts	\$ —	\$2,430,576	\$ —	\$2,430,576

6. Key Guaranteed Portfolio Fund

The Plan invests in a fixed annuity contract of Great-West that is fully benefit-responsive. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with Great-West. Such events include amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

7. Party-In-Interest Transactions

Certain investments are held and managed by Great-West; therefore, these transactions are considered to be party-in-interest transactions.

Contemporary Management Concepts, LLLP 401(k) Plan

Notes to Financial Statements (continued)

8. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.
