Independent Auditor's Report

To the Trustee
Scurlock Holdings, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Scurlock Holdings, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Scurlock Holdings, Inc. 401(k) Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of an for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the

Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Scurlock Holdings, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Scurlock Holdings, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Scurlock Holdings, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Scurlock Holdings, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Scurlock Holdings, Inc. 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 20, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion of the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA.

Scurlock Holdings, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan

The following description of the Scurlock Holdings, Inc. (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Scurlock Holdings, Inc. is referred to in the notes as the Company or the Sponsor.

General

The Plan is a defined contribution plan covering all full time employees of the Company who have three months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to the maximum percentage allowable under the federal statutory limit of Code Section 401(k), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various stock, bond and hybrid funds as investment options established within a separate account maintained by American Life Insurance as investment options for participants. The Company matches 75% of each participant's contribution to the Plan up to a maximum annual contribution of \$1,000. Additional Company contributions may be made at the option of the Company's board of directors. All employer contributions are invested in the same proportion to that of the participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances as defined. The benefit to which the participant is entitled is that which can be provided from the participant's vested account.

Participants may direct the allocations to their account to the available investment options. If no such direction is made by the participant, the Plan will invest the participant's account in a qualified default investment alternative until the participant does make such direction with respect to their account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portions of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Scurlock Holdings, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 1: Description of the Plan (continued)

Notes Receivable from Participants

Participant loans are permitted under the Plan. In order to obtain a loan from the Plan, an application must be made to, and approved by, the Plan Administrator, subject to a strict set of rules established by law. These rules are covered in a separate loan application and promissory note available from the plan administrator. Loan transactions are treated as a transfer to (from) the respective investment funds from (to) the Notes Receivable from Participants' Fund. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, or if the vested account exceeds \$3,500, may defer the payment until age 70^{1/2}.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan Termination, participants would become 100% vested in their employer contributions.

Forfeited Accounts

Forfeited accounts, if any, will remain in the Plan to reduce future employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net assets available for benefits during the reporting period. Accordingly, actual results could differ from those estimates.

Note 2: Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Participants may direct the allocation of amounts deferred and employer contributions to the available investment options. If no such direction is made by the participant, the Plan will invest the participant's account in a qualified default investment alternative until the participant does make such direction with respect to their account.

The Plan provides for investments in a group annuity contract and pooled-separate accounts. The Plan's investments in pooled-separate accounts are valued at net asset value as a practicable expedient to estimated fair value. The group annuity contract is fully benefit-responsive and is stated at contract value, which is equal to principal plus accrued interest.

Valuation methods may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes the valuation methods are appropriate and consistent with other market participants, the use of differing methodologies or assumptions to determine fair values of the Plan's investments could result in different fair value measurements at the reporting dates.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances, which approximates fair value. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Interest income is recorded when payments are received, which is not materially different from the accrual method. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan is reclassified as a distribution based on the terms of the Plan document. Participant loans are considered delinquent if any payment of principal and interest, or any portion thereof, remains unpaid for more than 90 days.

Plan Tax Status

The Plan is intended to satisfy the tax qualification requirements under Section of 401 (a) of the Internal Revenue Code. The Plan has been restated as an adoption of OneAmerica Financial Partners, Inc. Defined Contribution Volume Submitter Plan. On March 31, 2014, OneAmerica Financial Partners, Inc. received a determination letter from the Internal Revenue Service indicating that the volume submitter plan is acceptable under section 401 of the Internal Revenue Code. An employer adopting this plan can rely on this determination letter with respect to the qualification of its plan under Code section 401(a) as set forth in the determination letter. Management believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and related trust is tax-exempt.

Note 2: Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to the following year contributions. There were no excess contributions for the years ended December 31, 2021 and 2020.

Administrative Expenses

All expenses of maintaining the Plan are paid by the Company.

Note 3 – Fair Value Measurements

All of the Plan's investments recorded at fair value of \$3,909,876 and \$3,137,331 at December 31, 2021 and 2020, respectively, are pooled separate accounts. The pooled separate accounts are valued, as a practical expedient, based on AUL's Plan's net asset value of units held by the Plan at year-end. The calculated NAV is directly related to the net asset value of the underlying investments adjusted for dividends or distributions received by AUL and the daily equivalent of any fees charged. The investments held by each pooled separate account are traded on an active market. There were no changes to the valuation techniques used in fair value measurements at December 31, 2021 or 2020.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020.

- (a) The investment seeks long-term growth of capital through a diversified and actively managed portfolio consisting of developing growth companies, many of which are traded over the counter.
- (b) The investment seeks total return. The fund invests mainly in debt securities in three market sectors; foreign governments and issuers, U.S. government securities, and lower-grade, high yield securities of U.S. and foreign issuers. It can invest up to 100% of its assets in any one sector at any time. Under normal market conditions, the fund will invest a substantial portion of its assets in a number of different countries, including the U.S. It has no limitations regarding the range of maturities of the debt securities it can buy or the market capitalization of the issuers of those securities.
- (c) The investment seeks long-term growth of capital while providing current income. The fund invests primarily in common stocks of well established companies located around the world, many of which have the potential to pay dividends. It invests, on a global basis, in common stocks that are denominated in U.S. dollars or other currencies. Under normal market circumstances, the fund will invest a significant portion of its assets in securities of issuers domiciled outside the United States, including those based in developing countries.
- (d) The investment seeks long-term growth of capital. The fund invests primarily in common stocks of issuers in Europe and the Pacific Basin that the investment advisor believes have the potential for growth. It normally will invest at least 80% of its net assets in securities of issuers in Europe and the Pacific Basin.

Note 3 – Fair Value Measurements (continued)

- (e) The investment seeks long-term growth of capital and income. The fund invests primarily in common stocks of companies that appear to offer superior opportunities for capital growth and most of which have a history of paying dividends.
- (f) The investment seeks growth of capital. The fund invests primarily in common stock and seeks to invest in companies that appear to offer superior opportunities for growth of capital. It may invest up to 25% of its assets in securities of issuers domiciled outside the United States. The investment advisor uses a system of multiple portfolio managers in managing the fund's assets.
- (g) The investment seeks a high level of current income, while also considering growth of capital. The fund primarily invests in income-producing debt securities, preferred stocks, and convertible securities, with an emphasis on lower-quality debt securities. It potentially invests in non-income producing securities, including defaulted securities and common stocks. The fund invests in companies in troubled or uncertain financial condition. It invests in domestic and foreign issuers.
- (h) The investment seeks to obtain high total return with reduced risk over the long term by allocating its assets among stocks, bonds, and short-term investments. The fund maintains a neutral mix over time of 50% of assets in stocks, 40% of assets in bonds, and 10% of assets in short-term and money market instruments.
- (i) The investment seeks capital appreciation. The fund normally invests at least 80% of assets in stocks. It normally invests primarily in common stocks of leveraged companies. The fund potentially invests in lower-quality debt securities. It invests in domestic and foreign issuers.
- (j) The investment seeks long-term growth of capital. The fund pursues its investment objective by normally investing primarily in a core group of 20-40 common stocks selected for their growth potential. It may invest in companies of any size, from larger, well established companies to smaller, emerging growth companies. The fund may also invest in foreign securities. It is not diversified.
- (k) The investment seeks the highest level of total return consistent with its asset mix. The fund's asset allocation strategy diversifies investments among equity securities, bonds and money market instruments. It usually invests 64% of its assets in stocks, 32% of its assets in bonds, and 4% of its assets in cash equivalents.
- (l) The investment seeks long-term capital growth; income is a secondary consideration. Under normal market conditions, the portfolio managers will invest at least 80% of the fund's net assets in medium size companies. The portfolio managers consider medium size companies to include those whose market capitalization at the time of purchase is within the capitalization range of the Russell 3000 Index, excluding the largest 100 such companies.

Note 3 – Fair Value Measurements (continued)

- (m) The investment seeks long-term capital growth. The fund normally invests in stocks of medium-sized and smaller companies that the advisor believes will increase in value over time, using an investment strategy developed by the fund's investment advisor. In implementing this strategy, the portfolio managers make their investment decisions based primarily on their analysis of individual companies, rather than on broad economic factors.
- (n) The investment seeks long-term growth of capital. The fund normally invests at least 80% of its net assets in equity securities of large-capitalization companies, which it defines as those with a market capitalization within the market capitalization range of the Russell 1000 Value Index at the time of purchase.
- (o) The investment seeks long-term capital appreciation. The fund focuses on growing companies that generally have broad product lines, markets, financial resources and depth of management. It normally invests at least 80% of its net assets in equity securities of companies that, at the time of purchase of the securities, have a market capitalization equal to or greater than the market capitalization of companies included in the Russell 100 Growth Index, updated quarterly as reported as of the most recent quarter-end.
- (p) The investment seeks long-term growth of capital and dividend income. The fund invests at least 80% of its net assets plus any borrowings for investment purposes in a diversified portfolio of equity investments in large cap U.S. issuers, including foreign issuers that are traded in the United States.
- (q) The investment seeks current income and total return. Normally, the fund invests at least 80% of its net assets in debt securities issued or guaranteed by the U.S. government, its agencies and instrumentalities, investment grade debt securities of corporate or other issuers and cash, cash equivalents and other short-term holdings.
- (r) The investment seeks the highest total return over time consistent with an emphasis on both capital growth and income. The fund invests in a diversified portfolio of other T. Rowe Price stock and bond funds that represent various asset classes and sectors. Its allocation between T. Rowe Price stock and bond funds will change over time in relation to its target retirement date. The fund is managed based on the specific retirement year included in its name and assumes a retirement age of 65.

Note 4: Group Annuity Contract

The Plan has entered into a traditional fully benefit-responsive group annuity contract with American United Life Insurance Company (AUL). AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged with participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Scurlock Holdings, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 4: Group Annuity Contract (continued)

Because the group annuity contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021 and 2020, was \$1,369,257 and \$1,326,373, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the participants, is probable.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The contract does not permit AUL to terminate the agreement prior to the scheduled maturity date.

Note 5: Risks and Uncertainties

The Plan and its participant invest in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 6: Information Prepared and Certified by the Asset Custodian

Note 8: Parties-in-Interest

Certain plan investments are group annuity contracts and pooled separate accounts managed by AUL (the “Custodian”). The custodian acts as the record keeper as defined by the Plan document, and therefore, these transactions qualify as party-in-interest transactions.

Note 9: Date of Management’s Review of Subsequent Events

Management of the Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. Subsequent events were evaluated through October 10, 2022, which is the date the financial statements were available to be issued.

Note 9: Date of Management's Review of Subsequent Events (continued)

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID 19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities may have incurred significant declines in fair value since December 31, 2019. The impact of COVID-19 continues to evolve rapidly and the Company is not able at this time to estimate its full impact on the Plan's financial statements, if any.

Effective April 5, 2020, the Plan adopted the distribution provision of the Coronavirus Aid. Relief. and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective April 21, 2020, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
