INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of
The Rose 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of The Rose 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP")
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The accompanying notes are an integral part of these financial statements.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, *Schedule H, Line 4i – Schedule of Assets (Held at End of Year)* as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

THE ROSE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of The Rose 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, effective January 1, 2002, covering all employees of The Rose (the "Company"). Employees are eligible to participate in the Plan on the first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective July 31, 2021, the Plan was amended to rename the employees of the Sponsor that will serve as Trustees of the Plan.

Effective January 1, 2022, the Plan was amended and restated to incorporate the effects of previous amendments, comply with regulatory requirements, and to permit participants to make Roth contributions into the Plan.

Administration

The Company is responsible for the administration and operation of the Plan. Employees of the Company serve as trustees of the Plan, John Hancock Life Insurance Company (the "Custodian") serves as custodian and recordkeeper of the Plan, and Malcom Thompson and Associates serves as the third-party administrator.

Contributions

Participants may contribute up to 100 percent of their eligible compensation to the Plan, not to exceed the limitation (\$19,500 for the years ended December 31, 2021 and 2020, respectively) set forth in Section 402(g) of the Internal Revenue Code (the "IRC"). Participants may make catch-up contributions (pre-tax contributions that exceed the annual elective deferral limit) during any calendar year ending on or after the participant's 50th birthday. A participant's total catch-up contribution is limited to a maximum of \$6,500 in 2021 and 2020, respectively.

The Company makes discretionary matching contributions. During the years ended December 31, 2021 and 2020, the Company made matching contributions equal to 50% of the participant's elective deferral up to a maximum of 3% of the participant's compensation. The Company's total discretionary and matching contributions for the years ended December 31, 2021 and 2020 were \$138,354 and \$43,093, respectively.

Participant Accounts

Each participant account is credited with the participant's contributions, any Company matching contributions and allocations of Plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' accounts in that fund. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Notes Receivable from Participants

Participants may borrow from their account, a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime, plus 1%. Participants may have only one loan outstanding at a time and the term of the loan cannot exceed five years, or fifteen years if used for the purchase of a principal residence. As of December 31, 2021 and 2020, interest rates on outstanding loans ranged from 4.25% to 6.50%. Principal and interest are paid through payroll deductions.

THE ROSE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan, continued

Vesting

Participants are immediately vested in their elective contributions, rollover contributions and earnings thereon. Vesting in the Company's matching contributions is determined in accordance with the following vesting schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Participants become 100% vested in all of their accounts upon attainment of normal retirement age, death or total and permanent disability.

Forfeited Accounts

Participants who separate from service prior to full vesting of their account balance forfeit their share of the Company's matching contributions. Amounts forfeited can be used by the Company to reduce employer contributions or to pay Plan expenses. At December 31, 2021 and 2020, forfeitures available for use were \$16,640 and \$14,178, respectively. During the years ended December 31, 2021 and 2020, no forfeitures were used to reduce employer contribution and \$868 and \$0 was used to pay plan expenses, respectively.

Payment of Benefits

Upon termination of employment due to retirement, death or disability, a participant (or his or her designated beneficiary in the event of death) may elect to receive a distribution in the form of a lump-sum payout or rollover in the amount equal to the value of the participant's vested interest in his or her account. For minimum required distributions, the participant may elect to receive his or her distribution in installment payments. No in-service distributions are permitted in the Plan, except as allowed under the CARES Act.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in administrative expenses. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

THE ROSE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is accrued as earned. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, as defined in the Plan agreement. No allowance for credit losses have been recorded as of December 31, 2021 and 2020.

Benefit Payments

Benefit payments are recorded when paid.

3. Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

THE ROSE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements, continued

In determining fair value, the Plan uses the market approach, which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Pooled separate accounts: Valued at the net asset value ("NAV") of units based on the quoted market price of the underlying securities and the number of units owned by the Plan. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with ASU No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, investments measured using NAV per share (or its equivalent) as a practical expedient, are not classified in the fair value hierarchy. All Plan investments at December 31, 2021 and 2020 are in pooled separate accounts and are measured using NAV as a practical expedient. Accordingly, no fair value hierarchy is presented.

Investment Strategies

The following reflect the investment strategies of investments in entities that use NAV:

- (a) This fund seeks to provide long term growth of capital with consideration also given to current income by investing approximately 20% of its assets in fixed income securities and approximately 80% of its assets in equity securities.
- (b) This fund seeks to provide a balance between a high level of current income and growth of capital by investing approximately 40% of its assets in fixed income securities and approximately 60% in equity securities.
- (c) This investment seeks to approximate the aggregate total return of a broad U.S. domestic equity markets index by attempting to track the performance of the S&P 500 Composite Stock Price Index.
- (d) This fund seeks to approximate the aggregate total return of a mid-cap U.S. domestic equity market index by attempting to track the performance of the S&P Mid Cap 400 Index.
- (e) This fund seeks to provide long-term growth of capital. Current income is a secondary objective, and many of the stocks are expected to pay dividends.
- (f) This fund seeks to maximize capital appreciation through an aggressive allocation of assets into equities which include higher risk small- capitalization securities and foreign securities.
- (g) This fund seeks long-term capital appreciation by investing at least 65% of total assets in both foreign and domestic companies that seek to develop or use scientific and technological advances.
- (h) This fund seeks to produce income and to provide an opportunity for growth of principal by investing approximately 95% in equity-type securities.
- (i) This fund seeks to provide a balance between a high level of current income and growth of capital by investing approximately 60% of its assets in fixed income securities and approximately 40% of its assets in equity securities.
- (j) This fund seeks to provide a high level of current income with some consideration also given to growth of capital by investing approximately 80% of its assets in fixed income securities and approximately 20% of its assets in equity securities.
- (k) This fund seeks long-term capital growth by investing primarily in small companies whose common stocks are believed to be undervalued.
- (l) This fund seeks a long-term capital appreciation by investing in common stocks of diversified international companies.
- (m) This fund seeks growth from capital appreciation by investing approximately 80% of its assets in equity securities of mid cap companies.
- (n) This fund seeks long-term growth of capital by investing approximately 80% of its assets in equity securities issued by small-cap U.S. growth companies.
- (o) This fund seeks long-term capital growth by investing primarily in the equity securities of companies located anywhere in the world, including developing markets.
- (p) This fund seeks (1) conservation of capital, (2) current income and (3) long-term growth of capital and income by investing primarily in blue chip equities and investment-grade fixed-income securities, using a balanced approach and a U.S. emphasis.

- (q) This fund seeks long-term capital growth by investing approximately 65% of its assets in equity related securities of companies that exceed \$1 billion in market capitalization and that are believed to have above-average growth prospects.
- (r) This fund seeks long-term capital appreciation by investing approximately 80% of its assets in equity securities.
- (s) This fund seeks long-term capital appreciation by investing in securities based in "qualified developing countries," as well as in equity securities of issuers based in the developed world with significant assets or revenue attributable to developing countries.
- (t) This fund seeks to approximate the aggregate total return of a small cap U.S. domestic equity market index by attempting to track the performance of the Russell 2000 Index.
- (u) This fund seeks capital appreciation by investing in undervalued mid and large-cap equity securities, primarily in foreign securities.
- (v) This fund seeks a high level of current income by investing approximately 80% of assets in debt securities of all types and repurchase agreements for those securities.
- (w) This fund seeks to track the performance of a broad, market-weighted bond index.
- (x) This fund seeks long-term capital appreciation and invests approximately 80% of its total assets in a diversified portfolio of equity securities of companies located outside of the U.S. of any market capitalization that offer attractive valuations.
- (y) This fund seeks long-term capital appreciation by investing at least 65% of total assets in common stocks of companies engaged in the research, development, production, or distribution of products or services related to health care, medicine, or life sciences.
- (z) This fund seeks to track the performance of a benchmark index that measures the investment return of mid-capitalization value stocks.
- (aa) This fund seeks high total return through the fund's target retirement date, with a greater focus on income beyond the target date, using an asset allocation strategy designed for investors expected to retire around the year 2035 that becomes increasingly conservative over time.
- (bb) This fund seeks high total return through the fund's target retirement date, with a greater focus on income beyond the target date, using an asset allocation strategy designed for investors expected to retire around the year 2045 that becomes increasingly conservative over time.
- (cc) This fund seeks long-term growth of capital by investing approximately 80% of its net assets in equity securities of a limited number of large, seasoned, U.S. companies with growth potential.
- (dd) This fund seeks high total return through the fund's target retirement date, with a greater focus on income beyond the target date, using an asset allocation strategy designed for investors expected to retire around the year 2020 that becomes increasingly conservative over time.

- (ff) This fund seeks a long-term capital appreciation by investing in a broad and diverse group of the readily marketable securities of U.S. small and mid-cap companies determined to be value stocks with higher profitability.
- (gg) This fund seeks long-term capital growth by investing at least 80% of its net assets in a diversified portfolio consisting primarily of equity securities, such as common stocks, of issuers with medium market capitalizations, and identified as having value characteristics.
- (hh) This fund seeks high total return through the fund's target retirement date, with a greater focus on income beyond the target date, using an asset allocation strategy designed for investors expected to retire around the year 2050 that becomes increasingly conservative over time.
- (ii) This fund seeks long-term capital growth by investing approximately 80% of its assets in equity related securities of companies that exceed \$1 billion in market capitalization and that are believed to have above-average growth prospects.
- (jj) This fund seeks long-term growth of capital and invests approximately 80% of its net assets in common stocks of issuers in Europe and the Pacific Basin that have the potential for above-average capital appreciation.
- (kk) This fund seeks long-term growth of capital by investing approximately 80% of its net assets in equity securities issued by small-cap U.S. growth companies.
- (ll) This fund pursues its objective by investing at least 80% of its net assets in income-producing securities, with 65% of its total assets being invested in securities of U.S. and foreign governments, their agencies or instrumentalities and repurchase agreements relating to U.S. government securities.

4. Information Certified by the Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants at December 31, 2021 and 2020, interest income from notes receivable from participants and net appreciation (depreciation) in fair value of investments for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Custodian of the Plan.

THE ROSE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

4. Information Certified by the Custodian (Unaudited), continued

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

5. Tax Status

The Plan adopted by the Company is a volume submitter ("VS") plan that is designed to comply with provisions of the IRC's Economic Growth and Tax Reconciliation Act of 2001 ("EGTRRA"). Such VS plans are pre-approved by the Internal Revenue Service ("IRS") by reference to the Cumulative List of Changes in Plan Qualification Requirements (the "Cumulative List") provided under EGTRRA. Accordingly, the Plan was eligible for a six-year remedial amendment cycle. Because the Plan is a VS plan, the Company is not authorized to amend the Plan except to comply with changes in the Cumulative List. The Plan received a favorable determination letter from the IRS on September 30, 2014. Management of the Company and the Plan administrator believe the Plan complies with and is being operated in accordance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances as of the Plan termination date and distributions will commence in accordance with the provisions of the Plan and ERISA.

7. Party-in-Interest Transactions

Certain Plan investments are in accounts managed by the Custodian, the Plan pays certain fees to the Custodian and the third-party administrator to operate the Plan and the Plan issues notes receivable from participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

8. Subsequent Events

Plan management has evaluated subsequent events through October 11, 2022, which is the date the financial statements were available to be issued, and has concluded that there are no significant events to be reported.
