INDEPENDENT AUDITORS' REPORT

Plan Administrator
Bosselman Energy Employees Retirement Plan
Grand Island, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Bosselman Energy Employees Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with modified cash basis of accounting as described in Note 2.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with modified cash basis of accounting as described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after October 4, 2022.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with modified cash basis of accounting as described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with modified cash basis of accounting as described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplementary Information Required by ERISA

The supplementary information as of and for the year ended December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Bosselman Energy Employees Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Plan Description

The following brief description of the Bosselman Energy Employees Retirement Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established to provide retirement benefits for the employees of the affiliated Bosselman Energy Group Companies (collectively, the Companies). The Plan covers all of the employees of the Companies. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees are eligible to make pre-tax salary reduction and after-tax Roth contributions and receive employer matching contributions after attaining age 18 and completing 60 days of service. Eligible employees may become participants on the first day of the month coinciding with or following the date requirements were met.

Participants are eligible to receive Companies' discretionary profit-sharing contributions if they are employed on the last day of the year and have completed 1,000 hours of service during the Plan year.

Contributions

Participants may make voluntary salary contributions up to 100% of their annual eligible compensation, subject to the maximum dollar amounts allowable by law. Participants are automatically enrolled with a 3% salary deferral contribution once an employee becomes eligible for the Plan. Annually, salary deferral rates will be increased 1% up to a maximum rate of 10%. At any time, a participant can elect not to contribute or may increase or decrease his or her deferral rate to any rate allowed under Plan provisions. Participants may also contribute amounts representing distributions from other qualified plans. The Companies make matching contributions equal to 50% of the participants 401(k) elective deferral contributions, up to 6% of eligible compensation. Additional profit-sharing contributions may be made at the discretion of the Companies. No discretionary profit-sharing contributions were made for 2021 and 2020. All participants who are eligible to make deferral contributions and who will attain age 50 before the close of the calendar year shall be eligible to make catch-up contributions, subject to the maximum dollar amounts allowable by law.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Companies' matching contributions (b) the Companies' discretionary profit sharing contributions (c) Plan earnings or losses and (d) administrative expenses. The Companies' matching contributions are allocated based upon each eligible participants elected salary deferral. The Companies' discretionary profit sharing contributions are allocated based upon eligible compensation of eligible participants. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Certain Plan expenses that are incurred by or attributable to a particular participant are allocated to the individual participant's account. Effective January 1, 2021, investments are maintained in individual member accounts managed by Great-West Life & Annuity Insurance Company (Great-West) and Reliance Trust Company (Reliance). Prior to January 1, 2021, investments were maintained in individual member accounts managed by Massachusetts Mutual Life Insurance Company (MassMutual) which was acquired by Great-West, and Reliance.

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions and actual earnings thereon. The Companies' contributions are vested based on years of service. A participant is 20% vested after one year of credited service and vesting increases 20% per year until a participant is 100% vested after five years of credited service.

Payment of Benefits

Upon termination, retirement, disability, or death, the participant or beneficiary may elect to receive either a lump sum or installment payments. In-service and hardship withdrawals are also allowed. The Plan requires mandatory distribution payments between \$1,000 and \$5,000 be directly rolled over to an individual retirement account designated by the plan administrator in the event that the participant does not elect otherwise. Distributions under \$1,000 will be paid out to the participant in the event the participant does not elect a payout option. Benefits are recorded when paid.

As a result of the Disaster Relief Act, the Plan removed requirements for hardship distributions including loan requirements and the deferral suspension period, and updated earnings allowed to be distributed as hardship distributions.

Deposits with Insurance Company

The guaranteed interest account, which is part of the investment contract with Great-West, effective January 1, 2021, and MassMutual, prior to January 1, 2021, credits interest daily. The crediting interest rates at December 31, 2021 and 2020 for the contracts are 1.39% and 1.91%, respectively. The crediting interest rates are reset upon the maturity of the contracts.

Notes to Financial Statements

December 31, 2021 and 2020

Forfeitures

Upon a participant's termination of employment before normal retirement, disability or death, the portion of their contributions from the Companies not then vested shall be forfeited. Forfeitures can be used at the Companies' discretion to offset employer contributions or to pay Plan expenses. At December 31, 2021 and 2020, there were forfeited, non-vested accounts available of \$1,498 and \$2,927, respectively. During 2021 and 2020, \$23,867 and \$6,003, respectively, of forfeited, non-vested accounts were used to reduce the Companies' contributions.

Other

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related solely to a specific participant may be charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared on a modified cash basis of accounting and present the net assets available for benefits and changes in those net assets. Under this accounting basis, contributions are recognized when collected rather than when earned, and expenditures are generally recognized when paid rather than when incurred. Consequently, contributions receivable, and accrued expenses are not included in the financial statements. Accordingly, these financial statements are not presented in accordance with accounting principles generally accepted in the United States of America.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Use of Estimates

The preparation of financial statements under the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Bosselman Energy Employees Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. The Companies determine the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for further discussion of fair value measurements.

Fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Companies invest in investment contracts through a guaranteed interest account.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the modified cash basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through October 4, 2022. Effective April 1, 2022, the Plan was amended to update excluded classes of employees, change the method of accumulating service hours from the elapsed time method to the actual time method for determining contribution allocation eligibility, and change the service requirement for Plan eligibility to two months of service.

3. Information Certified by Great-West, Reliance and MassMutual

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Great-West, Reliance and MassMutual, the custodians of the Plan, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplementary information.

Bosselman Energy Employees Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

The following table presents the value of participant-directed Plan assets that were certified by the custodians at December 31:

	<u>2021</u>	<u>2020</u>
Investments at Fair Value	\$ 14,779,878	\$12,733,708
Investments at Contract Value	245,313	416,989
	<u>\$ 15,025,191</u>	<u>\$13,150,697</u>

The custodians have certified to the completeness and accuracy of the following related to the aforementioned investments for the years ended December 31:

	<u>2021</u>	<u>2020</u>
Net Appreciation (Depreciation) in Fair Value of Investments	\$ (517,240)	\$ 1,030,369
Interest and Dividends from Investments	2,021,449	476,013
Net Investment Income	<u>\$ 1,504,209</u>	<u>\$ 1,506,382</u>

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Bosselman Energy Employees Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the funds. The funds held are open-end funds and are registered with the Securities and Exchange Commission. These funds are required to publish its daily net asset value (NAV) and to transact at that price. These funds are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	<u>\$ 14,779,878</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,779,878</u>

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	<u>\$ 12,733,708</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,733,708</u>

5. Investment Contract with Insurance Company

Effective January 1, 2021, the Plan has entered into an investment contract with Great-West. Prior to January 1, 2021, the Plan was entered into an investment contract with MassMutual. Great-West/MassMutual maintains the contributions in a guaranteed interest account. This account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Great-West/MassMutual.

Bosselman Energy Employees Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

As the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account. Contract value, as reported to the Plan by Great-West/MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the third party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic developments. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Tax Status

The Plan is qualified as a profit sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from Federal income taxation under Section 501(a) of the Internal Revenue Code.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

7. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. Distribution to participants of the account balances would be made as soon as practicable after the termination date.

8. Related Party Transactions

Certain Plan investments are mutual funds managed by Reliance and a guaranteed interest account managed Great-West, effective January 1, 2021, and MassMutual, prior to January 1, 2021. Great-West, Reliance and Mass Mutual are the custodians as defined by the Plan, and therefore, transactions with these custodians qualify as party-in-interest transactions.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
