Independent Auditor's Report

To the Investment Committee of
CRH Americas 401(k) Plan
Atlanta, Georgia

Opinion

We have audited the financial statements of CRH Americas 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will

always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the Table of Contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the CRH Americas 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a multiple – employer defined contribution Plan covering employees of CRH Americas, Inc. and certain subsidiaries (collectively referred to as the "Company") who are 18 years old or older and who have completed 90 days of eligibility service. Eligibility for Company contributions requires one year or 1,000 hours of service along with the age requirements. However, certain participating employers of the Plan have different eligibility requirements as detailed in the Plan documents. CRH Americas, Inc. is the US subsidiary of CRH PLC. The US Subsidiary changed names from Oldcastle Inc. to CRH Americas, Inc. on April 1, 2018. The Plan subsequently changed names from Oldcastle 401(k) Plan to CRH Americas, 401(k) Plan.

The Board of Directors of the Company has appointed the Investment Committee to control and manage the operation and administration of the Plan. Fidelity Trust Management Company ("Fidelity") serves as the trustee of the Plan. All of the Plan's investments are participant directed. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan and subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution Plans.

Participants hired on or after January 1, 2015 are automatically enrolled at a 4% of eligible compensation contribution rate upon meeting the Plan eligibility and will have the opportunity to change this amount or opt out per the Plan rules.

The Company generally matches 100% up to 4% of the base compensation that a participant contributes to the Plan. Effective June 1, 2020, the Plan reduced the employer match from 4% to 2%. In September 2020 the match was increased back to 4%. Beginning in January 2021, the match was increased to 5%. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. A discretionary Profit Sharing contribution was made related to the 2021 Plan year following the end of the Plan year and is shown as a receivable on the statement of net assets available for benefits. Certain participating employers of the Plan have different employer matching, non-elective contribution and profit sharing contribution formulas. Contributions are subject to certain limitations.

Participant Accounts: Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's own contributions and an allocation of (a) the Company's matching contributions, (b) Plan earnings, and (c) the Company's employer profit sharing contributions, if any, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments: Participants may direct the investment of their contributions and the employer matching, non-elective and profit sharing contributions into the various investment options offered by the Plan and may change investments and transfer amounts between funds daily. Participants may also direct their investments through a trustee sponsored brokerage account.

CRH Americas 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants are immediately vested in their contributions and the matching contributions plus actual earnings thereon. Vesting in the profit sharing contributions, plus earnings thereon, is generally based on a five-year graded schedule at 20% per year, though some participating employers have other vesting schedules for the profit sharing accounts, as detailed in the Plan documents. For non-elective contributions, certain participating employers of the Plan have different vesting schedules as detailed in the Plan documents.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account in monthly, quarterly, or annual installments. For termination of service for other reasons such as in-service and hardship withdrawals, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants: Participants may borrow from their pretax and rollover accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their pretax and rollover account balance, whichever is less. The loans are secured by the balance in the participant's account. The interest rate charged to the participant on a loan is updated quarterly and effective on the first business day of the next calendar quarter. The rate is based on the Reuters prime rate with specific deltas. The delta rate is one percent added to, or subtracted from, the prime rate. Principal and interest are paid through payroll deductions.

Forfeitures: When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future employer contributions or pay Plan expenses for the Plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the Plan document, the account will be reinstated. At December 31, 2021, and 2020, the forfeiture account balance was \$1,708,971 and \$1,264,928, respectively. During 2021, employer contributions were reduced by \$3,000,000 from forfeited nonvested accounts to fund contributions in 2022 related to the Plan year 2021.

Administrative Changes due to CARES Act - In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was enacted, and certain provisions of the CARES Act that pertain to retirement plans were implemented. As a result Plan participants impacted by the Coronavirus were able to:

- Withdraw, penalty free, up to \$100,000 of vested account balances before December 31, 2020.
- Defer current active loan payments for the 2020 plan year.
- Suspend 2020 required minimum distributions ("RMD"), or for any RMD made prior to the enactment of the CARES Act, roll the RMD over to another eligible retirement plan within the prescribed timeframe according to IRS notice 2020-23.

Plan Mergers: Effective April 19, 2021, Coral Industries, Inc. 401(K) Plan, Conco Quarries, Inc. 401(K) Savings Plan, Concrete Company of the Ozarks, Inc. 401(K) Profit Sharing Plan and Concrete Company of Springfield, Inc 401(K) Profit Sharing Plan (the "Predecessor Plans") merged into the Plan. These Predecessor Plans' net assets of \$19,686,947 were transferred into the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Risks and Uncertainties: The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks such as interest rate risk, liquidity risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair values of investment securities will occur in the near term, and that such changes could materially affect the value of participants' account balances and the amounts reported in the financial statements.

Coronavirus disease 2019 ("COVID-19") was first reported in late 2019 and has since dramatically impacted the global health and economic environment, including millions of confirmed cases, business slowdowns or shutdowns, government challenges and market volatility. While Plan operations have not been significantly impacted by COVID-19, the Company and our global community continue to face tremendous challenges and we cannot predict how this dynamic situation will evolve or the impact it will have on the Plan's financial statements.

Concentrations of Investments: The Plan's investments in the following funds accounted for greater than 10% of the total investments as of December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
FIAM Blend Target Date Fund 2025	10.6%	11.5%
FIAM Blend Target Date Fund 2030	12.3%	11.9%
FIAM Blend Target Date Fund 2035	10.6%	10.1%

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Administrative and Investment Management Expenses: Administrative expenses of the Plan are paid by the Plan or the Company, as provided in the Plan document. Participants pay administrative costs for loans, distributions and qualified domestic relation orders.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to the recordkeeper to offset the Plan's administrative expenses. Future Plan expenses can be paid from any excess revenue sharing amounts. For the year ended December 31, 2021, \$988,349 was used to offset Plan expenses. The Plan held undistributed administrative revenues of \$1,661,383 and \$673,035 at December 31, 2021 and 2020, respectively.

Payment of Benefits: Benefits payment to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, were \$0 at December 31, 2021 and 2020.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 4 - FAIR VALUE MEASUREMENTS

ASC 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received by the Plan to sell an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 price such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Asset Valuation Techniques: Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

CRH plc Common Stock Fund: A separately managed account that is a unitized stock fund that operates similarly to a mutual fund, in that it is composed of stock, and a small percentage of money market fund that is used as a plan-level account in the recordkeeping of the purchase and sales of fractional shares of the Company stock. Participants cannot invest their account balances in this fund. The inclusion of cash provides liquid assets to allow for the daily processing of transfers, loans, and withdrawals. The value of a unit in a unitized stock fund is based on the Net Asset Value (NAV), which is the value of the underlying common stock and the cash piece held by the fund, divided by the number of units outstanding. Therefore, the NAV of the fund (the "unit price") will, as a rule, be different from the closing price of the underlying stock on the applicable exchange. The individual assets of a stock fund are considered separately as individual investments for accounting, auditing, and financial statement reporting purposes. As of December 31, 2021 and 2020, there are no money market fund held in the CRH plc Common Stock fund.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Includes a variety of common stocks, mutual funds, exchange traded funds (money market fund).

Collective Trust Funds:

Collective Trust Funds: Valued at the net asset value of units of a bank collective trust. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Each collective trust held provides for daily redemptions by the Plan at reported net asset values per unit, with no advance notification requirement and no unfunded commitment. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

Stable Value Fund: Managed Income Portfolio II Fund is a collective trust fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The fund has no unfunded commitment. Participant transactions (purchases and sales) may occur daily. In unusual market conditions, the issuer reserves the right to impose restrictions on issues and redemptions of units.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

December 31, 2021 and 2020

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds investments in shares of mutual funds, collective trust funds and a stable value fund issued by affiliates of Fidelity Management Trust Company, the Plan trustee. These transactions qualify as party-in-interest transactions.

Actual fees paid by the Plan for recordkeeping services to an affiliate of the trustee also qualify as party-in-interest transactions. Such costs are included in administrative expenses in the accompanying financial statements. Investment management fees paid by the Plan to certain investment managers qualify as party-in-interest transactions. These expenses are reflected in the financial statements as a reduction of the return on the Plan's investments.

The Plan held notes receivable from participants, and therefore, these transactions also qualify as party-in-interest investments. As of December 31, 2021 and 2020, the Plan held 874,593 and 898,804 shares of common stock of CRH plc with a cost basis of \$25,856,636 and \$24,563,509, respectively, and valued at \$46,181,969 and \$38,274,400, respectively. During the year ended December 31, 2021, the Plan purchased \$3,797,773 and sold \$5,953,212 of these shares and recorded dividend income of \$1,021,419 and had realized gains on common stock of \$695,339. As CRH Americas, Inc. is a division of CRH plc, this investment and transactions are considered to be party-in-interest investments and transactions.

NOTE 6 - TAX STATUS

By letter dated January 27, 2015, the Internal Revenue Service (IRS) has determined that the Plan was designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). Subsequent to the issuance of this determination letter, the Plan was amended and restated on January 10, 2020 as a prototype 401(k) plan prepared by Fidelity. Fidelity received an opinion letter from the IRS dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2021 per the financial statements to the net income reported in the 2021 Form 5500:

Increase in net assets available for benefits per the financial statements	\$ 460,129,314
Change in deemed distributions	<u>(182,917)</u>
Net increase plus transfer of assets to this plan per Form 5500	<u>\$ 459,946,397</u>

NOTE 8 – SUBSEQUENT EVENTS

Effective January 3, 2022, C.R. Laurence Co., Inc. 401k Profit Sharing Plan and Trust merged into the Plan.

Effective April 29, 2022, the Company completed the divestiture of Oldcastle BuildingEnvelope business affecting certain participating employers. As a result, balances of affected participants were transferred out from the Plan to the Oldcastle BuildingEnvelope 401k Plan in June 2022.

Independent Auditor's Report

To the Investment Committee of
CRH Americas 401(k) Plan
Atlanta, Georgia

Opinion

We have audited the financial statements of CRH Americas 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will

always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the Table of Contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the CRH Americas 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a multiple – employer defined contribution Plan covering employees of CRH Americas, Inc. and certain subsidiaries (collectively referred to as the "Company") who are 18 years old or older and who have completed 90 days of eligibility service. Eligibility for Company contributions requires one year or 1,000 hours of service along with the age requirements. However, certain participating employers of the Plan have different eligibility requirements as detailed in the Plan documents. CRH Americas, Inc. is the US subsidiary of CRH PLC. The US Subsidiary changed names from Oldcastle Inc. to CRH Americas, Inc. on April 1, 2018. The Plan subsequently changed names from Oldcastle 401(k) Plan to CRH Americas, 401(k) Plan.

The Board of Directors of the Company has appointed the Investment Committee to control and manage the operation and administration of the Plan. Fidelity Trust Management Company ("Fidelity") serves as the trustee of the Plan. All of the Plan's investments are participant directed. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan and subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution Plans.

Participants hired on or after January 1, 2015 are automatically enrolled at a 4% of eligible compensation contribution rate upon meeting the Plan eligibility and will have the opportunity to change this amount or opt out per the Plan rules.

The Company generally matches 100% up to 4% of the base compensation that a participant contributes to the Plan. Effective June 1, 2020, the Plan reduced the employer match from 4% to 2%. In September 2020 the match was increased back to 4%. Beginning in January 2021, the match was increased to 5%. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. A discretionary Profit Sharing contribution was made related to the 2021 Plan year following the end of the Plan year and is shown as a receivable on the statement of net assets available for benefits. Certain participating employers of the Plan have different employer matching, non-elective contribution and profit sharing contribution formulas. Contributions are subject to certain limitations.

Participant Accounts: Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's own contributions and an allocation of (a) the Company's matching contributions, (b) Plan earnings, and (c) the Company's employer profit sharing contributions, if any, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments: Participants may direct the investment of their contributions and the employer matching, non-elective and profit sharing contributions into the various investment options offered by the Plan and may change investments and transfer amounts between funds daily. Participants may also direct their investments through a trustee sponsored brokerage account.

CRH Americas 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants are immediately vested in their contributions and the matching contributions plus actual earnings thereon. Vesting in the profit sharing contributions, plus earnings thereon, is generally based on a five-year graded schedule at 20% per year, though some participating employers have other vesting schedules for the profit sharing accounts, as detailed in the Plan documents. For non-elective contributions, certain participating employers of the Plan have different vesting schedules as detailed in the Plan documents.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account in monthly, quarterly, or annual installments. For termination of service for other reasons such as in-service and hardship withdrawals, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants: Participants may borrow from their pretax and rollover accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their pretax and rollover account balance, whichever is less. The loans are secured by the balance in the participant's account. The interest rate charged to the participant on a loan is updated quarterly and effective on the first business day of the next calendar quarter. The rate is based on the Reuters prime rate with specific deltas. The delta rate is one percent added to, or subtracted from, the prime rate. Principal and interest are paid through payroll deductions.

Forfeitures: When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future employer contributions or pay Plan expenses for the Plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the Plan document, the account will be reinstated. At December 31, 2021, and 2020, the forfeiture account balance was \$1,708,971 and \$1,264,928, respectively. During 2021, employer contributions were reduced by \$3,000,000 from forfeited nonvested accounts to fund contributions in 2022 related to the Plan year 2021.

Administrative Changes due to CARES Act - In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was enacted, and certain provisions of the CARES Act that pertain to retirement plans were implemented. As a result Plan participants impacted by the Coronavirus were able to:

- Withdraw, penalty free, up to \$100,000 of vested account balances before December 31, 2020.
- Defer current active loan payments for the 2020 plan year.
- Suspend 2020 required minimum distributions ("RMD"), or for any RMD made prior to the enactment of the CARES Act, roll the RMD over to another eligible retirement plan within the prescribed timeframe according to IRS notice 2020-23.

Plan Mergers: Effective April 19, 2021, Coral Industries, Inc. 401(K) Plan, Conco Quarries, Inc. 401(K) Savings Plan, Concrete Company of the Ozarks, Inc. 401(K) Profit Sharing Plan and Concrete Company of Springfield, Inc 401(K) Profit Sharing Plan (the "Predecessor Plans") merged into the Plan. These Predecessor Plans' net assets of \$19,686,947 were transferred into the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Risks and Uncertainties: The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks such as interest rate risk, liquidity risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair values of investment securities will occur in the near term, and that such changes could materially affect the value of participants' account balances and the amounts reported in the financial statements.

Coronavirus disease 2019 ("COVID-19") was first reported in late 2019 and has since dramatically impacted the global health and economic environment, including millions of confirmed cases, business slowdowns or shutdowns, government challenges and market volatility. While Plan operations have not been significantly impacted by COVID-19, the Company and our global community continue to face tremendous challenges and we cannot predict how this dynamic situation will evolve or the impact it will have on the Plan's financial statements.

Concentrations of Investments: The Plan's investments in the following funds accounted for greater than 10% of the total investments as of December 31, 2021 and 2020:

	2021	2020
FIAM Blend Target Date Fund 2025	10.6%	11.5%
FIAM Blend Target Date Fund 2030	12.3%	11.9%
FIAM Blend Target Date Fund 2035	10.6%	10.1%

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Administrative and Investment Management Expenses: Administrative expenses of the Plan are paid by the Plan or the Company, as provided in the Plan document. Participants pay administrative costs for loans, distributions and qualified domestic relation orders.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to the recordkeeper to offset the Plan's administrative expenses. Future Plan expenses can be paid from any excess revenue sharing amounts. For the year ended December 31, 2021, \$988,349 was used to offset Plan expenses. The Plan held undistributed administrative revenues of \$1,661,383 and \$673,035 at December 31, 2021 and 2020, respectively.

Payment of Benefits: Benefits payment to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, were \$0 at December 31, 2021 and 2020.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 4 - FAIR VALUE MEASUREMENTS

ASC 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received by the Plan to sell an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 price such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Asset Valuation Techniques: Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

CRH plc Common Stock Fund: A separately managed account that is a unitized stock fund that operates similarly to a mutual fund, in that it is composed of stock, and a small percentage of money market fund that is used as a plan-level account in the recordkeeping of the purchase and sales of fractional shares of the Company stock. Participants cannot invest their account balances in this fund. The inclusion of cash provides liquid assets to allow for the daily processing of transfers, loans, and withdrawals. The value of a unit in a unitized stock fund is based on the Net Asset Value (NAV), which is the value of the underlying common stock and the cash piece held by the fund, divided by the number of units outstanding. Therefore, the NAV of the fund (the "unit price") will, as a rule, be different from the closing price of the underlying stock on the applicable exchange. The individual assets of a stock fund are considered separately as individual investments for accounting, auditing, and financial statement reporting purposes. As of December 31, 2021 and 2020, there are no money market fund held in the CRH plc Common Stock fund.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Includes a variety of common stocks, mutual funds, exchange traded funds (money market fund).

Collective Trust Funds:

Collective Trust Funds: Valued at the net asset value of units of a bank collective trust. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Each collective trust held provides for daily redemptions by the Plan at reported net asset values per unit, with no advance notification requirement and no unfunded commitment. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

Stable Value Fund: Managed Income Portfolio II Fund is a collective trust fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The fund has no unfunded commitment. Participant transactions (purchases and sales) may occur daily. In unusual market conditions, the issuer reserves the right to impose restrictions on issues and redemptions of units.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds investments in shares of mutual funds, collective trust funds and a stable value fund issued by affiliates of Fidelity Management Trust Company, the Plan trustee. These transactions qualify as party-in-interest transactions.

Actual fees paid by the Plan for recordkeeping services to an affiliate of the trustee also qualify as party-in-interest transactions. Such costs are included in administrative expenses in the accompanying financial statements. Investment management fees paid by the Plan to certain investment managers qualify as party-in-interest transactions. These expenses are reflected in the financial statements as a reduction of the return on the Plan's investments.

The Plan held notes receivable from participants, and therefore, these transactions also qualify as party-in-interest investments. As of December 31, 2021 and 2020, the Plan held 874,593 and 898,804 shares of common stock of CRH plc with a cost basis of \$25,856,636 and \$24,563,509, respectively, and valued at \$46,181,969 and \$38,274,400, respectively. During the year ended December 31, 2021, the Plan purchased \$3,797,773 and sold \$5,953,212 of these shares and recorded dividend income of \$1,021,419 and had realized gains on common stock of \$695,339. As CRH Americas, Inc. is a division of CRH plc, this investment and transactions are considered to be party-in-interest investments and transactions.

NOTE 6 - TAX STATUS

By letter dated January 27, 2015, the Internal Revenue Service (IRS) has determined that the Plan was designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). Subsequent to the issuance of this determination letter, the Plan was amended and restated on January 10, 2020 as a prototype 401(k) plan prepared by Fidelity. Fidelity received an opinion letter from the IRS dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.
