Independent Auditors' Report

Administrative Committee
Hydraulic Controls, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Hydraulic Controls, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements on the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Hydraulic Controls, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hydraulic Controls, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hydraulic Controls, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hydraulic Controls, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Hydraulic Controls, Inc. 401(k) Plan were audited by RINA Accountancy LLP, who merged with Aprio, LLP as of August 1, 2022. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated August 3, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HYDRAULIC CONTROLS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2021 AND DECEMBER 31, 2020

Note 1. DESCRIPTION OF THE PLAN:

The following brief description of the Hydraulic Controls, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General:

The Plan is a defined contribution 401(k) plan covering all the employees of Hydraulic Controls, Inc. (the “Plan Sponsor”) who complete 6 months of service during which at least 500 hours of service are completed. If the 500 hours are not completed in 6 months, then the employee is subject to the 1 year of service requirement. Employees must also be at least twenty-one years of age and not covered by a collective bargaining agreement. Eligible participants will be automatically enrolled in the Plan with a pre-tax elective deferral rate of 3%.

The Plan is subject to the Provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(a) of the Internal Revenue Code.

Plan administration:

The Plan is sponsored by Hydraulic Controls, Inc. The Plan Sponsor has appointed an administrative committee (the Administrative Committee) as administrator of the Plan, which carries out the duties imposed under ERISA. Effective February 2, 2011, the plan administrator appointed Reliance Trust Company as the trustee and custodian of the Plan. Additionally, ADP Retirement Services was appointed as the Plan’s record keeper. The appointed trustee and record keeper are compensated for their services and related expenses by the Plan.

Participant contributions:

Participation in the Plan is voluntary. Participant’s deferral percentage is subject to an annual limit of 90% of the participant’s eligible compensation, up to the maximum annual limit determined by the Internal Revenue Service. The maximum annual amount that can be contributed to a 401(k) arrangement as an elective deferral, that is, as a pre-tax contribution, is \$19,500 for 2021 and 2020. Individuals age 50 or over by the end of the Plan year are allowed to make additional contributions to a 401(k) plan, in excess of the standard limits. Such additional contributions will be limited to the lesser of a specified dollar amount (\$6,500 for 2021 and 2020) or the participant’s compensation for the year reduced by the participant’s other elective deferrals.

Roth deferrals and in-plan Roth transfers are allowed.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer contributions:

The Plan Sponsor makes a matching contribution of 50% of elective deferrals up to 6% of compensation per pay period. In addition, the Plan Sponsor may make a discretionary profit-sharing contribution not limited to current or accumulated net profits.

For the year ended December 31, 2021, matching contributions of \$148,039 were made by the Plan Sponsor.

HYDRAULIC CONTROLS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2021 AND DECEMBER 31, 2020

Note 1. DESCRIPTION OF THE PLAN (Continued):

Participant accounts:

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and is reduced for loans and benefit payments. Participant accounts are further credited or charged with their pro rate share of earnings, gains, or losses on the total investments in each investment account and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or set fees as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants:

Under the terms of the Plan, participants may borrow from their account, a minimum of \$500 up to a maximum of \$50,000 or 50% of the participant's vested account balance, whichever is less. Participants can only have one loan outstanding at a time. Loans must be repaid to the Plan through salary deductions over a period not to exceed five years or up to thirty years for the purchase of a primary residence. Interest is charged at the prime rate plus 1%. The loans as of December 31, 2021 bear interest at rates ranging from 4.25% to 6.50%. Principal and interest are paid ratably through semi-monthly or monthly payroll deductions. All loans become immediately payable in the event of default or termination of employment. In the event loan payments are not received when they are due, the Plan administrator may declare the loan in default. Defaulted loans are offset against the participant's account balance. The specific terms and conditions of such loans are established by the Plan administrator.

Vesting:

Participants are immediately 100% vested in their contributions and earnings thereon.

Plan Sponsor contributions are subject to a vesting schedule of 20% per year after the second year of service.

Forfeitures:

Forfeitures are retained in the Plan and used to reduce future Plan Sponsor contributions. As of December 31, 2021 and December 31, 2020, forfeited nonvested accounts totaled \$8,995 and \$28,764, respectively. For the year ended December 31, 2021, \$26,317 of plan forfeitures were used to offset employer matching contributions.

Payment of benefits:

Participant contributions are available for withdrawal at the participant's death, retirement, total disability, age 59 ½, or termination of employment with the Plan Sponsor. Participants who qualify for benefits and withdrawals may elect to receive their benefits in the form of a lump sum in cash or periodic installments. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account. Benefits are recorded when paid.

Administrative expenses:

Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Administrative expenses of the Plan are allocated to participant accounts.

HYDRAULIC CONTROLS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2021 AND DECEMBER 31, 2020

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Method of accounting:

The financial statements are prepared using the accrual basis of accounting and in accordance with ERISA.

Investment valuation and income recognition:

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Shares are stated at quoted market value. Gains and losses on investments are recognized in the period in which the appreciation or depreciation occurs. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in fair value of investments, which consists of the net realized gains or losses and unrealized appreciation or depreciation on the investments.

As described in the Professional Accounting Standards, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

In addition, investments measured at fair value using net asset value (NAV) as a practical expedient are no longer categorized within the fair value hierarchy.

Purchases and sales of securities are recorded on trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses has been recorded as of December 31, 2021 and December 31, 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding entry to benefits expense.

Subsequent events:

Management has evaluated events through September 26, 2022, the date which the financial statements were available for issue.

HYDRAULIC CONTROLS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2021 AND DECEMBER 31, 2020

Note 3. NATURE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United State of America requires the Administrative Committee to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Note 4. RISK AND UNCERTAINTIES:

The Plan provides for various investment options in any one of a combination of mutual funds and common collective trusts that invest in stocks, bonds, fixed income securities and other investment securities. These investments are exposed to various risks, such as credit, interest rate and market. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 5. BENEFIT RESPONSIVE INVESTMENT (STABLE VALUE FUND):

The Plan held a benefit-responsive investment contract with Invesco Stable Value Retirement Trust. Invesco maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value investment is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the benefit responsive investment. Contract value, as reported to the Plan by Reliance Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

As of December 31, 2021 and December 31, 2020, the Plan had \$2,096,008 and \$2,037,143, respectively, in Investment Stable Value Fund, a benefit-responsive investment.

Note 6. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED):

The Plan's investments are held in a trust fund administered by Reliance Trust Company.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company.

HYDRAULIC CONTROLS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2021 AND DECEMBER 31, 2020

Note 7. FAIR VALUE MEASUREMENTS:

Professional accounting standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under professional accounting standard are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily new asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Benefit responsive investments: Valued daily based on the contractual terms of the underlying guaranteed investment contracts; provides a daily mil-rate for income accretion. This mil-rate is a blend of the contracts' rate of return and the liquidity component's daily mil-rate. The daily value is calculated based on the contract value which is based on the provisions of the contracts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at NAV practical expedient				2,037,143
Investments at fair value				\$ 20,605,244

Note 8. INCOME TAX STATUS:

The Internal Revenue Service has determined and informed the plan sponsor by letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan has relied on this determination for its qualification under the IRC. Accordingly, the plan administrator and sponsor believe that the Plan is qualified, and its related trust is exempt from current income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Services. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 12. C.A.R.E.S ACT PROVISIONS:

The Plan has adopted the following benefit plan provisions of the March 2020 Coronavirus Aid, Relief, and Economic Security Act (CARES Act):

- Added an in-service withdrawal option for coronavirus-related distributions of up to \$100,000. Participants may repay all or a portion of distributions within three years, and repayments will not count towards annual contribution limits. Distributions under this option will not have tax withheld, and for those under 59 ½, will not be subject to a 10% early withdrawal penalty.
- Increase limit on coronavirus -related loans to \$100,000 (from \$50,000) or 100% (from 50%) of the present value of the participant's vested benefit, during a 180-day period from March 27, 2020 through September 30, 2020.
- Waive required minimum distributions otherwise due to be made in 2020.
