Independent Auditor's Report

Plan Administrative Committee
Heitman Employees Advantage Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Heitman Employees Advantage Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 9, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Heitman Employees Advantage Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Heitman Employees Advantage Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan maintained for the benefit of eligible employees (as defined) of Heitman LLC and Subsidiaries (collectively, the Company). Employees that are age 21 or older are eligible to participate in the Plan and may enter the Plan as soon as administratively possible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant contributions: Employees are automatically enrolled to make elective pre-tax deferrals at 3% of their compensation, as defined. Employees have the option to increase, decrease or eliminate their automatic enrollment contribution prior to and after it becoming effective. Employees are automatically enrolled in an annual 1% increase in deferral rate unless they choose to opt out of the program. Contributions to this plan are subject to Internal Revenue Service (IRS) annual maximum contribution limits. The aggregate annual amount of each individual employee-directed contribution was limited to \$19,500 (\$6,500 additional contributions for participants over the age of 50) for 2021. Participants may also make after-tax contributions, Roth after-tax contributions and rollover contributions from other qualified defined benefit or defined contribution plans.

Effective as of March 1, 2020, any participant who, as of January 29, 2020, is not currently participating in the automatic contribution deferral increase feature of the Plan, but who has a contribution deferral election of at least 1% and not more than 9% of compensation shall, unless the participant otherwise elects, have their pre-tax elective deferral rate increased by 1% each year, until such elective deferral rate reaches a maximum of 10% of compensation, in accordance with the rules established by the Plan Administrator. The maximum elective deferral rate will be determined by including both pre-tax and/or Roth contributions for any participants with Roth contribution deferrals.

Effective as of April 1, 2020, a participant may elect to transfer amounts from their non-Roth account under the Plan in accordance with Section 402A (c)(4) of the Internal Revenue Code (IRC) and regulatory guidance and procedures established by the Plan Administrator. The Plan will maintain such records as are necessary for the proper reporting of in-plan Roth conversions.

Company contributions: The Company makes an annual matching contribution equal to 50% of participant contributions up to 6% of eligible compensation.

Participant accounts: Each participant's account is credited or charged with their contribution, Company contributions and an allocation of the Plan's investment earnings and appreciation or depreciation in the value of its investments. Allocations are based on participants' contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. An allocation of plan administrative expenses are determined by the Plan Administrator, as defined.

Investment options: The Plan is a participant-directed plan, whereby each participant elects to have their voluntary and Company contributions allocated into various investment options offered by the Plan. Participants may also invest their contributions into self-directed brokerage accounts that permit the participant to invest their account balance in a broad range of investment options as permitted by law. Participants may change their investment options daily.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately fully vested in their elective contribution account and earnings (contributions as determined by the participant) and after-tax contribution account, if any. Company contributions and earnings thereon are vested at 25% annually on a pro-rata four-year vesting schedule based on years of service beginning with the first year of service.

Notes receivable from participants: A participant may, with the approval of the Plan Administrator, borrow from their account a minimum of \$500 up to a maximum equal to the lesser of \$50,000, less the difference between the highest outstanding balance of loans in the last 12 months, or 50% of their vested account balance. Notes receivable terms range from one to five years, or longer if used to purchase a primary residence for which a loan may be taken for up to 10 years. The notes receivable are secured by the participant's account balance and bear interest at the prime rate as published in the Wall Street Journal at the note's receivable's origination. Interest rates range from 3.25% to 5.50% at December 31, 2021. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: Upon termination of service with the Company, death, disability or retirement, a participant is entitled to receive the value of his or her vested interest in his or her account in the Plan as a lump-sum distribution or in a series of annual installments on balances greater than \$5,000. If a participant's vested benefit is more than \$1,000 but equal to or less than \$5,000 upon termination of service, the Plan Administrator is required to distribute the benefit into an Individual Retirement account without consent from the participant if the participant does not make a distribution election after receiving required notification. If a participant's vested benefit is less than \$1,000 upon termination of service, the Plan Administrator is required to distribute the benefit directly to the participant without consent. The Plan also permits hardship withdrawals from a participant's deferral contribution account and in-service withdrawals at age 59½ from all vested accounts.

Effective for distributions on or after January 1, 2020, a participant shall not be prohibited from making elective deferrals or any after-tax contributions to the Plan, and all other plans maintained by the Plan Sponsor.

Effective for distributions on or after January 1, 2020, a distribution shall be deemed necessary to satisfy an immediate and heavy financial need of a participant if all of the following requirements are satisfied:

1. The distribution is not in excess of the amount of the immediate and heavy financial need of the participant;
2. The participant has obtained all currently available distributions, but not hardship distributions, under the Plan and all other plan of deferred compensation, whether qualified or nonqualified, maintained by the Plan Sponsor, and all nontaxable loans currently available under the Plan; and
3. The participant represents, in accordance with procedures established by the Plan Administrator, the participant has insufficient cash or other liquid assets reasonably available to satisfy the financial need. The Plan Administrator may rely on the participant's representation unless the Plan Administrator has actual knowledge to the contrary.

Forfeitures: At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$63,864 and \$27,799, respectively. These forfeitures will be used to pay plan administrative expenses and/or reduce future Company contributions. During 2021, \$21,292 of forfeitures were used to reduce Company contributions and/or to pay plan expenses.

Administrative expenses: Professional fees and certain administrative expenses incurred by the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain transaction costs, such as notes receivable application fees and self-directed brokerage account fees, are charged directly to individual plan participants' accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrative Committee determines the Plan's valuation policies using information provided by the investment custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Accounting estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of plan assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent loans are classified as distributions based upon the terms of the plan document.

Payment of benefits: Benefit payments to participants are recorded when paid.

Note 3. Information Certified and Provided by John Hancock Trust Company LLC (the Trustee)

The following is a summary of the Plan's asset and income information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by John Hancock Trust Company LLC (John Hancock), the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosures under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2021	2020
Shares of registered investment companies, including money market funds	\$ 61,851,157	\$ 52,300,231
Shares of common/collective trust	14,140,419	12,249,921

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodologies include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodologies are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Shares of registered investment companies, including money market funds: Valued at the daily closing price, as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Shares of common/collective trust: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	2021			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies, including money market funds	\$ 61,851,157	\$ -	\$ -	\$ 61,851,157
Self-directed brokerage accounts	637,854	-	-	637,854
Total assets in the fair value hierarchy	<u>\$ 62,489,011</u>	<u>\$ -</u>	<u>\$ -</u>	62,489,011
Investments measured at NAV ^(a)				14,140,419
Investments at fair value				<u>\$ 76,629,430</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	2020			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies	\$ 52,300,231	\$ -	\$ -	\$ 52,300,231
Self-directed brokerage accounts	1,209,706	-	-	1,209,706
Total assets in the fair value hierarchy	<u>\$ 53,509,937</u>	<u>\$ -</u>	<u>\$ -</u>	53,509,937
Investments measured at NAV ^(a)				12,249,921
Investments at fair value				<u>\$ 65,759,858</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table below sets forth the fair value of investments in certain entities that calculate NAV per share (or its equivalent) as of December 31, 2021 and 2020:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2021	2020			
Common/collective trust	\$ 14,140,419	\$ 12,249,921	\$ -	Immediate	30 days

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of Level 3.

Notes to Financial Statements

Note 5. Related-Party Transactions

As of December 31, 2021, certain plan investments are shares of registered investment companies and common/collective trusts offered by John Hancock, the Plan's trustee, and its affiliates, and therefore these transactions qualify as party-in-interest transactions. Furthermore, John Hancock provides plan administration services to the Plan. The administrative expenses paid by the Plan to John Hancock were \$195,850 for 2021. The participants pay fees for self-directed brokerage maintenance and loan set up.

Included in administrative expenses and pursuant to an agreement between the Plan and John Hancock effective January 1, 2021, John Hancock is to provide plan administration services to the Plan for an annual fee equal to 0.095% of total plan assets, calculated quarterly.

In addition, management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, the net appreciation or depreciation in fair value of investments is reported net of investment management fees paid by the Plan to the respective fund advisor.

Certain employees of the Company are performing services for the Plan and are not compensated by the Plan. Certain other expenses of the Plan are paid by the Plan Sponsor.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

Effective October 2, 2017, the Plan adopted a volume submitter plan sponsored by John Hancock Retirement Plan Services LLC. The volume submitter plan had received an opinion letter from the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
