NOTE A -- DESCRIPTION OF PLAN

The following description of the Tierra Lease Service, LLC 401(K) Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

1. ***General****.* The Plan is a defined contribution plan covering all employees of Tierra Lease Service, LLC (Company) who have completed six months of service and attained age 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. ***Contributions****.* Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan, or the lesser of the maximum contribution limits as defined by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company's matching contributions are calculated at 100 percent of the first 3 percent and 50 percent of the next 2 percent of base compensation that a participant contributed to the Plan. Additional amounts may be contributed at the option of the Company's board of directors. All contributions are invested in investment options directed by the participant. Contributions are subject to certain limitations.

3. ***Participant Accounts****.* The participant's contributions, the Company's matching contributions, and investment earnings increase each participant's account. Each participant's account is reduced by investment losses and participant's distributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. ***Investment Options.*** All investment funds or the Plan are participant directed.

6. ***Vesting****.* Participants are immediately vested in both participant and Company contributions plus actual earnings thereon.

7. ***Participant Loans.*** Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the Participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing interest rate charged on similar commercial loans under the same circumstances by persons in business of lending money. Principal and interest is paid ratably through bi-weekly payroll deductions.

NOTE A -- DESCRIPTION OF PLAN, continued

8. ***Participant Withdrawals.*** Prior to attaining age 59 1/2, participants may make withdrawals from their salary deferral contribution account exclusive of the income allocated to the account, but only if they have a qualifying hardship as defined by the Internal Revenue Service.

9. ***Payment of Benefits***. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's accounts or choose an installment plan. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan and the Form 5500 prepared by Fidelity Management Trust Company are maintained and presented on the cash basis. The accompanying financial statements are presented on the accrual basis.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Participant benefit distributions are recorded when paid.

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Date of Management's Review

Management has evaluated subsequent events through October 10, 2022, the date on which the financial statements were available to be issued.

NOTE C -- PLAN TERMINATION

Although the Company intends to contribute to the Plan indefinitely, the Company necessarily reserves the right to amend or even to terminate the Plan at any time. Any such amendment or termination shall not reduce any of the participants' accrued benefits at such time.

NOTE D -- CERTIFIED INFORMATION

The December 31, 2021 and 2020 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year then ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $2,608,499 and $2,186,081 at December 31, 2021 and 2020, respectively, and related investment income (loss) of $235,567 and $241,962 for the years then ended.

NOTE E -- TAX STATUS

The Plan is a standardized volume submitter defined contribution plan sponsored by Fidelity Management and Research Company. The Internal Revenue Service has issued a determination letter dated March 31, 2014, to Fidelity Management and Research Company that the form of the Plan and underlying trust, as designed, are in compliance with the applicable requirements of the Code and therefore the Plan is exempt from income taxes. The Plan employs a "safe harbor" provision under IRC section 401(k)(12) to meet the non-discrimination requirements under IRC Section 401(m). The Plan's sponsor and tax counsel believe the Plan is currently being operated as designed and in compliance with the requirements of the IRC.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan Administrator believes that there are no uncertain tax positions that would have a material impact on the financial statements of the Plan. Therefore, no provision for income taxes has been recorded in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE F -- FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The method used to measure fair value may produce an amount that may not be indicative of net realizable value of reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy under Accounting Standards Codification ("ASC") 820-10 that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2, inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were Level 1 and 3 inputs included for the years ended December 31, 2021 and 2020.

See Independent Auditors' Report

NOTE F -- FAIR VALUE MEASUREMENTS, continued

The fair value of mutual funds are based on quoted net asset values of the shares held by the Plan at year end. The fair value of common stocks are based on the closing price reported on the active market where the individual securities are traded.

The following tables present information about the Plan's assets measured at fair value on a recurring basis:

	Level 1	Level 3	Total
At December 31, 2021:

The bond coverage is to be determined by the balance of the total assets and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the year or $500,000. At December 31, 2021 and 2020, the Plan's sponsor-maintained bond coverage at 10% of Plan Assets.

NOTE M – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.
