Independent Auditors' Report

To the Plan Administrator
Boys & Girls Clubs of Delaware, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Boys & Girls Clubs of Delaware, Inc. Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits, as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Boys & Girls Clubs of Delaware, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, as of December 31, 2021, and for the period January 1, 2021 to December 31, 2021, and Reliance Trust Company, as of December 31, 2020, and for the period from January 1, 2021 to January 12, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

To the Plan Administrator
Boys & Girls Clubs of Delaware, Inc. Retirement Plan

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section -

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Boys & Girls Clubs of Delaware, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Boys & Girls Clubs of Delaware, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial

statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Boys & Girls Clubs of Delaware, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Boys & Girls Clubs of Delaware, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in

accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, and the schedule of delinquent participant contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Plan Administrator

Boys & Girls Clubs of Delaware, Inc. Retirement Plan

- The information in the supplemental schedule related to assets held by, and certified to by, a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

NOTE 1: DESCRIPTION OF PLAN

The following description of the Boys & Girls Clubs of Delaware, Inc. Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Boys & Girls Clubs of Delaware, Inc. (Organization), an Internal Revenue Code (IRC) Section 501(c)(3) organization, who have completed three months of service and are age 21 or older, other than independent contractors or effective January 1, 2021, part-time, temporary, or seasonal employees who are regularly scheduled to work less than 1,000 hours, until such time as the employee works 1,000 hours in a 12-month period. Participants can enter the Plan on the first day of the plan year quarter coinciding with, or next, following the date they satisfy the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was restated effective January 1, 2021 and May 1, 2021.

Contributions - Each year, participants may contribute up to 100% of pre-tax annual compensation as defined in the Plan. Participants may also elect to contribute after-tax Roth elective deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Effective January 1, 2021, newly eligible employees are automatically enrolled to defer 2% of pay, unless they choose a different percentage or choose not to defer. The automatic contribution arrangement includes an automatic salary deferral increase provision. Salary deferral contributions for automatically enrolled participants will automatically increase by 1% every January 1st up to 3%. The Organization may make discretionary matching contributions. For the year ended December 31, 2021, the Organization made a discretionary matching contribution to eligible participants of equal to 50% of the participant's elective deferrals up to a maximum of 8% of the participant's Plan compensation. Contributions are subject to limitations to comply with the nondiscrimination requirements of the IRC.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Organization's contribution and plan earnings, as well as an allocation of administrative expenses that are paid by the Plan and forfeitures, as described hereinafter. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account.

Vesting - Participants are immediately vested in their salary deferral contributions plus earnings thereon. Vesting in the Organization's contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service and will have zero vesting rights prior to attaining three years of service.

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period. Only one loan may be outstanding at any one time. Only two loans may be issued during any one-year period. Loan terms require a definite repayment period which provides for payments to be made not less frequently than quarterly, and for the loans to be amortized on a level basis over a reasonable period, not to exceed five years except for loans used to purchase a principal residence, which are not to exceed 10 years. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service due to death, disability, retirement (age 65), or severance of employment, a participant may elect to receive all or any portion of his or her eligible account balance paid in a single lump-sum payment. In certain instances, a terminated participant may elect to delay withdrawal until a future date. If a terminated participant's vested account balance does not exceed \$5,000, then the vested account balance may only be distributed in a single lump-sum payment. If a terminated participant does not elect to have a mandatory distribution not exceeding \$1,000 paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, the plan administrator will direct the custodian to immediately distribute such benefit in a lump sum without the participant's consent. For any distribution exceeding \$1,000, but not more than \$5,000, the participant shall be given the option to elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly. If neither option is selected, the plan administrator shall make such distribution in a direct rollover to an individual retirement plan designated by the plan administrator and shall provide written notice to the participant informing the participant that they have the option to transfer such amount into another individual retirement plan of his or her own choice. A participant who has reached age 59½ may elect to withdraw all or a portion of his or her vested account balance while still employed.

As required under Section 401(a)(9) of the IRC, a participant must begin receiving required minimum distributions (RMDs) from the Plan by April 1 of the calendar year following the later of (i) the calendar year following the year in which the participant reaches age 70½, if the participant is 70½, or 72 if the participant is not 70½ prior to January 1, 2020, or (ii) the calendar year in which the participant retires. See Notes 12 and 13 for further detail.

Hardship Withdrawals - Participants may withdraw their fully vested pre-tax and Roth elective deferral contribution account balances in the form of a hardship to satisfy an immediate and heavy financial need as defined by the Plan. The participant must exhaust all other assets prior to attaining a hardship withdrawal.

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Forfeited Accounts - Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to pay Plan expenses or reduce the Organization's contributions. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$23,069 and \$5,549, respectively. During 2021, \$5,591 was used to pay administrative expenses.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received for the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policy utilizing information provided by the investment advisors, custodian, and insurance company. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees associated with participant-initiated transactions are charged directly to participant accounts and are included in administrative expenses. Some administrative expenses are paid from the annual operating expenses of the Plan's designated investment alternatives, which are netted against the investment earnings for the relevant participant-directed investments.

Subsequent Events - The Organization's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. Management has evaluated events and transactions through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) Topic 820, *Fair Value Measurements*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

BOYS & GIRLS CLUBS OF DELAWARE, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value and contract value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Registered Investment Companies (Mutual Funds) - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts - Valued at the fair value of the underlying funds, which equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by the fund. The NAV of a pooled separate account is calculated based on the compilation of primarily observable market information.

Collective Trusts - Valued at the NAV of units of the trust. The NAV, as provided by the trust, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value, as of December 31:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	\$ 2,782,065	\$ -	\$ -	\$ 2,782,065

(a) In accordance with *Subtopic 820-10*, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient - The following table summarizes investments measured using the NAV per share practical expedient, as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments, the redemption notice is applicable only to the Plan.

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

Transamerica Stable Value Option - The Transamerica Stable Value Option is a benefit-responsive general account contract with Transamerica Life Insurance Company (Transamerica). Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Interest is credited at a rate that is the daily equivalent of the effective annual interest applicable for each six-month interval for the six-month period ending on December 31 and June 30, respectively.

The contract meets the fully benefit-responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

BOYS & GIRLS CLUBS OF DELAWARE, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS - CONTINUED

Transamerica Stable Value Option - Continued

The contract value of the Transamerica Stable Value Option, as of December 31, 2021 and 2020, was \$0 and \$548,247, respectively. On January 12, 2021, all assets invested in the Transamerica Stable Value Option were transferred to Principal Trust Company.

Principal Fixed Income Guaranteed Option - The Plan holds a traditionally fully benefit-responsive guaranteed interest contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract meets the fully benefit-responsive investment contract criteria, and therefore, is reported at contract value. The Principal Fixed Income Guaranteed Option is a group annuity contract that is backed solely by the claims-paying ability of Principal Life Insurance Company. The crediting rate is the rate declared in the applicable vintage schedule for the period for that vintage, unless the rate would be less than the guaranteed rate, in which case it would be the guaranteed rate. The method for calculating the interest crediting rates is determined by solving for the rate that, when used to accrue interest, will result in a value of the sum of curtailed expected values. Under the terms of the existing contract, the crediting rates currently result on a semiannual basis and will never be less than the guaranteed minimum interest rate ranging between 1% and 3%. If the Organization wishes to terminate the Plan's interest in the investment contract, Principal will pay out the value of the Plan's interest, subject to a surrender charge as outlined the Plan's contract. If the Organization provides at least 12 months' notice of its intent to terminate the Plan's interest and the cumulative transfer percentage for each of the 12 months periods preceding the month of termination did not exceed 20%, there will be no surrender charge.

The contract value of the Principal Fixed Income Guaranteed Option, as of December 31, 2021 and 2020, was \$2,013,683 and \$0, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures of spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable that might limit the ability of the Plan to transact at contract value with the contract issuers or the participants.

Certain plan investments are shares of registered investment companies and an insurance company general account

contract managed by the custodian. Fees for professional services rendered by some parties in interest are substantially absorbed by the plan sponsor. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

An annual fee of .35% of plan assets is paid to the Plan's financial advisor for services rendered to the Plan. An annual recordkeeping fee of .30% of plan assets is paid to Principal.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account balances.

NOTE 8: TAX STATUS

The underlying volume submitter profit sharing plan with Cash or Deferred Arrangement (CODA) has received an advisory letter from the Internal Revenue Service (IRS) dated August 8, 2014, stating that the form of the Plan is qualified under the IRC and, therefore, the related trust is tax exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although there are certain amendments applicable to the Plan, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Effective April 21, 2022, the Plan was restated to adopt the Principal Life Insurance Company non-standardized pre-approved profit-sharing plan with cash or deferred arrangement, which has received an advisory letter from the IRS dated June 30, 2020, stating that the form of the Plan is qualified under the IRC and, therefore, the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The Plan is subject to routine audits by government agencies; however, plan management does not anticipate any material issues to arise as a result of an open audit. The Plan's federal Form 5500 is subject to examination by the IRS and DOL, generally for the three years after it is filed.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 10: COMMITMENTS AND CONTINGENCIES

In the normal course of business, there may be various commitments and contingencies outstanding, which are not reflected in these financial statements. In the opinion of the plan administrator, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations.

NOTE 11: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500 as of December 31:

NOTE 12: SECURE ACT PROVISION

On December 20, 2019, the Further Consolidated Appropriates Act (Act) was passed. Within this Act is the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019. The Act changed the RMD age from 70½ to 72. This change is effective for persons born after June 30, 1949. This provision is effective for plan years beginning after December 31, 2019. NOTE 13: CARES ACT PROVISIONS

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress and signed into law on March 27, 2020. Among the many provisions, certain retirement specific provisions were allowed including:

1. Allows a distribution to be made between January 1, 2020 and December 31, 2020, to a qualifying individual of up to \$100,000, which may be repaid over a three-year period.
2. Allows an increase in available loan limit for loans made between March 27, 2020 and September 22, 2020, to \$100,000 for qualified individuals. Loans during this period may be delayed for one year.
3. Allows participants and beneficiaries to forgo 2020 RMDs.

The Plan allowed all optional provisions. The Plan will be amended as required.

NOTE 14: PLAN RESTATEMENT

Effective January 1, 2021, the Plan was restated to adopt the Principal Life Insurance Company volume submitter profit sharing plan with cash or deferred arrangement, which has received an advisory letter from the IRS dated August 8, 2014, stating that the form of the Plan is qualified under the IRC, and therefore, the related trust is tax exempt.

Effective January 1, 2021, the Plan was restated with the following changes to plan provisions:

- Eligibility changed from one year of service to three months of service.
- Part-time, temporary, or seasonal employees who are regularly scheduled to work less than 1,000 hours, are excluded from the Plan, until such time as the employee works 1,000 hours in a 12-month period.
- Newly eligible employees are automatically enrolled to defer 2% of pay, unless they choose a different percentage or choose not to defer. The automatic contribution arrangement includes an automatic salary deferral increase provision. Salary deferral contributions for automatically enrolled participants will automatically increase by 1% every January 1st up to 3%.

Effective May 1, 2021, the Plan was restated to amend the deferral change frequency from monthly to weekly.

NOTE 15: TRANSFER OF PLAN ASSETS

On January 12, 2021, all assets held by Reliance Trust Company and administered by Transamerica were transferred to Principal Trust Company.

NOTE 16: DELINQUENT PARTICIPANT CONTRIBUTIONS

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable. Due to administrative errors after the transition to Principal, numerous deferrals were missed. The Organization contributed corrective contributions, plus lost investment earnings, during 2021. Total contributions corrected were \$1,332. These contributions are considered prohibited transactions and reported on the Schedule of Delinquent Participant Contributions.

NOTE 17: SUBSEQUENT EVENTS
