Independent Auditor's Report

Plan Administrator
Modineer Co. Profit Sharing Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Modineer Co. Profit Sharing Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Modineer Co. Profit Sharing Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Modineer Co. Profit Sharing Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan provides eligible employees of Modineer Company, Inc. and Subsidiaries (the Company or the Employer) the opportunity to make regular and systematic contributions through salary reductions. The Plan is a defined contribution plan covering substantially all employees of the Company. Employees who have completed one hour of service become eligible to make salary deferral contributions. An employee may enroll in the Plan on the first day of the subsequent month after which the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each participant may contribute a percentage of pre-tax annual compensation, as defined in the Plan, up to 75% of the participant's compensation, limited to the maximum amount allowable by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Upon eligibility, all participants who do not select their own contribution percentage or opt out of the Plan are automatically enrolled at the contribution rate of 5% until they elect otherwise. Participants direct the investment of their contributions into various investment options offered by the Plan. The contributions of participants automatically enrolled are invested in a default fund if participant does not direct their investment option. The Plan allows participants who have attained age 50 by the close of the plan year to make additional catch-up elective deferral contributions in accordance with the provisions of Internal Revenue Code (IRC) 414(v).

The Company will match participant contributions at 100% of the first 3% and 50% of the next 2% of compensation deferred by each participant. The match is invested in a manner consistent with the participant deferrals. The Company may, at its discretion, make a discretionary contribution to the Plan to participants employed on the last day of the plan year which is allocated to participants based on participants' compensation. For the year ended December 31, 2021, the Company made no discretionary contribution.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, if any, (b) plan earnings, and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants immediately vest in the Company's matching contribution plus actual earnings thereon. Participants vest in discretionary contributions made by the Company beginning in year two at 20% per year and become fully vested after six years of service. In case of death or disability, the participant is deemed to be 100% vested. Upon normal retirement age of 65, the participant is also considered 100% vested.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 (reduced by the highest outstanding loan balance of loans during the one-year period ending on the day before the new loan is made), or (b) the greater of 50% of their vested account balance or \$10,000 (reduced by any outstanding loan balance on the date the new loan is made). Eligible loan amount criteria is defined in detail within the Plan document. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as of the date of the note. Principal and interest are paid through payroll deductions. A participant may only obtain two loans during each plan year and may have only one loan outstanding at any one given time.

Payment of benefits: Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account in equal installments over a designated period, or an annuity contract, as defined in the Plan. In addition, participants may make withdrawals of their vested account any time after reaching age 59½, as defined by the Plan agreement. Benefits are recorded when paid.

Administrative expenses: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Loan origination fees associated with notes receivable from participants and the Plan's recordkeeping and custodian fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other administrative expenses are paid by the Company and, therefore, are not reflected in the Plan's financial statements.

Forfeited accounts: If a participant is not fully vested on his or her termination date, the non-vested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions. During the year ended December 31, 2021, there were approximately \$1,900 used to pay plan expenses. At December 31, 2021 and 2020, forfeited non-vested accounts available for use totaled approximately \$16,200 and \$14,300, respectively.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid balances plus any accrued interest. Delinquent loans are reclassified as distributions based on the terms of the Plan agreement.

Note 2. Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Fair value measurements: Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 2. Significant Accounting Policies (Continued)

Following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Shares of mutual funds: Valued at the quoted market price reported on the active market on which the individual securities are traded.

Money market funds: Valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methods or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent events: The Company has evaluated subsequent events for potential recognition and/or disclosure through September 29, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified by Bank of America N.A.

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the years then ended included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Bank of America N.A. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2021	2020
Investments at fair value:		
Mutual funds	\$ 22,536,436	\$ 19,785,146
Money market funds	2,118,025	2,020,006
	<u>\$ 24,654,461</u>	<u>\$ 21,805,152</u>

Bank of America N.A. certified to the completeness and accuracy of \$2,143,999 of net appreciation in fair value of investments, \$757,852 of interest and dividends related to the aforementioned investments, and \$26,680 of interest income related to notes receivable from participants for the year ended December 31, 2021. Bank of America, N.A also certified to the completeness and accuracy of \$567,660 of notes receivable from participants at December 31, 2021.

Note 4. Fair Value Measurements

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 22,536,436	\$ -	\$ -	\$ 22,536,436
Money market funds	2,118,025	-	-	2,118,025
	<u>\$ 24,654,461</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 24,654,461</u>

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,785,146	\$ -	\$ -	\$ 19,785,146
Money market funds	2,020,006	-	-	2,020,006
	<u>\$ 21,805,152</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21,805,152</u>

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of level 3.

Note 5. Related Party Transactions

Certain plan assets are investments managed by Bank of America N.A. Bank of America N.A. is the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines. Fees paid to related parties for the year ended December 31, 2021, were approximately \$109,000.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Modineer Co. Profit Sharing Savings Plan

Notes to Financial Statements

Note 7. Income Tax Status and Uncertain Tax Positions

The IRS determined and informed the Plan by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended from the original document, plan management believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2018.
