Independent Auditor's Report

To the Plan Administrator
ValSource, Inc. 401(k) Plan
Downingtown, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed an audit of the accompanying financial statements of ValSource, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of ValSource, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit needs not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In my opinion, based on my audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of ValSource, Inc. 401(k) Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ValSource, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ValSource, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ValSource, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held as of December 31, 2021 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing

standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

I was engaged to audit the 2020 financial statements of ValSource, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed me not to perform and I did not perform any auditing procedures with respect to the information certified by a qualified institution. In my report, dated October 12, 2021, I indicated that (a) because of the significance of the information I did not audit, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ValSource, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

The following description of the ValSource, Inc. 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provision. The Plan is a defined contribution covering eligible employees of the following participating employers (the “Company”):

- a) ValSource, Inc. (VS)
- b) Engineering Software Solutions, LLC. (ESS)
- c) Concordia Valsource, LLC. (CV)

On October 1, 2020, the Plan changed its name from ValSource, LLC 401(k) Plan to ValSource, Inc. 401(k) Plan.

Effective December 23, 2020, ESS elected to cease status as a participating employer as it no longer shares common ownership with VS and CV. In connection with ESS’ status change, in April 2021, all ESS participant accounts were transferred to the Engineering Software Solutions, LLC 401(k) Plan. The total value of this transfer was \$1,602,900.

General

The Plan is a defined contribution plan covering all employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the Plan after 2 months of service and the participant’s entry date can be the 1st day of the month coinciding with or next following the date of eligibility.

While the Company has not expressed any intent to do so, the Company may terminate the Plan at any time.

Compensation

A participant may contribute up to 90% of pre-tax and post-tax eligible compensation, subject to certain IRC limitations. Bonuses are excluded from eligible compensation which is generally defined as total compensation subject to income tax and paid by the Company.

Contributions

In 2021 and 2020, the Company contributed 3% of eligible compensation to all eligible employees who were excluded from the ValSource, Inc. Employee Stock Ownership Plan (ESOP). Employees in the Company who are excluded from the ESOP are employees of ESS, employees of CV (through April 1, 2020), special work visa employees, former stockholders and their relatives.

ValSource, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Effective December 23, 2020 ESS ceased status as a participating employer. Accordingly, the Company only contributed 3% of eligible compensation through December 23, 2020, for eligible ESS employee participants to this Plan.

Effective April 1, 2020, employees of CV were admitted into the ESOP. Accordingly, the Company only contributed 3% of eligible compensation through March 31, 2020 for eligible CV employee participants to this Plan and the contribution thereafter was made to the ESOP.

The Plan has a discretionary employer profit sharing contribution option which is a uniform percentage of eligible Plan compensation. No Company profit sharing contributions were made in 2021 and 2020.

Effective, January 1, 2020, the Plan has an auto-enrollment provision whereby all employees becoming eligible are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a deferral rate set at 3% of eligible compensation. Auto enrollment contributions are automatically invested in a designated balance fund until changed by the participant.

Participant Accounts

Participants may elect to invest their contributions in any of the funds selected by the Company in accordance with the objectives stated in the Plan. Each participant's account is credited with the participant's contributions and allocations of the Company contributions, Company matching contributions and Plan earnings and losses, if any.

Vesting

Participants are immediately vested in all participant and employer contributions plus actual earnings thereon. Forfeitures of old non-vested account balances, if any, can be used to reduce the Company's contributions to the Plan. The total forfeitures unused at December 31, 2021 and 2020 were \$1,384 and \$1,369, respectively, and there have been no forfeitures used in 2021 or 2020.

Distributions and withdrawals

In the event of retirement, death, permanent disability or attainment of age 65, participants may make distributions either in a lump sum or in periodic payments over a period not to exceed life expectancy, as defined. A participant may also elect to receive in service distributions upon attainment of age 59 ½.

Participants may withdraw the sum of their salary reduction contributions due to hardship, medical care expenses, costs related to the purchase of a principal residence, payment of certain

ValSource, Inc. 401(k) Plan

eligible tuition fees and certain other immediate and heavy financial needs as published by the Internal Revenue Service.

All distributions and withdrawals are subject to approval by the trustee.

Loans to participants

Participants may have up-to 5 loans outstanding and borrow from their fund accounts a minimum of \$500 up-to a maximum equal to the lesser of \$50,000 or 50% of the value of the participant's vested interest in the participant's account. Loan duration can range from 1 to 5 years, unless the loan is for the purchase of a primary residence. All loans are due in full on termination. The loans are secured by the balance in the participant's account and bear interest at Prime plus 1% fixed. As of December 31, 2021, the loan rates vary from 4.25% to 6.50%. Principal and interest are paid ratably through payroll elections.

Administrative Expenses

The Plan pays for substantially all of the administrative expenses of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options by the participants in any of several combinations of stocks, bonds and mutual funds. Investments in mutual funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain mutual funds and the level of uncertainty related to changes in the value of the mutual funds, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

ValSource, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Payment of Benefits

Benefits are recorded when paid.

Related Party Transactions

Plan investments include shares of funds sold and managed by Transamerica Life Insurance Company (TLIC). Transactions in these funds qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Investments Valuation and Income Recognition

The Plan's investments are stated at fair value. Equity and bond mutual funds are valued at the net unit value as reported by the Trustee at the Plan's year-end. Shares of registered investment companies are valued at quoted market prices, which represent net asset value as of the Plan's year-end. Money market funds are valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

The TLIC stable value fund is valued at contract value which approximates fair market value and is an obligation of TLIC's general account which supports all of the company's insurance and annuity commitments. Although plan participants generally may withdraw assets from this fund without restriction, a hold or penalty can apply if the Plan sponsor wishes to withdraw this fund as an option.

3. Information Certified by the Trustee

All Plan assets and investment transactions and participant loan balances, except for contributions received and contributions receivable, have been certified by TLIC as being complete and accurate as of December 31, 2021 and 2020 and for the years ended December 31, 2021 and 2020.

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, no auditing procedures were performed on the above information other than comparison with the information contained in the financial statements and schedules.

4. Tax Status

The Internal Revenue Service has determined and informed the Plan's recordkeeper, Transamerica Retirement Solutions Corporation, by a letter dated March 31, 2014, that the

ValSource, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Volume Submitter Profit Sharing Plan with CODA is designed in accordance with applicable sections of the Internal Revenue Code.

The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

5. Investments

The following presents investments that represent 5% or more of the Plan's net assets available for benefits on the respective year end date:

Investments	<u>2021</u>	<u>2020</u>
Vanguard 500 Index	\$10,925,665	\$9,082,607
Vanguard Dividend Market Index	4,621,970	4,167,425
Vanguard Total Bond Market Index	3,017,951	2,636,106
MFS Growth R6	2,124,419	-
Vanguard Mid Cap Index	1,980,688	2,240,276
Vanguard Small Cap	1,938,433	2,334,620
Black Rock Mid-Cap Growth Equity Intl	1,799,959	-
MFS Growth R6	-	1,570,660

All the above investments in the Plan are participant directed.

6. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ValSource, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs are observable for substantially the full term of the asset and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of the mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements

The stable value fund is a depository liability with no formal underlying maturities and is valued at contract value. The stable value fund is held as an investment in the general account of Transamerica and the value is guaranteed by Transamerica as a going concern. Regardless of the activity of the general fund, Transamerica pays the stated interest rate and backs the capital deposit where the risk is measured by Transamerica's insurance credit rating.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

December 31, 2021	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
