December 31, 2021 and 2020

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Tactical Engineering & Analysis, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Tactical Engineering & Analysis, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT (continued)

Opinion on the 2021 Financial Statements (continued)

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Tactical Engineering & Analysis, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tactical Engineering & Analysis, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

INDEPENDENT AUDITOR'S REPORT (continued)

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tactical Engineering & Analysis, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tactical Engineering & Analysis, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITOR'S REPORT
(continued)

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT
(continued)

2021 Supplemental Schedule Required by ERISA (continued)

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, represented all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Tactical Engineering & Analysis, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Tactical Engineering & Analysis, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1. DESCRIPTION OF THE PLAN

Tactical Engineering & Analysis, Inc. 401(k) Plan (the "Plan") is sponsored by Tactical Engineering & Analysis, Inc. (the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company. The Plan was formed effective June 1, 2000. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the provisions of the Internal Revenue Code (the "Code").

Eligibility

Employees who are at least 21 years of age and have completed one month of service are generally eligible to participate in the Plan. Individuals who are (i) subject to collective bargaining agreements, (ii) leased employees, (iii) nonresident aliens with no U.S. source income, (iv) residents of Puerto Rico, or (v) self-employed individuals are not eligible to participate in the Plan.

Contributions

Participants may elect to contribute up to 100% of their compensation each year to the Plan, subject to certain statutory limitations, and may designate their contributions as either pre-tax or Roth contributions, as defined. Participants who are age 50 or older are eligible to defer additional amounts ("catch-up contributions") to the Plan up to the maximum allowed by the Code. Participants may also contribute amounts representing distributions from other qualified sources ("rollover contributions").

The Plan includes a provision for Company safe harbor matching contributions. In 2021 and 2020, the Company safe harbor matching contributions were equal to 100% of each participant's contributions up to 5% of the participant's eligible compensation for each pay period.

Tactical Engineering & Analysis, Inc. 401(k) Plan

Notes to Financial Statements

(continued)

December 31, 2021 and 2020

Note 1. DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

The Company may make discretionary, non-elective contributions in an amount to be determined by the Board of Directors for each Plan year. A participant must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year to be eligible to receive any non-elective contributions that may be made for that Plan year. In the event a participant dies (including death while performing qualified military service), becomes disabled, or retires during the Plan year, these conditions are waived.

Vesting

Participants are vested immediately in their contributions, the Company's safe harbor matching contributions, and the earnings or losses thereon. Vesting in the Company's discretionary non-elective contributions is based on years of credited service, as defined in the Plan, according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and the earnings or losses those contributions may accumulate. Allocations of Company contributions are based on the participant's contributions, compensation, or account balance, as defined.

Notes to Financial Statements

(continued)

December 31, 2021 and 2020

Note 1. DESCRIPTION OF THE PLAN (continued)

Participant Accounts (continued)

Administrative charges related to participant loans and distributions are deducted directly from the transacting participant's account. Expenses charged by the Plan's investments are paid directly from the underlying assets of the respective investment and are included in net realized and unrealized gain or loss in fair value of investments in the statement of changes in net assets available for benefits. Certain other expenses related to the administration of the Plan are paid by the Company.

Upon enrollment in the Plan, participants may direct employee and Company contributions to any of the Plan's investment options. Subsequently, participants may change their allocations and transfer account balances between investment options in accordance with Plan provisions.

Notes Receivable from Participants

Participants may borrow against their accounts a minimum of \$1,000 up to a maximum, generally equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have only one loan outstanding at a time. Loan terms may not exceed 5 years unless the loan is to be used to acquire the principal residence of the participant, for which the loan term may not exceed 10 years. Loans are secured by the participant's vested account balance and bear interest at a reasonable rate determined by the Plan administrator based on the prevailing interest rates charged by persons lending money for loans which would be made under similar circumstances. The interest rates on notes receivable from participants as of December 31, 2021, ranged from 6.25% to 8.50%. The interest rates on notes receivable from participants as of December 31, 2020, ranged from 6.25% to 8.50%. Principal and interest are paid regularly through payroll deductions.

Notes to Financial Statements

(continued)

December 31, 2021 and 2020

Note 1. DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

Upon termination of service, normal retirement, disability or death, participants may elect to receive a distribution of their vested account balance in a lump sum, in an annuity (as defined and available), or defer distribution if their vested account balance exceeds \$5,000. In-service distributions may be made to participants who have not separated from service provided the participant has attained age 59 ¹/₂.

Upon termination of employment, if a participant's vested account balance is between \$1,000 and \$5,000, and if the participant has not elected to receive a cash distribution or have the balance rolled over into an individual retirement account ("IRA") of his/her choosing, the Plan may transfer the participant's account balance into an IRA separately managed and maintained by a trust company engaged by the Plan. Also at its discretion, the Plan may elect to distribute vested account balances of less than \$1,000.

Participants may also be eligible to request a distribution from their salary deferral account balance for reasons of financial hardship. Participants may continue to make elective deferrals after receiving a hardship distribution.

CARES Act

In 2020, the Plan adopted the expanded distribution and loan options available to qualified individuals, as defined, under Section 2202 of the CARES Act. The provisions allow for (i) coronavirus-related distributions of up to \$100,000 to qualified individuals through December 31, 2020, which are exempt from the normal 10% early withdrawal penalty, (ii) increases to the maximum loan amount available to qualified individuals for loans made through September 22, 2020 (to the lesser of \$100,000 or 100% of the participant's vested account balance), and (iii) loan repayment deferrals of up to one year for certain loans outstanding to qualified individuals.

December 31, 2021 and 2020

Note 1. DESCRIPTION OF THE PLAN (continued)

Forfeitures

If a participant terminates employment with the Company before becoming fully vested, the unvested portion of discretionary non-elective employer contributions and related earnings are forfeited. Forfeitures may be used to pay administrative expenses. There were no forfeitures during 2021 and 2020.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation

Investments in registered investment companies and common/collective trusts are stated at fair value based on the net asset value of shares held by the Plan at year end. The net realized and unrealized gain or loss in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. Delinquent participant loans are classified as a distribution based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Substantially all costs of administering the Plan are paid by the Company. Certain distribution and loan fees, which may be incurred by the requesting participants, are paid from those participants' accounts.

Note 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Fair values are based on publicly quoted prices in active markets for identical assets. The fair value of investments in registered investment companies is based on the publicly quoted net asset value of the shares held by the Plan.

Level 2 Fair Value Measurements

Fair values are based on observable inputs other than publicly quoted prices in active markets for identical assets. The fair value of investments in common/collective trust is based on the value of the underlying investments held by the trust.

Level 3 Fair Value Measurements

Fair values are based on unobservable inputs used for valuing the asset.

Note 4. FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Fair Value Measurements as of December 31, 2021:

Note 5. INVESTMENT IN COMMON/COLLECTIVE TRUST

The Putnam Stable Value Fund (Putnam Fund) is a stable fixed income fund which invests in high-quality guaranteed investment contracts (GICs) and similar contracts issued by insurance companies, banks, and other financial institutions. The Putnam Fund may also invest up to 75% of its assets in security-backed investment contracts (SBICs), including separate account products of insurance companies. The Putnam Fund invests at least 5% of its assets in high-quality money market instruments, cash, cash equivalents, and other stable value funds (including fixed income funds underlying SBICs) with investment policies and other provisions similar to those of the Fund.

Notes to Financial Statements

(continued)

December 31, 2021 and 2020

Note 5. INVESTMENT IN COLLECTIVE INVESTMENT TRUST (continued)

Withdrawals from the Putnam Fund are generally permitted daily at net asset value. The trustee of the Putnam Fund attempts to maintain sufficient liquidity to meet all withdrawal requests. However, it is possible that such requests will exceed the Putnam Fund's available liquidity. The trustee may defer honoring a withdrawal request if, as a result of the closing or other disruption of financial markets or exchanges, the trustee is unable to settle prudently the transactions necessary to honor a withdrawal request on a timely basis. If the trustee determines that the Putnam Fund does not have sufficient liquidity to meet a withdrawal request, the trustee may defer honoring employer-initiated withdrawal requests (e.g. a withdrawal due to plan termination) for a period of up to 12 months. Qualified employee-initiated withdrawal requests for benefit payments generally will continue to be made as provided for during such period.

Note 6. PARTY-IN-INTEREST TRANSACTIONS

The Company pays certain administrative costs of the Plan. Additionally, the Company provides administrative services to the Plan at no cost to the Plan. These transactions qualify as exempt party-in-interest transactions.

Note 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8. TAX STATUS

The Company has adopted a volume submitter plan and relies upon the volume submitter plan's opinion letter from the Internal Revenue Service ("IRS") which states that the plan and related trust are designed in accordance with applicable sections of the Code. The Company has not applied for a determination letter from the IRS specific to the Plan. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Tactical Engineering & Analysis, Inc. 401(k) Plan

Notes to Financial Statements

(continued)

December 31, 2021 and 2020

Note 8. TAX STATUS (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

Note 10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 4, 2022, which is the date the 2021 financial statements were available to be issued.

Tactical Engineering & Analysis, Inc. 401(k) Plan
Financial Statements and Supplemental Schedule
December 31, 2021 and 2020

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Tactical Engineering & Analysis, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Tactical Engineering & Analysis, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT (continued)

Opinion on the 2021 Financial Statements (continued)

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Tactical Engineering & Analysis, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tactical Engineering & Analysis, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

INDEPENDENT AUDITOR'S REPORT
(continued)

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tactical Engineering & Analysis, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tactical Engineering & Analysis, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITOR'S REPORT
(continued)

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT
(continued)

2021 Supplemental Schedule Required by ERISA (continued)

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, represented all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Tactical Engineering & Analysis, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Tactical Engineering & Analysis, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1. DESCRIPTION OF THE PLAN

Tactical Engineering & Analysis, Inc. 401(k) Plan (the "Plan") is sponsored by Tactical Engineering & Analysis, Inc. (the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company. The Plan was formed effective June 1, 2000. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the provisions of the Internal Revenue Code (the "Code").

Eligibility

Employees who are at least 21 years of age and have completed one month of service are generally eligible to participate in the Plan. Individuals who are (i) subject to collective bargaining agreements, (ii) leased employees, (iii) nonresident aliens with no U.S. source income, (iv) residents of Puerto Rico, or (v) self-employed individuals are not eligible to participate in the Plan.

Contributions

Participants may elect to contribute up to 100% of their compensation each year to the Plan, subject to certain statutory limitations, and may designate their contributions as either pre-tax or Roth contributions, as defined. Participants who are age 50 or older are eligible to defer additional amounts ("catch-up contributions") to the Plan up to the maximum allowed by the Code. Participants may also contribute amounts representing distributions from other qualified sources ("rollover contributions").

The Plan includes a provision for Company safe harbor matching contributions. In 2021 and 2020, the Company safe harbor matching contributions were equal to 100% of each participant's contributions up to 5% of the participant's eligible compensation for each pay period.

Tactical Engineering & Analysis, Inc. 401(k) Plan

Notes to Financial Statements

(continued)

December 31, 2021 and 2020

Note 1. DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

The Company may make discretionary, non-elective contributions in an amount to be determined by the Board of Directors for each Plan year. A participant must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year to be eligible to receive any non-elective contributions that may be made for that Plan year. In the event a participant dies (including death while performing qualified military service), becomes disabled, or retires during the Plan year, these conditions are waived.

Vesting

Participants are vested immediately in their contributions, the Company's safe harbor matching contributions, and the earnings or losses thereon. Vesting in the Company's discretionary non-elective contributions is based on years of credited service, as defined in the Plan, according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and the earnings or losses those contributions may accumulate. Allocations of Company contributions are based on the participant's contributions, compensation, or account balance, as defined.

Tactical Engineering & Analysis, Inc. 401(k) Plan

Notes to Financial Statements

(continued)

December 31, 2021 and 2020

Note 1. DESCRIPTION OF THE PLAN (continued)

Participant Accounts (continued)

Administrative charges related to participant loans and distributions are deducted directly from the transacting participant's account. Expenses charged by the Plan's investments are paid directly from the underlying assets of the respective investment and are included in net realized and unrealized gain or loss in fair value of investments in the statement of changes in net assets available for benefits. Certain other expenses related to the administration of the Plan are paid by the Company.

Upon enrollment in the Plan, participants may direct employee and Company contributions to any of the Plan's investment options. Subsequently, participants may change their allocations and transfer account balances between investment options in accordance with Plan provisions.

Notes Receivable from Participants

Participants may borrow against their accounts a minimum of \$1,000 up to a maximum, generally equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have only one loan outstanding at a time. Loan terms may not exceed 5 years unless the loan is to be used to acquire the principal residence of the participant, for which the loan term may not exceed 10 years. Loans are secured by the participant's vested account balance and bear interest at a reasonable rate determined by the Plan administrator based on the prevailing interest rates charged by persons lending money for loans which would be made under similar circumstances. The interest rates on notes receivable from participants as of December 31, 2021, ranged from 6.25% to 8.50%. The interest rates on notes receivable from participants as of December 31, 2020, ranged from 6.25% to 8.50%. Principal and interest are paid regularly through payroll deductions.

Tactical Engineering & Analysis, Inc. 401(k) Plan

Notes to Financial Statements

(continued)

December 31, 2021 and 2020

Note 1. DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

Upon termination of service, normal retirement, disability or death, participants may elect to receive a distribution of their vested account balance in a lump sum, in an annuity (as defined and available), or defer distribution if their vested account balance exceeds \$5,000. In-service distributions may be made to participants who have not separated from service provided the participant has attained age 59 ½.

Upon termination of employment, if a participant's vested account balance is between \$1,000 and \$5,000, and if the participant has not elected to receive a cash distribution or have the balance rolled over into an individual retirement account ("IRA") of his/her choosing, the Plan may transfer the participant's account balance into an IRA separately managed and maintained by a trust company engaged by the Plan. Also at its discretion, the Plan may elect to distribute vested account balances of less than \$1,000.

Participants may also be eligible to request a distribution from their salary deferral account balance for reasons of financial hardship. Participants may continue to make elective deferrals after receiving a hardship distribution.

CARES Act

In 2020, the Plan adopted the expanded distribution and loan options available to qualified individuals, as defined, under Section 2202 of the CARES Act. The provisions allow for (i) coronavirus-related distributions of up to \$100,000 to qualified individuals through December 31, 2020, which are exempt from the normal 10% early withdrawal penalty, (ii) increases to the maximum loan amount available to qualified individuals for loans made through September 22, 2020 (to the lesser of \$100,000 or 100% of the participant's vested account balance), and (iii) loan repayment deferrals of up to one year for certain loans outstanding to qualified individuals.

Note 1. DESCRIPTION OF THE PLAN (continued)

Forfeitures

If a participant terminates employment with the Company before becoming fully vested, the unvested portion of discretionary non-elective employer contributions and related earnings are forfeited. Forfeitures may be used to pay administrative expenses. There were no forfeitures during 2021 and 2020.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation

Investments in registered investment companies and common/collective trusts are stated at fair value based on the net asset value of shares held by the Plan at year end. The net realized and unrealized gain or loss in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. Delinquent participant loans are classified as a distribution based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Substantially all costs of administering the Plan are paid by the Company. Certain distribution and loan fees, which may be incurred by the requesting participants, are paid from those participants' accounts.

Note 3. INFORMATION SUPPLIED BY PLAN TRUSTEE

Note 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Fair values are based on publicly quoted prices in active markets for identical assets. The fair value of investments in registered investment companies is based on the publicly quoted net asset value of the shares held by the Plan.

Level 2 Fair Value Measurements

Fair values are based on observable inputs other than publicly quoted prices in active markets for identical assets. The fair value of investments in common/collective trust is based on the value of the underlying investments held by the trust.

Level 3 Fair Value Measurements

Fair values are based on unobservable inputs used for valuing the asset.

Note 4. FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Fair Value Measurements as of December 31, 2021:

Note 5. INVESTMENT IN COMMON/COLLECTIVE TRUST

The Putnam Stable Value Fund (Putnam Fund) is a stable fixed income fund which invests in high-quality guaranteed investment contracts (GICs) and similar contracts issued by insurance companies, banks, and other financial institutions. The Putnam Fund may also invest up to 75% of its assets in security-backed investment contracts (SBICs), including separate account products of insurance companies. The Putnam Fund invests at least 5% of its assets in high-quality money market instruments, cash, cash equivalents, and other stable value funds (including fixed income funds underlying SBICs) with investment policies and other provisions similar to those of the Fund.

Tactical Engineering & Analysis, Inc. 401(k) Plan

Notes to Financial Statements

(continued)

December 31, 2021 and 2020

Note 5. INVESTMENT IN COLLECTIVE INVESTMENT TRUST (continued)

Withdrawals from the Putnam Fund are generally permitted daily at net asset value. The trustee of the Putnam Fund attempts to maintain sufficient liquidity to meet all withdrawal requests. However, it is possible that such requests will exceed the Putnam Fund's available liquidity. The trustee may defer honoring a withdrawal request if, as a result of the closing or other disruption of financial markets or exchanges, the trustee is unable to settle prudently the transactions necessary to honor a withdrawal request on a timely basis. If the trustee determines that the Putnam Fund does not have sufficient liquidity to meet a withdrawal request, the trustee may defer honoring employer-initiated withdrawal requests (e.g. a withdrawal due to plan termination) for a period of up to 12 months. Qualified employee-initiated withdrawal requests for benefit payments generally will continue to be made as provided for during such period.

Note 6. PARTY-IN-INTEREST TRANSACTIONS

The Company pays certain administrative costs of the Plan. Additionally, the Company provides administrative services to the Plan at no cost to the Plan. These transactions qualify as exempt party-in-interest transactions.

Note 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8. TAX STATUS

The Company has adopted a volume submitter plan and relies upon the volume submitter plan's opinion letter from the Internal Revenue Service ("IRS") which states that the plan and related trust are designed in accordance with applicable sections of the Code. The Company has not applied for a determination letter from the IRS specific to the Plan. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Tactical Engineering & Analysis, Inc. 401(k) Plan

Notes to Financial Statements

(continued)

December 31, 2021 and 2020

Note 8. TAX STATUS (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

Note 10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 4, 2022, which is the date the 2021 financial statements were available to be issued.
