INDEPENDENT AUDITORS' REPORT

Retirement Committee
Minted, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of Minted, LLC 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H – Line 4a: Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by the qualified institution. Their report dated October 7, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MINTED, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Minted, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General – The Plan was established on January 1, 2012 to provide retirement benefits for employees of Minted, LLC (the “Company”). The Plan is a defined contribution plan covering all eligible employees who have attained eighteen years of age, with the exception of part-time, temporary and seasonal employees who must attain 21 years of age, and whose regularly scheduled service is greater than 1,000 hours in the relevant eligibility computation period. All regular new hires are required to complete 3 months of service before becoming eligible to make employee deferrals and to receive employer matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (the “IRC”). The Retirement Committee is responsible for oversight of the Plan which includes determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

Effective December 1, 2020, the Plan document was amended and restated to incorporate all required amendments.

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law.

Effective April 2020, the Plan implemented provisions of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) that was signed into law on March 27, 2020. These provisions allowed the Plan’s participants to take a COVID-19 related distribution up to \$100,000 through December 31, 2020, and to waive the 2020 required minimum distribution. In addition, effective January 1, 2020, the Plan implemented the delay of the commencement date for required minimum distributions pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”). The Plan’s trustee will incorporate these provisions under which the Plan is currently operating as written amendments to the Plan document as necessary in accordance with applicable law and guidance from the Internal Revenue Service (the “IRS”).

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions – Participants may voluntarily contribute up to 100% of their annual compensation, with maximum contributions of \$19,500 for 2021. Additionally, participants who have attained fifty years of age before the end of the Plan year are eligible to make catch up contributions of up to \$6,500 for 2021. Participants may elect to have their contributions be either pre-tax or after-tax (“Roth”) contributions and may also make rollover contributions from other qualified defined benefit or defined contribution plans.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the plan at a 4% contribution rate, unless the employee affirmatively elects to opt out. In October 2020, the Plan was amended, effective January 4, 2021, to increase the newly-eligible participants automatic enrollment contribution rate from 4% to 5%. In addition, at the effective date, any currently eligible employees who are not contributing into the Plan, will be automatically enrolled at a contribution rate of 5%. Active participants who are contributing into the Plan at a contribution rate less than 5% will have their contribution rate increased to 5%. In addition, this amendment also includes an auto-escalation feature whereby a participant's contribution rate will automatically be increased by 1% annually until it reaches 10%. Employees may make an affirmative election to opt out of these auto enrollment and auto-escalation features.

Employer Contributions – The Company may, at its discretion, elect to make employer matching contributions to the Plan subject to limitations imposed by applicable provisions of the IRC. Except as discussed above (see General section), participants are required to be at least 18 years of age and must have completed 3 months of service to be eligible for any discretionary matching contributions. The Company may also make non-elective contributions to the Plan subject to limitations imposed by applicable provisions of the IRC. Participants are required to be at least 18 years of age and have completed 1 year of service to be eligible for any non-elective contributions. No such employer contributions were made for the year ended December 31, 2021.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and employer matching and non-elective contributions and allocations of investment earnings or losses and is charged for administrative expenses. Allocations are based on participant contributions, account balances or specific participant transactions, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that may be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting – Participants are immediately vested in their voluntary contributions, rollover contributions and any designated qualified matching contributions plus actual earnings thereon. Vesting in the Company’s discretionary matching and non-elective contributions and earnings thereon is based on the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Investment Account Options – The Plan currently offers various mutual funds as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan’s eligibility requirements. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant’s vested account balance or \$50,000. The term of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. Interest rates are based on the prevailing interest rate charged by persons in the business of lending money for loans which would be made under similar circumstances and remain fixed throughout the life of the loan. Principal and interest are paid ratably through payroll deductions and are generally due immediately upon termination of employment.

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive a distribution in a lump-sum payment, other amount of distribution or a rollover distribution. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed and has reached 59½ years of age. Benefit payments to the participant generally must begin no later than April 1st following the later of the end of the year after the participant attains age 72 or the year in which the participant terminates employment. Terminated participants with account balances of \$5,000 or greater may delay receipt of distribution. If the vested balance of a terminated participant’s account is \$5,000 or less, the balance will be directly rolled over into an individual retirement account (“IRA”) if no distribution instructions are received. If the vested balance of a terminated participant’s account is \$1,000 or less, the balance will be distributed in a lump-sum payment.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits (continued) – In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions could waive the 2020 required minimum distributions and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. Also, in accordance with the CARES Act, the Plan permitted qualified participants to take a coronavirus-related distribution in 2020 up to \$100,000 with an option to repay it over a three year period.

Forfeited Accounts – A participant's non-vested account may be forfeited upon severance of employment. Forfeitures may be used to pay Plan fees, and/or reduce future employer matching contributions. As of December 31, 2021 and 2020, the forfeited non-vested account amounted to \$5,711 and \$4,586, respectively. For the year ended December 31, 2021, no forfeitures were used to reduce administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Payments of Benefits – Benefits are recorded when paid.

Concentrations – As of December 31, 2021 and 2020, investments in five individual fund options accounted for approximately 70% and 71%, respectively, of total investments. Additionally the target date family of funds utilized by the Plan, in the aggregate, accounted for approximately 65% of total investments as of both December 31, 2021 and 2020.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy: Mutual Funds	<u>\$ 16,196,493</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,196,493</u>

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants presented on the statements of net assets available for benefits as of December 31, 2021 and 2020, and the supplemental Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment income and interest income on notes receivable from participants presented in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTES TO FINANCIAL STATEMENTS

NOTE 5 – TAX STATUS

The Plan has adopted a Fidelity volume submitter profit sharing plan. The IRS has determined that the volume submitter profit sharing plan is designed in accordance with applicable sections of the IRC and informed Fidelity of such in a letter dated March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

MINTED, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by affiliates of Fidelity. Fidelity is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

An affiliate of Fidelity provides certain administrative services to the plan pursuant to a service agreement between the Plan and Fidelity. Fidelity and affiliates receive revenue from most of the mutual fund service providers for services Fidelity and affiliates provide to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan and to pay the investment advisor. Because these fees are paid through this revenue sharing arrangement, rather than a direct payment, they are netted against (included in) the net appreciation (depreciation) in fair value of investments.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

In 2020, there were unintentional delays by the Company in remitting certain employee deferrals to Fidelity amounting to \$133,834 within the period prescribed by the Department of Labor's regulations. On December 9, 2021, the Company contributed \$3,721 for the lost earnings arising from the 2020 delays, which was contributed to the accounts of the affected participants.

NOTE 10 – SUBSEQUENT EVENTS

The Plan was subsequently amended and restated effective March 24, 2022, in the form of a Fidelity pre-approved plan to consolidate previous amendments and remove the trust agreement formerly within the basic plan document to become a separate, independent trust agreement without altering the substance thereof. The IRS has determined that the pre-approved defined contribution plan is designed in accordance with applicable sections of the IRC and informed Fidelity of such in a letter dated June 30, 2020.

The Plan's management has evaluated subsequent events through October 7, 2022, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

Retirement Committee
Minted, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of Minted, LLC 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H – Line 4a: Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by the qualified institution. Their report dated October 7, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MINTED, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Minted, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General – The Plan was established on January 1, 2012 to provide retirement benefits for employees of Minted, LLC (the “Company”). The Plan is a defined contribution plan covering all eligible employees who have attained eighteen years of age, with the exception of part-time, temporary and seasonal employees who must attain 21 years of age, and whose regularly scheduled service is greater than 1,000 hours in the relevant eligibility computation period. All regular new hires are required to complete 3 months of service before becoming eligible to make employee deferrals and to receive employer matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (the “IRC”). The Retirement Committee is responsible for oversight of the Plan which includes determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

Effective December 1, 2020, the Plan document was amended and restated to incorporate all required amendments.

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law.

Effective April 2020, the Plan implemented provisions of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) that was signed into law on March 27, 2020. These provisions allowed the Plan’s participants to take a COVID-19 related distribution up to \$100,000 through December 31, 2020, and to waive the 2020 required minimum distribution. In addition, effective January 1, 2020, the Plan implemented the delay of the commencement date for required minimum distributions pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”). The Plan’s trustee will incorporate these provisions under which the Plan is currently operating as written amendments to the Plan document as necessary in accordance with applicable law and guidance from the Internal Revenue Service (the “IRS”).

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions – Participants may voluntarily contribute up to 100% of their annual compensation, with maximum contributions of \$19,500 for 2021. Additionally, participants who have attained fifty years of age before the end of the Plan year are eligible to make catch up contributions of up to \$6,500 for 2021. Participants may elect to have their contributions be either pre-tax or after-tax (“Roth”) contributions and may also make rollover contributions from other qualified defined benefit or defined contribution plans.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the plan at a 4% contribution rate, unless the employee affirmatively elects to opt out. In October 2020, the Plan was amended, effective January 4, 2021, to increase the newly-eligible participants automatic enrollment contribution rate from 4% to 5%. In addition, at the effective date, any currently eligible employees who are not contributing into the Plan, will be automatically enrolled at a contribution rate of 5%. Active participants who are contributing into the Plan at a contribution rate less than 5% will have their contribution rate increased to 5%. In addition, this amendment also includes an auto-escalation feature whereby a participant's contribution rate will automatically be increased by 1% annually until it reaches 10%. Employees may make an affirmative election to opt out of these auto enrollment and auto-escalation features.

Employer Contributions – The Company may, at its discretion, elect to make employer matching contributions to the Plan subject to limitations imposed by applicable provisions of the IRC. Except as discussed above (see General section), participants are required to be at least 18 years of age and must have completed 3 months of service to be eligible for any discretionary matching contributions. The Company may also make non-elective contributions to the Plan subject to limitations imposed by applicable provisions of the IRC. Participants are required to be at least 18 years of age and have completed 1 year of service to be eligible for any non-elective contributions. No such employer contributions were made for the year ended December 31, 2021.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and employer matching and non-elective contributions and allocations of investment earnings or losses and is charged for administrative expenses. Allocations are based on participant contributions, account balances or specific participant transactions, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that may be provided from the participant’s vested account.

MINTED, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting – Participants are immediately vested in their voluntary contributions, rollover contributions and any designated qualified matching contributions plus actual earnings thereon. Vesting in the Company’s discretionary matching and non-elective contributions and earnings thereon is based on the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Investment Account Options – The Plan currently offers various mutual funds as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan’s eligibility requirements. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant’s vested account balance or \$50,000. The term of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. Interest rates are based on the prevailing interest rate charged by persons in the business of lending money for loans which would be made under similar circumstances and remain fixed throughout the life of the loan. Principal and interest are paid ratably through payroll deductions and are generally due immediately upon termination of employment.

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive a distribution in a lump-sum payment, other amount of distribution or a rollover distribution. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed and has reached 59½ years of age. Benefit payments to the participant generally must begin no later than April 1st following the later of the end of the year after the participant attains age 72 or the year in which the participant terminates employment. Terminated participants with account balances of \$5,000 or greater may delay receipt of distribution. If the vested balance of a terminated participant’s account is \$5,000 or less, the balance will be directly rolled over into an individual retirement account (“IRA”) if no distribution instructions are received. If the vested balance of a terminated participant’s account is \$1,000 or less, the balance will be distributed in a lump-sum payment.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits (continued) – In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions could waive the 2020 required minimum distributions and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. Also, in accordance with the CARES Act, the Plan permitted qualified participants to take a coronavirus-related distribution in 2020 up to \$100,000 with an option to repay it over a three year period.

Forfeited Accounts – A participant's non-vested account may be forfeited upon severance of employment. Forfeitures may be used to pay Plan fees, and/or reduce future employer matching contributions. As of December 31, 2021 and 2020, the forfeited non-vested account amounted to \$5,711 and \$4,586, respectively. For the year ended December 31, 2021, no forfeitures were used to reduce administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Payments of Benefits – Benefits are recorded when paid.

Concentrations – As of December 31, 2021 and 2020, investments in five individual fund options accounted for approximately 70% and 71%, respectively, of total investments. Additionally the target date family of funds utilized by the Plan, in the aggregate, accounted for approximately 65% of total investments as of both December 31, 2021 and 2020.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy: Mutual Funds	<u>\$ 16,196,493</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,196,493</u>

	2020			
	Level 1	Level 2	Level 3	Total

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants presented on the statements of net assets available for benefits as of December 31, 2021 and 2020, and the supplemental Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment income and interest income on notes receivable from participants presented in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 5 – TAX STATUS

The Plan has adopted a Fidelity volume submitter profit sharing plan. The IRS has determined that the volume submitter profit sharing plan is designed in accordance with applicable sections of the IRC and informed Fidelity of such in a letter dated March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

MINTED, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by affiliates of Fidelity. Fidelity is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

An affiliate of Fidelity provides certain administrative services to the plan pursuant to a service agreement between the Plan and Fidelity. Fidelity and affiliates receive revenue from most of the mutual fund service providers for services Fidelity and affiliates provide to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan and to pay the investment advisor. Because these fees are paid through this revenue sharing arrangement, rather than a direct payment, they are netted against (included in) the net appreciation (depreciation) in fair value of investments.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

In 2020, there were unintentional delays by the Company in remitting certain employee deferrals to Fidelity amounting to \$133,834 within the period prescribed by the Department of Labor's regulations. On December 9, 2021, the Company contributed \$3,721 for the lost earnings arising from the 2020 delays, which was contributed to the accounts of the affected participants.

NOTE 10 – SUBSEQUENT EVENTS

The Plan was subsequently amended and restated effective March 24, 2022, in the form of a Fidelity pre-approved plan to consolidate previous amendments and remove the trust agreement formerly within the basic plan document to become a separate, independent trust agreement without altering the substance thereof. The IRS has determined that the pre-approved defined contribution plan is designed in accordance with applicable sections of the IRC and informed Fidelity of such in a letter dated June 30, 2020.

The Plan's management has evaluated subsequent events through October 7, 2022, the date the financial statements were available to be issued.
