Independent Auditors' Report

To the Trustees of
Wedgworth Farms, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Wedgworth Farms, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report
The Trustees of Wedgworth Farms, Inc. 401(k)
Profit Sharing Plan

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Wedgworth Farms, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wedgworth Farms, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may have become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wedgworth Farms, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wedgworth Farms, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. - the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Wedgworth Farms, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WEDGWORTH FARMS, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2021 and 2020

1. Plan Description

The following brief description of the Wedgworth Farms, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan was established on June 30, 1976. The Plan is a defined contribution plan covering all employees of Wedgworth Farms, Inc. and Wedgworth's, Inc. (the "Company"). The Plan was amended and restated effective January 1, 2011 at which time the Plan adopted the safe harbor provisions under Section 401(k). As discussed in Note 7 to the financial statements, on January 1, 2016 the Plan adopted a volume submitter plan document sponsored by CCH INCORPORATED.

The Plan is qualified under Sections 401(a) of the Internal Revenue Code and the provisions under Section 401(k). As a defined contribution plan, it is not covered under Title IV of ERISA and therefore, benefits are not insured by the Pension Benefit Guaranty Corp. Plan participants are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

b. Eligibility

Employees who have attained age 21 and completed one year of service having completed 1,000 hours are eligible to participate in the Plan on the first day of the first month and seventh month of the Plan year.

c. Employee Contributions

Upon meeting the eligibility requirements, participants may make deferral contributions to the Plan. The plan document provides for both pre-tax traditional and after-tax Roth contributions.

Each year the Internal Revenue Service imposes limits on the amount that can be contributed as salary deferrals during the Plan year. For the year ended December 31, 2021, the maximum annual deferral amount was $19,500. Participants who have attained age 50 during the Plan year are eligible to make annual catch-up contributions not to exceed $6,500.

The Plan accepts rollover contributions from other qualified plans. Rollover contributions are allowed by employees before meeting the Plan's eligibility requirements. Participants are fully vested in their deferral and rollover contributions.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, except that benefits paid to Plan participants are recorded on a cash basis.

b. Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and certain disclosures. Accordingly, actual results may differ from those estimates.

c. Investment Valuation and Income Recognition

Investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the valuation policies utilizing information provided by the investment advisors. See Note 5 with respect to fair value measurements.

The fixed account is considered fully benefit-responsive and is valued at contract value. Contract value equals the accumulated cash contributions and interest credited, less withdrawals and expenses.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Net appreciation in the fair value of assets includes dividends received from pooled separate accounts.

d. Administrative Expenses

Except for fees charged by third party providers to process benefit payments, all costs to maintain the Plan are paid by the Company.

WEDGWORTH FARMS, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies, Continued

e. Note Receivable from Participant

The restated plan document does not provide for loans to participants. The Plan has one note outstanding which originated prior to the Plan's restatement. It is secured by the balance in the participant's account. The note balance is equal to $6,939 and $13,890 at December 31, 2021 and 2020, respectively. Interest income totaled $842 in 2021 and $1,439 in 2020. Principal and interest is paid ratably through payroll deductions.

3. Information Prepared and Certified by Voya (Unaudited)

As the investment custodian, Voya Retirement Insurance and Annuity Company (Voya) holds the Plan's investment assets and executes investment transactions. The following information included in the accompanying financial statements, was obtained from data that has been prepared and certified by the investment custodians as complete and accurate.

	2021	2020
Investments	$ 21,464,706	19,194,898
Net appreciation in fair value of investments	$ 2,687,158	2,176,795

Net appreciation consists of dividend income, gains and losses on investments bought and sold, and net appreciation on investments held during the year.

4. Voya Fixed Account

The Plan maintains a fixed account issued by Voya. It is considered to be fully benefit-responsive and, therefore is reported at contract value. Contract value is the relative measure for fully benefit-responsive investment contracts because this is the amount to be received by participants if they were to initiate permitted transactions under the terms of the contract with Voya.

The primary objective of the fixed account to provide stability of principal with a guaranteed minimum rate of interest. The base minimum interest rate is equal to 1%. In addition the contract has a current interest rate which is adjusted monthly. Interest is compounded daily. Interest rates may change under the terms of the contract. All guarantees are based solely on the financial strength and claims-paying ability of Voya.

4. **Voya Fixed Account, Continued**

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include: liquidation of the entire contract; layoffs; plan termination; plant closings and events that accelerate early retirements. The Plan administrator believes that the occurrence of events that would result in the Plan being unable to transact at contract value are not probable.

5. **Fair Value Measurements**

Fair Value Measurements in accordance with current accounting standards, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements), as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets.

Level 2 inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable;
- Inputs that are derived principally from or corroborated by observable market data.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair market measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value held by the Plan.

Pooled Separate Accounts: are valued at their "accumulated unit value". Valuation is determined daily based on the net asset values of the underlying funds' investments.

The preceding methods used to determine fair value may produce a calculation that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

WEDGWORTH FARMS, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2021 and 2020

5. Fair Value Measurements, Continued,

The fair market value of investments held at December 31, 2021 and 2020, by investment objective, and within the fair value hierarchy, is as follows:

		Fair Value Measurements at the End of the Reporting Period Using:		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2021:				
Pooled separate accounts	$ 19,651,794	-	19,651,794	-
December 31, 2020:				
Pooled separate accounts	$ 17,214,235	-	17,214,235	-

6. Related Party Transactions

Certain of the Plan's investments are issued and managed by Voya. These transactions qualify as party-in-interest. Various officers and employees of the Plan Sponsor perform administrative and oversight functions without compensation from the Plan.

7. Income Tax Status and Uncertain Tax Positions

The Plan has adopted a standardized document of a volume submitter plan sponsored by CCH INCORPORATED. The volume submitter plan has received an opinion letter dated March 31, 2014, from the Internal Revenue Service that the Plan is acceptable under Section 401 of the Internal Revenue Code. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax exempt.

The Plan adopted the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification 740-10, Accounting for Uncertainty in Income Taxes. The Plan administrator is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. The Plan administrator has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require the recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examination for years before 2019.

8. Risks and Uncertainties

The Plan's investments in pooled separate accounts are exposed to various risks including interest rate, market, and credit risks. The Plan attempts to minimize these risks by providing participants with a broad range of investment options that are offered and managed by reputable investment companies. Due to the level of risk associated with the Plan's investments, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
