INDEPENDENT AUDITOR'S REPORT

To the Trustees of
A-E Employees' 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of A-E Employees' 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the year December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - 2020 Financial Statements

LWBJ, LLP, who merged into UHY LLP as of January 4, 2022 was engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed LWBJ, LLP not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report, dated October 11, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements and supplemental schedule; and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the information certified by a qualified institution, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The image shows a handwritten signature in black ink that reads "UHY LLP". The letters are stylized and cursive, with the "U" and "H" being particularly prominent.

A-E EMPLOYEES' 401(K) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

The following description of the A-E Employees' 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed, defined contribution plan covering substantially all union employees of Anderson Erickson Dairy Company (the "Company"). The Company controls and manages the operation and administration of the Plan ("Plan Administrator"). Principal Insurance Company serves as the trustee and the asset custodian and recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees who have been in the continuous employment of the Company for three months and have attained the age of eighteen are eligible to make elective deferral contributions.

Contributions

Each year, participants may contribute up to 100% of their pre-tax annual compensation, as defined in the Plan document. Those participants, who meet the eligibility requirements, may contribute additional amounts (e.g., age 50 catch-up). The Plan does not allow employer contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and allocations of Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings, account balances or participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, a collective investment fund, and a stable value fund as investment options for participants.

A-E EMPLOYEES' 401(K) RETIREMENT PLAN

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Vesting

Participants are vested immediately in their contributions, plus actual earnings (losses) thereon.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed, as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. Interest rates range from 5.25% to 7.50% for loans outstanding at December 31, 2021.

Payment of Benefits

On termination of service with the Company (including termination of service due to death, disability, or retirement), vested benefits will be distributed in a lump sum or in equal annual installments, based on the terms in the Plan document.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of six months.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for additional discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

A-E EMPLOYEES' 401(K) RETIREMENT PLAN

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant notes are recorded as distributions based on the terms in the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Transfers

Along with the Plan, the Company also sponsors a profit sharing and 401(k) plan for all eligible non-union employees. If employees change their union status during the year, their account balances are transferred into the corresponding plan. There were no transfers during the years ended December 31, 2021 and 2020.

Risks and Uncertainties

The Plan utilizes various investment securities, including mutual funds, a collective investment fund and a stable value fund. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

3. Information Certified by Principal

The following is a summary of the unaudited information regarding the Plan as of and for the years ended December 31, 2021 and 2020, included in the Plan's financial statements and supplemental schedule, that was prepared from information provided by Principal, the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that such information is complete and accurate.

	<u>\$ 1,523,265</u>	<u>\$ 1,137,016</u>

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in active markets; inputs other than quoted prices that are observable for the assets or liabilities; and inputs that are derived principally from or corroborated by observable market data by correlation or other means; and

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their per share valuation daily and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- *Collective investment fund and stable value fund:* Valued based on the net asset value ("NAV") of the underlying securities in the trust. NAV is used as a practical expedient to estimate fair value and is calculated daily. Funds can be redeemed at NAV at any time and are offered for sale continuously.

The following table sets forth a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2021 and 2020:

Description	Investments at Fair Value as of December 31,			
	2021		2020

- (a) Wells Fargo Stable Return Fund N ("Fund N") is a collective trust fund sponsored by Wells Fargo. Fund N's principal objective is to provide investors with a moderate level of stable income without principal volatility. See Note 5 for additional information.

4. Fair Value Measurements (continued)

Investment in Assets Valued at NAV per Share (continued)

- (b) Blackrock S&P 500 Index CIT Fund N ("S&P 500 Fund") is an index fund sponsored by Wells Fargo. S&P 500 Fund's principal objective is to approximate the total return, before deduction of fees and expenses, of the Standard & Poor's 500 Index (the "Index") by investing in equity securities of the companies that compose the Index.

5. Stable Value Fund

Fund N is a collective trust fund sponsored by Wells Fargo. Fund N invests all of its assets in the Wells Fargo Stable Return Fund G (collectively, the "Fund"). The Fund's principal objective is to provide investors with a moderate level of stable income without principal volatility. To achieve this, the Fund invests in investment contracts and security-backed contracts. However, there is no assurance that this objective can be achieved.

Description of Fund Investments and Crediting Rates

The Fund primarily invests in investment contracts, including traditional guaranteed investment contracts ("GICs") and security-backed contracts issued by insurance companies and other financial institutions. GICs are backed by the general account of the contract issuer. The Fund deposits a lump sum with the issuer and receives a guaranteed interest rate for a specified period. Interest is accrued on either a simple or fully compounded basis and is paid either periodically or at the end of the contract term. GICs issued by insurance companies and other financial institutions at fixed rates are carried at contract value. The contract value represents contributions made under the contract, less any participant-directed withdrawals, plus accrued interest which has not been received from the issuer. The issuer guarantees that all qualified participant withdrawals will be paid at contract value (principal plus accrued interest). Most GICs provide a fixed rate of interest over the term to maturity of the contract and, therefore, do not experience fluctuating crediting rates. GICs generally do not permit issuers of the Fund to terminate the agreement prior to the scheduled maturity date except to allow for benefit-responsive withdrawals.

A security-backed contract is an investment contract issued by an insurance company or other financial institution, backed by a portfolio of bonds. The bond portfolio is either owned directly by the Fund or owned by the contract issuer and segregated in a separate account for the benefit of the Fund. Security-backed contracts are carried at contract value in the aggregate, which consists of the fair value of the underlying portfolio, accrued interest on the underlying portfolio assets, the fair value of the contract and adjustments to the contract value. The interest crediting rate is based on a formula agreed upon with the issuer. Such rates reset periodically, normally each quarter, using end-of-quarter data. Security-backed contracts generally are evergreen contracts that contain termination provisions, allowing the Fund or the contract issuer to terminate with notice, at any time, at fair value, and provide for automatic termination of the contract if the contract value or the fair value of the underlying portfolio equals zero. The issuer is obligated to pay the excess contract value when the fair value of the underlying portfolio equals zero.

A-E EMPLOYEES' 401(K) RETIREMENT PLAN

Notes to Financial Statements (continued)

5. Stable Value Fund (continued)

Circumstances That Impact the Fund's Ability to Transact at Contract Value

All GICs and security-backed contracts held by the Fund are fully benefit-responsive, which means withdrawals from these investment contracts may be made at contract value for qualifying benefit payments, including participant-directed transfers. GICs and security-backed contracts generally provide for withdrawals associated with certain events which are not in the ordinary course of the Fund's operations. These withdrawals are paid with a market value adjustment applied to the withdrawal as defined in the investment contract. Each contract issuer specifies the events which may trigger a market value adjustment. As of December 31, 2021, Plan management does not believe that the occurrence of any such market value event, which would limit the Fund's ability to transact at contract value with participants, is probable.

6. Exempt Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and a stable value fund managed by Principal. Principal is the asset custodian as defined by the Plan document and these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund.

7. Tax Status

The Plan uses a prototype plan document sponsored by Principal. Principal received an opinion letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2021 and 2020, no such positions exist.

8. Plan Termination

Although it has not expressed an intention to do so, the Company has the right, under the Plan, to terminate the Plan, subject to the provisions set forth in ERISA.

9. Subsequent Events

The Plan evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued.
