INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Steamfitters Surety Fund Local Union #475
Warren, New Jersey

Opinion

We have audited the financial statements of Steamfitters Surety Fund Local Union #475, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Steamfitters Surety Fund Local Union #475 as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Steamfitters Surety Fund Local Union #475 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Steamfitters Surety Fund Local Union #475's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Steamfitters Surety Fund Local Union #475's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Steamfitters Surety Fund Local Union #475's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Steamfitters Surety Fund Local Union #475
Warren, New Jersey

Opinion

We have audited the financial statements of Steamfitters Surety Fund Local Union #475, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Steamfitters Surety Fund Local Union #475 as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Steamfitters Surety Fund Local Union #475 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Steamfitters Surety Fund Local Union #475's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Steamfitters Surety Fund Local Union #475's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Steamfitters Surety Fund Local Union #475's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of the Plan

The following description of the Steamfitters Surety Fund Local Union #475 (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a multiemployer collectively bargained defined contribution plan. The Plan was established in accordance with an agreement between Steamfitters Local Union #475 and the Mechanical Contractors' Association of New Jersey, and other independent contractors in 1953. The administration of the Plan is the responsibility of a Board of Trustees, comprised of union and employer trustees. The jurisdiction of the Plan includes Essex and Union Counties, portions of Hunterdon, Mercer, Middlesex, Morris, Somerset and Warren Counties. The Plan covers all members employed under the terms of the collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code.

Funding Policy - Contributing employers are required to make contributions to the Plan on behalf of each participant on the basis of a rate fixed by the applicable collective bargaining agreement in effect. Participants are not required to contribute to the Plan. Contributions to the Plan by employers are 10.5% of participant gross wages.

Participant Accounts - The Plan provides for the creation of an individual account, on behalf of each employee participant, to which all employers' contributions are credited. Each participant who has attended an investment seminar sponsored by the Plan may select their investments from the various options offered. Investment earnings and losses are credited to each account daily. Plan expenses are charged partially on a daily basis and also by a quarterly flat charge on each participant account.

Vesting - Participants are 100% vested at the time a contribution is made on their behalf. There are no forfeited non-vested accounts.

Payment of Benefits - On termination of service due to death, disability, retirement or separation from work covered by the collective bargaining agreement, a participant may elect to receive either a lump sum distribution equal to their account balance, or monthly installments over the lesser of 10 years or their life expectancy.

Participant Directed Investment Options - The Plan provides various types of investment options for participants to invest as made available and determined by the trustees. Participants may change their investment options anytime throughout the year.

(2) Significant Accounting Policies

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes there in and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

(2) Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition - Certain investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information principally provided by the Plan's custodian. Fully benefit-responsive contracts held by the Plan are recorded at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Certain costs incurred by the plan for investment management services and transaction fees are included in net appreciation in fair value of investments, rather than as direct payments.

Employers' Contributions - The Plan's policy is to recognize contributions based on the latest executed collective bargaining agreement on an individual employer basis. Contributions from participating employers are based on a percentage of the participating employers' wages for covered employees and are payable to the Plan during the subsequent month. Contributions due but not paid prior to year-end are recorded as contributions receivable. The Plan evaluates participating employers' contributions receivable periodically for potential uncollectible amounts based on the likelihood of collection. As of December 31, 2021 and 2020, the Plan did not record any allowance for employers' contributions receivable.

The Board of Trustees has established a program to review participating employer records in order to determine compliance with contribution provisions of the collective bargaining agreement. As a result of this program, previously unreported contributions are identified related to current and prior fiscal years. However, due to the collection efforts required by the Plan, including litigation, the ultimate realization of any additional contribution receivable cannot be reasonably estimated until the collection process is completed. Accordingly, the Plan primarily recognizes these previously unreported contributions in the fiscal year in which the settlement proceeds are received.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Administrative Expenses - Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. The Plan shares certain administrative expenses with related ERISA plans. In computing these allocated costs, various factors were considered, including the time spent, space used, costs incurred, and volume of transactions relating to the Plan in relation to the other plans.

Empower Fee Credit – Empower Retirement ("Empower") provides the platform of investment options for the Plan. Empower issues the Plan an investment fee credit on a quarterly basis to reduce the cost of administrative expenses of the Plan. The total amount of the investment fee credits was $258,825 and $250,458 for the years ending December 31, 2021 and 2020, respectively.

Subsequent Events - The Plan has evaluated subsequent events through October 7, 2022, the date the financial statements were available to be issued.

(3) Investments

During the years ended December 31, 2021 and 2020, the Plan's investments (including investments bought, sold, as well as held during the years) appreciated in fair value by $9,667,717 and $8,169,932 , respectively.

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1-Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets, that the Plan has the ability to access.

Level 2-Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3-Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Interest Bearing Cash Accounts: Valued at amortized cost which approximates fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(4) Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Interest Bearing Cash Accounts	$ 437,895	$ --	$ --	$ 437,895
Mutual Funds	65,679,145	--	--	65,679,145
Total Assets at Fair Value	$ 66,117,040	$ --	$ --	$ 66,117,040

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Interest Bearing Cash Accounts	$ 434,207	$ --	$ --	$ 434,207
Mutual Funds	52,549,931	--	--	52,549,931
Total Assets at Fair Value	$ 52,984,138	$ --	$ --	$ 52,984,138

Changes in Fair Value Levels - The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no significant transfers in or out of levels 1, 2, or 3.

(5) Investment Contract with Empower Retirement

The Plan has a contract with Empower Retirement. The account is credited with earnings on the underlying investments and charged for participants withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate in based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed periodically and reset at least as frequently as quarterly from issue to maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Retirement, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

(5) Investment Contracts with Empower Retirement (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan. Such events include (1) the Internal Revenue Service determines that the Plan no longer meets the requirements of Code section 401(a), 403(a), 414(d), 414(e) or any other applicable Code provision, (2) there is a termination or partial termination of the Plan, (3) the Investor breaches a provision of the Agreement.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yield:	2021	2020
Based on interest rate credited to participants	2.50%	3.50%

(6) Related Party and Party-in-Interest Transactions

The Plan leases office space on an annual basis from Steamfitters Pension Fund Local Union #475 together with three (3) other affiliated funds of Steamfitters Local Union #475. The current lease expires November 30, 2022 and provides for monthly rental payments of $578. The rent expense incurred by the Plan amounted to $6,351 and $8,913 for the years ended December 31, 2021 and 2020, respectively.

Certain administrative expenses incurred by Steamfitters Welfare Fund Local Union #475 are allocated throughout the year to the various other affiliated funds of Steamfitters Local Union #475. The Plan's share amounted to $105,151 and $100,946 for the years ended December 31, 2021 and 2020, respectively.

Certain building related expenses incurred by Steamfitters Pension Fund Local Union #475 are allocated to the various other affiliated funds of Steamfitters Local Union #475. The Plan's share amounted to $4,865 and $4,142 for the years ended December 31, 2021 and 2020, respectively.

The amounts due to affiliated funds of the Plan at December 31, 2021 and 2020 were $5,807 and $3,129, respectively, resulting from the previously described transactions are as follows:

	December 31, 2021	2020
Pension Fund	$ 309	$ 309
Welfare Fund	(6,116)	(3,438)
Totals	$ (5,807)	$ (3,129)

These amounts are unsecured and are typically repaid in the following fiscal year.

(7) Tax Status

The Plan obtained its latest determination letter on March 29, 2012, in which the IRS states that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Plan Termination

Under certain conditions, the Plan may be terminated. Upon termination, the assets then remaining will be subject to the applicable provisions of the Plan then in effect and will be used until exhausted to pay benefits to participants in the order of their entitlement, subject to the provisions of ERISA.

(9) Risks and Uncertainties

Investment Risk - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Concentration of Credit Risk - The Plan maintains its cash balances in high credit quality financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 for each participant's non-contingent interest. At times, such cash balances may be in excess of the insured limit.

Economic Risk - The operations of the Plan could be materially adversely affected due to the ongoing coronavirus (COVID-19) pandemic which has resulted in significant economic uncertainty and volatility in financial markets. The extent to which the coronavirus may impact the activity of the Plan will depend on future developments, which are uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

(10) Plan Changes

Cares Act: In response to the coronavirus pandemic, the United States government passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act economic relief package. The CARES Act made available a coronavirus hardship distribution from defined contribution retirement plans including the Steamfitters Surety Fund Local Union #475 through December 30, 2020. On April 6, 2020, the Trustees of the Plan approved making a coronavirus hardship distribution available to all participants, limited to $25,000 per quarter through December 31, 2020. In order to qualify for a coronavirus hardship distribution a participant must satisfy one or more of the following conditions:

- The participant is diagnosed with COVID-19.
- The participant's spouse or dependent is diagnosed with COVID-19.
- The participant has experienced adverse financial consequences as a result of being quarantined, furloughed, laid off, having work hours reduced, being unable to work due to lack of childcare or closing or reducing hours of a business that they own or operate, due to COVID-19.

The CARES Act allows the following special provisions regarding a coronavirus hardship distribution:

- The normal ten percent (10%) early distribution penalty Federal Income Tax has been waived.
- While the distributions are still taxable as income, the Federal Income Tax can be paid ratably over a three-year period.
- Participants can repay the distributed amount within a three-year period, beginning on the day immediately following the date on which the distribution was received. Repaid amounts will be treated as roll over contributions. Repayment of the hardship distribution is not a requirement.

Participants Accounts: For participants with an individual account balance of less than $40,000, the eight percent (8%) personal benefit contribution of the gross wage shall be distributed in its entirety to the Fund. For participants with an individual account balance of more than $40,000, the eight percent (8%) personal benefit contribution of the gross wage shall be distributed in its entirety to the Steamfitters Surety Fund Local Union No. 475. The determination of the balance in a participant's individual account will be determined annually.
