INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Participants,
AtlantiCare 403(b) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of AtlantiCare 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) audit ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 1 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, schedule H, part IV line 4i – schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2021 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform, any auditing procedures, with respect to the information certified by a qualified institution. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

The Plan has excluded from the 2020 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the 2020 financial statements

In our report dated October 4, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

AtlantiCare 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF PLAN

The following description of the AtlantiCare 403(b) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan qualifying under Section 403(b) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of AtlantiCare Health System (the "Sponsor"), and their beneficiaries, funds for retirement.

Eligibility

An employee of AtlantiCare Health System, Inc., AtlantiCare Regional Medical Center, Inc., AtlantiCare Health Services, Inc., AtlantiCare Behavioral Health, Inc. ("ABH"), AtlantiCare Health Engagement, Inc., and AtlantiCare Physician Group is eligible to participate in the Plan upon hire, as defined. As long as the employee has reached 18 years of age, they may enter the Plan the 1st of the month after their initial hire date. Employees who are covered by the AtlantiCare 401(k) Savings Plan are excluded from participating in the Plan.

Employee Contributions

An employee participating in the Plan may contribute, through payroll deductions, up to 100% of their pretax annual compensation, as defined in the Plan. This is limited to the maximum amounts as determined by the Internal Revenue Service ("IRS"). Any participant, age 50 or over, may make an additional "catch-up" contribution as determined by the IRS.

Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions or may increase or decrease their level of participation at any time.

The Plan has an automatic enrollment election for all eligible employees hired on or after January 1, 2010 providing for a contribution of 2% of their pretax annual compensation unless the employee opts out within a 60-day period. The employee can also elect an additional deferral amount up to the annual maximum amount established by the IRS.

Employer Contributions

The employer matching contributions made to the Plan are 25% up to the first 4% deferred, excluding catch-up contributions, for employees with 15 years of service or less and a 50% match up to the first 4% deferred, excluding catch-up contributions, for employees with more than 15 years of service.

Eligible participants can receive a nonelective employer contribution in an amount equal to 3% of such participants' compensation for the Plan year. Eligibility for these nonelective employer contributions includes participants hired on or after January 1, 2010, credited with 1,000 hours of service and being employed on the last day of the Plan year. The general eligibility criteria as it pertains to being hired on or after January 1, 2010 does not apply to employees of ABH.

Participant Accounts

Individual accounts are established for each participant. All investments are participant directed. The Plan offers a variety of mutual funds, a guaranteed investment contract, and self-directed brokerage accounts, all with varying investment objectives as investment options. Each participant's account is credited with the participant's pretax contributions, the employer contributions, and the proportionate share of dividends, interest, and investment gains since the preceding valuation date.

AtlantiCare 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

The participant's account is reduced by benefits paid, losses on investments, and any administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Plan participants are 100% vested in the account balance attributable to their deferred compensation, including related earnings thereon, and are 100% vested in employer matching contributions after three years of service, as defined by the Plan document.

Participants are 100% vested in employer nonelective contributions.

Payment of Benefits

After participants reach age 59½, they may withdraw their account balance relating to elective deferrals and employer contributions. Participants may withdraw rollover contributions at any time prior to severance. Prior to age 59½, withdrawals are permitted due to death, disability, or termination of employment. Once the participant has satisfied certain conditions, as detailed in the Plan document, a withdrawal due to financial hardship may be taken.

Upon retirement, and depending on marital status, participants may receive a life annuity, a joint and 50% survivor annuity, or a joint and 75% survivor annuity, unless the participant and spouse, if married, elect otherwise.

If termination of employment occurs for any reason and at any age, including retirement, and the value of the participant's vested balance does not exceed \$5,000, including any rollover contributions, then a distribution will automatically be paid without consent in a lump-sum distribution within one year after termination of employment occurs. If the vested balance exceeds \$5,000, then the participant will be entitled to a distribution in a reasonable time after termination of employment occurs. This distribution can be in a form other than an annuity payment, but the participant and spouse, if married, must first waive the annuity form of payment.

Forfeitures

Forfeited balances of unvested employer matching contributions of terminated participants are used to reduce future employer contributions and pay administrative expenses. Forfeitures used to pay administrative expenses and reduce employer matching contributions during 2021 approximated \$305,000. The balance of forfeitures at December 31, 2021 and 2020 was \$120,650 and \$331,837, respectively.

Notes Receivable from Participants

At the discretion of, and subject to, the terms as set forth in the Plan document, loans may be made to a participant of not less than \$1,000 up to a maximum amount equal to the lesser of \$50,000 or one-half of the participant's total vested balance. Interest will be charged at a rate equal to one point above the prime rate at the date of the loan and, in general, repayment must be made over a period not to exceed five years, except for loans used to purchase a principal residence. Principal and interest are paid through payroll deductions. At December 31, 2021, interest rates on outstanding loans ranged from 4.25% to 6.50%. Maturity dates range from 2022 to 2036.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit responsive investment contracts. Fair value of investments held by the Plan was determined by Prudential Retirement Insurance and Annuity Company and the Prudential Bank & Trust, FSB (the "Trustees"), which has been designated as both the Trustees and Custodians. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The self-directed brokerage accounts were invested in both money market accounts where fair value equaled cost and underlying registered investment companies which were based on quoted market prices. With respect to the guaranteed investment contract, the Plan values this investment at contract value in accordance with U.S. GAAP guidance. Contract value is considered the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Investment and Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Sponsor, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping, administrative, compliance, and consulting fees paid to the Custodians or third parties for services to the Plan. Participants are charged service fees for loan transactions, loan maintenance, and distributions in accordance with the Plan document. All other expenses are paid by the Sponsor. Investment related fees are reflected as an offset of net investment income and are not readily determinable.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Upon default, these receivables are deemed to be distributed to the participant.

Payment of Benefits

Amounts paid to participants are recorded upon distribution.

Risks and Uncertainties

The Plan invests in various mutual funds, self-directed brokerage accounts, and a stable value fund. These investments are exposed to various risks, such as interest rate, market volatility, and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

AtlantiCare 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

Use of Estimates

The preparation of financial statements in conformity with a U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3. PRE-2009 INVESTMENT CONTRACTS

The financial statements do not present information regarding certain investments in annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. The Plan administrator has elected to exclude those contracts and accounts and related activity from the Plan's financial statements for the purposes of the annual reporting requirements of ERISA as permitted by the DOL's Field Assistance Bulletin 2009-02, "Annual Reporting Requirements for 403(b) Plans." The contracts and accounts that have been excluded consist of contracts and accounts that were transferred to unallocated annuity contracts prior to January 1, 2009. Presentation of this information is required by U.S GAAP. The value of the contracts and accounts at December 31, 2021 and 2020 that were transferred to unallocated annuity contracts prior to January 1, 2009, and the related investment income and distributions during the year ended December 31, 2021, were not reasonably determinable.

4. FAIR VALUE MEASUREMENTS

The framework established by the Financial Accounting Standards Board for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

AtlantiCare 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Registered Investment Companies: The shares of mutual funds included in investments in registered investment companies are valued and traded at quoted market prices, which represent the fair value of shares held by the trust at year end.

Self-Directed Brokerage Accounts: The shares invested in self-directed brokerage accounts are valued and traded at quoted market prices, which represent the fair value of shares held by the trust at year end.

The methods describe above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets by class of asset at fair value as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 329,589,443	\$ -	\$ -	\$ 329,589,443

Total assets in the fair value hierarchy	<u>\$ 330,189,291</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 330,189,291</u>
Assets at Fair Value as of December 31, 2020

Total assets in the fair value hierarchy	<u>\$ 281,908,186</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 281,908,186</u>

5. INVESTMENT IN GUARANTEED INVESTMENT CONTRACT

The Plan invests in the Prudential Retirement Insurance and Annuity Company "PRIAC" Guaranteed Income Fund. This fund is considered a stable value fund and meets the definition of a fully benefit responsive investment contract. PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The crediting interest rates are based on an agreed-upon formula with the issuer and are guaranteed for an agreed upon period, usually six months.

AtlantiCare 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8; therefore, no auditing procedures were performed by the independent auditor as permitted under the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Trustees of the Plan, has certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the statement of changes in net assets available for benefits for the year ended December 31, 2021, and the accompanying supplemental schedule H, part IV, line 4i – schedule of assets (held at end of year) as of December 31, 2021.

7. TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. Currently, 403(b) plans are not required to submit plans to the IRS for a determination letter. However, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC and ERISA, and therefore is not subject to income tax.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. Furthermore, there are no tax related interest or penalties included in the financial statements presented.

8. PARTY-IN-INTEREST TRANSACTIONS

For the year ended December 31, 2021, there were transactions involving the investment of Plan assets in the guaranteed income fund maintained by the Trustees which qualify as party-in-interest transactions.

In addition, certain participants borrowed from their individual accounts within the Plan. As of December 31, 2021 and 2020, the outstanding notes receivable from Plan participants were \$6,682,853 and \$6,339,075, respectively, with varying interest rates and maturity dates. Participants are parties in interest to the Plan, and these notes were exempt party-in-interest transactions pursuant to Section 408(b)(1) of ERISA. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

AtlantiCare 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

9. PLAN TERMINATION

The Sponsor intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend, or terminate the Plan at any time by resolution of its Board of Trustees. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100% vested and nonforfeitable.

10. SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events occurring after December 31, 2021 through September 30, 2022, the date the financial statements were available to be issued. Based on this evaluation, the Plan Sponsor has determined that there are no significant subsequent events that require recognition or disclosure in these financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Participants,
AtlantiCare 403(b) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of AtlantiCare 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) audit ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 1 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, schedule H, part IV line 4i – schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2021 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform, any auditing procedures, with respect to the information certified by a qualified institution. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

The Plan has excluded from the 2020 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the 2020 financial statements

In our report dated October 4, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

AtlantiCare 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF PLAN

The following description of the AtlantiCare 403(b) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan qualifying under Section 403(b) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of AtlantiCare Health System (the "Sponsor"), and their beneficiaries, funds for retirement.

Eligibility

An employee of AtlantiCare Health System, Inc., AtlantiCare Regional Medical Center, Inc., AtlantiCare Health Services, Inc., AtlantiCare Behavioral Health, Inc. ("ABH"), AtlantiCare Health Engagement, Inc., and AtlantiCare Physician Group is eligible to participate in the Plan upon hire, as defined. As long as the employee has reached 18 years of age, they may enter the Plan the 1st of the month after their initial hire date. Employees who are covered by the AtlantiCare 401(k) Savings Plan are excluded from participating in the Plan.

Employee Contributions

An employee participating in the Plan may contribute, through payroll deductions, up to 100% of their pretax annual compensation, as defined in the Plan. This is limited to the maximum amounts as determined by the Internal Revenue Service ("IRS"). Any participant, age 50 or over, may make an additional "catch-up" contribution as determined by the IRS.

Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions or may increase or decrease their level of participation at any time.

The Plan has an automatic enrollment election for all eligible employees hired on or after January 1, 2010 providing for a contribution of 2% of their pretax annual compensation unless the employee opts out within a 60-day period. The employee can also elect an additional deferral amount up to the annual maximum amount established by the IRS.

Employer Contributions

The employer matching contributions made to the Plan are 25% up to the first 4% deferred, excluding catch-up contributions, for employees with 15 years of service or less and a 50% match up to the first 4% deferred, excluding catch-up contributions, for employees with more than 15 years of service.

Eligible participants can receive a nonelective employer contribution in an amount equal to 3% of such participants' compensation for the Plan year. Eligibility for these nonelective employer contributions includes participants hired on or after January 1, 2010, credited with 1,000 hours of service and being employed on the last day of the Plan year. The general eligibility criteria as it pertains to being hired on or after January 1, 2010 does not apply to employees of ABH.

Participant Accounts

Individual accounts are established for each participant. All investments are participant directed. The Plan offers a variety of mutual funds, a guaranteed investment contract, and self-directed brokerage accounts, all with varying investment objectives as investment options. Each participant's account is credited with the participant's pretax contributions, the employer contributions, and the proportionate share of dividends, interest, and investment gains since the preceding valuation date.

AtlantiCare 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

The participant's account is reduced by benefits paid, losses on investments, and any administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Plan participants are 100% vested in the account balance attributable to their deferred compensation, including related earnings thereon, and are 100% vested in employer matching contributions after three years of service, as defined by the Plan document.

Participants are 100% vested in employer nonelective contributions.

Payment of Benefits

After participants reach age 59½, they may withdraw their account balance relating to elective deferrals and employer contributions. Participants may withdraw rollover contributions at any time prior to severance. Prior to age 59½, withdrawals are permitted due to death, disability, or termination of employment. Once the participant has satisfied certain conditions, as detailed in the Plan document, a withdrawal due to financial hardship may be taken.

Upon retirement, and depending on marital status, participants may receive a life annuity, a joint and 50% survivor annuity, or a joint and 75% survivor annuity, unless the participant and spouse, if married, elect otherwise.

If termination of employment occurs for any reason and at any age, including retirement, and the value of the participant's vested balance does not exceed \$5,000, including any rollover contributions, then a distribution will automatically be paid without consent in a lump-sum distribution within one year after termination of employment occurs. If the vested balance exceeds \$5,000, then the participant will be entitled to a distribution in a reasonable time after termination of employment occurs. This distribution can be in a form other than an annuity payment, but the participant and spouse, if married, must first waive the annuity form of payment.

Forfeitures

Forfeited balances of unvested employer matching contributions of terminated participants are used to reduce future employer contributions and pay administrative expenses. Forfeitures used to pay administrative expenses and reduce employer matching contributions during 2021 approximated \$305,000. The balance of forfeitures at December 31, 2021 and 2020 was \$120,650 and \$331,837, respectively.

Notes Receivable from Participants

At the discretion of, and subject to, the terms as set forth in the Plan document, loans may be made to a participant of not less than \$1,000 up to a maximum amount equal to the lesser of \$50,000 or one-half of the participant's total vested balance. Interest will be charged at a rate equal to one point above the prime rate at the date of the loan and, in general, repayment must be made over a period not to exceed five years, except for loans used to purchase a principal residence. Principal and interest are paid through payroll deductions. At December 31, 2021, interest rates on outstanding loans ranged from 4.25% to 6.50%. Maturity dates range from 2022 to 2036.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit responsive investment contracts. Fair value of investments held by the Plan was determined by Prudential Retirement Insurance and Annuity Company and the Prudential Bank & Trust, FSB (the "Trustees"), which has been designated as both the Trustees and Custodians. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The self-directed brokerage accounts were invested in both money market accounts where fair value equaled cost and underlying registered investment companies which were based on quoted market prices. With respect to the guaranteed investment contract, the Plan values this investment at contract value in accordance with U.S. GAAP guidance. Contract value is considered the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Investment and Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Sponsor, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping, administrative, compliance, and consulting fees paid to the Custodians or third parties for services to the Plan. Participants are charged service fees for loan transactions, loan maintenance, and distributions in accordance with the Plan document. All other expenses are paid by the Sponsor. Investment related fees are reflected as an offset of net investment income and are not readily determinable.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Upon default, these receivables are deemed to be distributed to the participant.

Payment of Benefits

Amounts paid to participants are recorded upon distribution.

Risks and Uncertainties

The Plan invests in various mutual funds, self-directed brokerage accounts, and a stable value fund. These investments are exposed to various risks, such as interest rate, market volatility, and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

AtlantiCare 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

Use of Estimates

The preparation of financial statements in conformity with a U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3. PRE-2009 INVESTMENT CONTRACTS

The financial statements do not present information regarding certain investments in annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. The Plan administrator has elected to exclude those contracts and accounts and related activity from the Plan's financial statements for the purposes of the annual reporting requirements of ERISA as permitted by the DOL's Field Assistance Bulletin 2009-02, "Annual Reporting Requirements for 403(b) Plans." The contracts and accounts that have been excluded consist of contracts and accounts that were transferred to unallocated annuity contracts prior to January 1, 2009. Presentation of this information is required by U.S GAAP. The value of the contracts and accounts at December 31, 2021 and 2020 that were transferred to unallocated annuity contracts prior to January 1, 2009, and the related investment income and distributions during the year ended December 31, 2021, were not reasonably determinable.

4. FAIR VALUE MEASUREMENTS

The framework established by the Financial Accounting Standards Board for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

AtlantiCare 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Registered Investment Companies: The shares of mutual funds included in investments in registered investment companies are valued and traded at quoted market prices, which represent the fair value of shares held by the trust at year end.

Self-Directed Brokerage Accounts: The shares invested in self-directed brokerage accounts are valued and traded at quoted market prices, which represent the fair value of shares held by the trust at year end.

The methods describe above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets by class of asset at fair value as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

Total assets in the fair value hierarchy	<u>\$ 281,908,186</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 281,908,186</u>

5. INVESTMENT IN GUARANTEED INVESTMENT CONTRACT

The Plan invests in the Prudential Retirement Insurance and Annuity Company "PRIAC" Guaranteed Income Fund. This fund is considered a stable value fund and meets the definition of a fully benefit responsive investment contract. PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The crediting interest rates are based on an agreed-upon formula with the issuer and are guaranteed for an agreed upon period, usually six months.

AtlantiCare 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8; therefore, no auditing procedures were performed by the independent auditor as permitted under the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Trustees of the Plan, has certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the statement of changes in net assets available for benefits for the year ended December 31, 2021, and the accompanying supplemental schedule H, part IV, line 4i – schedule of assets (held at end of year) as of December 31, 2021.

7. TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. Currently, 403(b) plans are not required to submit plans to the IRS for a determination letter. However, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC and ERISA, and therefore is not subject to income tax.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. Furthermore, there are no tax related interest or penalties included in the financial statements presented.

8. PARTY-IN-INTEREST TRANSACTIONS

For the year ended December 31, 2021, there were transactions involving the investment of Plan assets in the guaranteed income fund maintained by the Trustees which qualify as party-in-interest transactions.

In addition, certain participants borrowed from their individual accounts within the Plan. As of December 31, 2021 and 2020, the outstanding notes receivable from Plan participants were \$6,682,853 and \$6,339,075, respectively, with varying interest rates and maturity dates. Participants are parties in interest to the Plan, and these notes were exempt party-in-interest transactions pursuant to Section 408(b)(1) of ERISA. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Notes to Financial Statements
December 31, 2021 and 2020

9. PLAN TERMINATION

The Sponsor intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend, or terminate the Plan at any time by resolution of its Board of Trustees. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100% vested and nonforfeitable.

10. SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events occurring after December 31, 2021 through September 30, 2022, the date the financial statements were available to be issued. Based on this evaluation, the Plan Sponsor has determined that there are no significant subsequent events that require recognition or disclosure in these financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Participants,
AtlantiCare 403(b) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of AtlantiCare 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) audit ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 1 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, schedule H, part IV line 4i – schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2021 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform, any auditing procedures, with respect to the information certified by a qualified institution. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

The Plan has excluded from the 2020 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the 2020 financial statements

In our report dated October 4, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

AtlantiCare 403(b) Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. DESCRIPTION OF PLAN

The following description of the AtlantiCare 403(b) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan qualifying under Section 403(b) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of AtlantiCare Health System (the "Sponsor"), and their beneficiaries, funds for retirement.

Eligibility

An employee of AtlantiCare Health System, Inc., AtlantiCare Regional Medical Center, Inc., AtlantiCare Health Services, Inc., AtlantiCare Behavioral Health, Inc. ("ABH"), AtlantiCare Health Engagement, Inc., and AtlantiCare Physician Group is eligible to participate in the Plan upon hire, as defined. As long as the employee has reached 18 years of age, they may enter the Plan the 1st of the month after their initial hire date. Employees who are covered by the AtlantiCare 401(k) Savings Plan are excluded from participating in the Plan.

Employee Contributions

An employee participating in the Plan may contribute, through payroll deductions, up to 100% of their pretax annual compensation, as defined in the Plan. This is limited to the maximum amounts as determined by the Internal Revenue Service ("IRS"). Any participant, age 50 or over, may make an additional "catch-up" contribution as determined by the IRS.

Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions or may increase or decrease their level of participation at any time.

The Plan has an automatic enrollment election for all eligible employees hired on or after January 1, 2010 providing for a contribution of 2% of their pretax annual compensation unless the employee opts out within a 60-day period. The employee can also elect an additional deferral amount up to the annual maximum amount established by the IRS.

Employer Contributions

The employer matching contributions made to the Plan are 25% up to the first 4% deferred, excluding catch-up contributions, for employees with 15 years of service or less and a 50% match up to the first 4% deferred, excluding catch-up contributions, for employees with more than 15 years of service.

Eligible participants can receive a nonelective employer contribution in an amount equal to 3% of such participants' compensation for the Plan year. Eligibility for these nonelective employer contributions includes participants hired on or after January 1, 2010, credited with 1,000 hours of service and being employed on the last day of the Plan year. The general eligibility criteria as it pertains to being hired on or after January 1, 2010 does not apply to employees of ABH.

Participant Accounts

Individual accounts are established for each participant. All investments are participant directed. The Plan offers a variety of mutual funds, a guaranteed investment contract, and self-directed brokerage accounts, all with varying investment objectives as investment options. Each participant's account is credited with the participant's pretax contributions, the employer contributions, and the proportionate share of dividends, interest, and investment gains since the preceding valuation date.

AtlantiCare 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

The participant's account is reduced by benefits paid, losses on investments, and any administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Plan participants are 100% vested in the account balance attributable to their deferred compensation, including related earnings thereon, and are 100% vested in employer matching contributions after three years of service, as defined by the Plan document.

Participants are 100% vested in employer nonelective contributions.

Payment of Benefits

After participants reach age 59½, they may withdraw their account balance relating to elective deferrals and employer contributions. Participants may withdraw rollover contributions at any time prior to severance. Prior to age 59½, withdrawals are permitted due to death, disability, or termination of employment. Once the participant has satisfied certain conditions, as detailed in the Plan document, a withdrawal due to financial hardship may be taken.

Upon retirement, and depending on marital status, participants may receive a life annuity, a joint and 50% survivor annuity, or a joint and 75% survivor annuity, unless the participant and spouse, if married, elect otherwise.

If termination of employment occurs for any reason and at any age, including retirement, and the value of the participant's vested balance does not exceed \$5,000, including any rollover contributions, then a distribution will automatically be paid without consent in a lump-sum distribution within one year after termination of employment occurs. If the vested balance exceeds \$5,000, then the participant will be entitled to a distribution in a reasonable time after termination of employment occurs. This distribution can be in a form other than an annuity payment, but the participant and spouse, if married, must first waive the annuity form of payment.

Forfeitures

Forfeited balances of unvested employer matching contributions of terminated participants are used to reduce future employer contributions and pay administrative expenses. Forfeitures used to pay administrative expenses and reduce employer matching contributions during 2021 approximated \$305,000. The balance of forfeitures at December 31, 2021 and 2020 was \$120,650 and \$331,837, respectively.

Notes Receivable from Participants

At the discretion of, and subject to, the terms as set forth in the Plan document, loans may be made to a participant of not less than \$1,000 up to a maximum amount equal to the lesser of \$50,000 or one-half of the participant's total vested balance. Interest will be charged at a rate equal to one point above the prime rate at the date of the loan and, in general, repayment must be made over a period not to exceed five years, except for loans used to purchase a principal residence. Principal and interest are paid through payroll deductions. At December 31, 2021, interest rates on outstanding loans ranged from 4.25% to 6.50%. Maturity dates range from 2022 to 2036.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit responsive investment contracts. Fair value of investments held by the Plan was determined by Prudential Retirement Insurance and Annuity Company and the Prudential Bank & Trust, FSB (the "Trustees"), which has been designated as both the Trustees and Custodians. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The self-directed brokerage accounts were invested in both money market accounts where fair value equaled cost and underlying registered investment companies which were based on quoted market prices. With respect to the guaranteed investment contract, the Plan values this investment at contract value in accordance with U.S. GAAP guidance. Contract value is considered the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Investment and Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Sponsor, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping, administrative, compliance, and consulting fees paid to the Custodians or third parties for services to the Plan. Participants are charged service fees for loan transactions, loan maintenance, and distributions in accordance with the Plan document. All other expenses are paid by the Sponsor. Investment related fees are reflected as an offset of net investment income and are not readily determinable.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Upon default, these receivables are deemed to be distributed to the participant.

Payment of Benefits

Amounts paid to participants are recorded upon distribution.

Risks and Uncertainties

The Plan invests in various mutual funds, self-directed brokerage accounts, and a stable value fund. These investments are exposed to various risks, such as interest rate, market volatility, and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

AtlantiCare 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

Use of Estimates

The preparation of financial statements in conformity with a U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3. PRE-2009 INVESTMENT CONTRACTS

The financial statements do not present information regarding certain investments in annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. The Plan administrator has elected to exclude those contracts and accounts and related activity from the Plan's financial statements for the purposes of the annual reporting requirements of ERISA as permitted by the DOL's Field Assistance Bulletin 2009-02, "Annual Reporting Requirements for 403(b) Plans." The contracts and accounts that have been excluded consist of contracts and accounts that were transferred to unallocated annuity contracts prior to January 1, 2009. Presentation of this information is required by U.S GAAP. The value of the contracts and accounts at December 31, 2021 and 2020 that were transferred to unallocated annuity contracts prior to January 1, 2009, and the related investment income and distributions during the year ended December 31, 2021, were not reasonably determinable.

4. FAIR VALUE MEASUREMENTS

The framework established by the Financial Accounting Standards Board for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

AtlantiCare 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Registered Investment Companies: The shares of mutual funds included in investments in registered investment companies are valued and traded at quoted market prices, which represent the fair value of shares held by the trust at year end.

Self-Directed Brokerage Accounts: The shares invested in self-directed brokerage accounts are valued and traded at quoted market prices, which represent the fair value of shares held by the trust at year end.

The methods describe above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets by class of asset at fair value as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 329,589,443	\$ -	\$ -	\$ 329,589,443

Total assets in the fair value hierarchy	<u>\$ 281,908,186</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 281,908,186</u>

5. INVESTMENT IN GUARANTEED INVESTMENT CONTRACT

The Plan invests in the Prudential Retirement Insurance and Annuity Company "PRIAC" Guaranteed Income Fund. This fund is considered a stable value fund and meets the definition of a fully benefit responsive investment contract. PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The crediting interest rates are based on an agreed-upon formula with the issuer and are guaranteed for an agreed upon period, usually six months.

AtlantiCare 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8; therefore, no auditing procedures were performed by the independent auditor as permitted under the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Trustees of the Plan, has certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the statement of changes in net assets available for benefits for the year ended December 31, 2021, and the accompanying supplemental schedule H, part IV, line 4i – schedule of assets (held at end of year) as of December 31, 2021.

7. TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. Currently, 403(b) plans are not required to submit plans to the IRS for a determination letter. However, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC and ERISA, and therefore is not subject to income tax.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. Furthermore, there are no tax related interest or penalties included in the financial statements presented.

8. PARTY-IN-INTEREST TRANSACTIONS

For the year ended December 31, 2021, there were transactions involving the investment of Plan assets in the guaranteed income fund maintained by the Trustees which qualify as party-in-interest transactions.

In addition, certain participants borrowed from their individual accounts within the Plan. As of December 31, 2021 and 2020, the outstanding notes receivable from Plan participants were \$6,682,853 and \$6,339,075, respectively, with varying interest rates and maturity dates. Participants are parties in interest to the Plan, and these notes were exempt party-in-interest transactions pursuant to Section 408(b)(1) of ERISA. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Notes to Financial Statements
December 31, 2021 and 2020

9. PLAN TERMINATION

The Sponsor intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend, or terminate the Plan at any time by resolution of its Board of Trustees. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100% vested and nonforfeitable.

10. SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events occurring after December 31, 2021 through September 30, 2022, the date the financial statements were available to be issued. Based on this evaluation, the Plan Sponsor has determined that there are no significant subsequent events that require recognition or disclosure in these financial statements.
