INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Knightvest 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Knightvest 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Knightvest 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Knightvest 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Knightvest 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Knightvest 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Knightvest 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 20, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at the end of year, as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to

prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KNIGHTVEST 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2015, as a defined contribution plan covering all full-time employees of Knightvest Management, LLC (the Company) who have six months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

Empower Retirement is the custodian and record-keeper of the Plan as of and for the year ended December 31, 2021 and 2020. Certain officers of the employer serve as trustees of the Plan. Definiti, LLC is the contract administrator of the Plan.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, up to maximum limits set by the Internal Revenue Service, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefits, defined contribution plans, or safe harbor contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common/collective trust funds, and a general fixed income account as investment options for participants. The Company provides a Safe Harbor matching contribution equal to 100 percent of the participant contribution up to 4 percent of annual compensation. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. No additional profit sharing contributions were made during 2021.

KNIGHTVEST 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) allocation of certain operating expenses and (c) Plan earnings. Allocations are based on participant account balances or earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions and Safe Harbor matching contributions are always fully vested and cannot be forfeited. The vesting period for employer profit sharing contributions is based on the following years of service:

<u>Years of Service</u>	<u>Vesting Percentage in Company Contributions</u>
Less than Two	0 Percent
Two	20 Percent
Three	40 Percent
Four	60 Percent
Five	80 Percent
Six or more	100 Percent

Payment of Benefits

On termination of service due to disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. On termination of service due to death, a participant may elect to receive either a partial payment or a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant is entitled to the vested interest in his or her account. Participants may also make withdrawals under certain "hardship" conditions if approved by the plan administrator.

KNIGHTVEST 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest rates that will be based on the rates available for similar loans from commercial lending institutions. Note terms are up to a maximum of five years unless the note is for the purchase of a principal residence in which case the note repayment period may not extend beyond ten years from the date of the note. Principal and interest are paid through payroll deductions. The notes do not accrue interest and are carried at the outstanding balance due on the accompanying statements of net assets available for benefits.

Forfeited Accounts

Forfeited accounts will be first allocated to pay the Plan's administrative expenses. Any additional forfeitures will be used to reduce future employer contributions to the Plan. As of December 31, 2021 and 2020, forfeited accounts in the amount of \$15,113 and \$14,978, respectively, were recorded.

CARES Act

As a result of the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") enacted on March 27, 2020, the plan administrator implemented new CARES Act options including certain withdrawal provisions. These temporary relief provisions were effective through December 31, 2021.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Knightvest 401(k) Plan (the Plan) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to profit-sharing trusts and in accordance with the terms of the Plan document. A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

KNIGHTVEST 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan's sponsor determines the Plan's valuation policies utilizing information provided by the custodians, trustee, and insurance company. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. As of December 31, 2021 and 2020, participant loans in the amount of \$217,386 and \$172,449 respectively, were recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a distribution based on the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

During 2020, the Plan approved changes to the Plan to implement the provisions of the CARES Act allowing eligible Plan participants to request temporary penalty-free distributions of up to \$100,000 from the Plan for qualifying coronavirus-related reasons.

KNIGHTVEST 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

For these distributions, tax on the income from the withdrawal may be paid over a three-year period, repayments will not be subject to the Plan contribution limits, and all contribution sources (other than those restricted under applicable legal requirements) will be available to participants.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Administrative Expenses

Various administrative expenses of the Plan are paid for by the Company and are therefore excluded from these financial statements. Fees for other administrative transactions charged directly to the participants' accounts are included in administrative expenses.

NOTE 3 - INFORMATION CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedule as of December 31, 2021 and 2020 and for the year ended December 31, 2021 was obtained from data that has been prepared and certified to as complete and accurate by Empower Retirement, the Plan's custodian:

- Investments
- Net appreciation in fair value of investments
- Interest and dividends
- Assets held at end of year
- Notes receivable

NOTE 4 - GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan has entered into a fully benefit-responsive group annuity investment contract issued by Empower Retirement. Empower Retirement maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

KNIGHTVEST 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Retirement, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue their matching contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participating employees will become fully vested in their entire balance under the Plan, even though the participants would not otherwise have a sufficient number of years of vesting service to be 100 percent vested in their balance. The participants will be entitled to take their entire balance from the Plan following termination.

KNIGHTVEST 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

NOTE 6 - INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan is not insured by the Pension Benefit Guaranty Corporation, the government agency that insures certain pension plan benefits upon plan termination. Participants are entitled to certain rights and protections under ERISA. The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 8 - FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

KNIGHTVEST 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual fund held by the Plan are deemed to be actively traded.

Common/collective trust: The variable investment options offer investment through separate accounts in underlying mutual funds and collective investment trusts. Sub-accounts within the separate accounts purchase shares of the underlying funds. Neither the plan nor the participants invest directly in the funds. Instead, the contract holder is invested in units of the separate account.

KNIGHTVEST 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2021 and 2020:

On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, multiple jurisdictions in the U.S. have declared a state of emergency. It is anticipated that these impacts will continue for some time. There has been no immediate impact to the Plan's operations. Future potential impacts may include a reduction in contributions received, additional distributions, and including potential for hardship. Changes to the operating environment may lead to an increased volatility in the marketplace. The future effects of these issues are unknown.
