INDEPENDENT AUDITORS' REPORT

403(B) Thrift Plan for Blue Valley
Community Action Partnership
Fairbury, Nebraska

Opinion

We have audited the accompanying financial statements of the 403(B) Thrift Plan for Blue Valley Community Action Partnership, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the 403(B) Thrift Plan for Blue Valley Community Action Partnership as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the 403(B) Thrift Plan for Blue Valley Community Action Partnership and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(B) Thrift Plan for Blue Valley Community Action Partnership's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for

one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 403(B) Thrift Plan for Blue Valley Community Action Partnership's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(B) Thrift Plan for Blue Valley Community Action Partnership's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule on page 12, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

403(B) THRIFT PLAN FOR BLUE VALLEY COMMUNITY ACTION PARTNERSHIP

Fairbury, Nebraska

Notes to the Financial Statements
For the Years Ended December 31, 2021 and 2020

NOTE A: DESCRIPTION OF THE PLAN

The following description of the 403(B) Thrift Plan for Blue Valley Community Action Partnership ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is the retirement plan provided for employees of Blue Valley Community Action Partnership ("Agency").

- 1) General - The Plan was restated effective January 1, 2010. The Plan is a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- 2) Tax-Deferred Contributions - For each plan year, each eligible participant may make an election to make tax-deferred contributions. This election to defer will be a percentage of the participant's compensation per paycheck of up to a maximum dollar amount determined by the Federal government each year. The tax-deferred contributions are always 100 percent vested. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.
- 3) Rollover Contributions - An employee may elect to roll over qualified distributions from another plan or a rollover IRA into the Plan. The rollover contributions are always 100 percent vested.
- 4) Employer Contributions - The employer will contribute 150% of the Participant's elective deferrals up to \$50.00 per pay period as long as the participant contributes at least \$6.25.
- 5) Participant Accounts - Each participant's account is credited with the participant's contribution as stated in 2) above. An investment election must be made by each participant that will specify the percentage of the contributions to each participant's account that is to be invested among the investment funds. The earnings or losses on these investments are allocated to these investment funds.

NOTE A: DESCRIPTION OF THE PLAN (Continued)

- 6) Payment of Benefits - Upon termination of employment, the Plan will make a mandatory distribution of the participant's account if the value of the participant's vested interest in their plan account is \$1,000 or less. The Plan account may be "cashed out" by distributing the vested interest in their Plan account in a single-sum payment immediately following the date employment terminates. If the value of the participant's vested interest in their Plan account is more the \$1,000, distribution of the Plan account cannot be made before the normal retirement date of the participant without their written consent. The terminated participant may elect to have their vested balance rolled over into an individual retirement account or other eligible retirement plan if eligible for rollover. They may also elect to have a lump sum payment or they may request installment payments over a specific period of time (annually, quarterly, or monthly) not exceeding their life expectancy.
- 7) Payment of Administrative Expenses - The plan sponsor pays the "per life charge"; the participant administrative fee of 1/12 of 1% not to exceed \$2 per month, is paid from participants' individual account.
- 8) Withdrawn Participants - There were 5 and 18 participants who withdrew money from the plan and received \$27,560.00 and \$93,898.78 in distributions during the Plan Years ended December 31, 2021 and 2020 respectively.
- 9) Hardship Withdrawals - If a participant incurs an immediate and heavy financial need, they may make a hardship withdrawal of their tax-deferred contributions, but only if the Administrator determines that the withdrawal is necessary to meet their financial need. The Plan had \$0.00 and \$4,245.33 in hardship withdrawals made during the plan years ended December 31, 2021 and 2020 respectively.
- 10) Participant Loans - The plan does not allow loans to Participants.
- 11) Participant Direction of Investment - The Plan permits every participant to direct the investment of his/her account balances under the Plan. The trustee will invest the participant's account balances under the Plan in accordance with the participant's written direction.
- 12) Vesting - Participants are vested immediately in their contributions plus actual earning thereon. Vesting in the Company's portion of their accounts is based on the number of years of service. The plans vesting schedule is as follows: Years of Service: 3+= 100%. Vesting is not continuous service; break-in-service rules are recognized.
- 13) Forfeited accounts - At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$451.06 and \$0.00 respectively. These accounts will be used to reduce future employer contributions.

NOTE B: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTE B: SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are recorded at estimated fair value based upon published quoted prices, determined primarily by the last reported sales price on the last business day of the year. The shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the plan at year-end.

Purchases and Sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefit payments are recognized upon payment.

Third Party Administrator Duties

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

Expenses

Certain administrative functions are performed by officers or employees of the Agency. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Agency.

All other operating expenses of maintaining the Plan are paid by the Agency.

NOTE C: TAX STATUS

403(b) plans currently are not required to submit plans to the Internal Revenue Service for determination. However, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE D: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

NOTE D: FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2021 and 2020.

Pooled Separate Accounts: Pooled separate accounts (PSAs) of the custodian invest in registered investment companies, which are invested in debt and equity securities of U.S. and foreign companies at various levels of market capitalization. The Mutual of America Money Markey Fund invests in money market instruments and other short term securities. Units held in PSAs are valued using the NAV of the fund. The NAV is based on fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a pooled separate account is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. Accordingly, the unit value for a collective investment fund is classified within level 2 of the valuation hierarchy.

Interest Accumulation Account: The IAA is valued at fair value as of the last day of the Plan year. Fair value approximates all contributions plus accrued interest, minus withdrawals, transfers and administrative charges. Amounts allocated to the IAA become part of the general assets of the custodian (General Account). The General Account supports insurance and annuity obligations of the custodian. The General Account consists of all general assets, other than those in separate accounts and other segregated asset accounts of the custodian.

The custodian guarantees the value and bears full investment risk for all amounts that participants allocate to the General Account. The custodian guarantees a minimum interest credit, which was 1.00% at November 30, 2021, respectively. Interest is credited on dates determined by the custodian, but not less frequently than once each calendar month. Accordingly, investment is classified within the level 1 of the valuation hierarchy.

NOTE D: FAIR VALUE MEASUREMENTS (Continued)

NOTE F: PLAN TERMINATION

Although it has not expressed any intent to do so, the Agency has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Plan account.

NOTE G: RELATED PARTY/ PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Mutual of America Financial Group. Mutual of America is the Plan Administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Other service providers include Jarred, Gilmore, and Phillips, PA, the plan auditor, and Blue Valley Community Action Partnership, the plan sponsor.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE H: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In December 2019, a novel strain of coronavirus ("COVID-19") was reported in Wuhan, China. The World Health Organization has declared COVID-19 to constitute a "Public Health Emergency of International Concern." The U.S. government has implemented enhanced screenings, quarantine requirements and travel restrictions in connection with the COVID-19 outbreak. The extent of the impact of the COVID-19 on the Plan's operational and financial performance will depend on future developments, including duration and spread of the outbreak and related travel advisories and restrictions and the impact of the COVID-19 on the stock market. The Plan could experience significant declines in market value of investments. Our results of operations for full year 2022 may be materially adversely affected.

NOTE I: SUBSEQUENT EVENTS

The Plan evaluated events and transactions occurring subsequent to December 31, 2021, through October 3, 2022, the date the financial statements were available to be issued. During this period, there were no subsequent events requiring recognition in the financial statements. Additionally, there were no nonrecognized subsequent events requiring disclosure.

INDEPENDENT AUDITORS' REPORT

403(B) Thrift Plan for Blue Valley
Community Action Partnership
Fairbury, Nebraska

Opinion

We have audited the accompanying financial statements of the 403(B) Thrift Plan for Blue Valley Community Action Partnership, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the 403(B) Thrift Plan for Blue Valley Community Action Partnership as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the 403(B) Thrift Plan for Blue Valley Community Action Partnership and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(B) Thrift Plan for Blue Valley Community Action Partnership's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for

one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 403(B) Thrift Plan for Blue Valley Community Action Partnership's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(B) Thrift Plan for Blue Valley Community Action Partnership's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule on page 12, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

403(B) THRIFT PLAN FOR BLUE VALLEY COMMUNITY ACTION PARTNERSHIP

Fairbury, Nebraska

Notes to the Financial Statements
For the Years Ended December 31, 2021 and 2020

NOTE A: DESCRIPTION OF THE PLAN

The following description of the 403(B) Thrift Plan for Blue Valley Community Action Partnership ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is the retirement plan provided for employees of Blue Valley Community Action Partnership ("Agency").

- 1) General - The Plan was restated effective January 1, 2010. The Plan is a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- 2) Tax-Deferred Contributions - For each plan year, each eligible participant may make an election to make tax-deferred contributions. This election to defer will be a percentage of the participant's compensation per paycheck of up to a maximum dollar amount determined by the Federal government each year. The tax-deferred contributions are always 100 percent vested. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.
- 3) Rollover Contributions - An employee may elect to roll over qualified distributions from another plan or a rollover IRA into the Plan. The rollover contributions are always 100 percent vested.
- 4) Employer Contributions - The employer will contribute 150% of the Participant's elective deferrals up to \$50.00 per pay period as long as the participant contributes at least \$6.25.
- 5) Participant Accounts - Each participant's account is credited with the participant's contribution as stated in 2) above. An investment election must be made by each participant that will specify the percentage of the contributions to each participant's account that is to be invested among the investment funds. The earnings or losses on these investments are allocated to these investment funds.

NOTE A: DESCRIPTION OF THE PLAN (Continued)

- 6) Payment of Benefits - Upon termination of employment, the Plan will make a mandatory distribution of the participant's account if the value of the participant's vested interest in their plan account is \$1,000 or less. The Plan account may be "cashed out" by distributing the vested interest in their Plan account in a single-sum payment immediately following the date employment terminates. If the value of the participant's vested interest in their Plan account is more the \$1,000, distribution of the Plan account cannot be made before the normal retirement date of the participant without their written consent. The terminated participant may elect to have their vested balance rolled over into an individual retirement account or other eligible retirement plan if eligible for rollover. They may also elect to have a lump sum payment or they may request installment payments over a specific period of time (annually, quarterly, or monthly) not exceeding their life expectancy.
- 7) Payment of Administrative Expenses - The plan sponsor pays the "per life charge"; the participant administrative fee of 1/12 of 1% not to exceed \$2 per month, is paid from participants' individual account.
- 8) Withdrawn Participants - There were 5 and 18 participants who withdrew money from the plan and received \$27,560.00 and \$93,898.78 in distributions during the Plan Years ended December 31, 2021 and 2020 respectively.
- 9) Hardship Withdrawals - If a participant incurs an immediate and heavy financial need, they may make a hardship withdrawal of their tax-deferred contributions, but only if the Administrator determines that the withdrawal is necessary to meet their financial need. The Plan had \$0.00 and \$4,245.33 in hardship withdrawals made during the plan years ended December 31, 2021 and 2020 respectively.
- 10) Participant Loans - The plan does not allow loans to Participants.
- 11) Participant Direction of Investment - The Plan permits every participant to direct the investment of his/her account balances under the Plan. The trustee will invest the participant's account balances under the Plan in accordance with the participant's written direction.
- 12) Vesting - Participants are vested immediately in their contributions plus actual earning thereon. Vesting in the Company's portion of their accounts is based on the number of years of service. The plans vesting schedule is as follows: Years of Service: 3+= 100%. Vesting is not continuous service; break-in-service rules are recognized.
- 13) Forfeited accounts - At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$451.06 and \$0.00 respectively. These accounts will be used to reduce future employer contributions.

NOTE B: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTE B: SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are recorded at estimated fair value based upon published quoted prices, determined primarily by the last reported sales price on the last business day of the year. The shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the plan at year-end.

Purchases and Sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefit payments are recognized upon payment.

Third Party Administrator Duties

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

Expenses

Certain administrative functions are performed by officers or employees of the Agency. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Agency.

All other operating expenses of maintaining the Plan are paid by the Agency.

NOTE C: TAX STATUS

403(b) plans currently are not required to submit plans to the Internal Revenue Service for determination. However, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE D: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

NOTE D: FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2021 and 2020.

Pooled Separate Accounts: Pooled separate accounts (PSAs) of the custodian invest in registered investment companies, which are invested in debt and equity securities of U.S. and foreign companies at various levels of market capitalization. The Mutual of America Money Markey Fund invests in money market instruments and other short term securities. Units held in PSAs are valued using the NAV of the fund. The NAV is based on fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a pooled separate account is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. Accordingly, the unit value for a collective investment fund is classified within level 2 of the valuation hierarchy.

Interest Accumulation Account: The IAA is valued at fair value as of the last day of the Plan year. Fair value approximates all contributions plus accrued interest, minus withdrawals, transfers and administrative charges. Amounts allocated to the IAA become part of the general assets of the custodian (General Account). The General Account supports insurance and annuity obligations of the custodian. The General Account consists of all general assets, other than those in separate accounts and other segregated asset accounts of the custodian.

The custodian guarantees the value and bears full investment risk for all amounts that participants allocate to the General Account. The custodian guarantees a minimum interest credit, which was 1.00% at November 30, 2021, respectively. Interest is credited on dates determined by the custodian, but not less frequently than once each calendar month. Accordingly, investment is classified within the level 1 of the valuation hierarchy.

NOTE D: FAIR VALUE MEASUREMENTS (Continued)

NOTE F: PLAN TERMINATION

Although it has not expressed any intent to do so, the Agency has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Plan account.

NOTE G: RELATED PARTY/ PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Mutual of America Financial Group. Mutual of America is the Plan Administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Other service providers include Jarred, Gilmore, and Phillips, PA, the plan auditor, and Blue Valley Community Action Partnership, the plan sponsor.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE H: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In December 2019, a novel strain of coronavirus ("COVID-19") was reported in Wuhan, China. The World Health Organization has declared COVID-19 to constitute a "Public Health Emergency of International Concern." The U.S. government has implemented enhanced screenings, quarantine requirements and travel restrictions in connection with the COVID-19 outbreak. The extent of the impact of the COVID-19 on the Plan's operational and financial performance will depend on future developments, including duration and spread of the outbreak and related travel advisories and restrictions and the impact of the COVID-19 on the stock market. The Plan could experience significant declines in market value of investments. Our results of operations for full year 2022 may be materially adversely affected.

NOTE I: SUBSEQUENT EVENTS

The Plan evaluated events and transactions occurring subsequent to December 31, 2021, through October 3, 2022, the date the financial statements were available to be issued. During this period, there were no subsequent events requiring recognition in the financial statements. Additionally, there were no nonrecognized subsequent events requiring disclosure.

SUPPLEMENTAL INFORMATION
