Peabody Hotel Group 401(k) Plan
Memphis, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Peabody Hotel Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Peabody Hotel Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Peabody Hotel Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Peabody Hotel Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Peabody Hotel Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Peabody Hotel Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Peabody Hotel Group 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PEABODY HOTEL GROUP 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Peabody Hotel Group 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution profit-sharing plan covering all employees of Peabody Hotel Management Company (the “Company”), except those individuals whose employment is governed by a collective bargaining agreement, those who are not a “substantial-service employee,” highly compensated or former highly compensated employees, employees of affiliated employers who have not adopted the plan in writing, “on call” employees, and independent contractors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has an effective date of January 1, 1995. Employees become eligible to participate in the Plan upon completion of 3 months of service and attaining age 21. Voya Institutional Trust Company (“Voya”) holds the plan assets.

In April 2020, pursuant to the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), the Plan made temporary changes to allow COVID-19 hardship distributions, as well as loan payments to be suspended for a period of up to 12 months. Such provisions ended January 1, 2021.

Contributions

Each employee may contribute up to the annual limits as prescribed by the Internal Revenue Code. Participants are 100% vested in their contributions. The Company’s contribution is discretionary. Participants over the age of 50 are eligible to make catch-up contributions. For the year ended December 31, 2021, the Company elected to contribute a match of 35% on participant contributions up to a maximum 6% of participants’ compensation, as defined by the Plan. Participants may also make rollover contributions representing distributions from other qualified retirement plans. There were no rollover contributions for the years 2021 and 2020.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of the Company’s contributions and Plan earnings. Allocations are based on a participant’s earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. All investments are participant-directed.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to \$100,000 or 50% of the participant’s vested accrued benefit. The loans are secured by the balance in the participant’s account and bear a reasonable rate of interest. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless the loan is used for the purchase of a principal residence which results in a repayment period of up to ten years.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the company contributions is determined as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
2	20%
3	40%
4	60%
5	80%
6	100%

To earn one year of service, a participant must complete 1,000 hours of service during any plan year.

Forfeitures

Forfeitures may be used to reduce administrative expenses. Any excess forfeitures are used to reduce future Company contributions. As of December 31, 2021 and 2020, forfeitures available to reduce administrative expenses or employer contributions totaled \$8,450 and \$21,750. For the year ended December 31, 2021 and 2020, forfeitures used to reduce Company contributions totaled \$17,650 and \$7,477.

Payment of Benefits

On termination of service by retirement or total and permanent disability, a participant will receive a lump-sum amount equal to the vested interest in his or her account. Normal retirement age is the age 65. Generally, all participants must begin withdrawing benefits no later than April 1st, following the year age 70 ½ is attained. Withdrawals by a participant while employed are limited to those requested due to events of financial hardships defined by the plan document or upon attainment of 59 ½.

Death and Disability Benefits

Upon death or total and permanent disability prior to termination or retirement, the participant account becomes 100% vested regardless of years of service. Death benefits will be paid to his/her beneficiary in a lump-sum payment.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the plan sponsor and are excluded from these financial statements. Other professional and administrative fees are charged to participant accounts and are separately disclosed in the accompanying financial statements. Investment related expenses are included in net depreciation of fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan are reported on the accrual basis of accounting.

Investments are stated at fair market value, as defined by generally accepted accounting principles. See Note 3 for disclosure of fair value measurement.

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021, and 2020.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of investment income and expenses, realized gains and (losses), and the unrealized appreciation (depreciation) on investments.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Benefits are recorded when paid.

Date of Management's Review

The plan sponsor evaluated its December 31, 2021 financial statements for subsequent events through October 11, 2022, the date the financial statements were available to be issued. Other than the subsequent event disclosed in Note 11, the Plan sponsor is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Mutual funds in pooled separate accounts: Valued at the net asset value of units held by the Plan at year end.

Guaranteed interest contracts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations, considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ 9,678,418	\$ -	\$ 9,678,418
Money market acct	4,316	-	-	4,316
Guaranteed interest contract	-	1,591,314	-	1,591,314
Total assets at fair value	<u>\$ 4,316</u>	<u>\$ 11,269,732</u>	<u>\$ -</u>	<u>\$ 11,274,048</u>
Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ 8,567,977	\$ -	\$ 8,567,977
Money market acct	17,722	-	-	17,722
Guaranteed interest contract	-	2,027,913	-	2,027,913
Total assets at fair value	<u>\$ 17,722</u>	<u>\$ 10,595,890</u>	<u>\$ -</u>	<u>\$ 10,613,612</u>

NOTE 4 – GUARANTEED INTEREST CONTRACTS WITH INSURANCE COMPANY

The Plan has guaranteed interest contracts with Voya Retirement Insurance and Annuity Company ("Voya"). Voya maintains the contributions in pooled unallocated accounts. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administration expenses charged by Voya. The contracts are included in the financial statements at fair value because they are not considered fully benefit responsive. While they promise contract value for a benefit event, such as termination or disability, there is a possible market value adjustment when the funds are withdrawn prior to maturity. The fair value of the guaranteed contracts at December 31, 2021 and 2020 was \$1,591,314 and \$2,027,913, respectively.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts and plan assets will be used solely to provide benefits for participants.

NOTE 7 – FEDERAL INCOME TAX STATUS

The IRS issued a determination letter dated September 27, 2013 stating that the Peabody Hotel Group 401(k) Plan, was designed in accordance with applicable Internal Revenue Code (IRC) requirements. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

The plan administrator believes that the Plan has not generated any taxable income and no federal or state income tax returns have been filed. Federal and state taxing authorities could request an examination of the financial records of the Plan to ascertain if any such taxable income exists but no such examination has occurred or is pending.

NOTE 8 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya Retirement Insurance and Annuity Company, the custodian of the Plan and, therefore, those transactions qualify as party-in-interest. In addition, certain administrative fees that are paid by the plan sponsor also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction provision of ERISA and the Internal Revenue Code.

NOTE 9 – SUMMARY OF INFORMATION CERTIFIED BY ASSET CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the asset custodian has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment activity, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

- The schedule of assets (held at end of year) as of December 31, 2021.
- Notes receivable from participants as of December 31, 2021 and 2020.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

NOTE 10 – RECONCILIATION TO FEDERAL FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to the Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	\$ 11,370,162	\$ 10,803,381
Add / (Subtract)		
Employer contribution receivables adjustment	4,404	(12,988)
Employee contribution receivables adjustment	35	35
Notes receivable from participants adjustment	(13,197)	(8,759)
Adjustment to record investment contract at fair value	53,398	(214,485)
Net assets available for benefits per the Form 5500	<u>\$ 11,414,802</u>	<u>\$ 10,567,184</u>

The following is a reconciliation of the net change in net assets available for benefits per the financial statements for the year ended December 31, 2021 to the Form 5500:

Net change in net assets available for benefits per the financial statements	\$ 566,781
Add / (Subtract)	
Prior year fair value increase adjustment to investment contract	214,485
Current year fair value decrease adjustment to investment contract	53,398
Prior year net receivables adjustment	21,747
Current year employer contribution receivable adjustment	4,404
Current year notes receivable from participant adjustment	<u>(13,197)</u>
Net change in net assets available for benefits per the Form 5500	<u>\$ 847,618</u>

The above differences arose due to the accrual items for financial statement presentation, and investment contract being reported at fair value on the financial statements.

NOTE 11 – SUBSEQUENT EVENTS

As a result of current market conditions, the fair value of Plan investments has declined by approximately \$2,300,000 as of October 11, 2022.
