Independent Auditor's Report

Audit and Risk Management Committee
Oklahoma Blood Institute 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Oklahoma Blood Institute 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Oklahoma Blood Institute 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Oklahoma Blood Institute 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

General: The Plan is a defined contribution plan, which covers all eligible employees of the Oklahoma Blood Institute (the Employer) who have completed three months of service by the end of a 12-month period. Upon satisfying the eligibility requirements, an employee may become a participant in the Plan effective immediately. To be eligible for nonelective employer contributions, an employee must complete at least 1,000 hours of service and be employed as of the last day during the year ended.

Plan administration: The general administration of the Plan and the responsibility of carrying out the provisions of the Plan are placed on the Plan Administrator. The Plan Administrator has appointed a trustee to manage the trust fund. The trustee receives, invests and holds Plan assets and transfers amounts out of the trust fund for payment of benefits as determined by the provisions of the Plan. Fidelity Management Trust Company (Trustee) is the trustee for the Plan.

Contributions: Each year, participants may contribute up to the lesser of 60% of pretax annual compensation, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC), as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Employer may make discretionary nonelective contributions to be determined annually. The Employer made discretionary contributions of 4% of each participant's eligible compensation in 2021. Additionally, the Employer may make discretionary matching contributions based on a percentage of the eligible participant's (as defined by the Plan) pretax contributions. No such contributions were made in 2021. Contributions are subject to certain limitations.

Furthermore, the Plan allows the Employer to make additional discretionary nonelective employer contributions to specific pools of participants. The amount of the contribution for a specific pool, if any, is determined by the Employer each Plan year. The contributions for each pool shall be allocated to the accounts of the eligible active participants in the pool in the ratio that the compensation for each eligible active participant in the specific pool bears to the total compensation in the applicable pool for the Plan year. Each rate group will be tested to ensure that each rate group meets the safe harbor percentage under the nondiscriminatory classification test of Code Section 410(b). Additional nonelective Employer contributions of \$22,800 were made for the year ended December 31, 2021.

Participant accounts and investment options: Each participant's account is credited with the participant's contributions and the Employer's contribution, as well as allocations of any profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of both their and the Employer's contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a stable value collective investment trust as investment options for participants. Participants may redirect the investment of their future contributions or exchange their investment options subject to minimum exchange requirements as defined in the Plan at any time.

Note 1. Description of the Plan (Continued)

Vesting: Participants are immediately vested in their contributions and actual earnings or losses thereon. Participants vest in the Employer discretionary contributions and actual earnings or losses thereon at the rate of 25% at the beginning of their second year and 50% at the beginning of their third year of credited service. A participant is 100% vested after four years, or upon retirement, disability or death.

Notes receivable from participants: The Plan allows participants to borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are allowed to have one note outstanding for any new notes obtained through this Plan. Notes must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five-year period, unless it is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 10 years from the date of the note. The notes are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local market rates for similar loans. As of December 31, 2021, interest rates on outstanding loans ranged from 4.25% to 6.75%, and are due in various amounts through August 2031.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, reaches retirement age, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Forfeited accounts: Forfeitures are used to reduce future employer contributions or pay plan expenses. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$165,374 and \$67,094, respectively. During the year ended December 31, 2021, employer contributions were not reduced from forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently followed by the Plan in preparation of its financial statements is as follows:

Basis of presentation: The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 3 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Notes receivable from participants have been classified as an investment asset for Form 5500, *Annual Return/Report of Employee Benefit Plan*, reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain other expenses incurred in connection with the general administration of the Plan are paid by the Employer and are not recognized by the Plan. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Risks and uncertainties: The Plan invests in various types of investments. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of net assets available for benefits.

Subsequent events: Management has evaluated subsequent events through October 11, 2022, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The Plan utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3. Fair Value Measurements (Continued)

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: The collective investment trust is a stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce fair values that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 37,944,314	\$ -	\$ -	\$ 37,944,314
Collective investment trust *				4,671,393
				<u>\$ 42,615,707</u>

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 34,044,762	\$ -	\$ -	\$ 34,044,762
Collective investment trust *				3,946,880
				<u>\$ 37,991,642</u>

*In accordance with Accounting Standards Codification (ASC) 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statement of net assets available for benefits.

Oklahoma Blood Institute 401(k) Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

The following table sets forth additional disclosure of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2021 and 2020:

	December 31		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2021	2020			
Collective investment trust	\$ 4,671,393	\$ 3,946,880	\$ -	Daily	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Note 4. Information Certified and Provided by the Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information provided by Fidelity Management Trust Company, the trustee. The Plan Administrator has obtained certifications as of December 31, 2021 and 2020 from the trustee that information provided to the Plan Administrator by the trustee, related to the following assets, is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets as of December 31:

	December 31	
	2021	2020
Investments, at fair value:		
Mutual funds	\$ 37,944,314	\$ 34,044,762
Collective investment trust	4,671,393	3,946,880
Notes receivable from participants	994,791	1,051,042
	<u>\$ 43,610,498</u>	<u>\$ 39,042,684</u>

The trustee also certified to the completeness and accuracy of \$3,564,106 of net appreciation in fair value of investments, \$2,465,700 of interest and dividends on the aforementioned investments and \$51,366 of interest income on notes receivable from participants for the year ended December 31, 2021.

Note 5. Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investments, Inc., an affiliate of the Trustee. Fidelity Workplace Services LLC, an affiliate of the Trustee, is the record keeper as defined by the Plan. Investment transactions and fees associated with these transactions between the Plan and the Trustee, or affiliates thereof, qualify as party-in-interest transactions under ERISA. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Oklahoma Blood Institute 401(k) Plan

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer may elect to terminate the Plan at any time subject to the provisions of ERISA. The Plan will terminate automatically if the Employer is legally dissolved or is declared bankrupt. Participants will be given 90 days' notice if the Plan is terminated. In the event of Plan termination, participants become 100% vested in their accounts.

Note 7. Income Taxes

The Plan has adopted a nonstandardized preapproved profit sharing plan, which received a favorable notification letter from the Internal Revenue Service dated June 30, 2020, in which the Internal Revenue Service stated that the nonstandardized plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The favorable notification letter has been relied upon by this Plan. The Plan has been amended subsequent to the version covered by the nonstandardized plan receiving the favorable notification letter; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:
