INDEPENDENT AUDITOR'S REPORT

Board of Directors
Baldwin Wallace University Defined Contribution and Tax Deferred Savings
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of Baldwin Wallace University Defined Contribution and Tax Deferred Savings (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, TIAA-CREF, as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the Basis of Disclaimer of Opinion for the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents related to amounts withheld from current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions. Further, management has instructed us not to perform, and we did not perform, any auditing procedures with respect to investments or the investment activity included in the financial statements.

As further discussed in note 2 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis of Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2021 Financial Statements section of our report, it is inappropriate to, and we do not express an opinion on this supplemental schedule.

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CRF 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed them not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution, TIAA-CREF. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, the prior auditors were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

The Plan has excluded from the 2020 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the 2020 financial statements.

In their report dated October 14, 2020, they indicated that because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements.

NOTES TO FINANCIAL STATEMENTS

Baldwin Wallace University Defined Contribution and Tax Deferred Savings

1 Description of Plan

The following description of Baldwin Wallace University Defined Contribution and Tax Deferred Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan became effective September 1, 1937 and is a defined-contribution plan sponsored by Baldwin Wallace University (Plan Sponsor or University). The Plan covers substantially all employees of the University. There are no service or age requirements of employees to participate in the Plan.

Participants are eligible for employer contributions after attaining age 21 and completing one year of service with the University. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by certain members in the Plan Sponsor's Finance and Human Resources Departments (Plan Administrator). TIAA-CREF Individual & Institutional and Services, Inc. (TIAA-CREF) is the Trustee of the Plan.

Contributions:

Each year participants may defer and contribute up to 100% of pretax annual compensation as defined in the Plan, up to the maximum allowed under the Internal Revenue Code (IRC).

Participants contributing at least 3% of eligible compensation receive an employer match from the Plan Sponsor from 3% to 7% of eligible compensation.

Participant Rollovers:

The Plan permits rollover contributions, which represent distributions from another qualified retirement plan or 457(b) nonqualified tax-deferred compensation plan of a former employer. The Plan may accept rollover contributions at the direction of the Plan Sponsor. Rollover contributions can be contributed from i) a trust under a qualified plan described in IRC Sections 401(a) or 403(a), ii) an annuity contract described in Section 403(b) of the IRC, iii) an eligible deferred compensation plan described IRC Section 457(b) that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of the state, or iv) an individual retirement account described in Section 408(d)(3)(A)(ii) of the IRC.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code as defined in the Plan agreement.

1 Description of Plan, Continued

Participants' Accounts:

Each participant's account is credited with the participant's and employer's contributions, investment earnings, and appreciation or depreciation in the fair value of assets. The investment balances are participant directed. Participants may change their investment options at any time. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon termination of service, a participant will be entitled to receive the vested portion of his or her account.

Vesting:

Participants are immediately 100% vested in their voluntary and matching contributions plus actual earnings thereon.

Payment of Benefits:

Benefits are recorded when paid. Plan management elected certain relief provisions of the Coronavirus Aid, Relief, and Economic Security Act, (the "CARES Act") including Coronavirus related distributions up to \$100,000 and suspension of minimum required distributions for 2020.

Participant Loans:

Loans are available to participants through TIAA CREF, subject to certain limitations. Plan loans are issued directly from funds owned by TIAA CREF and loan proceeds are not removed from a participant's account balance. These loans are between the participants and TIAA CREF and are therefore not included in the Statement of Net Assets Available for Benefits. However, a portion of the participant's TIAA Traditional Annuity account balance is reserved, or held in collateral, to cover the outstanding loan amount for the period of time the loan is outstanding. See Note 6 for discussion of TIAA Traditional Annuity. For active loans, investments equal to the outstanding loan amounts are reflected in the Statement of Net Assets Available for Benefits and serve as collateral for the loan. Investments underlying defaulted loan balances are reflected in the Statement of Net Assets Available for Benefits until a distribution event occurs.

Participants may borrow a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000, reduced for participants with prior loans by the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date the loan is made, or 50% of their vested pretax and rollover account balance. Loans must be repaid within five years with the exception of loans used to acquire any dwelling unit which, within a reasonable time, is used as the principal residence of the participant, the specified repayment period may be longer than five years or such other period as may be specified by TIAA CREF. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4.25% to 6.00%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are repaid in equal installments over the term of the loan, with payments occurring at least quarterly. The loans mature at various dates through November, 2026.

1 Description of Plan, Continued

Other Plan Provisions:

Normal retirement age is 65, however, a participant may elect early retirement on or after age 55. The Plan also provides for early payment of benefits after reaching age 59-1/2.

Expenses:

Administrative expenses related to investment management are allocated among various funds and are included as an offset to net appreciation in fair value of investments. Other administrative expenses of the Plan are paid by the Plan Sponsor.

Investment Options:

Participants may direct their account balance into investment options offered under the Plan in any increment. Investment options are shares in registered investment company funds, pooled and separate accounts, and annuity contracts held and managed by the Trustee. Participants may change their investment elections and make transfers between investment options as frequently as permitted under the individual agreements.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

The Plan was established in 1937 and historically was viewed as an amalgamation of individual annuity and custodial accounts and the Plan and its Trustee did not maintain financial information at a plan level. As of December 31, 2008, the Plan's Trustee began to provide the Plan Administrator with annual certified statements summarizing the Plan's activities and holdings. Because of the lack of historical records, the amounts of any excluded annuity and custodial accounts and the related income and distributions that may have been excluded prior to January 1, 2009, are not determinable.

Use of Estimates:

The preparation of financial statements, in conformity with U.S. generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

Under the terms of a trust agreement between the Trustee and the Plan, the Trustee maintains a trust fund on behalf of the Plan. The participant accounts are credited with actual earnings on the underlying investments and charged for plan withdrawals.

NOTES TO FINANCIAL STATEMENTS

Baldwin Wallace University Defined Contribution and Tax Deferred Savings

2 Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition, continued:

Investments of the Plan, excluding fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for a discussion of fair value measurements.

Investment contracts held by a defined-contribution plan that are not fully benefit-responsive are required to be reported at fair value. Investment contracts that are fully benefit-responsive are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Certain TIAA Traditional Annuity contract types, including the Supplemental Retirement Annuities (SRA) and the Group Supplemental Retirement Annuities (GSRA), are considered fully benefit-responsive, and are recorded at contract value, additionally, fair value approximates contract value for the years ended December 31, 2021, and 2020. See note 5 for further discussion of the TIAA Traditional Annuity.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Subsequent Events:

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 12, 2022, which is the date the financial statements were available to be issued.

4 Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities. Level 1 yields the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities. A quoted price in an active market provides the most reliable evidence of fair value and shall be used to measure fair value whenever available.

Level 2 – Observable inputs other than quoted prices in Level 1. Inputs such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar liabilities that are not active, or other inputs that are observable or can be corroborated by observable inputs.

Level 3 – Unobservable inputs that are significant to the valuation of assets or liabilities and are supported by little or no market data. This includes discounted cash flow methodologies, pricing models, and similar techniques that use significant unobservable inputs.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to plan management's perceived risk of that investment.

Baldwin Wallace University Defined Contribution and Tax Deferred Savings

4 Fair Value Measurements, Continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

- The fair values of TIAA-CREF investment accounts are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).
- The fair values of accumulation units held by the Plan in CREF accounts (registered investment companies) are based on each account's daily Net Asset Value (NAV), which is considered by Plan management to be the best approximation of fair value. CREF accounts are not exchange traded and are classified within Level 1 of the fair value hierarchy. Data for NAVs are available daily to plan administrators and participants on TIAA-CREF's website and provides corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.
- The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV, which is considered by plan management to be the best approximation of fair value. This investment is classified within Level 1 of the fair value hierarchy. The unit value of the fund is calculated daily and available to plan administrators and participants on TIAA-CREF's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in this account.
- Investments in TIAA Traditional Annuity contracts which are non-benefit-responsive investment contracts are recorded at fair value. As these investments are contract based, observable prices for identical or similar investments do not exist, and accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Additionally, the discretionary rate applied to the contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of prior reporting period. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with TIAA Traditional Annuity's historical crediting rates. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract. See also note 6 for discussion of the TIAA Traditional Annuity.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

5 TIAA Traditional Annuity

The TIAA Traditional Annuity is a fixed-rate guaranteed annuity contract offered by TIAA, an insurance company. Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the participant. The guarantees and returns of the TIAA Traditional Annuity are backed by TIAA's claims-paying ability. TIAA Traditional Annuity is offered through a variety of contract types – Supplemental Retirement Annuity (SRA), Group Supplemental Retirement Annuity (GSRA), and Retirement Annuity (RA). TIAA Traditional Annuity holdings within liquid contracts (SRA and GSRA) are fully benefit responsive. TIAA Traditional Annuity holdings within illiquid contracts (RA) are non-benefit-responsive and are therefore accounted at fair value.

The type of contract determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the custodial account to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events would limit the Plan's ability to transact at contract value with participants are probable of occurring.

TIAA Traditional Annuity crediting interest rate are guaranteed generally at 3%. The crediting interest rate at 2020 was 3%.

6 Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code of 1986, as amended (IRC). The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the code to maintain the tax-exempt status for plan participants under Section 403(b). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and as such is exempt from federal income taxes.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

7 Party in Interest Transactions

Certain plan investments and shares of mutual funds are managed by the Trustee of the Plan. Therefore, transactions in these mutual funds qualify as party-in-interest transactions. The amount of investment management fee in these funds was \$721,653 and \$710,352 for the years ended December 31, 2021 and 2020, and is included in the net appreciation in fair value of investments within the Statement of Changes in Net Assets Available for Benefits. The Plan has arrangements with various service providers and these arrangements qualify as party in interest transactions.
