INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Heat and Frost Insulators and
Allied Workers Local 32 - Annuity Plan
Hopatcong, New Jersey

Opinion

We have audited the financial statements the Heat and Frost Insulators and Allied Workers Local 32 Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Heat and Frost Insulators and Allied Workers Local 32 Annuity Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Heat and Frost Insulators and Allied Workers Local 32 Annuity Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Heat and Frost Insulators and Allied Workers Local 32 Annuity Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**HEAT AND FROST INSULATORS AND ALLIED WORKERS LOCAL 32 -
ANNUITY PLAN**

Notes to Financial Statements

(1) Description of the Plan

The following description of the Heat and Frost Insulators and Allied Workers ("HFIAW") Local 32 ("Local 32") - Annuity Plan (the "Plan") provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General - The Plan is a multiemployer collectively bargained defined contribution retirement plan covering substantially all members of Local 32. The Plan operates as a trust to provide retirement and other benefits to all eligible participants, and is administered by a board of trustees comprised of union and employer trustees. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions - Participating employers are required to contribute an amount to the Plan as set forth under a collective bargaining agreement between Local 32 and individual employers. The hourly contribution rates in effect for all classes of participants (Apprentices, Journeyman, Foreman, and General Foreman) for 2021 and 2020 ranged from \$3.47 to \$8.39.

Vesting - Participants are always 100% vested in their annuity accounts.

Payment of Benefits - Upon retirement, disability or termination of service, as defined, a participant, or his named beneficiary in the event of death, may elect to receive either a lump-sum amount equal to the value of his or her account, or monthly installments over a 3, 5 or 10 year period. Benefits are recorded when paid.

Notes Receivable from Participants - Participants may borrow from their individual accounts up to a maximum of 50% of their account balance at the date of application, not to exceed \$50,000, for a term of five years (ten years for the purchase of a home). The loans are secured by the balance in the participant's account and bear interest at 4.25% to 6.50% as determined by the Board of Trustees.

Participant Accounts - The Plan provides for the creation of an individual account, on behalf of each participant, to which all employers' contributions are credited. Each participant may select their investments from the various options offered. Investment earnings and losses are credited to each account daily. Plan expenses are charged periodically to each participant account.

Plan Amendment - Effective April 5, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective April 21, 2020, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

(2) Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

**HEAT AND FROST INSULATORS AND ALLIED WORKERS LOCAL 32 -
ANNUITY PLAN**

Notes to Financial Statements

(2) Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Certain investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully benefit-responsive contracts held by the Plan are recorded at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investment bought and sold as well as held during the year.

Employers' Contributions Receivable - The Plan's policy is to recognize contributions based on the latest executed collective bargaining agreement on an individual employer basis. Contributions from participating employers are based on monthly payroll for covered employees and are payable to the Plan during the subsequent month. Contributions due but not paid prior to year-end are recorded as contributions receivable. The Plan evaluates participating employers' contributions receivable periodically for potential uncollectible amounts based on the likelihood of collection. As of December 31, 2021 and 2020, the Plan did not record any allowance for employers' contributions receivable.

The Board of Trustees has established a program to review participating employer records in order to determine compliance with contribution provisions of the collective bargaining agreement. As a result of this program, previously unreported contributions are identified related to current and prior fiscal years. However, due to the collection efforts required by the Plan, including litigation, the ultimate realization of any additional contribution receivable cannot be reasonably estimated until the collection process is completed. Accordingly, the Plan primarily recognizes these previously unreported contributions in the fiscal year in which the settlement proceeds are received.

Notes Receivable from Participants - Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Administrative Expenses - Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. The Plan shares certain administrative expenses with related ERISA plans. In computing these allocated costs, various factors were considered, including the time spent, space used, costs incurred, and volume of transactions relating to the Plan in relation to the other plan. Certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events - The Plan has evaluated subsequent events through October 5, 2022, the date the financial statements were available to be issued.

ANNUITY PLAN**

Notes to Financial Statements

(3) Investments

During the years ended December 31, 2021 and 2020, the Plan's investments (including investments bought, sold and held during the years) appreciated in fair value by \$1,183,179 and \$1,284,325, respectively.

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1-Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2-Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3-Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 as compared to 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ANNUITY PLAN**

Notes to Financial Statements

(4) Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	<u>Assets at Fair Value as of December 31, 2021</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Mutual Funds	<u>\$ 47,419,406</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 47,419,406</u>
	<u>Assets at Fair Value as of December 31, 2020</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Mutual Funds	<u>\$ 43,697,374</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 43,697,374</u>

Changes in Fair Value Levels - The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no significant transfers in or out of levels 1, 2, or 3.

(5) Guaranteed Investment Contract with New York Life Insurance Company

The Plan has a fully benefit-responsive guaranteed investment contract with New York Life Insurance Company (NYLIC). NYLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0 percent. For the year ended December 31, 2021, the gross crediting rate is 2.26% and the net crediting rate is 1.61%. For the year ended December 31, 2020, the gross crediting rate is 2.60% and the net crediting rate is 1.95%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance Company to terminate the agreement prior to the scheduled maturity date.

(6) Revenue Sharing Income

The Plan has an agreement with John Hancock Retirement Plan Services ("John Hancock") for recordkeeping services and administration. The agreement calls for an annual fee of \$95 per participant paid to the Plan quarterly. In addition, John Hancock receives revenue from certain share classes of mutual funds that pay fees such as 12b-1 or sub transfer agency fees and John Hancock transfers this revenue to the Plan which is used to subsidize recordkeeping and administrative fees. During the years ended December 31, 2021 and 2020, the Plan received \$161,861 and \$149,006, respectively.

(7) Transactions with Related Parties

The HFIAW Local 32 Fringe Collection Account (the "Fringe Account") collects employer contributions on behalf of all HFIAW Local 32 Funds and distributes these contributions to each Plan. Amounts due from the Fringe Account represent contributions not yet distributed as of the end of the Plan year. The Plan is reimbursed by the related benefit funds for their proportionate share of bank fees which amounted to \$17,934 and \$12,420 for the years ended December 31, 2021 and 2020, respectively.

Amounts due from related parties are summarized as follows:

	<u>December 31,</u> <u>2 0 2 1</u>	<u>2 0 2 0</u>
Fringe Account	\$ 36,676	\$ 104,962
Welfare Fund	19,749	16,384
Pension Fund	<u>10,179</u>	<u>8,444</u>
<u>Totals</u>	<u>\$ 66,604</u>	<u>\$ 129,790</u>

During the year ended December 31, 2021 and 2020, participants with an account balance were assessed an annual fee of \$120 and \$100, totaling approximately \$41,500 and \$49,900, respectively, to subsidize recordkeeping and administrative fees.

(8) Tax Status

The Plan obtained its latest determination letter on February 5, 2013, in which the IRS states that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Plan Termination

Although they have not expressed any intent to do so, the trustees have the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, each participant shall have a nonforfeitable right to an amount equal to the value of his annuity account at the time of distribution, less his share of the income and administrative expenses since the last valuation date.

(10) Reciprocity Agreements

The Plan has entered into reciprocity agreements with certain annuity funds administered by various local unions. In accordance with these agreements, the Plan is required to remit funds received and is entitled to receive funds from participating employers on behalf of temporary employees to and from the employees' participating local unions.

For the years ended December 31, 2021 and 2020, the Plan remitted reciprocal payments of \$53,493 and \$62,221, respectively, and received reciprocal payments of \$-0- and \$7,741, respectively in accordance with these agreements with the participating local unions. Reciprocal payments received are included in the employer's contributions in the statement of changes in net assets available for benefits. No allowance for credit losses as of December 31, 2021 or 2020, was necessary for reciprocal payments due to the Plan. Payments made to other plans for reciprocal contributions collected on behalf of those plans are recorded as a contributions payable account and are not included in the statement of changes in net assets available for benefits as they do not represent an expense of the Plan.

(11) Commitments

In January 2021, the Plan renewed there contract with Basil Castrovinci Associates Inc. for monthly administrative services. The Plan entered into a three year contract through December 2023. Total administrative fees under this contract was \$ 50,056 and \$53,017 for the years ended December 31, 2021 and 2020, respectively.

Future minimum payments under the new two year contract are as follows for the years ending December 31:

2022	\$ 49,826
2023	<u>51,321</u>
<u>Total</u>	<u>\$ 101,147</u>

(12) Risks and Uncertainties

Investment Risk - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Economic Risk - The operations of the Plan could be materially adversely affected due to the ongoing coronavirus (COVID-19) pandemic which has resulted in significant economic uncertainty and volatility in financial markets. The extent to which the coronavirus may impact the activity of the Plan will depend on future developments, which are uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.
