Independent Auditor's Report

To the Plan Administrator
Trident Maritime Systems Retirement Savings Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Trident Maritime Systems Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i-Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

1. Plan Description

The following description of the Trident Maritime Systems Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan Sponsor is Trident Maritime Systems, LLC. The Plan became effective January 5, 2004 and is a defined contribution plan that covers substantially all employees of Trident Maritime Systems, Inc. (the Company) who have attained the age of 18 and have completed 30 days of service. Employees are eligible to participate on the first day of the month after meeting the eligibility requirements. Effective February 1, 2022, the Plan was amended to permit eligible employees to participate in the Plan on the first day of the month after hire, eliminating the 30-day service requirement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 90 percent of their pre-tax or post-tax compensation for the portion of the plan year in which they are eligible to make salary deferrals. Total deferrals are subject to the maximum amount each year determined by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participant contributions are recorded in the period during which payroll deductions from the plan participants' earnings are made. The Plan provides for automatic 3 percent deferrals, whereby each participant is automatically enrolled in the Plan beginning in the first month after reaching 30 days of employment. In the event that a participant does not elect an investment allocation upon enrollment, the participant's account is automatically deferred to the Fidelity retirement option that is closest to their retirement date.

The Plan provides for a matching contribution, equal to a discretionary percentage of the participant's percentage of salary deferrals, which is determined each year. The discretionary matching contribution was 50 percent of the first 6 percent of compensation deferred for the year ended December 31, 2021. The Plan also permits discretionary profit sharing contributions. There were no discretionary profit sharing contributions for the year ended December 31, 2021.

Participants may direct their contributions and employer contributions to the investment options offered by the Plan.

Participant rollovers represent nonforfeitable contributions from other qualified plans, including loans.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Participant Accounts

Each participant account is credited with the participant's contribution and an allocation of the employer's contribution and plan earnings. Participants are responsible for directing the investment of their own deferrals as well as employer contributions and investment earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Participant accounts are charged with an allocation of the administrative expenses that are paid by the Plan based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. Vesting of employer contributions and earnings thereon is determined by years of service from hire date according to the following schedule:

<i>Completed Years of Service</i>	<i>Vesting Percentage</i>
Less than 2 years	0%
2 but less than 3	50%
3 or more	100%

A year of service is defined as a plan year in which the participant is credited with at least 1,000 hours of service. Employees who are terminated by the Company due to death or disability become immediately vested in employer contributions.

Forfeitures

Forfeitures represent the portion of non-vested benefit payments remaining in the Plan for all current year terminated employees. Forfeiture balances serve to reduce administrative fees and employer contributions and are re-allocated on the earlier of the distribution date of the employee's entire vested account balance or at the end of the fifth year in which a participant reaches their fifth consecutive one-year break-in-service. Forfeitures of \$14,000 were used to offset employer contributions during the year ended December 31, 2021. Forfeited non-vested accounts totaled approximately \$25,000 at December 31, 2021 and \$22,000 at December 31, 2020.

Notes Receivable From Participants

Participants may borrow from their fund accounts a maximum of the lesser of 50 percent of their account balance or \$50,000 from their account. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of prime plus 1 percent at the time of inception. Principal and interest are paid through payroll deductions over the term of the loan.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or a single sum payment of a portion of the participant's account balance. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If a participant with an account balance of less than \$1,000 has a break-in-service, the participant is paid the full value of his or her account as soon as practical in a lump sum.

A participant may request a withdrawal from his or her account balance based upon financial hardship or at age 59½, as defined by IRC regulations.

Plan Termination

Although the Company has not expressed any intent to do so, it reserves the right to amend, modify, suspend, or terminate the Plan subject to the provisions in the plan document and ERISA. In the event the Plan terminates, no further contributions will be made to the Plan and all amounts credited to the participants' accounts will become 100% vested.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). Plan management determines the valuation policies utilizing information provided by Fidelity Management Trust Company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Fees and Expenses

Certain administrative expenses are paid by the Company or the Plan, as provided by the plan document.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair values of investments.

Benefit Payments

Benefits are recorded when paid.

Consideration of Subsequent Events

The plan sponsor evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 12, 2022, the day the financial statements were approved and authorized for issue.

3. Investments

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements (Continued)

3. Investments (Continued)

The three levels of inputs that may be used to measure fair value are as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds and self-directed accounts are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the fair value hierarchy.

The Plan invests in the Managed Income Portfolio II fund (the Fund), a common collective trust, which is a public investment vehicle that seeks to preserve capital and to provide income over time. Common collective trusts are public investment vehicles valued using the NAV provided by the trustee on the last day of the Plan's year end. NAV is based on the value of the underlying assets owned by the trust, primarily corporate bonds, U.S. & foreign government agency, mortgage securities and money market funds, minus its liabilities, and then divided by the number of shares outstanding. The Plan's participants may exchange units in the Fund on a daily basis with minimal restrictions. The Plan is required to provide one-year redemption notice to liquidate its entire share in the Fund. There are no unfunded commitments related to this investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements (Continued)

3. Investments (Continued)

The following tables set forth the fair value of the Plan's assets measured on a recurring basis, by level:

<i>December 31, 2021</i>	Level 1	Total
Mutual funds	\$ 46,934,895	\$ 46,934,895
Common collective trust*	-	2,983,056
Investments at Fair Value	\$ 46,934,895	\$ 49,917,951

<i>December 31, 2020</i>	Level 1	Total
Mutual funds	\$ 38,447,388	\$ 38,447,388
Common collective trust*	-	3,767,806
Investments at Fair Value	\$ 38,447,388	\$ 42,215,194

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements (Continued)

5. Related Party Transactions and Party-in-interest Transactions

Certain plan investments are managed by the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan paid certain administrative fees for trustee, custodian and recordkeeping services. Fees paid by the Plan for these services were not significant for the year ended December 31, 2021. These transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under Section 408(b) of ERISA regulations.

The Plan has notes receivable from participants subject to specific guidelines as defined in the plan document (Note 1). Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions, because they are covered by the statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

6. Income Tax Status

The Plan operates under a prototype document. The Plan obtained its latest prototype determination letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the form of the prototype document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC) and, therefore, is exempt from federal income taxes. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Independent Auditor's Report

To the Plan Administrator
Trident Maritime Systems Retirement Savings Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2020 Financial Statements

We have performed an audit of the financial statements of the Trident Maritime Systems Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental schedule of Schedule H, line 4i-Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 9, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and, accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

1. Plan Description

The following description of the Trident Maritime Systems Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan Sponsor is Trident Maritime Systems, LLC. The Plan became effective January 5, 2004 and is a defined contribution plan that covers substantially all employees of US Joiner LLC, Turnbull LLC, Robichaux Automation and Control, Inc., IMECO, Inc., and Callengerg, Inc. (collectively referred to as the "Company") who have attained the age of 18 and have completed thirty days of service. Employees are eligible to participate on the first day of the month after meeting the eligibility requirements.

Effective January 1, 2018, the employees of Callenberg Inc., a wholly-owned subsidiary of the Plan Sponsor, Trident Maritime Systems, LLC, were eligible to participate in the Plan. The plan service eligibility requirements were waived for all Callenberg Inc. employees. Additionally, Callenberg Inc. employees who entered the Plan were 100 percent vested in employer contributions.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 90 percent of their pre-tax or post-tax compensation for the portion of the plan year in which they are eligible to make salary deferrals. Total deferrals are subject to the maximum amount each year determined by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participant contributions are recorded in the period during which payroll deductions from the plan participants' earnings are made. The Plan provides for automatic 3 percent deferrals, whereby each participant is automatically enrolled in the Plan beginning in the first month after reaching 30 days of employment. In the event that a participant does not elect an investment allocation upon enrollment, the participant's account is automatically deferred to the Fidelity retirement option that is closest to their retirement date.

The Plan provides for a matching contribution, equal to a discretionary percentage of the participant's percentage of salary deferrals, which is determined each year. The discretionary matching contribution was 50 percent of the first 6 percent of compensation deferred for the year ended December 31, 2020. The Plan also permits discretionary profit sharing contributions. There were no discretionary profit sharing contributions for the year ended December 31, 2020.

Participants may direct their contributions and employer contributions to the investment options offered by the Plan.

Participant rollovers represent nonforfeitable contributions from other qualified plans, including loans.

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Participant Accounts

Each participant account is credited with the participant's contribution and an allocation of the employer's contribution and plan earnings. Participants are responsible for directing the investment of their own deferrals as well as employer contributions and investment earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Participant accounts are charged with an allocation of the administrative expenses that are paid by the Plan based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. Vesting of employer contributions and earnings thereon is determined by years of service from hire date according to the following schedule:

<i>Completed Years of Service</i>	<i>Vesting Percentage</i>
Less than 2 years	0%
2 but less than 3	50%
3 or more	100%

A year of service is defined as a plan year in which the participant is credited with at least 1,000 hours of service. Employees who are terminated by the Company due to death or disability become immediately vested in employer contributions.

Forfeitures

Forfeitures represent the portion of non-vested benefit payments remaining in the Plan for all current year terminated employees. Forfeiture balances serve to reduce administrative fees and employer contributions and are reallocated on the earlier of the distribution date of the employee's entire vested account balance or at the end of the fifth year in which a participant reaches their fifth consecutive one-year break-in-service. Forfeitures of \$87,000 were used to offset employer contributions during the year ended December 31, 2020. Forfeited non-vested accounts totaled approximately \$22,000 at December 31, 2020 and \$52,000 at December 31, 2019.

Notes Receivable From Participants

Participants may borrow from their fund accounts a maximum of the lesser of 50 percent of their account balance or \$50,000 from their account. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of prime plus 1 percent at the time of inception. Interest rates on outstanding loans ranged from 4.25 percent to 6.50 percent at December 31, 2020 and 2019, maturing through 2032. Principal and interest are paid through payroll deductions.

Trident Maritime Systems Retirement Savings Plan

1. Plan Description (Continued)

Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or a single sum payment of a portion of the participant's account balance. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If a participant with an account balance of less than \$1,000 has a break-in-service, the participant is paid the full value of his or her account as soon as practical in a lump sum.

A participant may request a withdrawal from his or her account balance based upon financial hardship or at age 59½, as defined by IRC regulations.

Plan Termination

Although the Company has not expressed any intent to do so, it reserves the right to amend, modify, suspend, or terminate the Plan subject to the provisions in the plan document and ERISA. In the event the Plan terminates, no further contributions will be made to the Plan and all amounts credited to the participants' accounts will become 100% vested.

CARES Act

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has implemented the following provisions:

- Loan payment deferment
- CARES Act distribution elections
- Waiver of 2020 minimum required distributions

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments (except for the fully benefit-responsive investment contract) are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). Plan management determines the valuation policies utilizing information provided by Fidelity Management Trust Company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

COVID-19 Pandemic

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Fees and Expenses

Certain administrative expenses are paid by the Company or the Plan, as provided by the plan document.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair values of investments.

Benefit Payments

Benefits are recorded when paid.

Consideration of Subsequent Events

The plan sponsor evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through September 29, 2021, the day the financial statements were approved and authorized for issue.

3. Investments

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

The three levels of inputs that may be used to measure fair value are as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds and self-directed accounts are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the fair value hierarchy.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements (Continued)

3. Investments (Continued)

The Plan invests in the Managed Income Portfolio II fund (the Fund), a common collective trust, which is a public investment vehicle that seeks to preserve capital and to provide income over time. Common collective trusts are public investment vehicles valued using the NAV provided by the trustee on the last day of the Plan's year end. NAV is based on the value of the underlying assets owned by the trust, primarily corporate bonds, U.S. & foreign government agency, mortgage securities and money market funds, minus its liabilities, and then divided by the number of shares outstanding. The Plan's participants may exchange units in the Fund on a daily basis with minimal restrictions. The Plan is required to provide one-year redemption notice to liquidate its entire share in the Fund. There are no unfunded commitments related to this investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the fair value of the Plan's assets measured on a recurring basis, by level:

<i>December 31, 2020</i>	Level 1	Total
Mutual funds	\$ 38,447,388	\$ 38,447,388
Common collective trust*	-	3,767,806
Investments at Fair Value	\$ 38,447,388	\$ 42,215,194

<i>December 31, 2019</i>	Level 1	Total
Mutual funds	\$ 34,127,675	\$ 34,127,675
Common collective trust*	-	209,616
Investments at Fair Value	\$ 34,127,675	\$ 34,337,291

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Fully Benefit-Responsive Investment Contract

The Plan invested in the Great West Key Guaranteed Portfolio Fund (the Fund), which is a traditional fully benefit-responsive investment contract (the Contract). Traditional fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at contract value. Under the Contract, the fixed account value on any date during the accumulation period will be the value of the participant's interest in the fixed account.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements (Continued)

4. Fully Benefit-Responsive Investment Contract (Continued)

The fixed account value is calculated as follows:

- a. All contributions made by or on behalf of the participant that are allocated to a fixed account option; plus
- b. All interest credited to the fixed account on an annual effective basis pursuant to the guaranteed interest rate applicable to the fixed account selected on behalf of the participant; less
- c. Any amounts transferred or distributed from the fixed account; less
- d. Any applicable charges described in the group annuity contract schedule of terms and fees.

The Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the Contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The average yield earned by the Plan for the benefit-responsive fund can be derived by averaging the quarterly gross interest rates for the Fund over the year.

The Plan liquidated the Fund in 2020.

5. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2020, as shown on the ERISA-required supplemental schedule.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements (Continued)

6. Related Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan paid certain administrative fees for trustee, custodian and recordkeeping services. Fees paid by the Plan for these services were not significant for the year ended December 31, 2020. These transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under Section 408(b) of ERISA regulations.

The Plan has notes receivable from participants subject to specific guidelines as defined in the plan document (Note 1). Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions, because they are covered by the statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

7. Income Tax Status

The Plan operates under a prototype document. The Plan obtained its latest prototype determination letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the form of the prototype document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC) and, therefore, is exempt from federal income taxes. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
