Datasite Global Corporation 401(k) Incentive Savings Plan
Minneapolis, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Datasite Global Corporation 401(k) Incentive Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section -

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule (see accompanying table of contents), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 17, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DATASITE GLOBAL CORPORATION 401(K) INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Plan Description –

The following description is provided for information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Datasite Global Corporation 401(k) Incentive Savings Plan (Plan) is a defined contribution plan adopted by Datasite LLC (the Company), a wholly-owned subsidiary of Datasite Global Corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). The Company is the administrator of the Plan and is responsible for the oversight of the Plan. The investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the administrator of the Plan.

Plan Amendments

In 2020, the Plan implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which allow certain eligible individuals to receive coronavirus-related distributions of up to \$100,000, allow loan repayments to be deferred up to one year and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service (IRS) guidance.

In 2021, the Plan was amended to increase the auto enrollment to 5% and increase the maximum auto-escalation to 10%.

Eligibility

Full-time and part-time regular status employees of the Company are eligible to participate in the Plan and receive employer contributions after completing one hour of service. Temporary employees are eligible to participate in the Plan and are eligible for employer contributions on February 1 or August 1 after the completion of one year and 1,000 hours of service and attaining the age of 21.

Contributions

Employee-Participants may contribute from 1% to 25% of their eligible pre-tax earnings. Participants who are 50 years of age or older may contribute an additional 1% to 75% of eligible earnings. Participants may change their elected contributions at any time. Such changes go into effect as soon as administratively possible, which is typically the next payroll period. Participant contributions cannot exceed the amount allowable under Section 415 of the Internal Revenue Code ("Code"). The Plan also allows for direct rollover contributions from former employers' qualified plans. Participants may also make after-tax Roth 401(k) deferral contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a Target Date fund until changed by the participant. The Plan was amended in 2021, with an effective date of September 1, 2021 to increase the automatic enrollment to 5%.

(continued)

DATASITE GLOBAL CORPORATION 401(K) INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Plan Description – (continued)

Contributions (continued)

Participants whose 401(k) deferrals are less than 4% of their compensation, and were hired after May 1, 2019 will automatically have their deferrals increased 1% annually until their deferrals equal 4% of their compensation. Participants may elect not to have their deferral increase automatically. The Plan was amended, effective September 1, 2021 to increase the automatic deferral increase maximum rate from 4% to 10%.

Employer Safe-Harbor Matching—The Plan adopted the safe-harbor provisions of section 401(k)(12) of the Code. Under these provisions, the Company will make matching contributions equal to 100% of employee deferrals up to three percent of eligible earnings plus 50% of employee deferrals from three percent to five percent of eligible earnings. Participants are 100% vested in Company safe-harbor matching contributions.

Funding and Reporting—Employee contributions are recorded in the period in which the Company withholds the contributions from employee wages. Employer safe-harbor matching contributions are accrued based on employee contributions. Employer discretionary contributions are accrued based on employee eligible compensation. Employee contributions and employer safe-harbor matching contributions are funded each pay period (bi-weekly). Employer discretionary contributions are paid to the trustee on such date or dates during or following the Plan year as the Company may elect, but in no case more than 12 months after the end of the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's contributions, as well as allocations of plan earnings. Discretionary contributions are allocated in the same proportion that each participant's eligible compensation bears to the total eligible compensation of all participants. Participant accounts are charged with plan losses and an allocation of administrative expenses that are paid by the Plan. Plan earnings and losses are allocated based on account balances or specific participant transactions, as defined. The participant is entitled to their vested account.

Participants direct the investments in their accounts into a core group of investments offered by the Plan or through self-directed brokerage accounts.

Vesting

Participants are vested immediately in their contributions and employer safe-harbor matching contributions plus actual earnings thereon. A participant or a participant's beneficiary is 100% vested in the Company contribution portion of their account in the event of normal retirement, permanent disability or death.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years for personal loans and up to 10 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a fixed rate of 1.00% over the prime rate at the date of loan origination. The prime rate was 3.25% at December 31, 2021 and 2020. Interest rates on outstanding loans range from 4.25% to 7.50% and are due at various dates through August 2031. Principal and interest are paid ratably through payroll deductions.

(continued)

DATASITE GLOBAL CORPORATION 401(K) INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Plan Description – (continued)

Notes Receivable from Participants (continued)

Pursuant to the CARES Act, as implemented by the Plan, Plan participants could elect to defer loan repayments that occurred between April 21, 2020 and December 31, 2020 for up to one year. The ability to request to defer loan repayments available under the CARES Act ceased as of December 31, 2020.

Normal Retirement

Normal retirement age is 65; actual payment of benefits may generally not begin until the participant is entitled to a distribution under terms of the plan.

Payment of Benefits

Participants may withdraw their vested accumulated account balance from the Plan only in certain circumstances, such as termination of employment, retirement, permanent disability or financial hardship. Benefits are distributed to participants through lump-sum or installment payments pursuant to the Plan document. In the event of the death of a participant, the participant's account balance will transfer to the participant's beneficiary. Upon termination of employment, the participant's eligible vested account balance may remain in the Plan if the balance is over \$5,000. If the vested balance is \$5,000 or less, the account balance will be automatically distributed to the participant. Pursuant to the SECURE Act enacted, effective operationally April 5, 2020, the age at which required minimum distributions must begin was increased from 70 ½ to 72.

Forfeited Accounts

Forfeited accounts remain in Plan suspense accounts, and are used during the Plan year and following Plan years to reduce employer contributions and pay certain Plan expenses. The Company used approximately \$5,000 of forfeitures to reduce employer contributions for the year ended December 31, 2021. There were no forfeited nonvested accounts at December 31, 2021 or 2020.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies –

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with generally accepted accounting principles (GAAP) in the United States of America requires management to make estimates and assumptions that may affect certain reported amounts and disclosures in the financial statements and accompanying notes. Actual results could differ from those estimates.

(continued)

DATASITE GLOBAL CORPORATION 401(K) INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies – (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees/custodians and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments are recorded on a trade-date basis, and unrealized gains and losses are recorded based on the fair value as of the end of the Plan year or period. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year or period.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants before April 15, 2022.

Payment of Benefits

Benefits paid to participants are recorded when paid. There were no benefits requested before period-end that were not paid.

Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in the net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Plan participants are charged a quarterly flat fee of \$23.

DATASITE GLOBAL CORPORATION 401(K) INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

3. Certified Investments –

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2021 and 2020, and investment income, including interest on notes receivable from participants, for the year ended to December 31, 2021 that is disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee/custodian of the Plan. Fidelity Management Trust Company and affiliates are collectively referred to as (Fidelity).

4. Fair Value Measurements –

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(continued)

DATASITE GLOBAL CORPORATION 401(K) INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

4. Fair Value Measurements – (continued)

Common/collective trust funds: Composed primarily of a fully benefit-responsive investment contract and is reported at fair value using NAV as a practical expedient. The common/collective trust fund calculates NAV per share in a manner consistent with the measurement principles in FASB ASC Topic 946 Financial Services - Investment Companies. Those measurement principles indicate that, in the determination of a fund's NAV, the relevant measurement is net assets which include the fully benefit-responsive investment contracts held by the fund at contract value. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds, interest bearing cash and common stocks that are valued on the basis of readily determinable market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$73,396,359	\$ -	\$ -	\$ 73,396,359
Self-directed brokerage account	1,496,541	-	-	1,496,541
Money market funds	565	-	-	565
Total assets in the fair value hierarchy	74,893,465	-	-	74,893,465
Investments measured at net asset value				2,634,300
Investments at fair value	\$74,893,465	\$ -	\$ -	\$ 77,527,765

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$58,309,988	\$ -	\$ -	\$ 58,309,988
Self-directed brokerage account	949,131	-	-	949,131
Money market funds	4	-	-	4
Total assets in the fair value hierarchy	59,259,123	-	-	59,259,123
Investments measured at net asset value				2,938,049
Investments at fair value	\$59,259,123	\$ -	\$ -	\$ 62,197,172

Investments Measured Using the Net Asset Value Per Share Practical Expedient

In accordance with FASB ASC Subtopic 820-10, the Fidelity Managed Income Portfolio Class II held by the Plan is not classified in the fair value hierarchy table that prioritizes the inputs to valuation techniques used to measure fair value because it is measured at NAV per share practical expedient and do not have a readily determinable fair value.

NOTES TO FINANCIAL STATEMENTS

4. Fair Value Measurements – (continued)

The following table summarizes the investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020. There is no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan. If the Plan initiates full redemption of a common/collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Fidelity Managed Income Portfolio Class II	\$ 2,634,300	n/a	Daily	12 months
<u>December 31, 2020</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Fidelity Managed Income Portfolio Class II	\$ 2,938,049	n/a	Daily	12 months

5. Related-Party Transactions and Party-in-Interest Transactions –

Certain Plan investments are managed by, or affiliated with, Fidelity. Fees paid to Fidelity by the Plan amounted to \$60,600 for the year ended December 31, 2021.

The Plan receives revenue credits from Fidelity related to certain investment funds to help offset administrative costs. On the last day of each calendar quarter, revenue credits are allocated to participants who invest in funds for which Fidelity receives an offset for administrative costs, and are invested in the funds to which the credits relate.

6. Tax Status –

The Company adopted a nonstandardized prototype plan sponsored by Fidelity. The prototype plan sponsor obtained its latest determination letter on January 30, 2018, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt.

7. Risks and Uncertainties –

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated within certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

7. Risks and Uncertainties – (continued)

Approximately 21% and 24% of the Plan's investments are held in the Fidelity Growth Company Fund at December 31, 2021 and 2020, respectively. Approximately, 11% of the Plan's investments are held in the Fidelity 500 Index at December 31, 2021. As such, these are considered a concentration of credit risk.

In addition, it is possible that the Plan could be adversely affected in subsequent periods by future economic disruptions caused by the COVID-19 pandemic and the associated governmental responses.

8. Subsequent Events –

The Plan has evaluated subsequent events through October 11, 2022, the date at which the financial statements were available to be issued.

Datasite Global Corporation 401(k) Incentive Savings Plan
Minneapolis, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Datasite Global Corporation 401(k) Incentive Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section -

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule (see accompanying table of contents), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 17, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DATASITE GLOBAL CORPORATION 401(K) INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Plan Description –

The following description is provided for information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Datasite Global Corporation 401(k) Incentive Savings Plan (Plan) is a defined contribution plan adopted by Datasite LLC (the Company), a wholly-owned subsidiary of Datasite Global Corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). The Company is the administrator of the Plan and is responsible for the oversight of the Plan. The investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the administrator of the Plan.

Plan Amendments

In 2020, the Plan implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which allow certain eligible individuals to receive coronavirus-related distributions of up to \$100,000, allow loan repayments to be deferred up to one year and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service (IRS) guidance.

In 2021, the Plan was amended to increase the auto enrollment to 5% and increase the maximum auto-escalation to 10%.

Eligibility

Full-time and part-time regular status employees of the Company are eligible to participate in the Plan and receive employer contributions after completing one hour of service. Temporary employees are eligible to participate in the Plan and are eligible for employer contributions on February 1 or August 1 after the completion of one year and 1,000 hours of service and attaining the age of 21.

Contributions

Employee-Participants may contribute from 1% to 25% of their eligible pre-tax earnings. Participants who are 50 years of age or older may contribute an additional 1% to 75% of eligible earnings. Participants may change their elected contributions at any time. Such changes go into effect as soon as administratively possible, which is typically the next payroll period. Participant contributions cannot exceed the amount allowable under Section 415 of the Internal Revenue Code ("Code"). The Plan also allows for direct rollover contributions from former employers' qualified plans. Participants may also make after-tax Roth 401(k) deferral contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a Target Date fund until changed by the participant. The Plan was amended in 2021, with an effective date of September 1, 2021 to increase the automatic enrollment to 5%.

(continued)

DATASITE GLOBAL CORPORATION 401(K) INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Plan Description – (continued)

Contributions (continued)

Participants whose 401(k) deferrals are less than 4% of their compensation, and were hired after May 1, 2019 will automatically have their deferrals increased 1% annually until their deferrals equal 4% of their compensation. Participants may elect not to have their deferral increase automatically. The Plan was amended, effective September 1, 2021 to increase the automatic deferral increase maximum rate from 4% to 10%.

Employer Safe-Harbor Matching—The Plan adopted the safe-harbor provisions of section 401(k)(12) of the Code. Under these provisions, the Company will make matching contributions equal to 100% of employee deferrals up to three percent of eligible earnings plus 50% of employee deferrals from three percent to five percent of eligible earnings. Participants are 100% vested in Company safe-harbor matching contributions.

Funding and Reporting—Employee contributions are recorded in the period in which the Company withholds the contributions from employee wages. Employer safe-harbor matching contributions are accrued based on employee contributions. Employer discretionary contributions are accrued based on employee eligible compensation. Employee contributions and employer safe-harbor matching contributions are funded each pay period (bi-weekly). Employer discretionary contributions are paid to the trustee on such date or dates during or following the Plan year as the Company may elect, but in no case more than 12 months after the end of the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's contributions, as well as allocations of plan earnings. Discretionary contributions are allocated in the same proportion that each participant's eligible compensation bears to the total eligible compensation of all participants. Participant accounts are charged with plan losses and an allocation of administrative expenses that are paid by the Plan. Plan earnings and losses are allocated based on account balances or specific participant transactions, as defined. The participant is entitled to their vested account.

Participants direct the investments in their accounts into a core group of investments offered by the Plan or through self-directed brokerage accounts.

Vesting

Participants are vested immediately in their contributions and employer safe-harbor matching contributions plus actual earnings thereon. A participant or a participant's beneficiary is 100% vested in the Company contribution portion of their account in the event of normal retirement, permanent disability or death.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years for personal loans and up to 10 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a fixed rate of 1.00% over the prime rate at the date of loan origination. The prime rate was 3.25% at December 31, 2021 and 2020. Interest rates on outstanding loans range from 4.25% to 7.50% and are due at various dates through August 2031. Principal and interest are paid ratably through payroll deductions.

(continued)

DATASITE GLOBAL CORPORATION 401(K) INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Plan Description – (continued)

Notes Receivable from Participants (continued)

Pursuant to the CARES Act, as implemented by the Plan, Plan participants could elect to defer loan repayments that occurred between April 21, 2020 and December 31, 2020 for up to one year. The ability to request to defer loan repayments available under the CARES Act ceased as of December 31, 2020.

Normal Retirement

Normal retirement age is 65; actual payment of benefits may generally not begin until the participant is entitled to a distribution under terms of the plan.

Payment of Benefits

Participants may withdraw their vested accumulated account balance from the Plan only in certain circumstances, such as termination of employment, retirement, permanent disability or financial hardship. Benefits are distributed to participants through lump-sum or installment payments pursuant to the Plan document. In the event of the death of a participant, the participant's account balance will transfer to the participant's beneficiary. Upon termination of employment, the participant's eligible vested account balance may remain in the Plan if the balance is over \$5,000. If the vested balance is \$5,000 or less, the account balance will be automatically distributed to the participant. Pursuant to the SECURE Act enacted, effective operationally April 5, 2020, the age at which required minimum distributions must begin was increased from 70 ½ to 72.

Forfeited Accounts

Forfeited accounts remain in Plan suspense accounts, and are used during the Plan year and following Plan years to reduce employer contributions and pay certain Plan expenses. The Company used approximately \$5,000 of forfeitures to reduce employer contributions for the year ended December 31, 2021. There were no forfeited nonvested accounts at December 31, 2021 or 2020.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies –

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with generally accepted accounting principles (GAAP) in the United States of America requires management to make estimates and assumptions that may affect certain reported amounts and disclosures in the financial statements and accompanying notes. Actual results could differ from those estimates.

(continued)

DATASITE GLOBAL CORPORATION 401(K) INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies – (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees/custodians and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments are recorded on a trade-date basis, and unrealized gains and losses are recorded based on the fair value as of the end of the Plan year or period. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year or period.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants before April 15, 2022.

Payment of Benefits

Benefits paid to participants are recorded when paid. There were no benefits requested before period-end that were not paid.

Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in the net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Plan participants are charged a quarterly flat fee of \$23.

DATASITE GLOBAL CORPORATION 401(K) INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

3. Certified Investments –

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2021 and 2020, and investment income, including interest on notes receivable from participants, for the year ended to December 31, 2021 that is disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee/custodian of the Plan. Fidelity Management Trust Company and affiliates are collectively referred to as (Fidelity).

4. Fair Value Measurements –

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements – (continued)

Common/collective trust funds: Composed primarily of a fully benefit-responsive investment contract and is reported at fair value using NAV as a practical expedient. The common/collective trust fund calculates NAV per share in a manner consistent with the measurement principles in FASB ASC Topic 946 Financial Services - Investment Companies. Those measurement principles indicate that, in the determination of a fund's NAV, the relevant measurement is net assets which include the fully benefit-responsive investment contracts held by the fund at contract value. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds, interest bearing cash and common stocks that are valued on the basis of readily determinable market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020.

4. Fair Value Measurements – (continued)

The following table summarizes the investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020. There is no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan. If the Plan initiates full redemption of a common/collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

<u>December 31, 2020</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Fidelity Managed Income Portfolio Class II	\$ 2,938,049	n/a	Daily	12 months

5. Related-Party Transactions and Party-in-Interest Transactions –

Certain Plan investments are managed by, or affiliated with, Fidelity. Fees paid to Fidelity by the Plan amounted to \$60,600 for the year ended December 31, 2021.

The Plan receives revenue credits from Fidelity related to certain investment funds to help offset administrative costs. On the last day of each calendar quarter, revenue credits are allocated to participants who invest in funds for which Fidelity receives an offset for administrative costs, and are invested in the funds to which the credits relate.

6. Tax Status –

The Company adopted a nonstandardized prototype plan sponsored by Fidelity. The prototype plan sponsor obtained its latest determination letter on January 30, 2018, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt.

7. Risks and Uncertainties –

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated within certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Risks and Uncertainties – (continued)

Approximately 21% and 24% of the Plan's investments are held in the Fidelity Growth Company Fund at December 31, 2021 and 2020, respectively. Approximately, 11% of the Plan's investments are held in the Fidelity 500 Index at December 31, 2021. As such, these are considered a concentration of credit risk.

In addition, it is possible that the Plan could be adversely affected in subsequent periods by future economic disruptions caused by the COVID-19 pandemic and the associated governmental responses.

8. Subsequent Events –

The Plan has evaluated subsequent events through October 11, 2022, the date at which the financial statements were available to be issued.
