Independent Auditor's Report

To the Plan Administrator
Timberline Drilling, Inc. 401(k) Plan
Coeur d'Alene, Idaho

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Timberline Drilling, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the

financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Timberline Drilling, Inc. 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of the Timberline Drilling, Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Agreement for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time and scheduled part-time employees of the Company and its wholly owned subsidiaries who have six months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”).

The Plan’s third-party administrative duties are performed by Hunter Benefits Consulting Group, Inc., and the Plan’s asset management and custodian responsibilities are performed by Principal Trust Company. Additionally, the record keeper for the Plan is Principal Financial Group.

Contributions

Participation in the Plan is voluntary. Participants may elect to contribute to the Plan up to 100% of their annual compensation, as defined by the Plan, not exceeding a specific dollar amount determined by applicable law. Participants may also voluntarily elect to contribute to a Roth 401(k). Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions as specified by the Internal Revenue Code (“IRC”). All contributions are invested in various investment options as directed by the participant. Participants may also contribute rollover amounts representing distributions from other tax-qualified retirement plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation.

The Plan allows for both a discretionary matching contribution and a discretionary profit-sharing contribution in any given year. The Company contributed a discretionary matching contribution equal to 25% of the first 6% of participant deferrals, which totaled \$202,777 for the Plan year ended December 31, 2021. The Company did not make a discretionary profit-sharing contribution in 2021.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Company matching contributions, as well as allocations of the Company’s profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are fully vested in their participant elected contributions and discretionary employer matching contributions at all times. For vesting of discretionary employer profit sharing contributions, an employee must complete at least 1,000 hours of service during a vesting computation period in order to receive credit for one year of service. Employer profit sharing contributions vest as follows: 1 year of service - 20%; 2 years - 40%; 3 years - 60%; 4 years - 80%; 5 years - 100%. Aside from normal vesting periods, a participant can also become fully vested at the age of 65, upon the participant’s death, or upon permanent disability.

Timberline Drilling, Inc. 401(k) Plan

Notes to Financial Statements

Forfeitures

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$0. The forfeiture account is available to pay Plan administrative expenses and/or reduce the Company's discretionary contributions. For the year ended December 31, 2021, \$0 was used to offset the Company's discretionary contributions.

Payment of Benefits

Upon termination of service due to death, disability, separation or retirement after reaching normal retirement age of 65, a participant may elect to receive a lump sum payment or elect a direct rollover to another retirement plan. Distributions shall not be made to a participant without their consent (and spousal consent, if applicable) if the participant's vested account exceeds \$5,000 and such account is immediately distributable. For participants whose vested accounts exceed \$5,000, the participant's entire vested account shall be normally distributed at the request of the participant in a lump sum payment (either in the form of a rollover into another qualified plan or lump sum payment) as soon as administratively practicable following the date the participant retires, dies, or otherwise terminates from employment. However, in the event of a mandatory distribution to a participant whose vested account is greater than \$1,000, but less than \$5,000 if the participant does not elect to receive a distribution, the plan administrator has the ability to directly rollover the participant's account balance into an IRA provider selected by the Plan Administrator. For participants whose vested account balances are less than \$1,000, a lump sum distribution to the participant will be made as soon as administratively practicable. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan in accordance with the IRC and approval of the Plan's administrator. Retired participants also have an option of delaying the receipt of benefits. The payments for retired participants, however, are required to begin no later than April 1st following the end of year in which the participant reaches the age of 70 ½.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with the accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements and the changes in net assets available for plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e. the exit price) in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Timberline Drilling, Inc. 401(k) Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

3. Information Certified by Qualified Institutions

The following is a summary of the investment information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the qualified institutions and furnished to the plan administrator. The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company and Principal Life Insurance Company, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

<i>December 31,</i>	2021	2020
Common and/or collective trust funds	\$ 3,521,069	\$ 2,956,295
Mutual funds	\$ 1,687,859	\$ 1,462,480
Pooled separate accounts	\$ 557,277	\$ 464,490
Guaranteed investment contract, at contract value	\$ 316,252	\$ 343,938

<i>Year ended December 31,</i>	2021
Net appreciation in fair value of investments	\$ 767,660
Interest and dividend income	\$ 17,766

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Timberline Drilling, Inc. 401(k) Plan

Notes to Financial Statements

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common or collective trust: Valued using the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable the fund will sell the investment for an amount different than the reported NAV. There were no unfunded commitments or trading restrictions as of December 31, 2021 and 2020 and the funds are direct filing entities ("DFE filers").

Pooled separate accounts: Valued using the NAV of units of insurance company. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable the fund will sell the investment for an amount different than the reported NAV. There were no unfunded commitments or trading restrictions as of December 31, 2021 and 2020 and the funds are DFE filers.

Notes to Financial Statements

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value, as of December 31, 2021 and 2020:

<i>December 31,</i>	2021	2020
Level 1		
Mutual funds	\$ 1,687,859	\$ 1,462,480
Investments Measured at NAV*		
Collective and/or collective trust	3,521,069	2,956,295
Pooled separate accounts	557,277	464,490
Total Investments Measured at NAV	4,078,346	3,420,785
Total Investments at Fair Value	\$ 5,766,205	\$ 4,883,265

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are provided to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

5. Guaranteed Investment Contract

The Plan invests in the Principal Fixed Income Guaranteed Option ("FIGO") investment contract. The FIGO, a Group Annuity Contract - Custodial Interest Contract, is a benefit responsive group annuity contract issued by Principal Life Insurance Company ("PLIC") and is carried at contract value. PLC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a semi-annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PLIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income

Notes to Financial Statements

taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

6. Related Party and Party in Interest Transactions

Certain Plan investments maintained by Principal Trust Company, the trustee of the Plan, therefore, these transactions qualify as party in interest transactions. In addition, Hunter Benefits Consulting Group, Inc. is the third party administrator for the Plan and therefore, is a party in interest as defined by ERISA. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Income Tax Status

The Plan document is a volume submitter document approved by the Internal Revenue Service, which approval can be relied upon by the Plan. The standardized plan received a favorable opinion letter from the IRS on June 30, 2020 and previously March 31, 2014, stating that the written form of the underlying standardized plan document is qualified under Section 401(a) of the IRC and that any employer adopting the standardized plan is considered to have a qualified plan under the IRC and qualify as exempt from taxation. The Plan administrator believes that the Plan is designed and being operated in accordance with, and continues to qualify under, the applicable requirements of the IRC. A new plan document was adopted effective January 1, 2022, however there are no significant changes in the provisions.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their employer profit sharing contributions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefit.

Notes to Financial Statements

10. Delinquent Participant Contributions

During the Plan year ended December 31, 2021, participant contributions totaling \$21,254 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute prohibited transactions as defined by ERISA. These contributions and certain related lost earnings were contributed to the Plan during 2022.

11. Subsequent Events

Plan management has evaluated subsequent events through October 13, 2022, which is the date that the financial statements were available to be issued.
