Plan Administrator
Storey-Kenworthy Company 401(k) Profit Sharing Plan and Trust
Des Moines, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Storey-Kenworthy Company 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Storey-Kenworthy Company 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Storey-Kenworthy Company 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Storey-Kenworthy Company 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Storey-Kenworthy Company 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021 and schedule of delinquent participant contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Storey-Kenworthy Company 401(k) Profit Sharing Plan and Trust. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated September 25, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Storey-Kenworthy Company 401(k) Profit Sharing Plan and Trust
NOTES TO FINANCIAL STATEMENTS

NOTE 1 PLAN DESCRIPTION

The following description of Storey-Kenworthy Company 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Storey-Kenworthy Company (the Company) who have completed 1,000 hours of service in any Plan year. Employees are eligible to participate in the Plan on the first day of the month following thirty days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may make an elective deferral contribution up to the maximum limitations imposed by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible compensation. Participants also have the option to contribute post-tax compensation through Roth 401(k) contributions. The Company provided matching contributions equal to 50% of the first 6% of each participant's deferred compensation for the year ended December 31, 2021 and for the period from January 1, 2020 through April 30, 2020. The matching contributions were suspended on May 1, 2020 through December 31, 2020. The Company can also elect to make a discretionary contribution. During the years ended December 31, 2021 and 2020, the Company made discretionary contributions of 7.5%, of participant's eligible wages, regardless of participant contributions. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 20% vested after two years of credited service as defined and continues to vest at the rate of 20% for each successive year of service until 100% vested after six years of service.

Investment Options

Participants direct the investment of employee and employer contributions into a variety of investment choices as more fully described in the Plan's literature. Participants may currently invest in one or more of 23 pooled separate accounts, 4 guaranteed interest accounts, a collective investment trust and 5 mutual funds. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may only have one loan outstanding from the Plan at any one time. Loan terms range from 1-5 years or up to fifteen years for the purchase of a primary residence. The loans are secured by the vested portion of the participant's account and bear interest at rates of 5.25% to 7.50%. Principal and interest is paid ratably through payroll deductions.

Storey-Kenworthy Company 401(k) Profit Sharing Plan and Trust
NOTES TO FINANCIAL STATEMENTS

NOTE 1 PLAN DESCRIPTION (continued)

Notes Receivable from Participants (continued)

During 2020, the Plan was amended for the certain optional relief items permitted under the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The changes to the Plan under the CARES Act included, among other things, allowing certain eligible individuals to borrow up to the lesser of \$100,000 or 100% of their vested balance and loan payments due from March 27, 2020 through December 31, 2020, may be delayed for one year.

In accordance with the Plan document, loans are considered to be in default if any scheduled loan payment remains unpaid for more than ninety days after due. The balance of any outstanding loan is considered due within sixty days after employment ends. Defaulted loans will be reported as taxable deemed distributions in the year in which default occurs. During the years ended December 31, 2021 and 2020, no deemed distributions were reported in benefits paid to participants in the accompanying statements of changes in net assets available for benefits.

Payment of Benefits

Participants and their beneficiaries are eligible for benefits upon the earlier of retirement, death, disability or termination due to any other reason. If the benefit is less than \$5,000, the participant may roll over the vested benefit into another qualified plan or receive a lump sum payment. If the benefit is greater than \$5,000, the participant may elect to roll over the vested benefit into another qualified plan, or receive the benefit as a lump sum, as installment payments, or through the purchase of an annuity contract.

During 2020, the Plan was amended for certain optional relief items permitted under the CARES Act. The changes to the Plan under the CARES Act included, among other things, allowing certain eligible individuals to receive coronavirus-related relief by providing for COVID-19 withdrawals that waive the 10% penalty tax for early withdrawals, by suspending required minimum distributions, and by delaying the commencement date for required minimum distributions. These relief options were available for participants during the Plan year ended December 31, 2020 only.

Forfeited Accounts

Forfeitures from nonvested accounts may first be applied to pay administrative expenses and then used to reduce future employer contributions. At December 31, 2021 and 2020, there were approximately \$22,000 and \$60,000, respectively, in nonvested account balances available for future use. Also, during the years ended December 31, 2021 and 2020, employer contributions were reduced by approximately \$131,000 and \$86,000, respectively, from forfeited nonvested accounts.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets available for benefits during the reporting period. Accordingly, actual results could differ from those estimates.

Storey-Kenworthy Company 401(k) Profit Sharing Plan and Trust
NOTES TO FINANCIAL STATEMENTS

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid. There were no amounts allocated to accounts of persons who had elected to withdraw from the Plan but had not yet been paid at December 31, 2021 or 2020.

Administrative Expenses

A portion of administrative expenses incurred on behalf of the Plan are paid directly by the plan sponsor. Certain administrative functions are performed by officers or employees of the Plan sponsor. The amount of such expenses and cost of such services have not been determined. No such officer or employee received compensation from the Plan.

Uncertain Tax Positions

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has evaluated their material tax positions and determined there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2—Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly, such as:

- quoted prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds—Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts—Pooled separate accounts invest primarily in domestic and international long-term bonds, domestic and international stocks, or single mutual funds. The fair value of the underlying bonds, stocks, or mutual funds is a publicly quoted pricing input used in determining the net asset value (NAV) of the pooled separate accounts, which is not publicly quoted but is available to current investors when plan participants access their account values via the custodians' website. Pooled separate accounts are deemed to have readily determinable fair values which are calculated on a daily basis and are actively traded within the Plan.

Collective investment trust—The collective investment trust fund is composed primarily in fully benefit-responsive investment contracts and is valued at the net asset value of units of the issuer's collective trust. The net asset value is not publicly quoted but is available to current investors when plan participants access their account values via the custodian's website. The collective investment trust fund is deemed to have a readily determinable fair value and is actively traded within the Plan.

Guaranteed interest accounts—The Plan has investment contracts with Principal Life Insurance Company (Principal). Principal maintains the Plan's deposits in an unallocated fund, to which it adds interest at the contract rate. Deposits into these contracts are guaranteed the contract rate of return. The contract has been determined not to be fully benefit-responsive; therefore, the investment contract is stated at fair value, determined to be the contract value minus early withdrawal charges, adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

NOTE 3 FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

NOTE 5 TAX EXEMPT STATUS

The Company has adopted a prototype plan document and is relying on the prototype sponsor's opinion letter from the Internal Revenue Service dated March 31, 2014. The letter states that the prototype and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the prototype plan has been amended since receiving the opinion letter, the prototype sponsor and plan administrator believe that the plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of guaranteed interest accounts, collective investment trust and pooled separate accounts managed by Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Plan Board of Trustees members are currently participants in the Plan and employees of the Plan administrator are participants in the Plan.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 8 RISKS AND UNCERTAINTIES

Participants invest their account balances in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 3, 2022, the date which the financial statements were available to be issued. There were no subsequent events required to be accrued or disclosed.
