To the Retirement Plan Committee
Cardtronics USA, Inc. 401(k) Retirement Program
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Cardtronics USA, Inc. 401(k) Retirement Program (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section.

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Cardtronics USA, Inc. 401(k) Retirement Program were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform and they did not perform any auditing procedures with respect to the information certified by a qualified institution. Their report dated June 17, 2021 indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CARDTRONICS USA, INC. 401(K) RETIREMENT PROGRAM
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF PLAN

Cardtronics USA, Inc. 401(k) Retirement Program (the Plan) is a qualified retirement plan adopted by Cardtronics USA, Inc. (the Company) on January 1, 2002, to enable eligible employees to save for retirement. The Plan was amended effective April 21, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered and managed by selected members of Company Management (the Retirement Plan Committee).

On January 25, 2021, Cardtronics plc (Cardtronics) entered into a definitive agreement to be acquired by NCR Corporation (NCR). This followed Cardtronics' delivery of a notice to terminate its previously announced definitive agreement with an affiliate of Apollo Management, L.P., dated as of December 15, 2020. Cardtronics' shareholders approved the transaction on May 7, 2021. At the close of business December 31, 2021, plan assets of \$64,721,825 were transferred to the NCR Savings Plan 401(k) (the NCR Plan), for a merger effective date of January 1, 2022.

The summary of significant provisions of the Plan presented below provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility: All non-excluded employees of the Company were eligible to participate in the Plan. An employee would become a participant in the Plan as of the first day of the month coinciding with or next following their date of hire.

Contributions: Participants could elect to defer a percentage, up to 90%, of their eligible compensation into the Plan after they satisfy the eligibility requirements, not to exceed a dollar limit which is set by law. There were two types of deferral contributions: pre-tax contributions and Roth deferral contributions. Participants who were projected to be age 50 or older by the end of the taxable year and who were making deferral contributions to the Plan could also make catch-up contributions. Participants were permitted to revoke their deferral contribution at any time during the Plan year. Any other modifications could be made as of each payroll period.

The Plan also contained an automatic enrollment feature. Accordingly, unless a participant made an alternative deferral contribution election, the Company would automatically withhold an initial pre-tax deferral contribution of 4% for newly eligible employees 35 days after such employee's date of hire, but no sooner than such employee's entry date. Active participants (who were not suspended from making deferral contributions) without a deferral election on file and each eligible employee having a reemployment commencement date were automatically enrolled on the later of 30 days from the date of rehire or entry date. Those participants with a deferral rate greater than zero (who were not suspended from making deferral contributions) would have that deferral increased annually by 1% (not to exceed 3%) as a pre-tax deferral contribution unless all of such employee's then-current deferral contribution is a Roth deferral contribution in which case the automatic increase would be made as a Roth deferral contribution until a deferral rate of 6% was reached. Each applicable increase would occur each year on the first day of April.

The Company could make discretionary matching contributions. Discretionary matching contributions, if made, would be computed by the Company based on a participant's eligible compensation deferred into the Plan each year. For 2021, the matching contribution was equal to 100% of a participant's deferral contributions, up to a maximum of 4% of their compensation. Participants would always share in the matching contribution regardless of the amount of service they complete during the Plan year.

In addition, the Company could make discretionary nonelective contributions in an amount to be determined by the Retirement Plan Committee for each Plan year. For 2021, the Company did not make any discretionary nonelective contributions.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

The Company could designate all or a portion of any nonelective contributions for a Plan year as qualified nonelective contributions and allocate them to certain non-highly compensated employees to help the Plan pass one or more annually required Internal Revenue Code (IRC) non-discrimination tests. A participant would be 100% vested in these contributions and could not request a hardship withdrawal of these contributions.

Participants and eligible employees could roll over part or all of an eligible rollover distribution they receive from an eligible retirement plan into this Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of employer profit sharing contributions and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants are always 100% vested in their rollover contributions, qualified nonelective contributions, deferral contributions, and any earnings thereon. Vesting for employer matching contributions and employer nonelective contributions and any earnings are based on vesting years of service. A participant's vested percentage in their account attributable to employer matching contributions and employer nonelective contributions and any earnings is determined under a five-year vesting schedule. This means that a participant receives a 20% vested percentage in their account after one year of vesting service and an additional 20% for each additional year of service thereafter. Participants become 100% vested after five years of service.

Payment of Benefits: Participants may receive a distribution of the vested portion of some or all of their accounts in the Plan upon death, disability, retirement, or termination of employment. If a participant's employment terminates for reasons other than death, disability, or normal retirement, they will be entitled to receive only the vested percentage of their account balance and may elect to have their vested account balance distributed to them as soon as administratively feasible following their termination of employment.

All distributions from the Plan may be made as a lump sum distribution or as a direct rollover distribution. Participants may defer receipt of their distribution until a later date. However, a participant cannot postpone it if their vested account balance is \$5,000 or less in which case the Company will direct the trustee that any amount exceeding \$1,000 be distributed to an IRA or annuity for their benefit. If a participant's vested account balance is \$1,000 or less, the Company will direct the trustee to distribute it to the participant as a lump sum distribution without the participant's consent. Participants may be entitled to receive an in-service distribution from the Plan prior to termination of employment, provided they have attained age 59½ or request a coronavirus-related distribution. A coronavirus-related distribution is a distribution that is made from an eligible retirement plan to a qualified individual from January 1, 2020, to December 30, 2020, up to an aggregate limit of \$100,000. In addition, a hardship distribution may be made to satisfy specific and heavy financial needs a participant may have.

Notes Receivable from Participants: Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding balance in a participant's account during the prior 12-month period or 50% of their account balance. All loans are adequately secured and are charged a reasonable rate of interest.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Principal and interest payments are paid ratably through after-tax payroll deductions on at least a quarterly basis over a five-year period unless it is for the purchase of a participant's principal residence in which case the loan repayment period may not extend beyond fifteen years from the date of the loan.

Forfeitures: If a participant terminates employment and is less than 100% vested in their employer account, the participant may forfeit the non-vested portion of their employer account. Forfeitures are retained in the Plan and may be used to pay administrative expenses or to reduce future employer contributions payable under the Plan. At December 31, 2021 and 2020, the forfeiture account totaled \$-0- and \$1,127, respectively. During 2021, the Company used \$367,664 of forfeitures to reduce employer matching contributions and \$1,814 to offset Plan administration expenses.

Administrative Fees: Fees and expenses charged under a participant's account will impact their retirement savings and fall into three basic categories: investment fees, administration fees, and transaction-based fees. Investment fees are generally assessed as a percentage of assets invested and are deducted directly from a participant's investment returns. Plan administration fees cover the day-to-day expenses of the Plan for recordkeeping, accounting, legal and trustee services, as well as additional services that may be available under the Plan, such as daily valuation, telephone response systems, internet access to Plan information, retirement planning tools, and educational materials. Transaction-based fees are associated with optional services offered under the Plan and are charged directly to a participant's account if they take advantage of a particular plan feature that may be available, such as a Plan loan.

Plan Termination: At the end of business December 31, 2021, plan assets of \$64,721,825 were transferred into the NCR Plan, subsequent to NCR Corporation's acquisition of Cardtronics, USA, for a merger effective date of January 1, 2022. The Plan was merged into and eligible employees were permitted to participate in the NCR Plan effective January 1, 2022.

Subsequent Events: The Plan has evaluated subsequent events through October 10, 2022, the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable From Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit, and risks resulting from global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Reclassifications: Some items in the prior year footnote disclosures were reclassified to conform to the current presentation. Reclassifications had no effect on prior year net assets available for benefits or the prior year net increase in net assets available for benefits.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust Fund: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Investments measured at fair value on a recurring basis are summarized below:

	2020			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Mutual funds	\$ 49,982,009	\$ -	\$ -	\$ 49,982,009
Total investments in the fair value hierarchy	<u>\$ 49,982,009</u>	<u>\$ -</u>	<u>\$ -</u>	49,982,009
Investments measured at NAV as practical expedient*				<u>2,338,537</u>
Total investments at fair value				<u>\$ 52,320,546</u>

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Notes receivable from participants and investments issued by Fidelity Management Trust Company or one of its affiliates reflect party-in-interest transactions.

NOTE 6 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

NOTE 6 – TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020, to the Form 5500:
