ATF Wellness & Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the ATF Wellness & Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the 2021 financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of 2021 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the 2021 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2021 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2021 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2021 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Part IV, Line 4a—Schedule of Delinquent Participant Contributions as of December 31, 2021 and Schedule H, Line, Part IV, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the 2021 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, was presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ATF Wellness & Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following brief description of the ATF Wellness & Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all nonunion employees of ATF, Inc. and the related adopting companies, Header Products, Inc. and Surber Investments, Inc. (together, the Companies or Plan Sponsor), who have completed one month of service and are age 18 or older. To receive company contributions, an employee must be credited with at least 1,000 hours of service and be employed on the last day of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan, through payroll deductions, not to exceed regulatory limits according to the Internal Revenue Code (IRC). Participants aged 50 or older are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Companies' Board of Directors determines the Companies' matching contributions, as well as any annual discretionary Companies matching and profit sharing contributions. In April 2020 the Companies' Board of Directors suspended the Company match in accordance with a plan amendment effective April 1, 2020. In February 2021, the Companies' Board of Directors reinstated the Company match in accordance with a plan amendment effective February 1, 2021. The Companies' matching contributions for the year ended December 31, 2021 and 2020, amounted to \$218,946 and \$98,724. There were no discretionary profit sharing contributions related to the 2021 and 2020 plan year. Contributions are recognized when earned.

Participant accounts: Participant accounts are credited with participant contributions, the Companies' matching contributions, if any, and an allocation of the Companies' profit sharing contributions, if any, and investment earnings, and charged with an allocation of administrative expenses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting: Participant contributions and earnings thereon are 100% vested. For the remaining portions of the participant's account, vesting increases with years of continuous service. A participant's account is 20% vested per year and is 100% vested after five years of service, as defined. Full vesting also occurs at age 65 or upon death or disability.

Investment options: Upon enrollment in the Plan, a participant may direct his/her investment into a variety of investment options as more fully described in the Plan's literature. Participants may change investment options daily.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balanced during the prior 12-month period or 50% of their vested account balance. A participant may have no more than two loans outstanding at any given time. Notes receivable terms range from one to five years; however, longer repayment periods, as determined by the Plan Administrator, are permitted when the note is used for the purchase of a primary residence. The notes receivable are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Interest rates range from 4.25% to 6.50% at December 31, 2021 and 2020. Principal and interest payments are paid through payroll deductions.

ATF Wellness & Savings Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payments of benefits: The Plan provides that if a participant is married, he or she must elect to receive an amount equal to the value of the participant's vested interest in his or her account in a qualified joint and survivor annuity unless the participant elects to waive the joint and survivor annuity in writing, and the participant's spouse consents to such waiver in writing. If the participant is unmarried or the participant and the participant's spouse elect not to take the qualified joint and survivor annuity, the participant can choose to receive the benefit payments in a lump-sum, in installments not to extend past the participant's life expectancy, in an alternative form of annuity, or in a combination of the preceding options. In addition, distributions may be made from the Plan in cases of financial hardship.

Forfeitures: Forfeitures of nonvested portions of terminated participants' accounts are to be used to pay any administrative expenses, and any remaining forfeitures can be used to offset any employer contributions. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$0. During the year ended December 31, 2021, \$3,182 and \$87 were used to pay plan expenses and reduce Company contributions, respectively.

Note 2. Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Compensation and Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in net appreciation (depreciation).

Valuation of notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Defaulted participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Accounting estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events through October 12, 2022, the date the accompanying financial statements were available to be issued. No subsequent events have occurred through that date that required recognition or disclosure in these financial statements.

Note 3. Information Certified and Provided by Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company) and Principal Life Insurance Company (the Plan Trustee and Custodian)

The following is a summary of the Plan's asset and income information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the Trustee and Custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee and Custodian that information provided to the Plan Administrator by the trustee and custodian related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets and income:

The following information has been certified by Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company):

	2021	2020

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of pooled separate accounts: Valued at NAV per unit of the pooled separate accounts. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments comprising the pooled separate accounts. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Units of common/collective trusts: Valued based on the NAV of units of the common/collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Description	2021			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies	\$ 19,850,433	\$ -	\$ -	\$ 19,850,433
Investments measured at NAV (a)				8,333,604
Total investments at fair value				\$ 28,184,037

Description	2020			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies	\$ 16,425,959	\$ -	\$ -	\$ 16,425,959
Investments measured at NAV (a)				7,693,944
Total investments at fair value				\$ 24,119,903

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth the fair value of investments in certain funds that calculate NAV per share (or its equivalent) as of December 31, 2021 and 2020:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2021	2020			
Units of common/collective trusts	\$ 4,130,642	\$ 4,105,615	\$ -	Daily	Daily
Units of pooled separate accounts	4,202,962	3,588,329	-	Daily	Daily
	\$ 8,333,604	\$ 7,693,944	\$ -		

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value to another.

Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no significant transfers in or out of Level 3.

ATF Wellness & Savings Plan

Notes to Financial Statements

Note 5. Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 6. Related Party and Party-in-Interest Transactions

The Plan's investments are held, invested and maintained by Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company), the trustee, and Principal Life Insurance Company, the custodian. The trustee and custodian also perform administration and recordkeeping services for the Plan. These transactions qualify as party-in-interest transactions. Total administrative expenses paid by the Plan to its service providers was \$149,651 for the year ended December 31, 2021.

Certain employees of the Companies provide administrative services to the Plan. These employees are not paid by the Plan. Certain other administrative expenses are paid by the Companies on behalf of the Plan.

Note 7. Income Tax Status

Effective October 12, 2014, the Plan adopted a non-standardized form of a prototype plan sponsored by Principal Life Insurance Company. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Prohibited Transactions

During 2021 and 2020, the Plan Sponsor inadvertently failed to deposit a total of \$6,042 and \$36,904 of participant contributions and loan repayments within the required timeframe as stated by the United States DOL regulations. The Plan Sponsor deposited lost earnings approximating \$153 and \$127 to correct this failure in 2021 and 2020, which management deemed immaterial. The Plan Sponsor will file Form 5330 and pay applicable excise taxes to the IRS. The corrections and any excise taxes will be made from the Plan Sponsor's assets and not from assets of the Plan.
