REPORT OF INDEPENDENT AUDITORS

To the Plan Trustees and Participants of the
Cantex Continuing Care Network Employees Savings Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Cantex Continuing Care Network Employees Savings Trust (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (collectively, the “2021 Financial Statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Transamerica Life Insurance Company, the “Custodian” of the Plan as of December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 Financial Statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of 2021 Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the 2021 Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the 2021 Financial Statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the 2021 Financial Statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Financial Statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Financial Statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 - Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 Financial Statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 Financial Statements, and (b) the form and content of the information included in the 2020 Financial Statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note I - Description of the Plan – (Continued)

General – continued

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act, was signed into law. The CARES Act contains several provisions that temporarily impact 401(k) plans, such as the waiver of required minimum distributions, a new hardship withdrawal option, and increased loan limits. The Companies have incorporated these provisions into the Plan.

Eligibility

To participate in the Plan, employees must be at least 21 years of age and have completed one month of service.

Employers' contributions

The Companies, at their discretion, may make matching contributions as determined and authorized by the Companies' management. The Companies elected to match twenty percent of participant contributions including catch-up contributions up to five percent of eligible compensation, limited to one percent of compensation. The Companies may also elect to make discretionary non-matching contributions. Each eligible participant's account is allocated a percentage of any non-matching contributions based on the ratio of the eligible participant's compensation to the total compensation of all eligible employees. During the year ended December 31, 2021, there were no discretionary non-matching contributions.

Participant contributions

Participating employees may elect to contribute any amount not less than one percent and not more than fifty percent of their eligible compensation to the Plan, subject to a limit on calendar year contributions set forth by the Internal Revenue Service (IRS), which was \$19,500 in 2021. Participants who have reached age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant accounts

Each participant's account is credited with the participant's contributions, the Companies' discretionary matching contributions, interest income on the respective participant's notes and an allocation of (a) the Companies' discretionary non-matching contributions, if any, (b) Plan earnings or losses, and (c) charged with an allocation of certain administrative expenses. Allocations are based on participants' compensation or account balances, as defined in the Plan document.

**CANTEX CONTINUING CARE NETWORK
EMPLOYEES SAVINGS TRUST**

Notes to Financial Statements

Note I - Description of the Plan – (Continued)

Vesting

Participants are vested immediately in their voluntary contributions, rollover contributions, plus actual earnings or losses thereon. Vesting in the Employers' discretionary matching and non-matching contributions is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than two years	0%
Two years	50%
Three or more years	100%

Payments of benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Upon death, disability, or retirement, a participant is entitled to receive from the Plan a single lump-sum payment equal to the value of the participant's vested account balance. Other payment options are available upon request of the participant or beneficiary and upon approval of the Trustees. Upon termination of service, the Companies have the option to require those participants with vested account balances less than \$1,000 to take lump-sum distributions unless a direct rollover is elected. If a participant's vested account balance exceeds \$5,000, they may elect to receive a lump-sum distribution, receive installments over a specified period of time, or roll over their vested account balance. For all participants who have terminated with a vested account balance between \$1,000 and \$5,000, the plan administrator has the right to automatically rollover the balance to an individual retirement account (IRA) designated by the plan administrator. The participant bears all expenses of the IRA.

Forfeitures

Forfeitures of terminated participants' nonvested account balances are to be used to reduce the Employers' matching contributions and non-elective contributions, if any, for the Plan year immediately following the Plan year in which the forfeiture occurs.

CANTEX CONTINUING CARE NETWORK EMPLOYEES SAVINGS TRUST

Notes to Financial Statements

Note 1 - Description of the Plan – (Continued)

Notes receivable from participants

Loans may be made to participants at their request, subject to certain statutory and Plan limitations on principal and repayment provisions. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of a) \$50,000 less the highest outstanding note balance within one year of the date of the loan or b) fifty percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. A participant may have no more than three loans outstanding at any time and may apply for no more than two loans in any calendar year. Principal and interest are repaid ratably through periodic payroll deductions.

Investment options

Upon enrollment in the Plan, a participant may direct contributions into Plan investment options which include pooled separate accounts and a stable value fund.

Administrative expenses

Administrative expenses are generally paid by the Employers. However, the Plan may pay transaction fees which are allocated to the specific participants initiating the transaction. Additionally, a contract asset charge is deducted from the assets on a monthly basis. The charge is assessed each month based on the actual combined balance of all accounts under the contract, ranging from 0.45% to 2.05% per annum.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Accordingly, actual results could differ from those estimates. See Note 5 for discussion of significant estimates used to measure the fair value of investments.

Note 2 - Summary of Significant Accounting Policies – (Continued)

Risks and uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment valuation and income recognition

Investments held by the plan are stated at fair value except for the Stable Value Fund (SVF) which is stated at contract value. See Notes 4 and 5. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Benefits paid to participants

Benefits paid to participants are recorded as a reduction of net assets available for benefits when requested and approved.

Notes receivable from participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued and unpaid interest. An allowance for credit losses is not necessary as the notes are collateralized by the participants' account balance. Delinquent notes receivable may be reclassified as distributions in accordance with provisions of the Plan document. During the year ended December 31, 2021, there were no delinquent notes receivable reclassified as distributions.

Subsequent events

Management of the Plan evaluated events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the notes to the financial statements. The accompanying financial statements consider events through October 12, 2022, the date which the financial statements were available to be issued.

Note 3 - Non-Participant Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to non-participant directed investments is as follows:

	December 31,	
	2021	2020
Net assets:		
Forfeiture account	\$ 6,612	\$ 2,200
		Year Ended December 31, 2021
Changes in net assets:		
Forfeitures relating to current year activities	\$	33,282
Forfeitures used to reduce employer contributions		(29,000)
Net appreciation of investments		130
		<u>4,412</u>
	\$	

All non-participant directed investments were invested in the SVF as of December 31, 2021 and 2020.

Note 4 - Investments in Insurance Contracts

The Plan maintains one guaranteed investment contract (GIC) related investment option, the SVF, which is a traditional investment contract. The underlying investment options of this contract are considered to be fully benefit-responsive as described in FASB ASC Topic 962, *Plan Accounting: Defined Contribution Pension Plans* (ASC 962), and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed by the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.60%. The crediting rate is reviewed on an annual basis for resetting.

Notes to Financial Statements

Note 4 - Investments in Insurance Contracts – (Continued)

The determination of credited interest rates, as determined by the service provider, reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another plan) (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The SVF does not have a maturity date. The SVF's provisions do not provide for a distribution at book value at some specified future date. The SVF continues in force until all assets have been distributed, or no further payments are due.

Note 5 - Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurement* (ASC 820), establishes a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. In accordance with ASC Subtopic 820-10, the Plan's investments measured at net asset value (NAV) have not been classified in the fair value hierarchy. All of the Plan's investments recorded at fair value of \$17,722,918 and \$14,881,054 at December 31, 2021 and 2020, respectively, are in pooled separate accounts and are valued, as a practical expedient, based on the Plan's NAV of units held by the Plan at year-end. The calculated NAV is directly related to the NAV of the underlying investment adjusted for dividends or distributions received by the Plan and the daily equivalent of any fees charged. The investments held by each pooled separate account are traded on an active market. Each investment valued at NAV has (1) no unfunded commitments, (2) a daily redemption frequency, and (3) no required redemption notice period. Additionally, each investment files a U.S.

Note 5 - Fair Value Measurements – (Continued)

Department of Labor (DOL) Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity. Accordingly, certain disclosure requirements under FASB ASU No. 2015-12 with respect to investment strategies for investments measured using the net asset value practical expedient are not required in this report.

There were no changes in the Plan's valuation methodologies for its investments during the year ended December 31, 2021. The valuation methods described above may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, while the Plan's management believes the valuation methods are appropriate and consistent with other market participants, the use of differing methodologies or assumptions to determine the fair values of the Plan's investments could result in different fair value measurements at the reporting dates.

Note 6 - Information Prepared and Certified by Custodian

The following information included in the accompanying Financial Statements and supplementary schedules was obtained from data that has been prepared and certified by the Custodian.

	December 31,	
	2021	2020
Investments, at fair value	\$ 17,722,918	\$ 14,881,054
Fully benefit responsive contracts, at contract value	1,204,201	1,600,765
Notes receivable from participants	597,497	520,769
	\$ 19,524,616	\$ 17,002,588

The Custodian also certified to the completeness and accuracy of the following data for the year ended December 31, 2021:

Net appreciation in investments	\$ 2,242,375
Interest on notes receivable from participants	\$ 24,630

Notes to Financial Statements

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 - Tax Status of Plan

The Plan has obtained its latest determination letter dated October 19, 2009, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the plan has been amended since receiving the determination letter, the plan administrator and management of the Plan believe that the Plan is designed and operated in compliance with the applicable requirements, and therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The IRS generally has the ability to examine Plan activities for up to three years.

Note 9 - Parties-in-Interest

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employers, and certain others. Certain plan investments are managed by the Custodian, and therefore, these transactions qualify as party-in-interest transactions. The Plan also allows participants to receive loans; therefore, these transactions qualify as party-in-interest transactions.
