# INDEPENDENT AUDITOR'S REPORT

**To the Plan Administrator of**
**California Water Service Company**
**Savings Plan:**

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the California Water Service Company Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investments information, as described in Note 4 to the financial statements, is complete and accurate.

**Opinion on the 2021 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion on the 2021 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the 2021 Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about California Water Service Company Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the 2021 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures on the financial statements.

- Obtain understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by the management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matters**

*2021 Supplemental Schedules Required by ERISA*

The supplemental schedules of Schedule H, Line 4i - Schedule of Asset (Held at End of Year), as of December 31, 2021 and Schedule H Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to the assets held by and are certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

*Auditor's Report on the 2020 Financial Statements*

We were engaged to audit the financial statements of the Plan as of and for the year ended December 31, 2020. As permitted under 29 CFR 2520.103-8 of the Department of labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated September 28, 2021, we indicated that (1) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

## 1. DESCRIPTION OF PLAN AND SIGNIFICANT ACCOUNTING POLICIES

The following description of the California Water Service Company Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General** – The Plan is a defined contribution plan that was established in 1994 by California Water Service Company (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

**Administrations** – The Company has appointed an Employee Benefit Finance Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with a third-party administrator to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Company.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

**Use of Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition** – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

**Notes Receivable from Participants** – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the amount of the unpaid loan principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs (i.e. termination of employment).

**Income Taxes** – The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

**Payment of Benefits** – Benefits are recorded when paid.

**Expenses** – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of note receivable from participant are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of the fair value of investments.

**Risks and Uncertainties** – The Plan provides various investment options in any combination of investment securities offered by the Plan, including Company common stock in the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

**Subsequent Events** – The Plan has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued.

## 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include: (1) quoted market prices for similar assets and liabilities in active markets; (2) quoted prices for identical or similar assets and liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

**Interest-bearing cash** - Valued at the deposited amounts plus accrued interest.

**Mutual funds** - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Common stocks (including employer securities)** - Valued at the closing price reported on the active market on which the individual security is traded.

**Self-directed brokerage accounts** - Accounts consist of mutual funds and common stocks which are valued on the basis of readily determinable market prices, and uninvested cash, which is recorded at carrying value as maturities are less than three months.

**Common-Collective Trusts** – This account includes Wells Fargo Stable Value E, TCW/MatWest Total Return Bond Fund CIT, Harbor Capitol Appreciation CIT Class 2 Fund, and William Blair Small-Mid Cap Growth Collective Investment Fund. These funds are valued at NAV of the collective trusts. The NAV is the used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different form the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trusts, the issuer reserves the right to require sufficient notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Each of the common-collective trusts named above files a U.S. Department of Labor Form 5500 Annual Return/Report of Employee Benefit Plan, as directed filing entity. Accordingly, certain disclosure requirements under FASB ASU 2015-12 with respect to investment strategies for investments measured using the net asset value practical expedient is not required in this report.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

| | 2021 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Interest-bearing cash | $ 2,705 | $ - | $ - | $ 2,705 |

(a) In accordance with FASB Subtopic 820-10, certain investments that are measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

## 4. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company (FMTC), the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. The Plan assets include certain investments managed by FMTC. FMTC is the trustee and its affiliate, Fidelity Workplace Services, LLC, is the recordkeeper for the Plan, and therefore, these transactions constitute party in interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Effective May 1, 2004, the employer matching contribution may only be invested with investments other than the Company Common Stock Fund. Existing investments in this fund can only be transferred to other funds or distributed at the time of payment of benefits. Aggregate investment in the Company Common Stock Fund at December 31, 2021 and 2020 were as follows:

| Year | Number of Shares | Fair Value |
|---|---|---|
| 2021 | 174,350 | $ 12,528,802 |
| 2020 | 204,931 | 11,072,404 |

The Company Common Stock Fund includes interest-bearing cash of $2,705 and $2,151 as of December 31, 2021 and 2020, respectively, to allow for the timely handling of exchanges, withdrawals and distributions.

## 5. PARTICIPATION AND BENEFITS

**Participant Contributions** – Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction. The Plan contains an automatic enrollment for eligible employees with a contribution of 3% of eligible compensation, unless the employee affirmatively elects otherwise.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

**Employer Contribution** – The Company is allowed to make matching contributions as defined in the Plan and as approved by the Board of Directors. In 2021 and 2020, the Company matched 75% of each eligible participant's contribution up to a maximum of 8% of the participant's eligible compensation.

**Vesting** – Participants are fully vested in their contributions and employer matching contributions.

**Participant Accounts –** Each participant's account is credited with the participant's contribution, Company's matching contribution, and plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Payment of Benefits –** Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's interest in their account. The Plan allows for the automatic lump-sum distribution of participant account balances that do not exceed $1,000.

**Notes Receivable from Participants –** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested Account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined by the plan administrator, is based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid periodically, not less frequently than quarterly, under a level amortization schedule through payroll deductions.

## 6. CERTIFIED INFORMATION

The Plan sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held as of December 31, 2021 and 2020, and the net appreciation in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by FMTC.

## 7. PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA.

## 8. NONEXEMPT PARTY-IN-INTEREST TRANSACTION

In 2021, certain employee deferrals amounting to $357 were not remitted to the Plan within the timeframe required by the Department of Labor. Lost earnings on the delinquent contributions amounting to $4 is recorded as "other employer contribution" in the statement of changes in Net Assets available for benefits for the year ended December 31, 2020. The Company remitted the delinquent contributions in August 2022. The investment income that would have been earned had the participant contributions have been remitted on a timely basis have also been remitted.

## 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2021 and 2020, to Form 5500:

| | 2021 | 2020 |
|---|---|---|
