INDEPENDENT AUDITORS' REPORT

**To the Plan Administrator and Plan Participants
Auto-X-10'D, Inc. 401(k) Retirement Plan
Greenwood, Indiana**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Auto-X-10'D, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Auto-X-10'D, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Auto-X-10'D, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Auto-X-10'D, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Auto-X-10'D, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Auto-X-10'D, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) (Modified Cash Basis) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

**To the Plan Administrator and Plan Participants
Auto-X-10'D, Inc. 401(k) Retirement Plan
Greenwood, Indiana**

Report on the Financial Statements

We were engaged to audit the accompanying statement of net assets available for benefits of Auto-X-10'D, Inc. 401(k) Retirement Plan as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Great-West Trust Company, LLC, the trustee of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

**Report on Form and Content in Compliance With DOL Rules and Regulations for 2020
Financial Statement**

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AUTO-X-10'D, INC. 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2021 AND 2020

Note 1. Description of Plan

The following description of the Auto-X-10'D, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan which covers all employees of Auto-X-10'D, Inc. and Dave Marshall, Inc. ("Companies"). The Companies are members of a controlled group and have completed participation agreements for the Plan. Employees who have completed one year of service with the Company and have attained the age of 21 are eligible to participate in the Plan on the first day of the quarter following attainment of these requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year participants are permitted to contribute a percentage of their compensation subject to certain limitations imposed by law. Participants may also contribute (rollover) amounts representing distributions from other qualified defined benefit or defined contribution plans. The Companies may contribute an amount determined at their sole discretion equal to a percentage of the participant's elective deferrals. The Companies may also make a discretionary contribution to the Plan which would be allocated to participants using a pro-rata ratio of the total discretionary contribution. Participants direct the investment of their contributions into various investment options offered by the Plan. For 2021 and 2020 the Companies contributed 50% of the first 4% of base compensation that a participant contributed to the Plan. The Plan offers numerous variable annuities in pooled separate accounts in addition to a guaranteed investment contract as investment options for participants.

Participant Accounts – Each participant's account is credited with the participant's contribution, the Companies' contribution, actual earnings, and a pro-rata portion of administrative costs. Each participant is entitled only to the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts is based on years of service. A participant is 100 percent vested in regards to employer matching and profit sharing contributions after six years of credited service. The vesting schedule is:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

AUTO-X-10'D, INC. 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2021 AND 2020

Note 1. Description of the Plan (continued)

Participant Loans – The Plan does not permit loans to participants.

Payment of Benefits – Upon retirement or termination of service, participants can elect to receive benefit payments in the form of installment payments or a single lump sum payment.

Forfeitures – Forfeitures represent the non-vested portion of the Company contributions plus earnings thereon, which are not distributed to participants who terminate employment before they are 100% vested. At December 31, 2021 \$1,217 of forfeited non-vested balances were available to reduce future employer contributions. At December 31, 2020 no balance remained in the forfeiture account. Forfeitures of \$1,813 were used to reduce employer contributions in 2021.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements and supplemental schedule were prepared on the modified cash basis of accounting, recognizing income and related assets when received rather than when earned and the expenses when paid rather than when the obligation is incurred. Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Investments are recorded at fair market value and net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Because this method differs from the accrual method of accounting, these statements are not intended to be presented in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the amounts reported. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Guaranteed investment contracts are valued at the contract value. Variable annuities are valued at the net asset value of the underlying mutual funds less the expense factor for the annuity contract. See Note 3 for discussion of fair value measurements.

AUTO-X-10'D, INC. 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2021 AND 2020

Note 2. Summary of Significant Accounting Policies (continued)

Payment of Benefits – Benefits are recorded when paid.

Administrative Costs – Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Plan are paid directly by the Company. \$648 in administrative expenses were paid by the Plan during 2021 for recordkeeping costs.

Subsequent Events – Subsequent events were evaluated through October 11, 2022, which is the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

DECEMBER 31, 2021 AND 2020

Note 3. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: The pooled separate accounts are valued using the Net Asset Value (NAV) of the pooled separate accounts as provided by the custodian. The NAV is based on the underlying fair value of the assets owned by the fund less its liabilities, divided by the number of shares outstanding. The NAV is measured by the custodian or investment manager on a daily basis.

The following tables summarize investments for which fair value is based on NAV per share as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Notice Period</u>

<u>December 31, 2020</u>				
Pooled Separate				
Accounts:				
Variable Annuities	<u>\$ 3,884,119</u>	n/a	Daily	Daily

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year), appreciated in value by \$546,083 and \$394,997 during 2021 and 2020, respectively.

Note 4. Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets will be distributed to the participants and beneficiaries based on their account balances.

Note 5. Income Tax Status

The Plan is based on a prototype plan which has received a favorable opinion letter dated January 1, 2018 from the Internal Revenue Service that the prototype plan is designed to qualify as being exempt from Federal Income taxes. The Plan Administrator has not separately applied for a determination letter from the Internal Revenue Service.

The Plan's previously filed Annual Returns/Reports of Employee Benefit Plan (Form 5500) for the prior three fiscal years remain subject to examination by a taxing authority. The Plan's Form 5500 for the current year has not yet been filed and remains subject to examination by a taxing authority.

Note 6. Unaudited Information Prepared and Certified by the Plan's Trustee

Management has elected the method of compliance permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC, the trustee, has prepared and certified the following information included in the accompanying financial statements and supplemental schedules as complete and accurate:

	<u>2021</u>	<u>2020</u>
Investments at fair value:		
Variable annuities	\$ 4,791,510	\$ 3,884,119
Guarantee investment contract	370,929	326,916

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Related Party and Party-in-interest Transactions

Certain Plan investments are group annuity pooled investment contracts managed by the Plan trustee. Transactions in such investments are party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 9. Reconciliation of Financial Statements to Form 5500

Net assets available for benefits per the financial statements at December 31, 2021 and 2020 of \$5,295,937 and \$4,315,631, respectively, agree to net assets reported on Form 5500.

Note 10. Guaranteed Investment Contract with Great-West Life & Annuity Insurance Company

In 2009, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (Great-West) totaling \$370,929 and \$326,916 at December 31, 2021 and 2020, respectively. Great-West maintains the contributions in a fixed account, Key Guaranteed Portfolio Fund (the Fund), that is part of the general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The effective annual interest rate will never be less than 0%. The actual average yield earned by the Plan for 2021 and 2020 was .90% and 1.03%, respectively.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Amounts may be transferred from the participant's account balance in the Key Guaranteed Portfolio Fund at any time.

The Group Contract holder (the Plan) or Great-West may declare a contribution cessation date upon written request to the other. The contribution cessation date should be specified in the request and must be at least 90 days from the date of the request. After a contribution cessation date is declared no further contributions will be made to the guaranteed investment contract.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

No events are specified in the contract that limit the Plan's ability to transact at contract value.

Note 11. Plan Operations Impacted by COVID-19

On March 11, 2020, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a pandemic which has impacted the financial markets and global economy. The COVID-19 pandemic is on-going and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available is uncertain and cannot be reasonably estimated at this time.

On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to distributions during 2020. The provisions of the CARES Act could be effective and operationalized immediately, prior to amending the plan document.

The Plan Administrator adopted the distribution relief provisions included in the CARES Act which permitted qualified individuals to request a pre-approved distribution, through participant self-certification of eligibility. The maximum dollar amount that could be requested per participant was \$100,000 up through December 31, 2020. Although the Plan has not yet been amended for this provision, under the CARES Act the Company has until December 31, 2022 to formally amend the Plan.
