INDEPENDENT AUDITORS' REPORT

To the Plan Administrator

AKRON GENERAL HEALTH SYSTEM 401(K) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of the Akron General Health System 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AKRON GENERAL HEALTH SYSTEM 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Akron General Health System 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions. Copies of these documents are available from the Total Rewards Department at The Cleveland Clinic Foundation ("Foundation").

General - The Plan is a retirement savings plan designed to invest voluntary pre-tax or Roth after-tax employee contributions and employer matching and basic contributions for the benefit of the participating employees of Akron General Health System (together the "System") and its affiliates, including Akron General Medical Center ("AGMC"), Lodi Community Hospital ("LCH"), Akron General Partners, Inc. ("AGP"), Partners Physician Group ("PPG") and Affiliates. The Plan was adopted by the System on January 1, 2003. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On November 1, 2015, the Foundation became the full member of Akron General Health System pursuant to a Member Substitution Agreement.

In 2016, the Plan was amended to provide that certain employees who transfer employment from the Foundation and its affiliates to an employer under the Plan will be given service credit for their employment with the Foundation and its affiliates prior to November 1, 2015 as if they were under the Plan at the time of such employment.

The Plan Administrator is Akron General Health System ("AGHS"). The Board of Directors of AGHS has authorized the Retirement Committee of the Foundation to act on behalf of AGHS to perform its duties as Plan Administrator. The Retirement Committee has overall responsibility for the operation and administration of the Plan, including actions with respect to contracts, trusts, evaluation and engagement of investment fund managers and other Plan matters as required.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, included several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated the relief provisions available to plan participants under the CARES Act and implemented the following provisions:

- Special coronavirus distributions up to \$100,000 through December 31, 2020
- Extended the period for loan repayments, if applicable, up to one year through December 31, 2020
- Temporary relief on required minimum distributions for calendar year 2020

AKRON GENERAL HEALTH SYSTEM 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Eligibility - The majority of employees of the System are eligible to participate in the Plan. New hires are automatically enrolled in the Plan within 45 days of their start date, unless they affirmatively enroll before then or decline enrollment. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are automatically invested in a designated target-date fund until changed by the participant.

Contributions - Employee Deferrals – Highly compensated participants are permitted to make contributions to the Akron General Health System Matched Retirement Savings Plan and are not permitted to make contributions to the Plan. Non-highly compensated participants may contribute amounts to the Plan up to the greater of the Internal Revenue Code ("IRC") Section 402 (g) limit or 70% of pre-tax annual compensation, as defined by the Plan. Eligible individuals may also contribute "catch up" contributions. The employee can designate their contributions as pre-tax or Roth contributions. Effective March 4, 2019 participants can also make after-tax contributions.

Employer Contributions - The System may make matching contributions to the accounts of eligible participants. Matching contributions for highly compensated employees are based on amounts those employees contribute to the Akron General Health System Matched Retirement Savings Plan. Matching contributions for all eligible participants are determined as follows:

a) Ohio Nurses Association ("ONA") Participants: 100% of the first 4% of compensation that a participant contributes to the Plan, plus 50% of the employee's payroll deferral percentage that is greater than 4%, but not in excess of 6% for ONA employees who complete one year of service.

b) United Steel Workers ("USW") Participants: 50% of the first 6% of compensation that a participant contributes to the Plan for USW employees. Additionally, USW participants no longer have a service requirement.

c) All Non-Bargaining Participants employed by the System, AGMC or PPG: 100% of the first 3% of compensation that a participant contributes to the Plan, plus 50% of the next 2% of compensation that a participant contributes to the Plan, for participants who complete one year of service.

d) All other Non-Bargaining Participants (currently those employed by LCH and AGP): 100% of the first 3% of compensation that a participant contributes to the Plan for participants who complete one year of service.

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

Contributions are subject to limitations on annual additions and other limitations imposed by the IRC.

AKRON GENERAL HEALTH SYSTEM 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Participant investment account options - All contributions to the Plan are deposited in accounts maintained by Fidelity Management Trust Company ("Fidelity"). Separate accounts are maintained for each participant. All contributions and earnings are to be invested as directed by the participants in any of the various mutual funds or guaranteed investment contracts held by Fidelity. Additionally, self-directed brokerage account investments are available through Fidelity Brokeragelink. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Participant accounts - Each participant's account is credited with the participant's elective contributions, employer contributions, an allocation of earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Any nonvested participant accounts are forfeited upon termination.

Vesting - Participants are immediately vested in their contributions plus any earnings thereon. Participants are vested in System contributions after completing three years of service.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest payments for loans originating prior to January 1, 2019 can be made ratably through payroll deduction or by the participant directly to Fidelity. Loans originating after January 1, 2019 require principal and interest payments to be made ratably by the participant directly to Fidelity.

The CARES Act delayed loan payments for a COVID-19 qualified individual for any loan outstanding on or after March 27, 2020 through December 31, 2020 and, if applicable, extended the loan for up to one year.

Payment of benefits - On termination of service due to death, disability or retirement, or other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Benefit payments are subject to certain restrictions as defined in the Plan document. If the vested portion of a participant's account does not exceed \$5,000 upon termination of service, the Plan is permitted to make a lump sum distribution to the participant under certain conditions as defined in the plan document. The Plan also allows in-service distributions for participants age 59 ½ or older.

AKRON GENERAL HEALTH SYSTEM 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

The CARES Act permitted eligible Plan participants to request special penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons included the participant, spouse or dependent being diagnosed with COVID-19, adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The special coronavirus-related distributions waived the 10% early withdrawal penalty and were allowed to be made between January 1, 2020 and December 31, 2020.

Forfeited accounts - At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$348,960 and \$41,296, respectively. These accounts will be used to reduce future employer contributions. There were no offsetting contributions in 2021 from forfeited accounts. For the year ended December 31, 2020, employer contributions were reduced by \$1,161,223.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Master Trust - The investments of the Plan, along with the investments of certain other defined contribution plans sponsored by the Foundation and its affiliates are pooled for investment purposes into a master trust pursuant to an agreement between Fidelity, the trustee, and the Foundation – The Cleveland Clinic Foundation DC Plans Master Trust. The Plan's interest in the Master Trust and all changes in that interest are presented in separate line items in both the statements of net assets available for benefits and the statements of changes in net assets available for benefits in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960): Employee Benefit Master Trust Reporting*. ASU 2017-06 also requires that the Plan disclose the general types of investments held by the Master Trust and also the dollar amount of the Plan's interest in each of those general types of investments. These disclosures are provided in Note 4.

Payment of benefits - Benefits are recorded when paid.

AKRON GENERAL HEALTH SYSTEM 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Administrative expenses - Certain expenses of the Plan are paid by the System and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's accounts and are included in administrative expenses. The System may obtain reimbursement from the Plan for certain administrative expenses paid on behalf of the Plan. Investment related expenses are included in net investment income – participation in Master Trust

Valuation of investments held by the Master Trust - Investments are reported at fair value (except for fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment trustees. See Note 5 for discussion of fair value measurements.

Recognition of income by the Plan and Master Trust - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment income – participation in Master Trust includes gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2021 and 2020. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments and notes receivable:

- Investments at fair value – interest in Master Trust
- Investments at contract value – interest in Master Trust
- Notes receivable from participants
- Net investment income – participation in Master Trust
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

(3) Information prepared and certified by the trustee (continued)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Master Trust

The following is financial information with respect to the Master Trust:

While certain of the investments of the participating plans are deemed part of the Master Trust, each plan maintains a separate accounting of its share of the Master Trust's investments and its participation in the net appreciation or depreciation of the Master Trust's investments based on fair value measured using the methodologies described in Note 5.

(5) Fair value measurements

Authoritative guidance provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

AKRON GENERAL HEALTH SYSTEM 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(5) Fair value measurements (continued)

- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments held by the Master Trust and measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Master Trust are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Master Trust are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily hold investments in mutual funds.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's investments at fair value at December 31, 2021:

	Master Trust Investments at Fair Value as of December 31, 2021

(6) Fully benefit-responsive investment contract

The Plan has a fully benefit-responsive guaranteed investment contract (GIC) issued by Prudential Insurance Company of America ("Prudential") at December 31, 2021 and 2020. The contract is held in the Master Trust. Contributions to this contract are maintained in the general account of the contract issuer. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed for a specified period of time as outlined in the GIC. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.0%. The crediting interest rate is reviewed on a quarterly or annual basis for resetting using a portfolio rate approach where a single interest rate is applied to all contributions made regardless of the timing of those contributions. The contract is evergreen and does not have a maturity date.

The GIC meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTES TO FINANCIAL STATEMENTS

(6) **Fully benefit-responsive investment contract (continued)**

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events could include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. These events could cause contract value to be reduced subject to the application of market value adjustments, as defined in the contract. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

There are no events that permit the issuer to terminate the contract which would require the Plan to transact at amounts different than the contract value.

(7) **Related party transactions and party-in-interest transactions**

Fees for legal, accounting, trustee, and other services are paid by the System. Administrative fees charged by Fidelity, including penalties for withdrawals are deducted from the individual accounts of applicable participants. Other party-in-interest transactions include the purchase and sale of investments through Fidelity. Such transactions are exempt from being prohibited transactions. Fidelity provides certain management services to the Plan pursuant to a plan service agreement. Fees incurred by the Plan for the investment management services are included in net investment income - participation in master trust as they are deducted from the NAV of the respective mutual fund, rather than through a direct payment.

A Revenue Credit Account is maintained at Fidelity and funded quarterly based on revenue sharing on covered investments, as defined, in excess of a quarterly participant fee. The Revenue Credit Account may be used to reimburse the System for fees and expenses or to pay such vendors directly for services provided to the Plan. Amounts not used to pay expenses of the Plan may be allocated to Plan participants. During 2021 and 2020, the Plan earned revenue credits of \$36,071 and \$53,724, respectively, which are reported in the financial statements as other income.

(8) **Plan termination**

Although it has not expressed any intent to do so, the System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in benefits accrued to the date of termination.

NOTES TO FINANCIAL STATEMENTS

(9) Tax status

The Internal Revenue Service ("IRS") has determined and informed the System by letter dated March 19, 2018, that the Plan and the related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, currently no audits for any tax periods are in progress.

(10) Risks, uncertainties and concentrations

The Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(11) Subsequent events

The Plan has evaluated events that have occurred subsequent to the year ended December 31, 2021 through September 29, 2022, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
