Independent Auditors' Report

The Plan Administrator
Cary Oil Co., Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Cary Oil Co. Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Ascensus Trust Company as of December 31, 2021 and for the period from March 1, 2021 to December 31, 2021, and Branch Banking and Trust Company as of December 31, 2020 and for the period from January 1, 2021 to February 28, 2021, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Cary Oil Co. Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CARY OIL CO., INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(1) Description of Plan

The following description of the Cary Oil Co., Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is sponsored by Cary Oil Co., Inc. (the "Company").

(a) Organization and Administration

The Plan is a defined contribution plan adopted January 1, 1971 covering substantially all full-time employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Members of management of the Company administer the Plan and among other duties, appoint the Plan trustee. Effective March 1, 2021, Ascensus Trust Company (the "Trustee") holds the assets of the Plan. Branch Banking and Trust Company previously held the assets of the Plan. Certain transaction-based fees, such as participant loan and benefits distribution processing fees, are paid from participants' accounts. Trustees' fees are also deducted from participants' accounts and are included in administrative expenses of the Plan. Certain other administrative costs of the Plan are absorbed by the Company.

(b) Participation

Employees are eligible to participate in the Plan upon attaining thirty days of employment. Employees are eligible to receive discretionary profit-sharing contributions after one year of employment. An employee can join the Plan on the first day of the month following satisfaction of eligibility requirements.

(c) Contributions

Plan participants may make pre-tax contributions up to 100% of their regular compensation as defined in the Plan agreement. Participants who have attained age 50 may also make pre-tax catch-up contributions to the Plan by completing special election forms. All participant contributions are subject to Internal Revenue Code 401(k) limitations. The Company had previously elected to make a non-elective safe harbor employer contribution equal to 100% of participant contributions, not to exceed 3% of each participant's salary and 50% of deferrals between 3% and 5% of each participant's salary. Effective January 1, 2021, the Plan was amended and the Company elected to make a non-elective safe harbor employer contribution equal to 100% of participant contributions, not to exceed 4% of each participant's salary and 50% of deferrals between 4% and 6% of each participant's salary. The Company may also make discretionary profit-sharing contributions. During 2021 and 2020, the Company elected not to make a profit sharing contribution.

In addition, participants may make rollover contributions from other qualified plans to their account at any time during the Plan year.

(d) Participant Accounts

Participants' accounts are credited with their pre-tax contributions, Company discretionary matching and profit-sharing contributions and allocations of Plan earnings (losses). Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

(e) Vesting

Participants are immediately vested in their pre-tax contributions and the safe harbor matching contributions. Vesting in the Company's discretionary profit-sharing contribution portion of their accounts is based on their years of continuous service. Vesting for discretionary contributions begins in the second year of service and vests at the rate of 20% per year so that participants are 100% vested in such contributions after six years of service.

(f) Investments

The Plan provides that contributions and related earnings will be invested in the Plan's investment options as directed by each participant. As of December 31, 2021 and 2020, the Plan's funds were invested in a stable value fund and a series of varied risk mutual funds. Certain investment management fees are charged to the individual funds in the Plan and are included in net appreciation (depreciation) in the fair value of investments.

(g) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Notes receivable from participants are collateralized by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the date of issuance of the note. Generally, the term of the note may not exceed five years, and principal and interest are paid ratably through payroll deductions. Interest income on notes receivable from participants totaled \$8,044 and \$8,266 during 2021 and 2020, respectively. Beginning on March 27, 2020, under provisions of the Coronavirus Aid, Relief, and Economics Securities Act ("CARES Act"), impacted participants were permitted to borrow up to \$100,000 or 100% of their vested balance. These provisions expired on September 22, 2020.

(h) Participant Refund Payable

During 2020, the Plan withheld participant contributions on ineligible wages. Therefore, the Plan recognized a participant refund payable in the amount of \$5,145, and a refund receivable from participants totaling \$230 for the associated lost earnings as of December 31, 2020. There were no refunds payable in 2021.

(i) Distributions

A participant is entitled to distributions under the Plan upon reaching 59 ½ years of age; in the event of the death of the participant before retirement or other termination of employment; in the event of the participant's total or permanent disability; in the event that a participant's employment is terminated for any reason other than those stated above, or in the event of employee hardship, which must be proved satisfactorily to the Plan Committee. Participants are entitled to the value of their account determined on the valuation date coincident with or following retirement, death, disability, or termination. All distributions from the Plan are made in one lump sum payment, or installments for required minimum distributions only. Beginning on March 27, 2020, under provisions of the CARES Act, participants were permitted coronavirus-related distributions up to \$100,000 with no 10% additional tax penalty. These provisions expired on December 31, 2020.

(j) Forfeitures

Forfeitures relating to the non-vested portion of a terminated participant's employer contributions are retained by the Plan and used to first pay administrative expenses and second to reduce future employer contributions. Forfeitures of \$1,332 and \$17,585 were used to offset administrative fees of the Plan in 2021 and 2020 respectively. Forfeitures available to pay Plan expenses and future employer contributions as of December 31, 2021 and 2020 totaled \$1,695 and \$5,863, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

(c) Fair Value Measurements, Continued

For determining fair value measurements, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. Management follows an established framework for measuring fair value. That framework provides a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs that may be used to measure fair value are described below:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: one or more significant inputs or significant value drivers that are unobservable or based on market assumptions.

(d) Investments

Investments in mutual funds managed by the Plan's trustee are valued on the last business day of the year based on the current market values (quoted prices in active markets) of the funds. Redemptions from the fund may be made each business day, subject to certain restrictions by the fund.

The Morley Stable Value I Fund (the "Fund") invests primarily in benefit responsive investment contracts with insurance companies, banks, and other financial institutions, the performance of which may be predicated on underlying fixed income securities. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were initiate permitted transactions under the terms of the plan. The Fund is recorded at fair value based on net asset values provided by the Trustee. Contract value of the Fund is not materially different than fair value.

The trustee of the Fund uses various valuation techniques to measure the fair value of the assets within the Fund. The fair value of conventional investment contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end. Individual assets of the synthetic investment contract are generally valued at representative quoted market prices. Short-term securities, if any, are stated at amortized cost, which approximates market value. Debt securities are valued on the basis of valuations furnished by a pricing service approved by the fund trustee, which determines valuations using methods based on market transactions for comparable securities and various relationships between securities which are generally recognized by institutional traders. Accrued interest, if any, on the underlying investments is added to the fair value of the investments for presentation purposes.

(2) Summary of Significant Accounting Policies, Continued

(d) Investments, Continued

There are several specific risks to investment contracts. One of the primary risks involved is credit risk of the contract issuer. Credit risk for security-backed contracts includes risks arising from the potential inability of the issuer to meet the terms of the contract wrapper and the potential default of the underlying fixed-income securities. Secondly, liquidity is limited because of the unique characteristics of investment contracts and the absence of an actively traded secondary market. Interest rate risk is also present because rates may be fixed with these products.

Market value events may limit the ability of the Fund to transact at contract value with the issuer. Market value events are events or conditions that occur which are outside of the normal operation of the Fund and lead to any Fund disbursements which have or will have a material adverse effect on the operations of the Fund and a financial effect on the investment contract or wrap issuer's interest hereunder. In the normal course of business, such events or conditions would not limit the ability of the Fund to transact at contract value with the participants in the Fund. The Fund is managed to maintain a certain amount of liquidity to provide for the day-to-day liquidity needs of participants as well as the occasional market value event.

The Plan presents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) in the market value of its investments which consists of realized gains or losses and the unrealized appreciation (depreciation) on investments held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Investment income is recognized when earned. There are no unfunded commitments as of December 31, 2021.

(e) Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest.

(f) Benefit Payments

Benefits are recorded when paid.

December 31, 2021 and 2020

(4) Fair Value Measurements, Continued

For 2021 and 2020, there were no significant transfers between levels.

(5) Risks and Uncertainties

Financial instruments which potentially subject the Plan to concentrations of credit risk consist of investments in mutual funds and a stable value fund. The Plan has no formal policy regarding collateral to support the financial instruments subject to credit risk. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

(6) Income Tax Status

The Plan trustee received a letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the form of the prototype plan which the Company has adopted is acceptable under the applicable requirements of the Internal Revenue Code (the "Code") for use by employers for the benefit of their employees. The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(7) Related Party Transactions

As of December 31, 2021 and 2020 the Plan had contributions receivable from the Company of \$35,683 and \$0, respectively. Amounts were paid to the Plan in the following year.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become 100 percent vested in their employer contributions.

(9) Impact of COVID-19

In March 2020, the World Health Organization declared the global novel coronavirus disease 2019 (COVID-19) outbreak a pandemic. The extent of COVID-19's effect on the Plan's assets and investment performance will depend on future developments, including the duration, spread and intensity of the pandemic, and the impact on U.S. investment markets, all of which are uncertain and difficult to predict considering the rapidly evolving landscape. As a result, it is not currently possible to ascertain the overall impact of COVID-19 on the Plan's investments, net assets available for plan benefits, and changes in net assets available for plan benefits.

(10) Subsequent Events

Economic uncertainties have arisen that have resulted in significant volatility in the U.S. investment markets, resulting in a decline in the value of the Plan's investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

The date to which events occurring after December 31, 2021, the date of the most recent statement of net assets available for plan benefits, have been evaluated for possible adjustment to the financial statements or disclosure is October 13, 2022, the date the financial statements were available to be issued.
