INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Participants
Balch & Bingham LLP 401(k) Profit Sharing Plan
Birmingham, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Balch & Bingham LLP 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Balch & Bingham LLP 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirement of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Balch & Bingham LLP 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Balch & Bingham LLP 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Balch & Bingham LLP 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statement, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for the purpose of additional analysis but is supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Balch & Bingham LLP 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

BALCH & BINGHAM LLP
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2021 AND 2020
AND FOR THE YEAR ENDED DECEMBER 31, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Statements

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefits

Benefit payments to participants are recorded when paid.

Operating Expenses

The employer, a party-in-interest to the Plan, shares in the Plan's administrative expenses.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Accounting Standards Updates

In July 2019, the AICPA Auditing Standards Board (“ASB”) issued Statement on Auditing Standards (“SAS”) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA* (“EBP SAS”). The SAS prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (“ERISA”) and changes the form and content of the related auditors report.

The SAS expands the audit requirements in all phases of an audit, including:

- engagement acceptance and obtaining additional management representations,
- performing risk assessment procedures related to the plan instrument, plan tax status and prohibited transactions, and responding to identified risks,
- communicating additional matters (reportable findings) with those charged with plan governance,
- performing certain additional procedures unique to auditing ERISA plans, and
- issuing a new form of the auditor’s report.

“Limited-Scope Audits” are now referred to as “ERISA section 103(a)(3)(C) audits.” There are significant changes to the audit report when management elects to instruct the auditor not to perform any additional procedures with respect to investment information certified by a qualified institution pursuant to ERISA Section 103(a)(3)(C). These audits will no longer be considered as having a scope limitation, and the auditor will follow new performance and reporting requirements.

Accordingly, the auditor will no longer issue a disclaimer of opinion, but instead will issue an auditor’s report in accordance with the EBP SAS that contains a two-pronged opinion that is based on the audit and on the procedures performed relating to the certified investment information. It provides an opinion on whether the amounts and disclosures in the financial statements not covered by the certification are presented fairly, in all material respects, in accordance with the applicable financial reporting framework, and an opinion on whether the certified investment information in the financial statements agrees to or is derived from, in all material respects, the certification.

The EBP SAS was originally effective for audits of financial statements for periods ending on or after December 15, 2020, and early application was not permitted. The EBP SAS was amended to delay the effective date by one year, and to allow early implementation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses have been recorded as of December 31, 2021 or 2020.

If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Evaluation of Subsequent Events

The Plan administrator has evaluated subsequent events through the date of the Independent Auditors' Report, which is the date the financial statements were available to be issued. No events or transactions occurred during that period requiring recognition or disclosure.

NOTE 2: DESCRIPTION OF PLAN

The following description of the Balch & Bingham LLP 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Balch & Bingham LLP 401(k) Profit Sharing Plan is an amendment and restatement of the money purchase pension plan known as the Balch, Bingham, Baker, Ward, Smith, Bowman & Thagard Pension Plan, which was established in 1968 and amended in 1984 to become the current 401(k) plan. The Plan provides retirement benefits to eligible employees of Balch & Bingham LLP (the Employer). The Plan is subject to the provisions of ERISA.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act") of 2020 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act became effective on January 1, 2020 and may require significant changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.

The Consolidated Appropriations Act of 2021 was signed into law on December 27, 2020 which includes a temporary rule that prevents partial plan terminations for qualified retirement plans in certain circumstances.

Contributions

Eligible employees may contribute between one percent (1%) and fifty percent (50%) of their compensation (elective deferrals), provided they do not exceed limits allowed by the Internal Revenue Code.

For all eligible employees, other than owner-employees and self-employed individuals, the employer will make a matching contribution based on the following schedule:

Years of ServiceEmployer Matching Contribution

1-5	100% of first 3% of compensation contributed by Participant
6-10	100% of first 4% of compensation contributed by Participant
11 or more	100% of first 5% of compensation contributed by Participant

Employer profit sharing contributions are made on a discretionary basis to all eligible employees. Should a profit sharing contribution be approved, it will be allocated at a rate of seven percent (7%) of the compensation of each participant, plus five and seven-tenths percent (5.7%) of the amount by which the participant's compensation exceeds the Social Security Taxable Wage Base that was in effect on the first day of the Plan year.

In the case of Self-Employed Individuals (Partners), the employer will allocate a profit sharing contribution amount equal to 11.5% of the eligible Self-Employed Individual's Compensation but no more than the maximum annual contribution allowed under Section 415 less the maximum 401(k) deferral limit for the year and less the maximum employer matching contribution allowed to a Self-Employed Individual (i.e., 100% of the first 3% of Compensation contributed to the 401(k) Profit Sharing Plan).

All contributions to the Plan are placed in trust and invested by the trustee. The trustee holds the plan assets and executes investment transactions as directed. Participants have the ability to direct the investment of their account through a choice of mutual funds offered by the trustee or self-directed accounts.

NOTE 3: PARTICIPANT ACCOUNTS

Each participant's account is credited with the amount contributed by the employer, in addition to the participant's own contributions. Each participant's account is also credited with an allocation of Plan earnings. Forfeitures of terminated participants' nonvested accounts are used to reduce the employer matching and profit sharing contributions or pay Plan expenses.

Vesting

Employees are vested in employer matching and profit sharing contributions in accordance with the following vesting schedule:

Years of ServiceVested Percentage

Less than two

0%

	20%
Two but less than three	40%
Three but less than four	60%
Four but less than five	80%
Five but less than six	100%
Six or more	

All employees are 100% vested as to their own contributions. Participants are 100% vested in employer contributions at retirement, death or disability.

Payment of Benefits

Participants may elect to receive a lump-sum payment in cash or payments over a period certain in monthly, quarterly, semiannual, or annual cash installments. The period over which such payments are to be made shall not extend beyond the Participant's life expectancy (or the life expectancy of the Participant and the Participant's designated beneficiary).

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to 50% of the vested balance in their account or \$50,000, whichever is less. The loans are secured by the Participant's vested interest in their account and bear interest at the current prime interest rate plus one percent.

NOTE 4: INFORMATION CERTIFIED BY THE TRUSTEE (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2021 and 2020, and for the year ended December 31, 2021:

- Investments, at fair value (excludes self-directed brokerage accounts and cash surrender value of life insurance)
- Notes receivable from participants and related interest
- Net appreciation in fair value of investments (excludes net appreciation/depreciation in self-directed brokerage accounts and cash surrender value of life insurance)
- All components of income (excludes self-directed brokerage accounts and cash surrender value of life insurance)
- Schedule of Assets (Held at End of Year) (excludes self-directed brokerage accounts and cash surrender value of life insurance)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5: TAX STATUS

The Plan has adopted a Volume Submitter Plan and Trust Document that is pre-approved by the Internal Revenue Service. The Plan administrator believes the Plan is currently operated in compliance with the plan document and applicable requirements of the IRC, therefore, no provision for income taxes is included in these financial statements.

The Plan follows accounting standards relating to uncertainty of income tax positions. Tax positions are recognized in the financial statements when it is more likely than not that the position will be sustained by the tax authorities. The Plan administrator assessed whether there were any uncertain tax positions that may give rise to income tax liabilities and determined that there were no such matters requiring recognition in the accompanying financial statements. The Plan files information returns under U.S. federal jurisdiction. With few exceptions, the Plan is no longer subject to U.S. federal tax examinations for years before 2018. Net Assets and changes in net assets in these financial statements agree to Schedule H of Form 5500.

NOTE 6: FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* section in the ASC establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The hierarchy consists of three broad levels, described as follows:

Level 1 - Inputs consist of unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 - Inputs consist of unobservable inputs where there is little or no market activity and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Cash - The carrying amount approximates fair value.

Self-directed brokerage accounts, Conservative managed portfolio, Growth managed portfolio, Income managed portfolio, Moderate managed portfolio, Aggressive managed portfolio and Mutual funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Bond mutual funds – Investments that trade in markets that are considered to be less than active, but are valued based on dealer quotation or alternative pricing sources supported by observable inputs, or investments that trade in less than active markets that are valued based on quoted prices on a securities exchange.

Common collective trusts – Valued using NAV per share practical expedient where the NAV of units held by the Plan are based on the fair value of the underlying investments.

Investments in real estate – Valued at the Plan's ownership percentage of the net asset/capital value of its underlying investments which are stated at fair value.

Cash surrender value of life insurance – Contractual value of policies as reported by insurance companies.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the fair value measurement of assets recognized in the accompanying statement of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2021 and 2020:

- (a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. There are no unfunded commitments for these investments, they are valued daily, and there are no redemption restrictions.

Management assesses the reasonableness of the methodology by reviewing a variety of factors including review of existing contracts, the fund investment profile and financial strength ratios, economic conditions, industry and market developments, and overall credit ratings.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There were no differences between the net assets available for benefits and changes in net assets available for benefits per the financial statements and Form 5500 as of December 31, 2021 and 2020.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Participants
Balch & Bingham LLP 401(k) Profit Sharing Plan
Birmingham, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Balch & Bingham LLP 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Balch & Bingham LLP 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirement of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Balch & Bingham LLP 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Balch & Bingham LLP 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Balch & Bingham LLP 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statement, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for the purpose of additional analysis but is supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Balch & Bingham LLP 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

BALCH & BINGHAM LLP
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2021 AND 2020
AND FOR THE YEAR ENDED DECEMBER 31, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Statements

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefits

Benefit payments to participants are recorded when paid.

Operating Expenses

The employer, a party-in-interest to the Plan, shares in the Plan's administrative expenses.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Accounting Standards Updates

In July 2019, the AICPA Auditing Standards Board (“ASB”) issued Statement on Auditing Standards (“SAS”) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA* (“EBP SAS”). The SAS prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (“ERISA”) and changes the form and content of the related auditors report.

The SAS expands the audit requirements in all phases of an audit, including:

- engagement acceptance and obtaining additional management representations,
- performing risk assessment procedures related to the plan instrument, plan tax status and prohibited transactions, and responding to identified risks,
- communicating additional matters (reportable findings) with those charged with plan governance,
- performing certain additional procedures unique to auditing ERISA plans, and
- issuing a new form of the auditor’s report.

“Limited-Scope Audits” are now referred to as “ERISA section 103(a)(3)(C) audits.” There are significant changes to the audit report when management elects to instruct the auditor not to perform any additional procedures with respect to investment information certified by a qualified institution pursuant to ERISA Section 103(a)(3)(C). These audits will no longer be considered as having a scope limitation, and the auditor will follow new performance and reporting requirements.

Accordingly, the auditor will no longer issue a disclaimer of opinion, but instead will issue an auditor’s report in accordance with the EBP SAS that contains a two-pronged opinion that is based on the audit and on the procedures performed relating to the certified investment information. It provides an opinion on whether the amounts and disclosures in the financial statements not covered by the certification are presented fairly, in all material respects, in accordance with the applicable financial reporting framework, and an opinion on whether the certified investment information in the financial statements agrees to or is derived from, in all material respects, the certification.

The EBP SAS was originally effective for audits of financial statements for periods ending on or after December 15, 2020, and early application was not permitted. The EBP SAS was amended to delay the effective date by one year, and to allow early implementation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses have been recorded as of December 31, 2021 or 2020.

If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Evaluation of Subsequent Events

The Plan administrator has evaluated subsequent events through the date of the Independent Auditors' Report, which is the date the financial statements were available to be issued. No events or transactions occurred during that period requiring recognition or disclosure.

NOTE 2: DESCRIPTION OF PLAN

The following description of the Balch & Bingham LLP 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Balch & Bingham LLP 401(k) Profit Sharing Plan is an amendment and restatement of the money purchase pension plan known as the Balch, Bingham, Baker, Ward, Smith, Bowman & Thagard Pension Plan, which was established in 1968 and amended in 1984 to become the current 401(k) plan. The Plan provides retirement benefits to eligible employees of Balch & Bingham LLP (the Employer). The Plan is subject to the provisions of ERISA.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act") of 2020 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act became effective on January 1, 2020 and may require significant changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.

The Consolidated Appropriations Act of 2021 was signed into law on December 27, 2020 which includes a temporary rule that prevents partial plan terminations for qualified retirement plans in certain circumstances.

Contributions

Eligible employees may contribute between one percent (1%) and fifty percent (50%) of their compensation (elective deferrals), provided they do not exceed limits allowed by the Internal Revenue Code.

For all eligible employees, other than owner-employees and self-employed individuals, the employer will make a matching contribution based on the following schedule:

Years of ServiceEmployer Matching Contribution

1-5	100% of first 3% of compensation contributed by Participant
6-10	100% of first 4% of compensation contributed by Participant
11 or more	100% of first 5% of compensation contributed by Participant

Employer profit sharing contributions are made on a discretionary basis to all eligible employees. Should a profit sharing contribution be approved, it will be allocated at a rate of seven percent (7%) of the compensation of each participant, plus five and seven-tenths percent (5.7%) of the amount by which the participant's compensation exceeds the Social Security Taxable Wage Base that was in effect on the first day of the Plan year.

In the case of Self-Employed Individuals (Partners), the employer will allocate a profit sharing contribution amount equal to 11.5% of the eligible Self-Employed Individual's Compensation but no more than the maximum annual contribution allowed under Section 415 less the maximum 401(k) deferral limit for the year and less the maximum employer matching contribution allowed to a Self-Employed Individual (i.e., 100% of the first 3% of Compensation contributed to the 401(k) Profit Sharing Plan).

All contributions to the Plan are placed in trust and invested by the trustee. The trustee holds the plan assets and executes investment transactions as directed. Participants have the ability to direct the investment of their account through a choice of mutual funds offered by the trustee or self-directed accounts.

NOTE 3: PARTICIPANT ACCOUNTS

Each participant's account is credited with the amount contributed by the employer, in addition to the participant's own contributions. Each participant's account is also credited with an allocation of Plan earnings. Forfeitures of terminated participants' nonvested accounts are used to reduce the employer matching and profit sharing contributions or pay Plan expenses.

Vesting

Employees are vested in employer matching and profit sharing contributions in accordance with the following vesting schedule:

Years of ServiceVested Percentage

Less than two

0%

	20%
Two but less than three	40%
Three but less than four	60%
Four but less than five	80%
Five but less than six	100%
Six or more	

All employees are 100% vested as to their own contributions. Participants are 100% vested in employer contributions at retirement, death or disability.

Payment of Benefits

Participants may elect to receive a lump-sum payment in cash or payments over a period certain in monthly, quarterly, semiannual, or annual cash installments. The period over which such payments are to be made shall not extend beyond the Participant's life expectancy (or the life expectancy of the Participant and the Participant's designated beneficiary).

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to 50% of the vested balance in their account or \$50,000, whichever is less. The loans are secured by the Participant's vested interest in their account and bear interest at the current prime interest rate plus one percent.

NOTE 4: INFORMATION CERTIFIED BY THE TRUSTEE (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2021 and 2020, and for the year ended December 31, 2021:

- Investments, at fair value (excludes self-directed brokerage accounts and cash surrender value of life insurance)
- Notes receivable from participants and related interest
- Net appreciation in fair value of investments (excludes net appreciation/depreciation in self-directed brokerage accounts and cash surrender value of life insurance)
- All components of income (excludes self-directed brokerage accounts and cash surrender value of life insurance)
- Schedule of Assets (Held at End of Year) (excludes self-directed brokerage accounts and cash surrender value of life insurance)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5: TAX STATUS

The Plan has adopted a Volume Submitter Plan and Trust Document that is pre-approved by the Internal Revenue Service. The Plan administrator believes the Plan is currently operated in compliance with the plan document and applicable requirements of the IRC, therefore, no provision for income taxes is included in these financial statements.

The Plan follows accounting standards relating to uncertainty of income tax positions. Tax positions are recognized in the financial statements when it is more likely than not that the position will be sustained by the tax authorities. The Plan administrator assessed whether there were any uncertain tax positions that may give rise to income tax liabilities and determined that there were no such matters requiring recognition in the accompanying financial statements. The Plan files information returns under U.S. federal jurisdiction. With few exceptions, the Plan is no longer subject to U.S. federal tax examinations for years before 2018. Net Assets and changes in net assets in these financial statements agree to Schedule H of Form 5500.

NOTE 6: FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* section in the ASC establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The hierarchy consists of three broad levels, described as follows:

Level 1 - Inputs consist of unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 - Inputs consist of unobservable inputs where there is little or no market activity and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Cash - The carrying amount approximates fair value.

Self-directed brokerage accounts, Conservative managed portfolio, Growth managed portfolio, Income managed portfolio, Moderate managed portfolio, Aggressive managed portfolio and Mutual funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Bond mutual funds – Investments that trade in markets that are considered to be less than active, but are valued based on dealer quotation or alternative pricing sources supported by observable inputs, or investments that trade in less than active markets that are valued based on quoted prices on a securities exchange.

Common collective trusts – Valued using NAV per share practical expedient where the NAV of units held by the Plan are based on the fair value of the underlying investments.

Investments in real estate – Valued at the Plan's ownership percentage of the net asset/capital value of its underlying investments which are stated at fair value.

Cash surrender value of life insurance – Contractual value of policies as reported by insurance companies.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the fair value measurement of assets recognized in the accompanying statement of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2021 and 2020:

- (a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. There are no unfunded commitments for these investments, they are valued daily, and there are no redemption restrictions.

Management assesses the reasonableness of the methodology by reviewing a variety of factors including review of existing contracts, the fund investment profile and financial strength ratios, economic conditions, industry and market developments, and overall credit ratings.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There were no differences between the net assets available for benefits and changes in net assets available for benefits per the financial statements and Form 5500 as of December 31, 2021 and 2020.
