Independent Auditor's Report

To the Plan Administrator
Asymmetrik, Ltd. 401(k) Profit Sharing Plan
Annapolis Junction, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Asymmetrik, Ltd. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — ERISA-Required Supplemental Schedule Required by ERISA

The ERISA-required supplemental schedule (Schedule H, Line 4i – Schedule of Assets (Held at End of Year)) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and

reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the ERISA-required supplemental schedule, we evaluated whether the ERISA-required supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the ERISA-required supplemental schedule, other than the information in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the ERISA-required supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of Asymmetrik, Ltd. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan with 401(k) salary deferral provisions covering substantially all employees of Asymmetrik, Ltd. (the Company) who have attained age 21 and completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was restated on January 2, 2018 and was most recently restated effective April 26, 2021, to comply with the requirement to restate the prototype non-standardized profit sharing plan documents every six year in order to maintain the Plan's tax-qualified status.

Employees not eligible to participate in the Plan are employees covered by a collective bargaining agreement, employees conducting specialized language translation, nonresident aliens and leased employees. Hourly paid employees are not eligible for employer nonelective contributions. Part-time, seasonal and temporary employees are excluded unless they are age 21 and have completed at least 1,000 hours of service.

Trustee, custodian, and administration of the Plan

Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company (collectively, Great-West) are the trustee and custodian of the Plan, respectively. Empower Retirement is the recordkeeper of the Plan. The administrator of the Plan is the Company. Great-West holds all assets of the Plan in accordance with the service provider contract with the Company. The Company's management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000;
- Increase the available loan amount to the lesser of $100,000 or 100% of the participant's vested account balance;
- Extend the period for loan repayments, if applicable, up to one year; and
- Suspended required minimum distributions for 2020.

Contributions

Each year, participants may contribute from 1 percent up to 100 percent of pretax annual compensation as pre-tax elective deferrals, as defined in the Plan. The Plan also allows for Roth (after-tax) elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts

representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has adopted the provisions of a 401(k) Safe Harbor Plan. The Company will contribute 3% of an eligible participant's compensation to the Plan as a nonelective employer contribution to all eligible participants. The Company contributed $584,258 as nonelective employer contributions during the year ended December 31, 2021. Additional amounts may be contributed at the discretion of the Company in the form of profit-sharing contributions. Participants are eligible for the discretionary profit-sharing contribution if they are employed on the last day of the plan year end. Discretionary profit-sharing contributions are allocated based on the participant's annual compensation for the plan year compared to the annual compensation for all participants. During the year ended December 31, 2021, the Company made profit sharing contributions to the Plan totaling $2,206,235, of which $2,194,348 was paid to the Plan in March 2022.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, including amounts rolled over from other qualified plans, and the Company's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in all of their accounts.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to (i) the lesser of $50,000, reduced by the highest outstanding balance of any prior loans from the Plan during the prior one-year period, or (ii) 50% of their vested account balance, except for loans made under the CARES Act. In general, loan repayment terms range from one to five years. The notes are secured by the balance in the participant's account and bear interest at the Prime rate plus 2.0%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon termination of service due to death, disability, retirement (age 65) or any other reason, a participant or beneficiary may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In addition, participants may elect in service withdrawals of their elective deferral account balances after reaching age 59 ½.

In certain hardship situations, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship.

The Plan also provides for involuntary distribution of account balances for terminated participants with account balances of less than $5,000. Participant accounts of terminated participants with balances greater than $1,000 are automatically rolled into an IRA account if the participant does not elect payment.

Forfeited accounts

Forfeitures are utilized to reinstate previously forfeited account balances of participants, if any, or to reduce employer contributions. For each of the years ended December 31, 2021 and 2020, the total balance in the forfeiture account was $0. There were no forfeitures utilized during 2021 to pay Plan expenses or reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates

The preparation of financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment valuation and income recognition

Investments are reported at fair value, except for the Plan's direct investment in the fully benefit-responsive investment contract with Great-West which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's management determines the Plan's valuation policies utilizing information provided by the investment advisor and Great-West. See Note 4 for additional information related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses/other income

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

A Plan Expense Account (PEA) is maintained by Empower Retirement which may be used to pay Plan expenses. Asset based payments are calculated based upon an average daily balance of the investments for the month. During the year ended December 31, 2021, the Plan received and utilized $40,666 from the PEA to pay certain Plan expenses.

Recently adopted accounting pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurements Topic (820), Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 eliminates certain disclosures including the disclosure related to transfers between Level 1 and 2 investments, the valuation policies for Level 3 measurements and, for nonpublic entities, the change in the Level 3 investments' unrealized gains and losses included in earnings. This ASU also amends certain disclosures including disclosing purchases, sales, and transfers for Level 3 investments instead of the Level 3 roll-forward. ASU No. 2018-13 was effective for periods beginning after December 15, 2019. The adoption of this new standard did not have a significant impact on the Plan's financial statements.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule (Schedule H, Line 4i - Schedule of Assets (Held at End of Year)) is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such

certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year).

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual and money market funds held by the Plan are open-end funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: The Plan invests in a self-directed brokerage account (SDBA) offered through TD Ameritrade, Inc. The SDBA allows participants to select from numerous mutual funds, exchange-traded funds (ETFs), and/or other types of securities, such as stocks and bonds, for an additional fee. The Plan's SDBA currently holds common stock.

Common stock: Equity securities listed or traded on a national market or exchange are valued based on their sale price at the official close of business of such market or exchange on the valuation date, or if there is no official close of business, the latest sale price, or at the mean of the latest available bid and asked prices if no sale is reported.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
		Fair Value Hierarchy Level		
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 23,522,956	$ 23,522,956	$ -	$ -
Self-directed brokerage account	1,304,544	1,304,544	-	-
Total assets at fair value level	$ 24,827,500	$ 24,827,500	$ -	$ -

	Assets at Fair Value as of December 31, 2020 (Audited)			
		Fair Value Hierarchy Level		
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 18,020,725	$ 18,020,725	$ -	$ -
Self-directed brokerage account	688,569	688,569	-	-
Total assets at fair value level	$ 18,709,294	$ 18,709,294	$ -	$ -

5. Guaranteed Investment Contract with Great-West

The Plan invests in a traditional fully benefit-responsive investment contract (the contract) with Great-West. Great-West maintains the contributions in the Key Guaranteed Portfolio Fund general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. Either party to the group annuity contract may terminate the contract with at least 60 days advance written notice to the other party.

The contract meets the criteria for fully benefit-responsiveness and is therefore, reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a

portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

6. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Great-West. Great-West is the trustee and custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Notes receivable from participants are also exempt party-in-interest transactions. Transactions through the PEA would qualify as party-in-interest transactions.

7. Income Tax Status

The IRS determined and informed the Company by an advisory letter dated March 31, 2014 that the prototype non-standardized profit sharing plan with Great-West Trust Company, LLC followed by the Plan was designed in accordance with applicable sections of the IRC. Although the Plan was amended since receiving the advisory letter, the Plan Administrator and the Plan's tax counsel believe that the Plan was designed, and was being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust was tax-exempt.

Pursuant to a requirement to restate pre-approved plan documents every six years in order to maintain the Plan's tax-qualified status, effective April 26, 2021, the Plan adopted a prototype non-standardized profit sharing plan with Great-West Trust Company, LLC. The IRS determined and informed the Company by an advisory letter dated March 31, 2014 that the prototype non-standardized profit sharing plan with Great-West Trust Company, LLC followed by the Plan is designed in accordance with applicable sections of the IRC. The Plan administrator believes the Plan is currently designed and is being operated in accordance with the IRC.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values

of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full or partial plan termination, the affected participants would become 100% vested in their discretionary employer contributions.

The Company may reduce or suspend employer matching safe harbor contributions upon satisfaction of certain requirements provided under Internal Revenue Bulletin No. 2013-50, including a 30-day advanced notice to all eligible employees.

10. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020, to the Form 5500:

	2021	2020
Net assets available for benefits, per the financial statements	$ 28,083,146	$ 21,154,487
Less: employer contribution receivable	(2,194,348)	(1,824,670)
Net assets available for benefits, per the Form 5500	$ 25,888,79	$ 19,329,817

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2021 to Form 5500:

Change in net assets available for benefits, per the financial statements	$ 6,928,659
Add: 2020 Employer contributions receivable	1,824,670
Less: 2021 Employer contributions receivable	(2,194,348)
Change in net assets available for benefits, per the Form 5500	$ 6,558,981

11. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 11, 2022, the date the financial statements were available to be issued.

There has been no formal executed documents related to the intention of the Plan to merge into the (k)Praetorian Retirement Plan. Accordingly, given the uncertainty and lack of formal approval as of the date of this letter, this event is not included in the subsequent event footnote in the financial statements. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
