Independent Auditors' Report

To the Plan Administrator and Participants
Elkus/Manfredi Architects Ltd. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Elkus/Manfredi Architects Ltd. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 17, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ELKUS/MANFREDI ARCHITECTS LTD. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan

The following description of the Elkus/Manfredi Architects Ltd. 401(k) Plan (the “Plan”) provides only general information. More complete information regarding the Plan’s provisions may be found in the Plan document.

General

The Plan is a defined contribution plan established by Elkus/Manfredi Architects Ltd. (the “Employer”) on January 1, 1994. All employees are eligible to participate in the Plan after attaining 21 years of age and completing one month of service (the “Participants”).

Newport Trust Company (the “Custodian”) provides asset custodian services for the Plan. Newport Group, Inc., an affiliate of the Custodian, provides recordkeeping services. The Plan is subject to the provisions of the Internal Revenue Code (the “IRC”) and the Employee Retirement Income Security Act of 1974 (“ERISA”). All investments are participant-directed.

Plan Administration

The Employer is the plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. An officer of the Employer serves as the Plan’s trustee. The Employer pays certain administration fees on behalf of the Plan. Accordingly, such expenses are not reflected in the accompanying financial statements. Individual Participant accounts may be charged with an allocation of administrative expenses, if not paid by the Employer.

Participant Deferral Contributions

Participants may defer a minimum of 1% up to a maximum of 100% of their eligible compensation for the Plan year, as defined, not to exceed a dollar limit established under the IRC. Participants may make pre-tax or Roth contributions to their accounts. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (“Participant Rollovers”).

Employees, upon reaching eligibility to participate in the Plan, are automatically enrolled to defer 3% of their eligible compensation on a pre-tax basis, as defined. A Participant may choose not to defer or may choose a different percentage once enrolled. Automatic enrollment deferrals are invested in the applicable target date retirement fund, as defined, based upon the employee’s birth date. The automatic pre-tax deferral election and the default investment option remain in effect until the Participant changes them.

Employer Contributions

Discretionary Matching Contributions

The Employer, at its discretion, may elect to contribute a matching contribution equal to a percentage of a Participant’s salary deferrals. A Participant is entitled to discretionary matching contributions once they are enrolled in the Plan and is making deferral contributions. For the year ended December 31, 2021, the Employer elected to make discretionary matching contributions in an amount equal to 25% of the elective participant deferral contributions, up to 6% of their eligible compensation. The total discretionary matching contributions were \$400,645 for the year ended December 31, 2021.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan (Continued)

Employer Contributions (Continued)

Discretionary Non-Elective Employer Contributions

The Employer, at its discretion, may make discretionary non-elective contributions to the Plan as determined by the Employer's Board of Directors. In order to receive an allocation of any discretionary non-elective Employer contributions to the Plan, Participants must be employed by the Employer on the last day of the Plan year and have completed a year of service, as defined. Non-elective Employer contributions made to the Plan are allocated to each Participant's account based on a percentage of eligible compensation, as defined. The Employer elected not to make a discretionary non-elective contribution to the Plan during the year ended December 31, 2021.

Participant Accounts

Each Participant's account is credited with the Participant's deferral contributions, their respective Employer contributions, an allocation of the Plan's investment earnings and losses, an allocation of certain administrative expenses, if applicable, and loan fees and/or withdrawal fees, if applicable. Allocations are based on Participant compensation or account balance, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account balance.

Vesting

Participant Contributions

Participants are immediately vested in their voluntary deferral and rollover contributions plus allocated earnings thereon.

Employer Contributions

Participants' vested interest in Employer contributions, other than qualified non-elective Employer contributions, is based on years of continuous service. Participants begin vesting after one year of service, in 25% increments and are 100% vested after four years of service for the discretionary matching contributions. Participants begin vesting after five years of service in 20% increments for the discretionary non-elective Employer contributions. If employment is terminated due to death, disability, or the Participant reaches normal retirement age, as defined, the participant becomes 100% vested.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan (Continued)

Notes Receivable from Participants

Subject to approval by the plan administrator, Participants may borrow from their vested accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made, or 50% of their vested account balance. Loan terms range from one to five years (or longer for the purchase of a primary residence). Loans are secured by the vested balance in the Participant's account and bear interest at a fixed rate determined at the time the Participant applies for the loan based on rates available for similar loans from commercial lending institutions. A Participant may only have one loan outstanding at a time. Principal and interest are paid ratably through payroll deductions or by check if the employee has terminated employment. If a Participant ceases to make loan repayments and the plan administrator deems the Participant loan to be in default, the Participant loan balance is reduced and a benefit payment is recorded as soon as a distributable event occurs. The interest rates for outstanding loans ranged from 4.25% to 6.50% at December 31, 2021 and December 31, 2020 and mature at various dates through May 2033.

Payment of Benefits

Upon termination of service due to death, disability, voluntary termination, or retirement, a Participant or beneficiary may elect to receive a lump-sum payment equal to the value of the Participant's vested interest in his or her account. The payment can either be a cash distribution subject to income tax withholdings or a tax-free rollover to an Individual Retirement Account ("IRA") or another qualified plan. If the vested account balance is less than \$1,000, the plan administrator, after notification, may distribute the benefit to the Participant or beneficiary in a lump-sum payment.

In-service withdrawals from a Participant's account balance are permitted upon reaching age 59½. In-service withdrawals are also permitted due to financial hardship, as defined. Participants must have obtained all distributions, other than the hardship withdrawal, before financial hardship withdrawals are allowed. Hardship withdrawals may be taken from the Participant's contributions account or respective Employer contributions account if 100% vested, without respect to earnings.

Forfeiture and Expense Accounts

A Participant who is no longer employed by the Employer forfeits any non-vested balance after the earliest of five consecutive one year breaks in service or upon distribution of the entire vested portion of the Participant's account. Non-vested forfeited account balances are retained in the Plan and are used first to pay administrative expenses then to reduce Employer contributions. Unallocated forfeitures amounted to \$1,375 and \$2,799 at December 31, 2021 and 2020, respectively. During the year ended December 31, 2021, the Plan utilized forfeitures to pay for administrative expenses in the amount of \$7,814.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan (Continued)

Forfeiture and Expense Accounts (Continued)

The Employer has a revenue sharing arrangement with the Custodian that provides for an expense reimbursement to the Plan. These reimbursements are held in an ERISA expense account and are utilized to pay for certain Plan administrative expenses. There were no unallocated amounts in the ERISA expense account at December 31, 2021. Unallocated amounts in the ERISA expense account amounted to \$1,102 at December 31, 2020. During the year ended December 31, 2021, the Plan received \$1,555 of expense reimbursements and used \$2,657 from the ERISA expense account to pay Plan administrative expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from Participants is recorded on the accrual basis of accounting. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payments of Benefits

Benefit payments to Participants are recorded during the period in which the Participants are paid.

NOTES TO FINANCIAL STATEMENTS

Note 3 - Information Prepared and Certified by the Plan's Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as showing in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021.

The Plan's independent auditors' did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 - Fair Value Measurements

Under GAAP, a framework for measuring fair value has been established to clarify the definition of those fair values and expand disclosures about assets and liabilities measured at fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair Value Measurements (Continued)

There have been no changes in the methodology used at December 31, 2021 and 2020. The following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 48,397,139</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 48,397,140</u>

Investments at Fair Value as of December 31, 2020

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 40,619,064</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 40,619,064</u>

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6 - Party-In-Interest Transactions

Notes receivable from Participants qualify as exempt party-in-interest transactions as defined by ERISA. During the year ended December 31, 2021, the Plan paid administrative expenses of \$65,896 to UBS Financial Services, the Plan's investment advisor, \$76,141 to the Newport Group, Inc., an affiliate of the Custodian, and had a revenue sharing arrangement with the Custodian (see Note 1). These transactions qualify as exempt party-in-interest transactions as defined by ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, Participants will become fully vested in their accounts. Any unallocated assets of the Plan will be allocated to Participant accounts and distributed in such a manner as the Employer may determine.

Note 8 - Tax Status

The Plan is qualified under Section 401(a) and is exempt from federal income taxes under Section 501(a) of the IRC. The Plan obtained its latest determination letter on September 12, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. It is the Plan's policy to account for any uncertainties as described under the income tax laws. Under the income tax laws, the tax-exempt status of the Plan is considered a tax position. No such uncertain tax positions have been recognized by the Plan as of December 31, 2021 or 2020.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 9 - Subsequent Events

The Plan administrator has evaluated subsequent events through October 5, 2022, the date the financial statements were available to be issued, and determined that there have been no subsequent events that would require recognition in, or disclosure in the notes to, the financial statements.
