Independent Auditor's Report

To the Plan Administrator of the Clean Earth Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Clean Earth Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets which provide benefits under the plan and certified to by qualified institutions and assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We

are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Merger

As further discussed in Note 11, effective December 31, 2021 the Plan merged with and into the Harsco 401(k) Retirement Savings Plan. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report September 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**CLEAN EARTH PLAN
NOTES TO FINANCIAL STATEMENTS**

1. Plan Description

The following description of the Clean Earth Plan (the "Plan") provides only an abbreviated summary of the general provisions of the Plan. Participants should refer to the Summary Plan Description and the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan, covering substantially all non-union employees of Clean Earth LLC and Subsidiaries ("the Companies"). Employees who have completed 60 days of service and have attained age 18 are eligible for the Plan. Interns and employees who are scheduled for less than 30 hours per week are excluded from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

On December 31, 2020, the Plan was frozen and no new participants or contributions are allowed into the Plan. Active participants were able to maintain their loan eligibility as well as to continue existing loan repayments into the frozen plan. Effective January 1, 2021, participants were eligible to participate in the Harsco 401(k) Retirement Savings Plan.

As further discussed in Note 11, effective December 31, 2021, the Plan merged with and into the Harsco 401(k) Retirement Savings Plan and ceased to exist as a separate plan as of that date.

Contributions

Prior to December 31, 2020, participants may elect to contribute from 1% to 100% of their compensation to the Plan on a pre-tax basis, subject to limitations imposed under the Internal Revenue Code (IRC). The Plan also allows after-tax and after-tax (Roth) contributions. Participants who enter the Plan through automatic enrollment who do not specify a deferral amount will have 2% deferred on their behalf. Participants who enter the Plan through automatic enrollment will have their deferral percentage automatically increased 1% every year up to 6%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan from other qualified defined benefit or defined contribution plans. Eligible participants may opt out of the Plan at any time.

Prior to December 31, 2020, pursuant to the Plan, the Companies may make a discretionary matching contribution. The Companies may also make a discretionary contribution to the Plan in an amount determined by the Companies' Board of Directors. Employees are eligible for discretionary contributions if they are employed with the Companies on the last day of the Plan year.

Participants' Accounts

Each participant's account is credited with his or her contributions, the Companies' discretionary matching contributions, an allocation of discretionary employer contributions, and investment earnings and losses, and charged with an allocation of administrative expenses that are paid by the Plan. Discretionary employer contribution allocations are based on participant compensation. All other allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Prior to December 31, 2020, vesting in the Companies' matching and discretionary employer contributions is based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	—%
1 year but less than 2	20%
2 years but less than 3	60%
3 years of more	100%

While employed by the Companies, a participant will become 100% vested in their account balance upon death, disability or attainment of normal retirement age.

Effective January 1, 2021, participants are immediately vested.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan or are automatically invested in the appropriate target date funds.

Forfeitures

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$0 and \$46,607, respectively. At the Companies' discretion, forfeitures may be used to reduce employer contributions or used to pay Plan expenses. During the year ended December 31, 2021, the Companies used \$10,751 to reduce employer contributions and \$37,821 to pay Plan expenses.

Unallocated Assets

The Plan holds assets in an unallocated account which receives deposits as a result of a revenue sharing agreement with Massachusetts Mutual Life Insurance Company (MassMutual). During 2021, deposits to the account totaled \$10,000, which is included in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits. Funds in the account are used to pay qualified plan expenses including investment management fees, trustee fees, audit fees, and legal fees. During 2021, \$10,112 was used to pay Plan expenses. Unallocated assets were \$— and \$120 at December 31, 2021 and 2020, respectively.

Payment of Benefits

On termination of service due to death, disability, retirement, or separation of service, participants or their beneficiaries are entitled to receive a distribution of their vested account balance in the form of a lump-sum payment or installments.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship", as defined in the plan document. A participant may also request a withdrawal from rollover funds at any time.

Notes Receivable from Participants

Participants may borrow from their accounts up to 50% of their vested account balance, from a minimum of \$1,000 up to a maximum of \$50,000. Notes receivable terms range from one to five years or up to 30 years for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Prior to December 31, 2020, no more than two loans may be outstanding at any time. Effective December 31, 2020, no more than one loan may be taken. Principal and interest are paid ratably through payroll deductions and remitted to the custodian on a biweekly basis.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administration

Plan participants pay investment management, recordkeeping and participant transaction fees related to maintaining the Plan as a whole. Investment related expenses are included in net appreciation in the fair value of investments on the Statements of Changes in Net Assets Available for Benefits. All other expenses related to the Plan are paid by the Companies and are excluded from these financial statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Subsequent Events

The Company has evaluated subsequent events through September 30, 2022, the date the financial statements were available to be issued. No events were identified.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, the trustee of the Plan prior to December 31, 2020 and MassMutual, the custodian of the Plan prior to December 31, 2020 and Great-West Life & Annuity Insurance Company, the custodian from December 31, 2020 through January 5, 2021, and Great-West Trust Company, LLC, the trustee from January 1, 2021 through January 5, 2021 and Wells

Fargo Bank, N.A, the custodian of the Plan from January 6, 2021, through June 18, 2021 and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the custodian of the Plan effective June 18, 2021.

4. Party-In-Interest Transactions

Effective June 18, 2021, the Plan's investments are shares of mutual funds managed by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, trustee, custodian and recordkeeper for which fees are paid by the Plan. These transactions qualify as party in interest transactions. Fees paid by the Plan for the investment management services amounted to \$45 thousand for the period June 18, 2021 to December 31, 2021 and are included in Administrative expenses on the Statement of Changes in Net Assets Available for Benefits.

From January 6, 2021 to June 17, 2021, the Plan's investments were shares of mutual funds managed by Wells Fargo Bank, N.A., trustee, custodian and recordkeeper for which fees are paid by the Plan. These transactions qualify as party in interest transactions. Fees paid by the Plan for the investment management services amounted to \$17 thousand for the period January 5, 2021 to June 17, 2021 and are included in Administrative expenses on the Statement of Changes in Net Assets Available for Benefits.

From January 1, 2021 to January 5, 2021, certain Plan investments were invested in funds managed by Great-West Life & Annuity Insurance Company, the custodian of the Plan and Great-West Trust Company LLC, the trustee of the Plan, for which fees are paid by the Plan. These transactions qualify as party in interest transactions. Fees paid by the Plan for the investment management services amounted to \$3 thousand for the period January 1, 2021 to January 4 2021 and are included in Administrative expenses on the Statement of Changes in Net Assets Available for Benefits.

Additionally, notes receivable from participants qualify as party in interest transactions. For the year ended December 31, 2021, the Plan received \$20 thousand in interest income on notes receivable from participants.

5. Fair Value Measurements

The fair value framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan primarily applies the market approach for fair value measurements and endeavors to utilize the best available information. Accordingly, the Plan utilizes valuation techniques that maximize the use of observable inputs, such as quoted prices in active markets, and minimize the use of unobservable inputs. The Plan is able to classify fair value balances based on the observability of those inputs. Investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds

are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan recognizes the methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants expectations for the Plan's investments, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement. There have been no significant changes in the valuation methodologies or transfers between levels during the years ended December 31, 2021 and 2020.

There were no investments at December 31, 2021. At December 31, 2020, Plan investments are mutual funds and are classified within Level 1 of the fair value hierarchy, due to the fact that the inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

6. Guaranteed Interest Account

The Plan had entered into a benefit-responsive guaranteed interest account contract with MassMutual during the period of MassMutual's custodianship. MassMutual maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract was included in the financial statements at contract value as reported to the Plan by MassMutual. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

With investment contracts, the Plan owns only the contract itself. These contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The investment contract held by the Plan was a guaranteed investment contract. The contract issuer was contractually obligated to repay the principal and interest at a specified interest rate that was guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer, but not less than 0 percent. Such interest rates were reviewed on a semi-annual basis for resetting. The contract did not have a maturity date.

Upon transfer of custodianship of Plan assets from MassMutual to Wells Fargo Bank, N.A., the contract was terminated. The Plan elected to receive a lump sum at market value. Alternatively, the Company could have elected to receive equal annual installments of book value over a period not longer than 10 years.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts was dependent on the third-party issuer's ability to meet its financial obligations, which could have been affected by future economic and regulatory developments.

Certain events could have limited the ability of the Plan to transact at contract value with the contract issuer. Such events included the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974.

No events occurred that limited the ability of the Plan to transact at contract value with the contract issuer and that also would have limited the ability of the Plan to transact at contract value with the participants.

7. Tax Status

The Internal Revenue Service ("IRS") has determined and informed Wells Fargo Bank, N.A., by a letter dated March 31, 2014 that the volume submitter profit sharing plan document and related trust adopted by the plan sponsor are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

During 2019 and 2020, it was discovered that the Plan's written provisions were not all consistent with its operation. To correct the defect, the Plan entered into the IRS's Employees Plan Compliance Resolution System ("EPCRS"). The identified defects have been corrected and, during 2021, the IRS issued a compliance statement preserving the tax-exempt status of the Plan.

8. Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. Effective January 1, 2021 the plan was terminated, all participants became 100% vested in their accounts.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Corrective Distributions Payable

In order to pass the Actual Deferral Percentage (ADP) Test for the year ended December 31, 2020, the Plan administrator elected to refund excess elective deferrals and earnings thereon to certain highly-compensated employees. The calculated amount for such elective deferrals was \$34 thousand and was included as corrective distributions payable in the accompanying Statements of Net Assets Available for Benefits at December 31, 2020. The elective deferrals were paid out to the employees in the the year ended December 31, 2021.

11. Plan Merger

Effective December 31, 2021, the Plan merged with and into the Harsco 401(k) Retirement Savings Plan and the Plan ceased to exist as a separate plan as of that date.
