Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Virginia Farm Bureau Companies Employees' 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements, Continued

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

2021 Supplemental Schedules Required by ERISA, Continued

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Virginia Farm Bureau Companies Employees' 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

VIRGINIA FARM BUREAU COMPANIES EMPLOYEES' 401(K) PLAN

Notes to Financial Statements

1. Description of Plan:

The following description of the Virginia Farm Bureau Companies Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of the Virginia Farm Bureau Mutual Insurance Company, the Virginia Farm Bureau Federation, and the Countryway Insurance Company (collectively, the "Company"). Employees expected to work 37.5 or more hours during each week throughout the year may make tax-deferred contributions as of the enrollment date coinciding with or next following the date that the employee attains age 21. Employees are eligible for entry into the Plan for the profit sharing and matching contribution on the first day of the Plan quarter coinciding with or immediately following the date the employee meets the following requirement. Employees expected to work 37.5 or more hours during each week throughout the year become eligible to receive an allocation of profit sharing and matching contributions when the employee attains age 21 and has performed 250 hours of service within a three-consecutive-month period. Employees expected to work less than 37.5 hours during each week throughout the year become eligible to participate in all aspects of the Plan when the employee has attained age 21 and completed one year of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: The Plan provides for participant contributions of pre-tax and after-tax annual compensation, as defined in the Plan. The Company may contribute additional amounts at the option of the Board of Directors. Participants of qualifying age may make additional "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

Each year, participants may contribute from 2% up to 50% of compensation, as defined in the plan document. If automatically enrolled, a participant's deferral is set at 3% of eligible compensation until changed by the participant.

Employees are also permitted to make contributions on an after-tax basis by designating their contribution as a Roth contribution. While they are taxed on the contribution in the year they make the deferral, employees are not taxed on the contribution or earnings attributable to Roth deferrals when they elect to withdraw the amounts, as long as the withdrawal is a qualified distribution. Distributions are considered qualified if the employee has had the Roth deferral election in place for at least five years and the distribution on the account is taken upon death, disability, or attainment of age 59 ½.

The Company's matching contribution is discretionary. For the year ended December 31, 2021, the Company elected to match 100% of the first 6% of a participant's compensation deferred as an employee salary deferral contribution.

1. Description of Plan, Continued:

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants may direct the trustee as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time.

Vesting: Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contributions, plus actual earnings, is based on years of continuous service. Participants are fully vested in Company contributions and actual earnings after attaining 6 years of credited service.

Notes Receivable from Participants: Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms cannot exceed five years, unless the proceeds are used to acquire a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate of interest plus one percent. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2021, and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Plan Administration: Overall responsibility for administering the Plan rests with the Company. Participant accounts were administered by Great-West Life and Annuity Insurance Company, the trustee and third-party administrator of the Plan. Certain administrative functions are performed by Company employees. No such employee receives compensation from the Plan.

Payment of Benefits: Upon separation from service with the Company due to death, disability, retirement or termination, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant in the Plan who has attained age 70½ and is still employed by the Company may become eligible for an in-service distribution up to the entire amount of the participant's vested account balance. Hardship distributions are permitted from participants' vested accounts in the Plan.

VIRGINIA FARM BUREAU COMPANIES EMPLOYEES' 401(K) PLAN

Notes to Financial Statements, Continued

1. Description of Plan, Continued:

Payment of Benefits, Continued: In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan.

Forfeitures: Forfeited balances of participants' non-vested accounts are used to reduce future Company contributions. Forfeitures were \$184,509 for 2021. Forfeited balances available were \$50,549 at December 31, 2021 and \$48,275 at December 31, 2020. Forfeitures applied in 2021 were \$107,235 to reduce Company contributions and \$75,000 to reduce administrative expenses.

2. Summary of Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contribution Liability: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent Events: Management has evaluated subsequent events through October 10, 2022, the date the financial statements were available to be issued.

Subsequent to December 31, 2021, the Plan's investment's declined in value consistent with both global and domestic market fluctuations resulting from inflation, supply chain interruptions, international conflicts, among other factors. The Plan continues to monitor the status of its investments.

VIRGINIA FARM BUREAU COMPANIES EMPLOYEES' 401(K) PLAN

Notes to Financial Statements, Continued

3. Fair Value Measurements:

The Financial Accounting Standards Board ("FASB") has issued guidance for measurement and disclosure of fair value and established a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology are quoted prices for similar instruments in active and inactive markets; and model driven valuations with significant inputs and drivers derived from observable active markets.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments carried or disclosed at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued daily at the NAV of units of participation in the separate account. The NAV, as provided by the trustee and custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying mutual fund or collective trust shares held by the fund less its liabilities. The accumulation unit value ("AUV") is the value of each unit in the separate account, and the separate account is valued daily as the number of accumulation units held multiplied by the AUV.

Common/collective trust fund: Valued at the NAV of shares held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determinable to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measure at the reporting date.

VIRGINIA FARM BUREAU COMPANIES EMPLOYEES' 401(K) PLAN

Notes to Financial Statements, Continued

3. Fair Value Measurements, Continued:

In accordance with FASB guidance ASU 2015-07, investments that were measured at NAV as a practical expedient have not been classified in the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets and liabilities measured at fair value:

		Assets at Fair Value as of December 31, 2021	
		Level 1	Total
Assets:			
Mutual funds		\$ 102,902,530	\$ 102,902,530

Total investments at fair value			<u>\$211,677,555</u>

VIRGINIA FARM BUREAU COMPANIES EMPLOYEES' 401(K) PLAN

Notes to Financial Statements, Continued

3. Fair Value Measurements, Continued:

(a) Certain investments that were measured at NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020, respectively:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2021:				
Pooled separate accounts	\$ 84,750,346	N/A	N/A	None
Common collective trust	\$ 43,323,077	N/A	N/A	None
December 31, 2020:				
Pooled separate accounts	\$ 109,231,078	N/A	N/A	None
Common collective trust	\$ 18,083,024	N/A	N/A	None

4. Administrative Expenses:

Although not required by the Plan, some of the costs of the Plan administration are absorbed by the Company.

5. Related-Party Transactions:

The Plan invests in trustee's common pooled separate accounts. These are related-party transactions and are identified as parties-in-interest in the accompanying schedule of assets held for investment purposes. The Plan paid administrative fees to the custodian totaling \$101,580 during 2021.

6. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

VIRGINIA FARM BUREAU COMPANIES EMPLOYEES' 401(K) PLAN

Notes to Financial Statements, Continued

7. Tax Status:

The Internal Revenue Service has determined by a letter dated April 7, 2021 that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

Management has evaluated the effects of accounting guidance related to uncertain income tax positions and concluded that the Plan had no significant financial statement exposure to uncertain income tax positions at December 31, 2021 and 2020. The Plan is not currently under audit by any tax jurisdiction.

8. Risks and Uncertainties:

The Plan provides for various investments in mutual funds, pooled separate accounts and common/collective trust funds. Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

9. Financial Information Certified Qualified Institutions:

Reliance Trust Company, the trustee of the Plan, and Great-West Life & Annuity Insurance Company, the custodian of the Plan, have certified that the following information is complete and accurate:

- Investments, at fair value
- Investment income
- Schedule of assets (held at end of year)
- Schedule of Reportable Transactions
- Notes receivable from participants
- Interest income on notes receivable from participants

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
