Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We were engaged to perform an audit of the accompanying financial statements of Sage Hill School Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Sage Hill School Defined Contribution Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the 2021 financial statements referred to above of Sage Hill School Defined Contribution Retirement Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion for the 2021 Financial Statements* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

Sage Hill School Defined Contribution Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements referred to above may have been affected by these conditions.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sage Hill School Defined Contribution Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of Sage Hill School Defined Contribution Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Sage Hill School Defined Contribution Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion for the 2021 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Sage Hill School Defined Contribution Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Further, Sage Hill School Defined Contribution Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements referred to above may have been affected by these conditions.

In our report dated October 6, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

SAGE HILL SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 DESCRIPTION OF PLAN

The following description of Sage Hill School Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective July 1, 1999. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective July 1, 2022. The Plan excludes leased employees, students performing certain services and employees whose deferral is less than \$200 per year. Employees who are eligible to participate in another 401(k) or 403(b) plan of the School are excluded from elective contributions and employees covered by a collective bargaining agreement are excluded from employer nonelective contributions. The Plan is subject to ERISA. Effective July 1, 2017, the Plan only offers the Retirement Choice (RC) contract and all employer and employee contributions after July 1, 2017 must be deposited into an RC contract. Prior to July 1, 2017, the Plan consisted of two features, the Retirement Annuity (RA) and the Group Supplemental Retirement Annuity (GSRA). The RA and GSRA will eventually be phased out over time as active employees transfer their balances to an RC contract and/or distributions are paid out. The Fiduciary Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of Sage Hill School (the School) are eligible to participate in the deferral component of the Plan on their date of employment. Participants are eligible for the employer contribution if they meet the eligibility requirements above, have attained age 21, have attained one year of service and have worked 1,000 hours of service in the Plan year.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 403(b) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 403(b) or Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The School makes a qualified nonelective contribution to the Plan in the amount of 5% of each eligible participant's compensation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

DECEMBER 31, 2021 AND 2020

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the School's contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the School's contributions, plus actual earnings thereon.

Plan Loans

Participants may borrow amounts directly from TIAA, the Plan's insurance company. Plan loans may be requested directly from TIAA using a portion of their account as collateral for the Plan loan. A Plan loan is not treated as a distribution from the Plan and is not considered a Plan asset; therefore, Plan loans are not reported on the statement of net assets available for benefits. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. If the loan is being taken from a TIAA-CREF annuity, the maximum loan amount has further limitations. Adequate security is required and a portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. As of December 31, 2021 and 2020, outstanding Plan loans were \$34,665 and \$51,042, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate of Prime plus 1%. Principal and interest is paid ratably by the participants.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution, annuity, or installments. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize the benefit payment without the participant's consent. For the benefit payment, if the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan administrator will authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the School and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 5, 2022, the date the financial statements were available to be issued. The plan was amended effective July 1, 2022, to allow for an employer match of 2% of compensation provided the participant's elective deferrals equal or exceed 2% of participant's compensation.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

TIAA and CREF, the insurance companies of the Plan, and TIAA on behalf of TIAA, FSB (collectively the insurance companies) of the Plan, have supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2021.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

Variable Annuity Accounts: Fair values of accumulation units held by the Plan in the variable annuity accounts are based on each account's daily net asset value (NAV), which is considered by Plan management to be the best approximation of fair value. The accounts are not exchange traded. NAV is a readily determinable fair value and is the basis for current transactions.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

Insurance Company General Account Contracts: Investments in the nonbenefit responsive insurance company general accounts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Valuation approaches are reviewed on an ongoing basis and revised as necessary based on changing market conditions to ensure values represent a reasonable exit price.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021

SAGE HILL SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 5 GUARANTEED INSURANCE CONTRACT

TIAA Traditional Annuity (TIAA Traditional) is an unallocated fixed annuity contract that is fully and unconditionally guaranteed by TIAA. TIAA Traditional provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some recent contracts between 1% and 3%), and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the “declaration year,” which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant’s account purchases a guaranteed amount of lifetime annuity income. When a participant’s account in the TIAA Traditional is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan. The fully benefit-responsive contract is valued at contract value as reported to the Plan by TIAA, which represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct their withdrawal or transfer of all or a portion of their investment at contract value.

The Plan has two features, as described in Note 1. With a GSRA contract, lump-sum withdrawals are available only within 120 days after termination of employment and are subject to a surrender charge. All other withdrawals and transfers from RA must be spread over a period of 10 annual installments (or five annual installments for withdrawals after termination of employment). The TIAA Traditional Annuity within the GSRA, containing no liquidity restrictions, is fully benefit responsive.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA.

The Plan administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

SAGE HILL SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated August 7, 2017, received from the IRS on the volume submitter plan indicating that the Plan is qualified under Section 403(b) of the IRC and is therefore, not subject to tax under current income tax law. The volume submitter Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. No uncertain positions have been identified that would require the recognition of a tax liability (or asset) or disclosure in the financial statements as of December 31, 2021 and 2020. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 HISTORICAL PLAN ADMINISTRATION

Prior to 2009, TIAA and CREF, tracked contributions, investment earnings, distributions, and other activity on a “contract” basis. Each participant was set up as having a separate “contract” and Plan level activity was not captured. This method of administration was utilized prior to January 1, 2009, as the regulations governing 403(b) plans did not require Plan level reporting. The Plan administrator believes a good faith effort was made to obtain all relevant information prior to January 1, 2009. However, as a result of the method of administration and lack of historical Plan level financial reporting, the Plan administrator is unable to obtain Plan level information prior to January 1, 2009.

NOTE 10 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of insurance company general account contracts, pooled separate accounts, and registered investment company shares managed by the insurance companies of the Plan. Therefore, the investment transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
