Independent Auditor's Report

The Retirement Plan Committee and Participants
Colonial Group, Inc. Retirement Savings Plan
Savannah, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Colonial Group, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedules of Schedule H, Line 4i - schedule of assets (held at end of year) and Schedule H, Line 4a are presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 4, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Colonial Group, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Colonial Group, Inc. (the Company) and certain of its subsidiary companies: Colonial Oil Industries, Inc., Colonial Terminals, Inc., Colonial Energy, Inc., CTI of North Carolina, Inc., Georgia Kaolin Terminals, Inc., Colonial Fuel and Lubricant Services, Inc., Colonial Chemical Solutions, Inc., Savannah Yacht Center, and Enmark Stations, Inc.

Eligibility

Employees must complete three months of service and attain age 21 in order to become participants. Enrollment is allowed monthly following the date the employee meets the above conditions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year participants may contribute up to the dollar limitation set forth in Section 402(g) of the Internal Revenue Code (IRC) in effect at the beginning of the Plan year. Participants who have attained age 50 before the close of the Plan year are allowed to make catch-up contributions up to the maximum allowed by the IRC. Contributions to the Plan are made voluntarily by participating employees who elect salary reduction, which is remitted to the Plan by the Company on behalf of the participants. The Company may elect to contribute to the Plan in the form of matching contributions and profit-sharing contributions.

The Company has elected to operate the Plan under a safe harbor provision whereby participants in the Plan receive a non-elective matching contribution of 100% of the first 3% and 50% of the next 2% of participant contributions. Additional amounts may be contributed at the option of the Company's board of directors. In 2021, the Company declared a profit-sharing contribution of approximately \$3,971,000, which was contributed into the Plan in 2022, and is reflected within the contribution receivable on the accompanying statement of net assets available for benefits.

Participants in the Colonial Group, Inc. Employee Stock Ownership Plan, who are fully vested and attain the age of 55, have the option to diversify up to 100% of the cumulative shares allocated to their accounts in that Plan by reinvesting the proceeds from sale of shares into mutual funds or other diversified investments. During 2021, certain participants elected this option and diversification contributions to this Plan of approximately \$517,000 were made and are described as transfers from Colonial Group, Inc. Employee Stock Ownership Plan in the accompanying statement of changes in net assets available for benefits.

Participant Accounts

Earnings from investment funds are allocated on a daily basis to participants' accounts based on the percentage that each participant's account balance bears to the total of all account balances. Company profit-sharing contributions, net of forfeitures, are allocated to a participant's account based on the percentage the participant's qualified compensation bears to the total qualified compensation of eligible participants.

Notes to Financial Statements

1. Description of the Plan (cont.)

Participant Accounts (cont.)

Each participant's account is credited with the participant's deferral contributions, the participant's rollover contributions (if any), employer matching contributions, Company profit-sharing contributions (if any), and an allocation of earnings and expenses thereon.

Vesting

Participants are vested immediately in their elective deferrals, catch-up contributions and Company safe harbor contributions plus actual earnings thereon. Participants become fully vested in Company contributions and related earnings after three years of service. A year of service is one in which the participant worked at least 1,000 hours.

Payment of Benefits

Upon termination of service, participants are entitled to receive the vested value of their accounts in accordance with the specific provisions of the Plan. The Plan provides for withdrawals by Plan participants in the event of death, retirement, permanent disability, termination of employment, and other specified circumstances. In addition, the Plan permits a participant to request a withdrawal for certain conditions of financial hardship. Withdrawals must be approved by the Plan administrator.

Notes Receivable from Participants

The Plan permits the Plan administrator to approve loans to participants in an amount not to exceed 50% of the participant's vested balance or \$50,000. A participant may not have more than one loan outstanding at any time. Note receivable transactions are treated as transfer between the investment fund(s) and the participant note receivable fund. The notes receivable from the participants are secured by the balance in the participant's account and bear a reasonable rate of interest as defined by the Plan. The interest rate for loans is the prime rate plus 1% as of the date of the loan. Principal and interest payments occur ratably through regular payroll deductions over a period not to exceed five years, unless the notes receivable were used to purchase a primary residence, which may have a term not to exceed ten years.

Forfeitures

The Plan allows for forfeited non-vested accounts to be used to reduce future Employer contributions, added to other employer contributions, or reallocated, as elected by the Company. Forfeited non-vested accounts may also be used to pay allowable Plan administrative expenses. During the year ended December 31, 2021, the Employer utilized total forfeitures of \$221,287 to reduce Employer contributions. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$458,059 and \$457,490, respectively.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan agreement. Certain other administrative expenses of the Plan are paid by the Company. Investment fees are paid by the Plan in the form of reductions of net investment income earned by Plan participants.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP require the Plan's management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value with the exception of the fully benefit-responsive investment contract which is valued at contract value. Contract value is the relevant measurement for that portion of the net assets available for benefits because contract value is the amount participants would normally receive if they initiate permitted transactions under the terms of the Plan.

The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, (collectively Principal) has provided certifications that the financial information included in the financial statements and supplemental schedule as of December 31, 2021 and 2020, and for the year ended December 31, 2021, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2021 and 2020, and for the year ended December 31, 2021, is covered by such certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Guaranteed Investment Contract

The Plan invests in the New York Life Insurance Anchor IV, which is a fully benefit-responsive traditional investment contract (FBRIC) that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the FBRIC was \$15,789,845 and \$14,223,908 at December 31, 2021 and 2020, respectively.

The Plan's FBRIC is a group annuity contract with New York Life Insurance Company (New York Life), held within the Stable Value Fund. The fund is a group annuity contract that provides for two distinct accounts, which are the Stable Value Account and the Pooled Separate Account No. 25. The Stable Value Account represents the guarantee that New York Life is making to those participating in the contract. The assets in the Pooled Separate Account No. 25 are invested primarily in fixed income securities, which are owned by New York Life. However, the assets in this account are maintained solely for the benefit of the contract holders participating in the separate account and are not chargeable with any other liabilities arising out of any other business of New York Life.

Interest is accrued daily and credited monthly to the Stable Value Account and reflects the investment experience of the Pooled Separate Account No. 25. Interest rates are guaranteed by New York Life to be no less than 0%, before any deduction for expenses.

The contract provides that, subject to certain restrictions, withdrawals for benefit payments at death, retirement, disability and termination of employment, and for loans, hardship withdrawals or in-service withdrawals are done so at contract value. The Plan's group annuity contract specifies certain conditions or events under which distributions from the contract would be subject to payment at amounts other than contract value. Such events initiated by the Company include, but are not limited to, total or partial Plan termination, mergers, spin-offs, lay-offs, early retirement incentive programs, sales or closings of all or part of the Company's operations, bankruptcy or receivership. Examples of circumstances which would allow New York Life to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, New York Life could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The contract provides that the Plan may terminate the contract with New York Life upon written notice, however, distributions from the contract would be subject to payment at amounts other than contract value unless the Plan gives 12-months advance written notice. The contract also provides that New York Life may terminate the contract at the end of a 12-month written notice period and would pay the balance of the Stable Value Account as of the end of this period.

Notes to Financial Statements

5. Fair Value Measurement

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are as follows:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual Funds - Valued at the quoted market prices of shares held by the Plan at year-end. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value (NAV) as of December 31, 2021 and 2020. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 106,204,699	\$ -	\$ -	\$ 106,204,699
Total investments at fair value	\$ 106,204,699	\$ -	\$ -	\$ 106,204,699

<i>December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 88,096,939	\$ -	\$ -	\$ 88,096,939

Notes to Financial Statements

6. Tax Status

The Internal Revenue Service (IRS) has opined and informed Principal by a letter dated August 8, 2014, that the Volume Submitter Profit Sharing Plan with CODA and its underlying trust qualify under the applicable provisions of the IRC and, therefore, are exempt from federal income taxes. The Plan has been amended since the date of the opinion letter; however, the Plan administrator believes the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not based on the technical merits not to be sustained upon examination by the IRS. GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-In-Interest Transactions

These transactions qualify as party-in-interest transactions. Usual and customary fees were paid for investment management services. Notes receivable from participants are also defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.

8. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their Company contributions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries and financial market conditions. The outbreak and corresponding government responses and supply chain issues could have a continued impact on economic and market conditions. The rapid development and fluidity of this situation precludes any prediction as to the ultimate impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Plan, its investment performance, and overall financial results.

10. Delinquent Participant Contributions

During 2021, employee withholdings totaling \$2,475 were not remitted within the appropriate time period by the Company. This constituted a prohibited transactions as defined by ERISA. The Company elected to correct the contribution and allocate the corresponding lost earnings but did not do so through the Voluntary Fiduciary Correction Program (VFCP) given the immaterial amount. The Company remitted both the 2021 delinquent contribution and lost earnings during January 2022.

Colonial Group, Inc. Retirement Savings Plan

Notes to Financial Statements

11. Subsequent Events

Management has evaluated subsequent events through September 27, 2022, which is the date the financial statements were available to be issued.

In June 2022, the Plan that was based on a Volume Submitter Profit Sharing Plan with CODA sponsored by Principal Life Insurance Company document moved to a Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by Principal. The IRS has opined and informed Principal by letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the IRC. The Plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.
