Independent Auditor's Report

To the Fiduciary Committee, Plan Administrator, and Participants
Idaho Power Company Employee Savings Plan
Denver, Colorado

Opinion

We have audited the financial statements of Idaho Power Company Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with

respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its' form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

IDAHO POWER COMPANY EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2021 AND 2020, AND FOR THE YEAR ENDED DECEMBER 31, 2021

1. DESCRIPTION OF THE PLAN

The following brief description of the Idaho Power Company Employee Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document, as amended, for more complete information on the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees (full-time, part-time, and temporary) of IDACORP, Inc. (IDACORP) and its participating subsidiaries (collectively, the Company), including Idaho Power Company (the Plan Sponsor and the Plan Administrator), as allowed under Section 401(k) of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan Sponsor's fiduciary committee controls and manages the operation and administration of the Plan. T. Rowe Price is the trustee of the Plan.

Effective January 1, 2020, the plan was amended to reflect certain changes under the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act). Amendments to the Plan are described in this note below.

Eligibility - Employees who have attained 18 years of age are eligible to participate in the Plan and may enroll on their hire date; however, matching contributions are only vested upon completion of twelve months of employment.

Contributions - Eligible employees may participate in the Plan by contributing to the Savings Feature (after-tax) or the Deferred Feature (before-tax) of the Plan. Employees are also permitted to contribute after-tax dollars to a Roth 401(k) Feature. A participant may elect to contribute to any or all features up to 80 percent of eligible pay, as defined in the Plan, subject to certain IRC limitations. Eligible employees who do not make an affirmative election to participate (or to not participate) in the Plan are, subject to notice required by the IRC, deemed to have made an election to make a deferral contribution of 6 percent of the employee's compensation, which the employee can alter or revoke at any time.

The Company makes a matching contribution for the participant in an amount equal to 100 percent of the participant's first 2 percent of eligible pay contributed to the Plan and 50 percent of the next 4 percent of eligible pay contributed to the Plan. Participant contributions in excess of 6 percent of eligible pay are not matched by the Company. Participants may also contribute certain rollover contributions from other plans.

Participant Accounts - Individual accounts are maintained for each Plan participant for each Plan feature, as applicable. Each participant's account is credited, as applicable, with the participant's contribution, the Company's matching contribution, and an allocation of Plan earnings and is charged with withdrawals and an allocation of Plan losses, and as applicable, any administrative expenses. Gains and losses on investments are allocated to participants' accounts based upon relative fund account balances at regular valuation dates specified by the trustee of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers 12 ready-mixed (target date) portfolios, 24 core mutual funds, one common collective trust money market deposit account and IDACORP common stock as investment options for participants. A self-directed brokerage account option is also available to allow participants to select investment options not specifically offered by the Plan. Upon enrollment in the Plan, a participant may direct deferrals and employer contributions in any of the investment options offered by the Plan. Participants may change their investment options daily.

Vesting - Participants are fully vested immediately in their own contributions, plus actual earnings thereon. Matching contributions are vested only for participants who have completed twelve cumulative months of service. Matching contributions that are forfeited may be used to reduce the Company's matching contribution in the year following the year in

which the forfeiture arose. No forfeitures were used to reduce matching contributions during the year ended December 31, 2021.

Notes Receivable from Participants - Under certain circumstances participants may borrow against their vested account balances. The maximum principal amount of any loan is the lesser of (i) 50 percent of the balance of a participant's vested account balance, determined on the day of the loan, minus the balance of all other loans from all other qualified plans, outstanding on that date, or (ii) \$50,000, minus the participant's highest outstanding principal balance of loans from the Plan, and from all other qualified plans, to the participant during the period of one year ending on the day preceding the origination of the loan being requested. Amounts held in a self-directed brokerage fund are included in the calculation of the maximum principal amount available for a loan but may not be used as a source for a loan. The interest rate on participant loans is set at the prime rate on the first business day of the month in which the loan is requested, plus one percent. The interest rate will remain fixed through the duration of the loan. All loans must be repaid within five years except for loans for the purchase of a primary residence, which have a maximum repayment period of ten years. The Plan permits only one outstanding loan per participant at a time. Principal and interest are paid through payroll deductions and credited to the participant's account. As of December 31, 2021, participant loans have maturities through 2031 at interest rates ranging from 4.25 percent to 6.50 percent.

Payments of Benefits and Withdrawals - Benefits are payable upon a participant's disability, termination of employment, or death. In the event of disability or termination of employment, benefits are distributed when the participant elects to receive a distribution, which may be in the form of a lump sum distribution or monthly, quarterly, semi-annual, or annual installments, or when the participant is required to take a minimum distribution as defined by the IRC. Upon the death of a participant, a beneficiary who is not a surviving spouse may take a lump sum distribution or elect an installment form of payment (monthly, quarterly, semi-annual, or annual) for a payment period of up to five years. A beneficiary who is a surviving spouse may take a lump sum distribution, elect an installment form of payment (monthly, quarterly, semi-annual, or annual) or remain in the Plan, subject to the mandatory minimum distribution requirements of the IRC. The Plan conditionally offers certain additional benefits to survivors of participants who die while performing qualified military service, as defined in the IRC. Notwithstanding the above, in the event of death, disability, or termination of employment, for account balances of \$5,000 or less, a lump sum payment will be made automatically. Persons otherwise entitled to a distribution under the Plan may elect to make partial withdrawals at least quarterly in accordance with procedures determined by the Plan Administrator.

The Plan permits in-service withdrawals from the Deferred and Rollover Features to be made (1) by participants who have incurred a hardship (as defined in the Plan) or (2) as frequently as once per calendar quarter by participants who have attained age 59 ½. In-service withdrawals also are permitted with respect to a participant's after-tax contributions invested in the Savings Feature as frequently as once per calendar quarter. In-service withdrawals are permitted from the Roth 401(k) Feature if they are qualified distributions.

The Plan permits qualified reservist withdrawals of a participant's contributions from amounts attributable to elective deferrals in the Plan to be made by participants who are ordered or called to active military duty at specified times if certain conditions specified in the Plan are satisfied.

The Plan allows participants the option of obtaining distributions in the form of cash or common stock of IDACORP. The Plan allows the Plan Administrator to distribute the quarterly dividend on shares of IDACORP stock (the dividend pass-through feature) to electing participants in the Plan.

Pursuant to the SECURE Act enacted, as amended in the Plan, if a participant dies before, on, or after the date distributions begin and the deceased participant's eligible designated beneficiary is a minor child, chronically ill or disabled individual, or not more than ten years younger than the participant, they have the opportunity to elect between distributions over their life expectancy or total distributions by December 31 of the year containing the fifth year of the participant's death. If no election is made, or if the participant dies on or after the date distributions begin and there is a designated beneficiary who is not an eligible designated beneficiary, total distributions shall be made by December 31 of the year containing the fifth year of the participant's death.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ materially from those estimates.

Risks and Uncertainties - Participants in the Plan invest in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and market volatility risks. Market risks include, but are not limited to, global events which could impact the value of investment securities, such as a pandemic or global conflict. Based on the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the financial statements.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value and quoted market prices are used to value investments. Shares of common stock and mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The classification of investment earnings reported in the Statement of Changes in Net Assets Available for Benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. No allowance for credit losses had been recorded as of December 31, 2021 and 2020.

Payment of Benefits - Benefits are recorded when paid. There were no participants who had elected to withdraw from the Plan but had not yet been paid at December 31, 2021 or 2020.

Administrative Expenses - Administrative expenses and certain fees relating to the Plan are shared by the Plan's Sponsor and Plan participants, as provided for in the Plan document. Plan participants who have a brokerage account also pay a quarterly administrative fee.

Subsequent Events - The Plan Sponsor has evaluated subsequent events through June 23, 2022, the date which the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The Plan has categorized its financial instruments into a three-level fair value hierarchy, based on the priority of the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument. There were no changes in the methodologies used at December 31, 2021 and 2020, nor were there any transfers between levels for the years ended December 31, 2021 and 2020. The following is a description of the valuation methodologies used for assets measured at fair value.

- Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.
- Mutual funds: Valued at quoted market prices, which represents the net asset values of securities held in such funds.
- Brokerage securities: comprised of cash, common stocks, and mutual funds, which are valued at the closing price reported on the active market on which the securities are traded or quoted market prices.
- Common Collective Trust Funds: Common collective trust funds are composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the common collective trust. The net asset value is readily

available and used to estimate fair value. Participant transactions (purchases and sales) may occur immediately. If the plan initiates a full redemption of the collective trust, no notice to the issuer is required.

The table below presents by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2021 and 2020.

	Level 1	Level 2	Level 3	Total
2021:				
IDACORP Common Stock	\$ 88,021,070	\$ —	\$ —	\$ 88,021,070

Total	\$ 771,730,767	\$ 45,400,321	\$ —	\$ 817,131,088
2020:				
IDACORP Common Stock	\$ 79,030,941	\$ —	\$ —	\$ 79,030,941
Mutual Funds	586,201,306	—	—	586,201,306
Brokerage Securities	15,519,993	—	—	15,519,993
Common Collective Trust, Money Market	—	45,217,425	—	45,217,425
Total	\$ 680,752,240	\$ 45,217,425	\$ —	\$ 725,969,665

4. PLAN TERMINATION

Although it has not expressed the intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA and the IRC. The Plan document includes provisions for the distribution of vested contributions in the event of the termination of the Plan.

5. FEDERAL INCOME TAX STATUS

The Company received a determination letter, dated February 28, 2017, from the Internal Revenue Service stating that the Plan, as amended, is qualified under Sections 401 and 501 of the IRC. The Company and the Plan Administrator believe that the Plan, including amendments subsequent to the date of the determination letter, is currently designed and operated in compliance with the applicable requirements of the IRC and that the Plan and related trust continue to be tax-exempt. Participants in a qualified plan are not subject to income taxes on Company contributions or dividend income allocated to their accounts until a distribution is made from the Plan. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by T. Rowe Price. T. Rowe Price is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

The Plan offers IDACORP common stock as an investment option for participants. IDACORP is the parent company of the sponsoring employer; therefore, these transactions qualify as party-in-interest transactions. At December 31, 2021 and 2020, the Plan held 776,816 and 822,982 shares, respectively, of common stock of IDACORP, with a cost basis of \$42,546,371 and \$43,999,396, respectively.

During the year ended December 31, 2021, the Plan recorded dividend income from IDACORP of \$2,003,660.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following table reconciles net assets available for benefits per the Plan's financial statements to the Form 5500:

	December 31,	
	2021	2020
Net assets available for benefits per the financial statements	\$ 823,206,564	\$ 732,336,735
Total deemed distributions to participants	(233,850)	(226,112)
Total net assets per the Form 5500	\$ 822,972,714	\$ 732,110,623

The following table reconciles the increase in net assets per the financial statements to the Form 5500:

	Year ended December 31, 2021
Increase in net assets per the financial statements	\$ 90,869,829
Add: Decrease in deemed distributions to participants	1,244
Less: Interest on deemed distributions	(8,982)
Net income per the Form 5500	\$ 90,862,091
