INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
AVEVA Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of AVEVA Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following description of the AVEVA Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document and trust agreement for a more complete description of the Plan's provisions.

General

The Plan is intended to be a qualified retirement plan under the Internal Revenue Code ("IRC"). The purpose of the Plan is to enable eligible employees of AVEVA, Inc. (the "Company") to save for retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Schneider Electric Software, L.L.C. is a participating employer.

Plan trustee, recordkeeper, and administrator

Fidelity Management Trust Company is the trustee and is responsible for trusteeing the Plan's assets. Fidelity Investments is the recordkeeper fort the Plan. The Company is the plan administrator and is responsible for the administration of the Plan and its duties.

Eligibility and contributions

Employees are eligible to participate in the Plan upon attaining age 21. However, employees are not eligible to participate if they are a resident of Puerto Rico, covered by a collective bargaining agreement, a leased employee, or a nonresident alien.

Upon meeting the eligibility requirements, employees that were hired on or after February 1, 2015 are automatically enrolled in the Plan at 3% of the employee's eligible compensation. Employees may elect a different percentage or elect not to participate in the Plan. The participant's deferral rate will increase by 1% annually on January 1 until a deferral rate of 6% is reached. The employees who merged from Fabtrol System, Inc. 401(k) Profit Sharing and Trust ("Fabtrol") on January 1, 2016 are not subject to the automatic enrollment feature.

The Plan provides for elective participant contributions expressed as a percentage of the employee's eligible compensation. The contributions are not to exceed the limits set by the Internal Revenue Code ("IRC"). Participants may also make catch-up contributions upon attaining age 50 or older by the end of the taxable year.

During 2021 and 2020, the Company made employer matching contribution to participants equal to 100% up to 6% of the participant's eligible compensation contributed to the Plan. The Company may also make a discretionary nonelective contribution. The Company did not make any discretionary nonelective contributions for the 2021 or 2020 Plan years.

Participants can roll over part or all of an eligible rollover distribution they receive from an eligible retirement plan into the Plan as a rollover contribution.

Vesting

Participants are immediately 100% vested in their contributions, employer contributions, rollovers, and actual earnings thereon.

Note 1 - Description of Plan (Continued)

Vesting (continued)

Participants who terminated from the Plan on or before December 31, 2018 are vested in their employer contributions plus actual earnings thereon as follows:

Years of Service	Percent Vested
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Fabtrol employees who merged into the Plan on September 1, 2015, are vested in their employer contributions plus actual earnings thereon as follows:

Years of Service	Percent Vested
1 year	25%
2 years	50%
3 or more years	100%

Participant accounts

Each participant's account is credited with the participant's contributions, employer contributions, rollovers, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their account balances in any of several investment securities. Participants can change their investment options among the various investment securities either through direct transfers from one security to another or by changing the percentage allocation of future contributions.

Notes receivable from participants

Loans have been pre-approved by the Company. The minimum loan is $1,000 and the maximum amount is the lesser of one-half the participant's vested account balance or $50,000 reduced by the highest outstanding loan balance in the participant's account the prior twelve month period. All loans bear a reasonable rate of interest. All loans must be repaid in level payments on at least a quarterly basis over a five year period unless it is for the purchase of a principal residence.

Pursuant to the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") that was signed into law on March 27, 2020, the Plan allowed participants to take Coronavirus-related loans. Coronavirus-related loans were permitted to qualified individuals up to the lesser of $100,000 or 100% of a participant's vested balance. As part of the CARES Act, if elected by participants, loan repayments due between March 27, 2020 and December 31, 2020 could be delayed for up to one year while still accruing interest.

Note 1 - Description of Plan (Continued)

Participant withdrawals

Participants are eligible for distributions of their vested account balances upon the event of death, disability, retirement, termination of employment, or retirement. Forms of payments include lump sum distributions, direct rollover distributions, a combination non-rollover distribution and direct rollover, or installment distributions. If the vested balance of the participant's account is less than $1,000, the payment will be made in cash in a lump sum distribution. If the participant's account balance is between $1,000 and $5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant.

An active participant may apply to withdraw certain contributions to satisfy specific and heavy financial needs as hardship withdrawals. Participants who have reached age 59½ may also elect to withdraw all or a portion of their vested account balance while still employed by the Company.

Pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020. Additionally, the CARES Act permitted Plan participants to take Coronavirus-related distributions ("CRDs"). CRDs were permitted to qualified individuals during 2020 not to exceed $100,000 and were not subject to tax withholding or withdrawal penalties. If elected by participants, CRDs can be reinvested in the Plan, another qualified plan, or IRA over a three-year period.

Forfeitures

If a participant terminates employment with the Company and is less than 100% vested in their employer account, they may forfeit the non-vested portion of their employer account. Forfeitures are retained in the Plan and may fist be used to pay administrative expenses and reduce future employer contributions. At December 31, 2021 and 2020, forfeited non-vested accounts totaled $238,322 and $64,215, respectively. Also, employer contributions were reduced by $45,969 and $102,157 from forfeited non-vested accounts for the years ended December 31, 2021 and 2020, respectively.

Plan termination

The Company has no legal or contractual obligation to make annual contributions to or to continue the Plan. The Company reserves the right to terminate the Plan at any time. If the event the Plan should terminate, each participant affected by such termination shall have a vested interest in their account of 100 percent.

Note 2 - Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Note 2 - Summary of Accounting Policies (Continued)

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Company to make estimates and assumptions that the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

Note 3 - Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

- Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Collective trust – Valued at NAV of units held. This NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liability. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Total
Mutual funds	$ 131,224,830	$ 131,224,830
Investments measured at net asset value		4,975,170
Total investments at fair value	$ 131,224,830	$ 136,200,000

Note 3 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Total
Mutual funds	$ 100,619,844	$ 100,619,844
Investments measured at net asset value		5,055,819
Total investments at fair value	$ 100,619,844	$ 105,675,663

Fair value of investments that calculate net asset value

The following table summarizes investments measured at fair value based on NAVs per share as of December 31, 2021 and 2020, respectively.

	2021	2020
Collective trust		
Fair value	$ 4,975,170	$ 5,055,819
Unfunded commitment	N/A	N/A
Redemption frequency	Daily	Daily
Other redemption restrictions	None	None
Redemption notice period	Daily	Daily

Note 4 - Tax Status

The non-standardized pre-approved profit sharing plan with CODA adopted by the Company received its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the pre-approved plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the years than ended, was obtained by the Company and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Note 6 - Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Investments. Fidelity Investments is the recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Note 7 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020, to Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	$ 138,729,099	$ 108,534,167
Participant contributions receivable	(311,192)	(331,027)
Employer contributions receivable	(668,705)	(1,187,485)
Net assets available for benefits per Form 5500	$ 137,749,202	$ 107,015,655

The following is a reconciliation of participant contributions per the financial statements for the years ended December 31, 2021 and 2020, to Form 5500:

	2021	2020
Participant contributions per the financial statements	$ 12,878,751	$ 12,296,100
Change in participant contributions receivable	19,835	(55,433)
Participant contributions per Form 5500	$ 12,898,586	$ 12,240,667

The following is a reconciliation of employer contributions per the financial statements for the years ended December 31, 2021 and 2020, to Form 5500:

	2021	2020
Employer contributions per the financial statements	$ 7,691,302	$ 7,922,066
Change in employer contributions receivable	518,780	(707,835)
Employer contributions per Form 5500	$ 8,210,082	$ 7,214,231

Note 8 - Employer Contributions

The Company researches certain employer matching contributions that must be made to the Plan to true up employer contributions on an annual basis. During 2020, the Company was still in the process of determining the employer true up contribution for the 2019 Plan year. The Company funded the 2019 Plan year true up contribution in January 2021, and the true up was included in the employer contributions receivable balance in the statements of net assets available for benefits as of December 31, 2020.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
AVEVA Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of AVEVA Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following description of the AVEVA Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document and trust agreement for a more complete description of the Plan's provisions.

General

The Plan is intended to be a qualified retirement plan under the Internal Revenue Code ("IRC"). The purpose of the Plan is to enable eligible employees of AVEVA, Inc. (the "Company") to save for retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Schneider Electric Software, L.L.C. is a participating employer.

Plan trustee, recordkeeper, and administrator

Fidelity Management Trust Company is the trustee and is responsible for trusteeing the Plan's assets. Fidelity Investments is the recordkeeper fort the Plan. The Company is the plan administrator and is responsible for the administration of the Plan and its duties.

Eligibility and contributions

Employees are eligible to participate in the Plan upon attaining age 21. However, employees are not eligible to participate if they are a resident of Puerto Rico, covered by a collective bargaining agreement, a leased employee, or a nonresident alien.

Upon meeting the eligibility requirements, employees that were hired on or after February 1, 2015 are automatically enrolled in the Plan at 3% of the employee's eligible compensation. Employees may elect a different percentage or elect not to participate in the Plan. The participant's deferral rate will increase by 1% annually on January 1 until a deferral rate of 6% is reached. The employees who merged from Fabtrol System, Inc. 401(k) Profit Sharing and Trust ("Fabtrol") on January 1, 2016 are not subject to the automatic enrollment feature.

The Plan provides for elective participant contributions expressed as a percentage of the employee's eligible compensation. The contributions are not to exceed the limits set by the Internal Revenue Code ("IRC"). Participants may also make catch-up contributions upon attaining age 50 or older by the end of the taxable year.

During 2021 and 2020, the Company made employer matching contribution to participants equal to 100% up to 6% of the participant's eligible compensation contributed to the Plan. The Company may also make a discretionary nonelective contribution. The Company did not make any discretionary nonelective contributions for the 2021 or 2020 Plan years.

Participants can roll over part or all of an eligible rollover distribution they receive from an eligible retirement plan into the Plan as a rollover contribution.

Vesting

Participants are immediately 100% vested in their contributions, employer contributions, rollovers, and actual earnings thereon.

Note 1 - Description of Plan (Continued)

Vesting (continued)

Participants who terminated from the Plan on or before December 31, 2018 are vested in their employer contributions plus actual earnings thereon as follows:

Years of Service	Percent Vested
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Fabtrol employees who merged into the Plan on September 1, 2015, are vested in their employer contributions plus actual earnings thereon as follows:

Years of Service	Percent Vested
1 year	25%
2 years	50%
3 or more years	100%

Participant accounts

Each participant's account is credited with the participant's contributions, employer contributions, rollovers, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their account balances in any of several investment securities. Participants can change their investment options among the various investment securities either through direct transfers from one security to another or by changing the percentage allocation of future contributions.

Notes receivable from participants

Loans have been pre-approved by the Company. The minimum loan is $1,000 and the maximum amount is the lesser of one-half the participant's vested account balance or $50,000 reduced by the highest outstanding loan balance in the participant's account the prior twelve month period. All loans bear a reasonable rate of interest. All loans must be repaid in level payments on at least a quarterly basis over a five year period unless it is for the purchase of a principal residence.

Pursuant to the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") that was signed into law on March 27, 2020, the Plan allowed participants to take Coronavirus-related loans. Coronavirus-related loans were permitted to qualified individuals up to the lesser of $100,000 or 100% of a participant's vested balance. As part of the CARES Act, if elected by participants, loan repayments due between March 27, 2020 and December 31, 2020 could be delayed for up to one year while still accruing interest.

Note 1 - Description of Plan (Continued)

Participant withdrawals

Participants are eligible for distributions of their vested account balances upon the event of death, disability, retirement, termination of employment, or retirement. Forms of payments include lump sum distributions, direct rollover distributions, a combination non-rollover distribution and direct rollover, or installment distributions. If the vested balance of the participant's account is less than $1,000, the payment will be made in cash in a lump sum distribution. If the participant's account balance is between $1,000 and $5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant.

An active participant may apply to withdraw certain contributions to satisfy specific and heavy financial needs as hardship withdrawals. Participants who have reached age 59½ may also elect to withdraw all or a portion of their vested account balance while still employed by the Company.

Pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020. Additionally, the CARES Act permitted Plan participants to take Coronavirus-related distributions ("CRDs"). CRDs were permitted to qualified individuals during 2020 not to exceed $100,000 and were not subject to tax withholding or withdrawal penalties. If elected by participants, CRDs can be reinvested in the Plan, another qualified plan, or IRA over a three-year period.

Forfeitures

If a participant terminates employment with the Company and is less than 100% vested in their employer account, they may forfeit the non-vested portion of their employer account. Forfeitures are retained in the Plan and may fist be used to pay administrative expenses and reduce future employer contributions. At December 31, 2021 and 2020, forfeited non-vested accounts totaled $238,322 and $64,215, respectively. Also, employer contributions were reduced by $45,969 and $102,157 from forfeited non-vested accounts for the years ended December 31, 2021 and 2020, respectively.

Plan termination

The Company has no legal or contractual obligation to make annual contributions to or to continue the Plan. The Company reserves the right to terminate the Plan at any time. If the event the Plan should terminate, each participant affected by such termination shall have a vested interest in their account of 100 percent.

Note 2 - Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Note 2 - Summary of Accounting Policies (Continued)

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Company to make estimates and assumptions that the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

Note 3 - Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

- Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Collective trust – Valued at NAV of units held. This NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liability. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Total
Mutual funds	$ 131,224,830	$ 131,224,830
Investments measured at net asset value		4,975,170
Total investments at fair value	$ 131,224,830	$ 136,200,000

Note 3 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Total
Mutual funds	$ 100,619,844	$ 100,619,844
Investments measured at net asset value		5,055,819
Total investments at fair value	$ 100,619,844	$ 105,675,663

Fair value of investments that calculate net asset value

The following table summarizes investments measured at fair value based on NAVs per share as of December 31, 2021 and 2020, respectively.

	2021	2020
Collective trust		
Fair value	$ 4,975,170	$ 5,055,819
Unfunded commitment	N/A	N/A
Redemption frequency	Daily	Daily
Other redemption restrictions	None	None
Redemption notice period	Daily	Daily

Note 4 - Tax Status

The non-standardized pre-approved profit sharing plan with CODA adopted by the Company received its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the pre-approved plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the years than ended, was obtained by the Company and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Note 6 - Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Investments. Fidelity Investments is the recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Note 7 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020, to Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	$ 138,729,099	$ 108,534,167
Participant contributions receivable	(311,192)	(331,027)
Employer contributions receivable	(668,705)	(1,187,485)
Net assets available for benefits per Form 5500	$ 137,749,202	$ 107,015,655

The following is a reconciliation of participant contributions per the financial statements for the years ended December 31, 2021 and 2020, to Form 5500:

	2021	2020
Participant contributions per the financial statements	$ 12,878,751	$ 12,296,100
Change in participant contributions receivable	19,835	(55,433)
Participant contributions per Form 5500	$ 12,898,586	$ 12,240,667

The following is a reconciliation of employer contributions per the financial statements for the years ended December 31, 2021 and 2020, to Form 5500:

	2021	2020
Employer contributions per the financial statements	$ 7,691,302	$ 7,922,066
Change in employer contributions receivable	518,780	(707,835)
Employer contributions per Form 5500	$ 8,210,082	$ 7,214,231

Note 8 - Employer Contributions

The Company researches certain employer matching contributions that must be made to the Plan to true up employer contributions on an annual basis. During 2020, the Company was still in the process of determining the employer true up contribution for the 2019 Plan year. The Company funded the 2019 Plan year true up contribution in January 2021, and the true up was included in the employer contributions receivable balance in the statements of net assets available for benefits as of December 31, 2020.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
